401K PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019 AND 2018

Note 1 - Description of the Plan

The following description of the International Precast 401k Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan's inception date was November 1, 2018. The Plan is a defined contribution plan covering all eligible employees of International Precast Solutions, LLC, (the "Company") who have attained age 21 and have completed three months of service. An employee becomes a participant in the Plan on the first day of the month coinciding with or following the completion of the eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

International Precast Solutions, LLC, is the Plan Sponsor and named Plan Administrator. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees. The Plan maintains one individual as the Trustee of the Plan.

The investment Custodian is Reliance Trust Company. The investment Custodian holds all of the Plan's assets. Additionally, the Company has retained Automatic Data Processing, Inc. (ADP) to provide participant recordkeeping and administration services.

Contributions to the Plan

Each year, participants may contribute up to 90% of their salary, as defined in the plan document, through payroll withholdings. Participants who have attained age 50 before the end of the year are eligible to make additional 'catch-up' contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

The Company may make matching contribution on behalf of the participants up to 100% of the participant's deferral amount. Participants must be employed as of the last day of the plan year to receive a portion of any employer related contributions in that year, with the exception of retirement, death or disability within the plan year. The Plan also provides for discretionary employer profit sharing contributions. No matching contributions were made during 2019 or 2018.

Continued

Note 1 - Description of the Plan (Continued)

Contributions to the Plan (Continued)

Participants direct the investment of their individual contributions into the various investment options offered by the Plan.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participants' contributions and plan earnings. Participant accounts are charged with an allocation of administrative fees that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Funds contributed by participants are invested at percentages as directed by participants in any one or more of several investment alternatives.

The income, gains or losses in each fund are allocated daily to the applicable participants' accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions.

The Plan also allows for in-service distributions upon attainment of age 59 1/2 for any reason, and before age 59 1/2 due to financial hardship, as defined in the plan document.

Note 1 - Description of the Plan (Continued)

Vesting

Participants are always 100% vested in their salary deferral, rollover contributions and employer safe harbor matching contributions. Participants vest in discretionary employer matching and discretionary profit sharing contributions based on a graded schedule. Participants are 100% vested after 6 years of credited service. Participants' accounts also become fully vested upon attainment of normal retirement (age 62) or in the event of death or total disability.

Forfeitures

Forfeitures attributable to discretionary matching and discretionary profit sharing contributions may be used to offset plan expenses or to fund discretionary matching and discretionary profit sharing contributions. The balance in the forfeiture suspense account at December 31, 2019 and 2018 totaled $-0-. There were no forfeitures used to fund plan expenses for the year ended December 31, 2019 or the period ended December 31, 2018.

Participant Notes Receivable

Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as participant-directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prime plus 2% rate. Principal and interest is paid ratably through payroll deductions.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments are recorded when they are earned. Employee contributions are recorded when withheld from pay. Expenses are recorded in the accounting period in which they are incurred.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment Custodian and investment advisers. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation included the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Participant Notes Receivable

Participant notes receivable are valued at the unpaid principal plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Fees and Expenses

Certain plan administrative expenses, including salaries, accounting, and legal, are paid directly by the Plan Sponsor and are excluded from these financial statements.

Continued

Note 2 - Summary of Significant Accounting Policies (Continued)

Fees and Expenses (Continued)

Fees related to the administration of loans and benefit payments are charged directly to the participant's account and are included in administrative expenses. Direct fees for custodian and recordkeeping services are paid by the Plan and are also included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

Global efforts to contain the spread of COVID-19, often referred to as the Coronavirus, have significantly impacted many businesses and the economy. While the situation is evolving rapidly, and the full impact is not yet known, the disruption caused by the Coronavirus is affecting business and consumer activities worldwide - including disruption to major financial markets, supply chains, interruption of production, limited personnel, facility and store closures, and decreased demand from both business customers and consumers. Currently, the disruption and uncertainty caused by the Coronavirus is far-reaching and the ultimate effects of this event are unknown.

The financial statements and related disclosures include evaluation of events up through and including November 11, 2020, which is the date the financial statements were available to be issued.

Note 3 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 4 - Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements (Continued)

The tables below and on the following pages segregate all financial assets as of December 31, 2019 and 2018 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

	As of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 444,599	$ -	$ -	$ 444,599
Total assets in the fair value hierarchy	444,599	-	-	444,599
Investments measured at net asset value[(a)]	-	-	-	349
Investments at fair value	$ 444,599	$ -	$ -	$ 444,948

	As of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 7,944	$ -	$ -	$ 7,944
Total assets in the fair value hierarchy	7,944	-	-	7,944
Investments measured at net asset value[(a)]	-	-	-	-
Investments at fair value	$ 7,944	$ -	$ -	$ 7,944

(a) The common/collective trust fund investment was measured at net asset value per share (or its equivalent) and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 - Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Level 1 Fair Value Measurements

Mutual Funds are valued at daily closing prices as reported by the Fund. Mutual Funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The Mutual Funds held by the Plan are deemed to be actively traded.

Common/Collective Trust - Stable Value Fund

The Invesco Stable Asset Fund is a common/collective trust fund and is not publicly traded. The Fund represents a stable value collective investment trust for which NAV is used as a practical expedient to estimate fair value. This is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value of Investments in Certain Entities That Calculate Net Asset Value Per Share

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018:

	December 31, 2019			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/Collective Trust	$ 349	N/A	Daily	None

	December 31, 2018			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/Collective Trust	$ -	N/A	Daily	None

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Plan Amendment and Tax Status

The Company has adopted the Automatic Data Processing Prototype Plan, which is a prototype 401(k) and profit sharing plan that has been filed with the IRS and has received a favorable advisory letter dated July 8, 2014 from the IRS. The Plan Sponsor has not elected to apply for an individual IRS Determination Letter on the adoption of the Plan. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2019.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2019, the Plan Administrator believes that the Plan has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently being examined. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is currently not being examined.

Note 7 - Unaudited Information Certified by the Custodian

The Company has engaged Reliance Trust Company to act as Custodian of the Plan. The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as of December 31, 2019 and 2018 and for the year ended December 31, 2019 and the period from November 1, 2018 to December 31, 2018, the financial statements have been prepared based on information certified as complete and accurate by the Custodian. This includes the investment information reflected in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits, and the schedule of assets (held at end of year). Additionally, participant notes receivable balances as well as interest income on participant notes receivable have also been certified.

Note 8 - Significant Concentrations

Investments representing ten percent or more of the Plan's net assets are considered to be significant concentrations and are as follows at December 31, 2019 and 2018:

	2019	2018
Vanguard Target Retirement 2025 Fund	$ 116,327	$ 3,590
Vanguard Target Retirement 2035 Fund	78,791	-
Vanguard Target Retirement 2045 Fund	84,748	-

Note 9 - Party-in-Interest Transactions

Certain plan investments are managed by Reliance Trust Company, who is the Plan's Custodian. In addition, the Plan pays direct compensation to the third-party administrator related to recordkeeping and administration services. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Custodian from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments and services are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.
