Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by BMO Harris Bank N.A., the Custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

1. DESCRIPTION OF PLAN

The following description of the KTGY Group, Inc. 401(k) and Profit-Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more detailed information of the Plan's provisions.

General

The Plan is a defined contribution Plan and covers all full-time and part-time employees of KTGY Group, Inc. (the "Company"), not considered to be temporary or interns, who are eligible to enroll on the first of the month following a 30-day waiting period after their hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants' contributions are made to the Plan by means of salary deferral by which the participant is entitled to defer 1% to 50% of their compensation. Contributions may be made on a pre-tax basis, Roth after-tax basis, or any combination of both, as long as the combined total does not exceed 50% of the participant's compensation per pay period. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Upon enrollment into the Plan, the Company will match participant contributions each pay period at a rate of 100% of the participant's deferral up to 3% of the employee's eligible compensation. In addition, the Company, at its option, may contribute a portion of its current year profits. For the year ended December 31, 2019, there were no profit-sharing contributions allocated to the Plan. Matching contributions of $1,136,099 were made to the Plan for the year ended December 31, 2019. Rollover contributions from other qualified Plans are accepted by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contributions and, (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, employer matching and profit-sharing contributions plus actual earnings thereon.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments under a systematic withdrawal Plan, as defined in the Plan document. Additionally, under certain circumstances of financial hardship or if a participant has attained age 59½, the participant is allowed to withdraw funds from the Plan.

Notes Receivable from Participants

Participants are not allowed to borrow against their Plan account.

Investments
Each participant directs the allocation of his or her contribution, and employer matching and discretionary profit-sharing contributions to one or more of 31 investment options.

Risk and Uncertainties
The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investments securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements have been prepared under accounting principles generally accepted in the United States of America and in compliance with the Department of Labor Rules and Regulations for reporting and disclosure under ERISA.

Basis of Accounting
The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are measured at quoted prices in an active market and have been certified complete and accurate by BMO Harris Bank N.A., the Plan's Custodian (Note 4). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses
Expenses incurred in the administration of the Plan are paid by both the Plan and the Plan sponsor.

Subsequent Events
The Plan evaluated subsequent events through November 3, 2020, the date these financial statements were issued. Except as disclosed in Note 8, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies (Mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following is a description of the valuation methodologies used for assets measured at NAV as the practical expedient to estimate fair value:

Common/Collective Trusts: Common/collective trusts ("CCT") are valued at NAV which is based on the fair value of the underlying investments of the CCT, less any liabilities. CCT are composed of investments in mutual funds and other collective trusts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. CCT require the Plan sponsors to provide a five-day written notice for withdrawals which will exceed $1 million.

The fair value of the common/collective trusts are determined by the respective Fund managers using the net asset value ("NAV") as a practical expedient. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There were no significant unfunded commitments or restrictions on redemptions related to the Common/collective trusts as of December 31, 2019 and 2018. The Common/collective trusts can be redeemed daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

		Assets at Fair Value as of December 31, 2019			
		Level 1	***Level 2***	***Level 3***	***Total***
Mutual funds		$ 37,422,037	$ -	$ -	$ 37,422,037
Total assets in the fair value hierarchy		37,422,037	-	-	37,422,037
Investments measured at net asset value	(a)	-	-	-	1,055,566
Total assets at fair value		$ 37,422,037	$ -	$ -	$ 38,477,603

		Assets at Fair Value as of December 31, 2018			
		Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds		$ 27,764,993	$ -	$ -	$ 27,764,993
Total assets in the fair value hierarchy		27,764,993	-	-	27,764,993
Investments measured at net asset value	(a)	-	-	-	915,865
Total assets at fair value		$ 27,764,993	$ -	$ -	$ 28,680,858

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by BMO Harris Bank N.A. (the "Custodian"), except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the Custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2019 and 2018. Accordingly, the Custodian has certified to the completeness and accuracy of:

- Investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of investments, interest and dividends reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

5. TAX STATUS

The Plan has received a favorable determination letter from the IRS dated August 24, 2010, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designated and being operated in compliance with the applicable requirement of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination.

7. PARTY-IN-INTEREST TRANSACTIONS

A Plan investment option is a common/collective trust managed by BMO Funds. BMO Funds and BMO Harris Bank N.A. are related parties. BMO Harris Bank N.A. is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

8. POTENTIAL IMPACT OF COVID-19

The 2019 novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely economic activity globally, nationally and locally. Following the COVID-19 outbreak in January 2020, the value of investment securities has fluctuated significantly. These economic and market conditions and other effects of the COVID-19 outbreak may adversely affect the Plan. The extent of such adverse impact of the COVID-19 outbreak on the Plan's participants' account balances and the amounts reported on the 2019 Statement of Net Assets Available for Benefits cannot be predicted at this time.
