GREEN HILLS RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2019 AND 2018

1. Description of Plan:

The following description of the Green Hills Retirement Savings (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan, established January 1, 1987, and as amended and restated on July 1, 2019, is a defined contribution plan covering all employees of West Liberty Care Center, Inc. dba Green Hills Center and related entities (collectively, the "Company"). Employees are eligible to defer under the 403(b) provision immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan and determines (with the assistance from an investment advisor) the appropriateness of the Plan's investment offerings/monitors investment performance.

Contributions:

The Plan allows participants to make voluntary pre-tax and after-tax (Roth) contributions up to a maximum determined by IRS limitations applicable to 403(b) plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company contributes an employer enhanced safe harbor matching contribution in an amount equal to 100% of participant contributions not to exceed 5% of eligible compensation. Employer enhanced safe harbor matching contributions totaled \$112,590 in 2019 and \$116,779 in 2018. The Company may contribute a discretionary non-elective contribution. The Company did not make a discretionary non-elective contribution in 2019 or 2018.

There are no eligibility requirements to receive the employer enhanced safe harbor matching contributions. To be eligible to receive the employer discretionary non-elective contributions an employee must have completed one year of employment, 1,000 hours of service within the Plan year, and meet a minimum age requirement.

Participant accounts:

Each participant's account is credited with the participant's contribution, the Company's contribution, plan earnings, and charged with investment losses and an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions and Company enhanced safe harbor matching contributions plus actual earnings thereon. The vesting schedule for employer matching (prior to January 1, 2018) and discretionary non-elective contributions is a six year graded schedule; the employee must complete 1,000 hours of service within each plan year. Participants are fully vested for the contributions as follows:

Investment options:

Participants may direct the employer contributions and the employees' voluntary contributions into various investment options. Participants may change their investment options daily.

Payments of benefits:

Once participants attain age 59 1/2, they may elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, retirement, or death.

On termination of service, participants may elect to receive either a lump sum amount or a direct rollover to another eligible retirement plan equal to the value of their account balance.

Forfeitures:

Forfeitures of terminated participants' nonvested accounts are used to reduce the employer contribution and pay Plan expenses. Forfeited nonvested accounts totaled \$5,791 in 2018. There were no forfeited nonvested accounts in 2019.

2. Summary of significant accounting policies:

Basis of accounting:

The Plan prepares its financial statements on the accrual basis of accounting.

YEARS ENDED DECEMBER 31, 2019 AND 2018

2. Summary of significant accounting policies (continued):

Investment valuation and income recognition:

Investments are reported at fair value, except for the guaranteed interest account that is a fully benefit-responsive investment which is reported at contract value, as provided by Ascensus, Inc., as agent for Ascensus Trust Company (Ascensus), the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments (except for the guaranteed interest account) are stated at fair value as provided by the custodian of the Plan; Ascensus, Inc., as agent for Ascensus Trust Company ("Ascensus").

Expenses:

Expenses of Plan administration are paid by forfeitures of terminated participants' nonvested accounts. Certain other administrative expenses are paid by the Company. The Company provides other accounting and administrative services at no cost to the Plan. No such employee, nor the Company, receives compensation from the Plan. These transactions qualify as party-in-interest transactions.

Additionally, investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Payment of benefits:

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

2. Summary of significant accounting policies (continued):

Recent accounting pronouncement:

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Changes to the Disclosure Requirements for Fair Value Measurements*. This ASU is intended to improve the effectiveness of disclosures in the notes to the financial statements and modify the disclosure requirements on fair value measurements in FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*. This ASU is effective for years beginning after December 15, 2019, with early adoption permitted. The Plan is currently evaluating the impact this ASU will have on its financial statements, and will adopt the provisions of the ASU upon its effective date.

3. Investments:

The following table presents the current value of investments at December 31, 2019 and 2018. All investments are participant directed.

	<u>2019</u>	<u>2018</u>
Mutual funds, at fair value	\$ 2,198,362	\$ 2,131,131
Guaranteed interest account, at contract value	<u>110,271</u>	<u>221,550</u>
	<u>\$ 2,308,633</u>	<u>\$ 2,352,681</u>

4. Fair value measurements:

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

GREEN HILLS RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

YEARS ENDED DECEMBER 31, 2019 AND 2018

4. Fair value measurements (continued):

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Assets measured at fair value on a recurring basis at December 31, 2019 and 2018 were as follows:

	<u>2019</u>	<u>2018</u>
	<u>Level 1</u>	<u>Level 1</u>
Mutual funds	\$ 2,198,362	\$ 2,131,131

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

5. Investment account with insurance company:

The Plan participates in a fully benefit-responsive investment account with Standard Insurance Company (Standard Insurance) which is available to the Plan through a rider to Standard Insurance's group annuity contract. The account's contract value is a general liability against Standard Insurance, however there are no particular segregated or identifiable assets of Standard Insurance ascribed to the account. The investment contract issuer, Standard Insurance, is contractually obligated to repay the principal at a specified interest rate that is guaranteed.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value, as reported to the Plan by Ascensus, represents contributions made, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Standard Insurance. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdraw from the Plan or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with the Plan's participants is probable.

The minimum guaranteed interest rate varies by participant and depends on the date the participant established his or her account.

6. Information certified by custodian:

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus (the custodian of the Plan).

7. Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Income tax status:

The Internal Revenue Service has determined that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Delinquent participant contributions:

In 2019, the Company failed to remit employee deferral contributions totaling \$151 within the time permitted in accordance with DOL Regulation 2510.3-102(b). In 2020, the Company calculated an estimate of the lost earnings and remitted the lost earnings to the Plan outside the guidelines of the Voluntary Fiduciary Correction Program (VFCP).

In 2018, the Company failed to remit an employee deferral contribution totaling \$112 within the time permitted in accordance with DOL Regulation 2510.3-102(b). In 2019, the Company calculated an estimate of the lost earnings and remitted the lost earnings to the Plan outside the guidelines of the VFCP.

10. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

YEARS ENDED DECEMBER 31, 2019 AND 2018

11. Subsequent events:

On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic with multiple jurisdictions in the United States declaring a state of emergency. Certain states, including Ohio, had issued “stay-at-home” orders for non-essential businesses, as defined. As a result, economic uncertainties have arisen which has contributed to significant volatility for businesses and in financial markets. The pandemic may have continued adverse impact on economic and market conditions that could result in a global economic slowdown for an extended period of time. Consequently, there is and will continue to be uncertainty and risk with respect to the Company, the Plan, its investments, and its financial results. Management has, and will continue to monitor the situation and make operational changes in an attempt to minimize any future financial impact to the Company and the Plan.

In preparing these financial statements, the Plan’s management has evaluated events and transactions for potential recognition or disclosure through October 14, 2020, the date the Plan’s financial statements were available to be issued.
