ISLAND INTERNATIONAL INDUSTRIES INC. 401(k) PLAN

MANAGEMENT LETTER

FOR THE YEAR ENDED DECEMBER 31, 2019

GRASSI
ADVISORS & ACCOUNTANTS

To The Board of Trustees
Island International Industries Inc. 401(k) Plan

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Island International Industries Inc. 401(k) Plan (the "Plan") at and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered Island International Industries Inc. 401(k) Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a Department of Labor ("DOL") limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below we identified certain deficiencies in the Plan's internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

1. **Annual Deferral Limit Test Failures**

   Issue:

   The Plan has failed the Annual Deferral Limit Test in the current year, requiring corrective distributions to certain employees of $81,671 for the year ended December 31, 2019. The Annual Deferral Limit Test reviews individual employee's deferral contributions for the year to determine if any exceeded the maximum deferral amount allowed under the Internal Revenue Code for 2019 of $19,000, plus a maximum of $6,000 in catch-up contributions.

   Potential Effect:

   If the Plan fails the Annual Deferral Limit Test, corrective action must be taken to protect the qualified status of the arrangement. This statutory correction period is the 12-month period following the close of the Plan year in which the mistake occurs. If corrective distributions are made after the first two and one-half months of the "correction period," the employer is liable for an excise tax. If correction is not made within the correction period, the Plan is considered "disqualified."

Recommendation:

We recommend that the Board of Trustees of the Plan formalize a policy and implement procedures to ensure employee deferral contributions do not exceed the maximum deferral amount allowed under the Internal Revenue Code.

2. Timely Remittance of Contributions

Issue:

We noted remittances of participant contributions into the Plan were generally between 3 and 6 days of the payroll date in 2019; however, the Plan does not have a formalized timely remittance policy.

Potential Effects:

Without a formalized remittance policy, the Sponsor may fail to remit contributions in a timely manner on occasion as defined by the DOL, which could result in the Sponsor having to pay penalties and interest to make participant accounts whole. Additionally, individuals who are named fiduciaries could be held responsible by the DOL.

Recommendation:

We recommend that the Sponsor formalize a policy and implement procedures to ensure participant contributions are remitted to the Plan within guidelines prescribed by DOL regulations. The DOL considers participant contributions to be timely when they are remitted into the Plan on "the date when participant contributions reasonably can be segregated from the employer's general assets," which usually will be earlier than the maximum time period for pension plans in the regulation. Thus, any delay in forwarding the contributions, even a delay that is caused by the Third Party Administrator or other service provider, may cause a breach of fiduciary duty under Title I of ERISA that may be corrected under the Voluntary Fiduciary Correction Program ("VFCP").

During our audit, we also became aware of deficiencies in internal control other than significant deficiencies or material weaknesses, and the following are such other matters that are opportunities for strengthening internal controls and operating efficiency:

1. Required Trustee Meetings

Issue:

We noted no documentation of a meeting of the Board of Trustees to discuss the Plan and its investment options, service provider, and fees. The Sponsor has fiduciary responsibility under ERISA to evaluate the return of the investment funds against the fund's benchmark, ensure there is sufficient diversity in offerings, and evaluate the reasonableness of fees paid.

Potential Effect:

Without such documentation, the Trustees may find it difficult to demonstrate that they are fulfilling their fiduciary responsibility to the Plan, should the DOL ask.

Recommendation:

We recommend that the Board of Trustees meet to discuss the Plan and its investment options, service provider, and fees, and document the highlights of these meetings. Further, the Trustees should reach out to industry providers as necessary to help ensure their evaluation of such aspects meets the requirements of fiduciary responsibility.

2. Relaxed Benefit Plan Loan and Withdrawal Rules Due to COVID-19

Issue:

In response to the financial effects of COVID-19, the U.S. Congress approved the Coronavirus Aid, Relief and Economic Security ("CARES") Act on March 27, 2020. Certain of the CARES Act provisions increase the maximum loan amount participants may borrow from the lesser of $50,000 or 50% of the value of the participant's vested balance to the lesser of $100,000 or 100% of the vested balance, delay loan repayments for one year, allow hardship withdrawals related to COVID-19 of up to $100,000 that can be redeposited to a qualified plan within three years without tax penalty, and allow for certain other benefits.

Potential Effects:

The relaxed rules under the CARES Act may provide the Plan's participants some measure of short-term relief if they have been affected negatively from the economic fallout of the quarantine.

Recommendation:

We recommend that the Plan Administrator communicate the revised rules to its participants after the Board establishes the parameters it wishes to accept. Further information on the provisions allowed by the CARES Act may be found in the summary at https://www.grassicpas.com/relief-for-employee-benefits-plan-participants-in-covid-19-stimulus-act or in the CARES Act directly. The CARES Act does not require formal amendment to the Plan document until the last day of the Plan year beginning on or after January 1, 2022 as long as the Plan operates within the revised limits. Thus, the Board should ensure the Plan operates within the revised limits until the Plan document is amended.

We will review the status of these comments during our next audit engagement. We have already discussed these comments and suggestions with Plan personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of management, the Board of Trustees, and others within Island International Industries Inc. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT

To The Board of Trustees
Island International Industries Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Island International Industries Inc. 401(k) Plan, which comprise the statements of net assets available for benefits at December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee at December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Note 1 - Description of Plan

The following description of the Island International Industries Inc. 401(k) Plan (the “Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on September 1, 1995, restated on May 13, 2015, and amended on January 1, 2017 and December 23, 2019, is a defined contribution plan covering all full-time employees of Island International Industries Inc. (the “Sponsor”) who have completed three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan’s trustee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s trustee. The trustee of the Plan is Fidelity Management Trust Company (the “Trustee”). Fidelity Investments is the recordkeeper of the Plan and the Sponsor is the Plan administrator.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the “Code”) for 2019 of $19,000, plus a maximum of $6,000 in catch-up contributions for participants who have attained age 50 before the end of Plan year. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor may contribute, at its discretion, a matched percentage of participant contributions to the Plan. The matching contribution is invested as directed by the participant. For the year ended December 31, 2019, the Sponsor made matching contributions of $150,187 to the Plan.

A discretionary profit sharing amount may be contributed at the option of the Sponsor and is invested in a portfolio of investments as directed by the participant. In 2019, the Sponsor did not make any profit sharing contributions to the Plan.

Participants are eligible for discretionary matching contributions and discretionary profit sharing contributions upon completion of three months of service.

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching and profit sharing contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service as follows:

For participants hired prior to January 1, 2017:

Years of Service	Vesting Percentage
Less than 2	0%
At least 2 but less than 3	33%
At least 3 but less than 4	66%
4 or more years	100%

For participants hired on January 1, 2017 or after:

Years of Service	Vesting Percentage
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account, and must be repaid over a five-year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not exceed a term of ten years. Interest on the loans is determined by the Plan administrator based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through monthly payroll deductions.

Note 1 - Description of Plan (cont'd.)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or a direct rollover distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $28,838 and $20,460, respectively. These accounts will be used to first pay Plan expenses, with any remaining amounts to be used to reduce future employer contributions. In 2019, there were no reductions to the Plan expenses or employer matching contributions from forfeited nonvested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2019 range from 3.75% to 6.00%.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the Code limits. The amounts due to participants at December 31, 2019 and 2018 were $90,920 and $10,037, respectively. Such amounts were refunded to the relevant participants prior to March 15 of the subsequent year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Information Certified By Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, at December 31, 2019 and 2018 and for the year ended December 31, 2019. This information has not been audited by the independent auditors.

	2019	2018
Investments, at fair value	$ 5,167,580	$ 3,716,344
Notes receivable from participants	$ 125,671	$ 55,721
Investment income:		
Net appreciation in fair value of investments	$ 628,058	
Interest and dividend income	279,045	
Total investment income	$ 907,103	
Interest income on notes receivable from participants	$ 3,436	

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 4 - Fair Value Measurements (cont'd.)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

	Investments at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,167,580	$ -	$ -	$ 5,167,580
Total Investments at Fair Value	$ 5,167,580	$ -	$ -	$ 5,167,580

	Investments at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,716,344	$ -	$ -	$ 3,716,344
Total Investments at Fair Value	$ 3,716,344	$ -	$ -	$ 3,716,344

Note 5 - Related Party Transactions and Party-In-Interest Transactions

The Trustee of the Plan is Fidelity Management Trust Company and Fidelity Investments is the recordkeeper for the Plan. Therefore, fees paid to these entities qualify as party-in-interest transactions. Such fees amounted to $1,936 for the year ended December 31, 2019.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Income Tax Status

The Plan has adopted the Fidelity Management & Research Company ("Fidelity") volume submitter profit sharing plan with a cash-or-deferred arrangement. Accordingly, the Plan is permitted to rely on Fidelity's opinion letters. The Internal Revenue Service has determined and informed Fidelity by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to the Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 5,204,356	$ 3,773,027
Participant receivable	(2,025)	(28)
Employer receivable	-	(14)
Receivable from Plan Sponsor	-	(10,957)
Excess contributions payable	90,920	10,037
Net assets available for benefits per the Form 5500	$ 5,293,251	$ 3,772,065

The following is a reconciliation of the net increase in net assets per the financial statements for the year ended December 31, 2019 to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 1,431,329
Changes in participant receivable	(1,997)
Changes in employer receivable	14
Change in receivable from Plan Sponsor	10,957
Changes in excess contributions payable	80,883
Net increase in net assets available for benefits per the Form 5500	$ 1,521,186

Note 10 - Delinquent Participant Contributions

During the year ended December 31, 2019, the Sponsor did not submit employee contributions and loan repayments of $2,025 in a timely manner. This requires the Sponsor to file notice with the Internal Revenue Serice and the Department of Labor, which will result in the payment of an excise tax by the Sponsor. The delinquent contributions will be corrected in 2020.

Note 11 - Subsequent Events

Subsequent to December 31, 2019, local, U.S. and world governments have declared a global pandemic due to the coronavirus disease ("COVID-19"). Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Although it cannot be reasonably determined at this time whether this will have a long-term impact, in the short-term, this has caused significant losses in U.S. and global markets and the values of investment securities, which could negatively impact participants' account balances and the amounts reported in the statements of net assets available for benefits.

In response to the financial effects of COVID-19, the U.S. Congress approved the Coronavirus Aid, Relief and Economic Security ("CARES") Act on March 27, 2020. Certain of the CARES Act provisions increase the maximum loan amount participants may borrow from the lesser of $50,000 or 50% of the value of the participant's vested balance to the lesser of $100,000 or 100% of the vested balance, delay loan repayments for one year, allow hardship withdrawals related to COVID-19 of up to $100,000 that can be redeposited to a qualified plan within three years without tax penalty, and allow for certain other benefits. The CARES Act does not require formal amendment to the Plan document until the last day of the Plan year beginning on or after January 1, 2022 as long as the Plan operates within the revised limits.

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2019 through October 12, 2020, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure except as noted above.

To The Board of Trustees
Island International Industries Inc. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Island International Industries Inc. 401(k) Plan, which comprise the statements of net assets available for benefits at December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee at December 31, 2019 and 2018 and for the year ended December 31, 2019, that the information provided to the Plan administrator by the trustee is complete and accurate.

Note 1 - Description of Plan

The following description of the Island International Industries Inc. 401(k) Plan (the “Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established on September 1, 1995, restated on May 13, 2015, and amended on January 1, 2017 and December 23, 2019, is a defined contribution plan covering all full-time employees of Island International Industries Inc. (the “Sponsor”) who have completed three months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan’s trustee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s trustee. The trustee of the Plan is Fidelity Management Trust Company (the “Trustee”). Fidelity Investments is the recordkeeper of the Plan and the Sponsor is the Plan administrator.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, provided that such contributions do not exceed the limitations under the Internal Revenue Code (the “Code”) for 2019 of $19,000, plus a maximum of $6,000 in catch-up contributions for participants who have attained age 50 before the end of Plan year. Contributions may be made as a pre-tax deferral or after-tax (Roth) deferral. Highly compensated employees are subject to additional limits set forth in the Code. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor may contribute, at its discretion, a matched percentage of participant contributions to the Plan. The matching contribution is invested as directed by the participant. For the year ended December 31, 2019, the Sponsor made matching contributions of $150,187 to the Plan.

A discretionary profit sharing amount may be contributed at the option of the Sponsor and is invested in a portfolio of investments as directed by the participant. In 2019, the Sponsor did not make any profit sharing contributions to the Plan.

Participants are eligible for discretionary matching contributions and discretionary profit sharing contributions upon completion of three months of service.

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Sponsor's matching and profit sharing contributions, as well as allocations of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Sponsor's contribution portion of their accounts is based on years of continuous service as follows:

For participants hired prior to January 1, 2017:

Years of Service	Vesting Percentage
Less than 2	0%
At least 2 but less than 3	33%
At least 3 but less than 4	66%
4 or more years	100%

For participants hired on January 1, 2017 or after:

Years of Service	Vesting Percentage
Less than 2	0%
At least 2 but less than 3	20%
At least 3 but less than 4	40%
At least 4 but less than 5	60%
At least 5 but less than 6	80%
6 or more years	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account, and must be repaid over a five-year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not exceed a term of ten years. Interest on the loans is determined by the Plan administrator based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Principal and interest is paid ratably through monthly payroll deductions.

Note 1 - Description of Plan (cont'd.)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or a direct rollover distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled $28,838 and $20,460, respectively. These accounts will be used to first pay Plan expenses, with any remaining amounts to be used to reduce future employer contributions. In 2019, there were no reductions to the Plan expenses or employer matching contributions from forfeited nonvested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent notes receivable from participants are reclassified as distributions once the participant is no longer employed by the Sponsor. Interest rates on loans outstanding at December 31, 2019 range from 3.75% to 6.00%.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the Code limits. The amounts due to participants at December 31, 2019 and 2018 were $90,920 and $10,037, respectively. Such amounts were refunded to the relevant participants prior to March 15 of the subsequent year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in fair value of investments. Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee receives compensation from the Plan.

Note 3 - Information Certified By Trustee

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, at December 31, 2019 and 2018 and for the year ended December 31, 2019. This information has not been audited by the independent auditors.

	2019	2018
Investments, at fair value	$ 5,167,580	$ 3,716,344
Notes receivable from participants	$ 125,671	$ 55,721
Investment income:		
Net appreciation in fair value of investments	$ 628,058	
Interest and dividend income	279,045	
Total investment income	$ 907,103	
Interest income on notes receivable from participants	$ 3,436	

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 4 - Fair Value Measurements (cont'd.)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2019 and 2018. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

	Investments at Fair Value at December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,167,580	$ -	$ -	$ 5,167,580
Total Investments at Fair Value	$ 5,167,580	$ -	$ -	$ 5,167,580

	Investments at Fair Value at December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,716,344	$ -	$ -	$ 3,716,344
Total Investments at Fair Value	$ 3,716,344	$ -	$ -	$ 3,716,344

Note 5 - Related Party Transactions and Party-In-Interest Transactions

The Trustee of the Plan is Fidelity Management Trust Company and Fidelity Investments is the recordkeeper for the Plan. Therefore, fees paid to these entities qualify as party-in-interest transactions. Such fees amounted to $1,936 for the year ended December 31, 2019.

Notes receivable from participants also qualify as party-in-interest transactions.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Income Tax Status

The Plan has adopted the Fidelity Management & Research Company ("Fidelity") volume submitter profit sharing plan with a cash-or-deferred arrangement. Accordingly, the Plan is permitted to rely on Fidelity's opinion letters. The Internal Revenue Service has determined and informed Fidelity by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 8 - Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018 to the Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	$ 5,204,356	$ 3,773,027
Participant receivable	(2,025)	(28)
Employer receivable	-	(14)
Receivable from Plan Sponsor	-	(10,957)
Excess contributions payable	90,920	10,037
Net assets available for benefits per the Form 5500	$ 5,293,251	$ 3,772,065

The following is a reconciliation of the net increase in net assets per the financial statements for the year ended December 31, 2019 to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$ 1,431,329
Changes in participant receivable	(1,997)
Changes in employer receivable	14
Change in receivable from Plan Sponsor	10,957
Changes in excess contributions payable	80,883
Net increase in net assets available for benefits per the Form 5500	$ 1,521,186

Note 10 - Delinquent Participant Contributions

During the year ended December 31, 2019, the Sponsor did not submit employee contributions and loan repayments of $2,025 in a timely manner. This requires the Sponsor to file notice with the Internal Revenue Serice and the Department of Labor, which will result in the payment of an excise tax by the Sponsor. The delinquent contributions will be corrected in 2020.

Note 11 - Subsequent Events

Subsequent to December 31, 2019, local, U.S. and world governments have declared a global pandemic due to the coronavirus disease ("COVID-19"). Most industries are experiencing disruption to business operations and the impact of reduced consumer spending. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Although it cannot be reasonably determined at this time whether this will have a long-term impact, in the short-term, this has caused significant losses in U.S. and global markets and the values of investment securities, which could negatively impact participants' account balances and the amounts reported in the statements of net assets available for benefits.

In response to the financial effects of COVID-19, the U.S. Congress approved the Coronavirus Aid, Relief and Economic Security ("CARES") Act on March 27, 2020. Certain of the CARES Act provisions increase the maximum loan amount participants may borrow from the lesser of $50,000 or 50% of the value of the participant's vested balance to the lesser of $100,000 or 100% of the vested balance, delay loan repayments for one year, allow hardship withdrawals related to COVID-19 of up to $100,000 that can be redeposited to a qualified plan within three years without tax penalty, and allow for certain other benefits. The CARES Act does not require formal amendment to the Plan document until the last day of the Plan year beginning on or after January 1, 2022 as long as the Plan operates within the revised limits.

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2019 through October 12, 2020, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure except as noted above.
