Plan Administrator
Precision Aerospace Corporation 401(k) Retirement Plan
Grand Rapids, Michigan

Report on the Financial Statements

We have audited the accompanying financial statements of Precision Aerospace Corporation 401(k) Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of January 1, 2020, December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the one day period ended January 1, 2020 and the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. Except as explained in the Basis for Disclaimer of Opinion paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2020 financial statements.

(Continued)

Basis for Disclaimer of Opinion on 2019 and 2018 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal Trust Company") and Reliance Trust Company, except for comparing such information with the related information in the 2019 and 2018 financial statements. We have been informed by the plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2019 to December 31, 2019, and that Principal Life Insurance Company and Principal Trust Company held the Plan's investment assets as of December 31, 2018. The plan administrator has obtained certifications from Principal Life Insurance Company, Principal Trust Company, and Reliance Trust Company as of December 31, 2019 and 2018 and for the year ended December 31, 2019 that the information provided to the plan administrator by Principal Life Insurance Company, Principal Trust Company and Reliance Trust Company is complete and accurate.

Disclaimer of Opinion on 2019 and 2018 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the Plan's financial statements as of December 31, 2019 and 2018 and for the year ended December 31, 2019. Accordingly, we do not express an opinion on the 2019 and 2018 financial statements.

Opinion

In our opinion, the 2020 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of January 1, 2020 and the changes in net assets available for benefits for the one day period then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2019 and 2018 financial statements and supplemental schedule, other than that derived from the information certified by Principal Life Insurance Company, Principal Trust Company, and Reliance Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PRECISION AEROSPACE CORPORATION 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
January 1, 2020, December 31, 2019 and 2018

NOTE 1 – DESCRIPTION OF PLAN

The following description the Precision Aerospace Corporation 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan covering all full-time employees of Precision Aerospace Corporation (the “Company”), who have attained the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Plan Administration: Effective January 1, 2019, the Plan changed recordkeepers and trustees from Principal Life Insurance Company and Principal Trust Company to ADP, LLP and Reliance Trust Company. The effective date represents the date in which the Plan assets were physically transferred between the service providers.

As a result of this change, participants were unable to access their account to direct their investments or obtain a distribution from the Plan for the period from December 31, 2018 to January 24, 2019.

Effective January 1, 2020, Precision Aerospace Corporation 401(k) Retirement Plan was merged into a new retirement plan, Tribus Aerospace Retirement Plan (“Tribus Plan”). Precision Aerospace is a wholly owned subsidiary of the plan sponsor of the Tribus Plan. Net assets of the Precision Aerospace Corporation 401(k) Retirement Plan were transferred into the Tribus Plan.

Contributions: Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan. Employees are automatically enrolled at a 3% deferral rate upon becoming eligible to participate in the Plan and they may elect to change or discontinue deferrals at any time. The automatic deduction is increased 1% annually as of the first day of each following plan year up to 6%, unless the participant declines the automatic increase or elects a higher or lower deduction. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The plan allows for discretionary matching contributions, additional discretionary contributions and qualified non-elective contributions. No contributions of any kind were made during the one day period ended January 1, 2020. During the year ended December 31, 2019, the Company elected to make discretionary matching contributions to the account of each eligible employee equal to 50% of the first 6% of eligible compensation that a participant contributes to the Plan. The Company did not make any additional discretionary or qualified non-elective contributions during the year ended December 31, 2019. Contributions are subject to certain limitations.

Participant Accounts: Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contributions, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately fully vested in their voluntary contributions plus earnings thereon. Vesting in the Company’s contributions plus earnings thereon is based upon years of service. For employer matching contributions, a participant is 0% vested until the participant completes three years of service, at which time, all employer matching contributions are 100% vested.

PRECISION AEROSPACE CORPORATION 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
January 1, 2020, December 31, 2019 and 2018

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Retirement, Death and Disability: A participant (beneficiary) is entitled to 100% of his or her account balance upon retirement, death or total disability.

Forfeitures: Forfeited amounts are used to offset future Company contributions or to reduce the Plan's administrative expenses. For the one day period ended January 1, 2020, no forfeitures were used to offset employer contributions. In 2019, \$11,457 of forfeitures were used to offset employer contributions.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Participants (or their beneficiaries upon the death of the participant) may receive their vested account balances as a single lump sum. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

Notes Receivable from Participants: Participants may borrow from their accounts a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans in the form of notes receivable are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid through payroll deductions.

Administrative and Investment Management Expenses: Certain administrative expenses and transaction fees are paid for by the Plan and are reflected in the financial statements as administrative expenses of the Plan. All fees and expenses paid for by the Plan are allocated proportionally against all participant accounts, unless allocable to the accounts of particular participants. Certain other administrative fees are paid by the Company.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

(Continued)

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Risks and Uncertainties: The Plan holds various investment securities. The investment securities are exposed to various risks, such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments as of December 31, 2019 and 2018 and notes receivable from participants as of December 31, 2018 included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company as of and for the year ended December 31, 2019, and Principal Life Insurance Company and Principal Trust Company as of December 31, 2018. This information has not been audited by independent accountants.

NOTE 4 – FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents of the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values (“NAV”) reported by the fund managers as of the financial statement dates and recent transaction prices. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund’s NAV per unit.

Collective Trust Stable Value Fund (2019): The fair values of participation units held in stable value collective trusts are based on the net asset values reported by the fund managers. The fund provides for daily redemptions by the Plan at a reported net asset value per share, with no advance notification requirements.

Collective Trusts (2018): The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below. There were no investments at January 1, 2020:

	Fair Value Measurements at December 31, 2019 Using			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by employees or officers of the Company. Certain professional fees for the administration and audit of the Plan were paid by the Company. Investment management, investment advising, recordkeeping and custodial fees paid by the Plan to Principal Life Insurance Company and Principal Trust Company and affiliates of Principal Life Insurance Company, ADP, LLP, Kestra Advisory Services and Reliance Trust Company qualify as party-in-interest transactions. Fees of \$29,591 were paid by the Plan to the Plan's investment advisor, during the plan year ended December 31, 2019 for investment advisory and custodian services related to the Plan. There were no fees paid for the one day period ended January 1, 2020.

Certain of the Plan's investments in pooled separate accounts, and collective trusts held and issued by Principal Life Insurance Company, Principal Trust Company or its affiliates and Reliance Trust Company qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the volume submitter plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

NOTE 6 – TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 1, 2020, December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 7 – SUBSEQUENT EVENTS

Management has performed an analysis of activities and transactions subsequent to January 1, 2020 to determine the need for any adjustments to or disclosures within these financial statements. Plan management has evaluated subsequent events for recognition and disclosure through October 8, 2020, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The Plan legally merged into the Tribus Plan on January 1, 2020. The extent to which the coronavirus may impact future investment balances and results or estimates used to prepare the financial statements will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.
