The Administrative Committee of
The Oil City Iron Works 401(k) Plan
814 S Main Street
Corsicana, TX 75110

We have conducted a DOL limited-scope audit of the financial statements of the Oil City Iron Works 401(k) Plan for the year ended December 31, 2019 and have issued our report thereon dated September 10, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee and custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated April 27, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Oil City Iron Works 401(k) Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2019.

We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Plan Management's estimate of the fair value of investments. We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of the information that we did not audit based on your election under 29 CFR 2520.103-8, as described in Note 3 to the financial statements

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management.

Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 10, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings, Issues, or Recommendations

Demographic Support

Issue: We noted an instance in which employee personnel files did not contain adequate support for the employees' dates of hire or did not contain the employees' date of birth or both.

Recommendation: We recommend proper documentation be obtained and maintained in employee files to support plan operations, even if the employee is terminated. In addition, we recommend performing reviewed of such data to assure accuracy of the data, as well as the plan's record of that data. In order to assure information used to calculate plan benefits is accurate.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of those charged with governance, management and administrators, as appropriate, of the Oil City Iron Works 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

1. Description of Plan

The following description of the Oil City Iron Works 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Oil City Iron Works, Inc. (“the Company”) for the benefit of the employees. The Plan was established December 1, 1994. The Plan is subject to the provisions of the Employee Retirement Income Security Act (“ERISA”) of 1974.

Eligibility

Employees of the Company who work 1,000 hours or more per year, have one year of service, and are age 21 or older are eligible to participate in the Plan. Employees are eligible to join the Plan as an active participant on the first day of the Plan year and the first day of the fourth, seventh, and tenth month of each Plan year.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, not to exceed limits as set by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also rollover amounts representing distributions from other qualified retirement plans.

At the discretion of the Board of Directors, the Company may elect to contribute a discretionary matching contribution equal to either a uniform percentage of participants deferrals or a flat dollar amount for each participant. During 2019, the Company authorized no discretionary matching contributions.

At the discretion of the Board of Directors, the Company may elect to contribute a discretionary employer contribution equal to a uniform percentage of plan compensation. During 2019, the Company authorized no discretionary employer contributions.

Investment Options

Participants may direct the investment of their contributions into various options offered by the Plan. The Plan currently offers various mutual funds, a common collective trust fund, and a guaranteed investment contract.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company’s contributions. Plan earnings are allocated based on participant account balances. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participant accounts are valued daily to reflect income earned.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

1. Description of Plan (continued)**Vesting**

Participants are always fully vested in their deferral contributions and any earnings thereon. Participants are fully vested in the Company's previous safe harbor contributions and any earnings thereon. Participants vest in any other employer contributions according to the table below. The Plan allows for amounts forfeited by participants to be used to reduce the Company's matching and employer contributions or to pay expenses associated with the operation and administration of the Plan.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The interest rates for loans are equal to one percent above the Prime rate. The loans are repaid ratably through payroll deductions over a period of five years or less, unless such loan is for the purchase of a participant's primary residence.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in the form of a lump sum payment. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 ½, subject to Plan provisions. For account balances less than \$5,000, a single lump sum payment will be made automatically into an individual retirement account upon termination. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need.

Forfeited Accounts

During the year ended December 31, 2019, participants forfeited \$19 in prior employer contributions. During the year ended December 31, 2019, \$700 in forfeited nonvested accounts were used to reduce administrative expenses. At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$11,993 and \$12,231, respectively. These amounts will be used to reduce future expenses incurred by the Plan or employer contributions.

2. Significant Accounting Policies**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

2. Significant Accounting Policies (continued)**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and common collective trust funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value investments.

The Plan's investment in the Fixed Interest Fund, which is an investment option available to plan participants under the Plan's group annuity contract, is measured at contract value, which is the relevant measurement for this type of investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loans to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain investment and administration fees are deducted directly from participant's investment returns. Transaction costs borne by the Plan are charged to the individual participant who initiated the transaction to which the charge relates by reducing the participant's account balance.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions on the statement of changes in net assets available for benefits. The Plan distributed the 2019 excess contributions to participants prior to March 15, 2020.

Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. Other than the matters in Note 11, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

3. Information Prepared and Certified by the Trustee and Custodian (unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company and Massachusetts Mutual Life Insurance Company, the trustee and custodian, respectively, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

As of December 31,	2019	2018
Investments:		
Common collective trust fund, at fair value	325,411	-
Mutual funds, at fair value	3,564,559	4,369,620
Guaranteed investment contract, at contract value	2,950,545	2,417,911
Total investments	6,840,515	6,787,531
Notes receivable from participants	\$ 295,295	\$ 346,468

For the Year Ended December 31,	2019
Net appreciation in fair value of investments	\$ 722,189
Interest and dividend income	197,206
Interest income on notes receivable from participants	14,657

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

4. Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Quoted market prices are used to value investments in mutual funds, which are publicly traded funds of registered investment companies.

Common collective trust fund: The common collective trust fund is a public investment vehicle valued using the NAV provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value of the common collective trust fund. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 month's notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

There were no transfers of Plan investments between levels 1 and 2 during 2019. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,564,559	\$ -	\$ -	\$ 3,564,559
Total assets in fair value hierarchy	3,564,559	-	-	3,564,559
Investments measured at net asset value (a)				325,411
Total investments, at fair value				<u>\$ 3,889,970</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 4,369,620	\$ -	\$ -	\$ 4,369,620
Total assets in fair value hierarchy	\$ 4,369,620	\$ -	\$ -	\$ 4,369,620

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available of benefits.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

As of December 31, 2019:

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Common Collective Trust Fund	\$325,411	N/A	Daily	12 months

5. Fully Benefit-Responsive Guaranteed Investment Contract

The Plan invests in a guaranteed investment contract, the Fixed Interest Fund, with the custodian that qualifies as a fully benefit-responsive investment contract.

The Fixed Interest Fund investment option is provided through a group annuity contract in which the Plan is invested. Under the terms of a group annuity contract, a crediting rate is established for amounts invested in the Fixed Interest Fund and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. The interest rate credited on the contract varies based on a formula determined by the Plan custodian. The Plan considers this investment option to be fully benefit-responsive notwithstanding the liquidation value events under the contract that limit the ability of the Plan to transact at contract value.

Certain events limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the Plan or Plan trust fails to maintain its exempt status under 401(a) of the IRC, (2) there is a termination or partial plan termination of the Plan, or (3) a provision of the contract is breached. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

6. Related-Party and Party In Interest Transactions

The Plan invests in a guaranteed investment contract managed by Massachusetts Mutual Life Insurance Company. Massachusetts Mutual Life Insurance Company is the custodian and, therefore, this transaction qualifies as a party in interest transaction.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to the trustee, custodian, and third-party administrator totaling \$53,475. These costs incurred by the Plan are included in administrative expense on the statement of changes in net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2019 and 2018, and for the Year Ended December 31, 2019

7. Termination of the Plan

While it has not expressed any intent to do so, the Company has the right under the terms of the Plan to terminate the Plan at any time. In the event of termination, the Plan provides that all amounts credited to the respective accounts of the participants shall be fully vested.

8. Income Tax Status

The Plan has adopted a volume submitter 401(k) and profit sharing plan with cash or deferral arrangement sponsored by Massachusetts Mutual Life Insurance Company, which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, stating that the Plan, as then designed, was acceptable under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation. The Plan itself has not received a determination letter from the IRS. However, Plan management believes the Plan, as adopted and amended, is operating within the guidelines of the Internal Revenue Code. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

9. Risks and Uncertainties

The Plan invests in various investment funds, a common collective trust fund, and a guaranteed investment contract. Investments in general are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such change could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation to 5500

11. Subsequent Events

Effective January 1, 2020, the Company amended the Plan to change the eligibility requirements from 21 years of age and 1,000 hours of service to 18 years of age and 60 days of service. Additionally, employees may now join the Plan on the first day of each calendar month, subsequent to meeting the eligibility requirements of the Plan.

Effective January 1, 2020, the Company amended the Plan to add an automatic deferral provision. Beginning January 1, 2020, all employees hired will be automatically enrolled in the Plan, upon meeting the eligibility requirements, at a pre-tax deferral rate of 3%, unless an affirmative election is made. Additionally, at the beginning of each plan year, an automatic increase of 1% of the plan compensation will be applied to each auto enrolled participant's account. At no point will the automatic increase exceed 15% of plan compensation.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2020, include changing the required minimum distribution age to 72 for participants who have not reached age 70 ½ as of December 31, 2019 and, for participant deaths after December 31, 2019, requiring most non-spouse beneficiaries to take full distribution of the participant's account within 10 years of the participant's death. Plan management is evaluating the impact of the SECURE Act on the Plan but does not expect it to be material.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved (a) adding COVID-19-related distributions of up to \$100,000 for eligible participants, (b) increasing the limit on Plan loans for eligible participants to the maximum amount permitted under the CARES Act, (c) suspending payments on Plan loans otherwise due in 2020 for eligible participants, and (d) suspending required minimum distributions for 2020. The CARES Act allowed these changes to be effective and operationalized immediately, prior to amending the Plan document.
