1. Description of Plan

The following brief description of the Virtuoso, Ltd. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan established to provide retirement, disability, and death benefits for qualified employees of Virtuoso, Ltd. (the "Plan Sponsor" or "Virtuoso" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan was administered by a committee (the "Investment Committee" or "Plan Administrator") whose members are appointed by the Plan Sponsor's board of directors. Under the Plan document, Prudential Bank & Trust, F.S.B. ("Prudential" or the "trustee") holds the Plan's investment assets and executes investment transactions and maintains the accounting of participant accounts as of December 31, 2017 and for the period January 1, 2018through March 1, 2018.

The Plan is now administered by a committee (the "Investment Committee" or "Plan Administrator") whose members are appointed by the Plan Sponsor's board of directors. Under the Plan document, Reliance Trust, an FIS Company ("Reliance" or the "trustee") holds the Plan's investment assets and executes investment transactions and maintains the accounting of participant accounts for the period between March 1, 2018 through December 31, 2018.

Eligibility

The Plan covers all employees of the Plan Sponsor who have reached age 21 and have completed thirty days of service. Eligible plan participants may begin making contributions as of the first day of the month following the date on which the eligibility requirements were satisfied.

Contributions

Each year, participants may contribute up to 100 percent of pre-tax annual compensation, as defined in the Plan document, not exceeding the Internal Revenue Service ("IRS") limit of $18,500 in 2018. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to $6,000 in 2018. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

The Plan Sponsor may make matching and profit sharing contributions at the discretion of the Plan Sponsor's board of directors. For the year ended December 31, 2018, the Plan Sponsor's discretionary matching contribution is equal to the lesser of 3 percent of eligible deferred compensation up to the applicable dollar limit of compensation for the Plan year, or equal to the employees' annual contributions.

Participants direct the investment of their contributions and rollover contributions, if any, and the Plan Sponsor's matching and profit sharing contributions, if any, into various investment options offered by the Plan. The Plan currently offers 42 registered investment companies and one stable value fund as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's and the Plan Sponsor's contributions and allocations of plan earnings and administrative expenses. Allocations are based on participant account balances or earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and rollover contributions, if applicable, plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of continuous service to the following vesting schedule:

Years of Service	Vesting Percentage
2	20 percent
3	40 percent
4	60 percent
5	80 percent
6 or more	100 percent

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested account balances totaled $24,268 and $29,886, respectively. In accordance with Plan provisions, amounts will be used to pay for expenses of the Plan or to reduce future employer contributions. During 2018, forfeitures were utilized to pay expenses of $75,515.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant is 100% vested and may elect to receive either a lump-sum amount equal to the value of the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If the value of the vested account balance does not exceed $5,000, then a distribution of the vested balance will be made automatically, regardless of whether the participant consented to receive the amount.

Notes Receivable from Participants

Participants are allowed to borrow from their account, subject to a minimum loan of $1,000 up to a maximum equal to the lesser of $50,000 reduced by, if any, the highest outstanding loan balance within the previous 12-month period or 50 percent of the participant's vested account balance. Loans are secured by the balance in the participant account and bear a reasonable rate of interest in accordance with prevailing rates.

Principal and interest is paid ratably through payroll deductions over a period not to exceed five years from the date of the loan, unless used to acquire principal residence, in which case the repayment period may not exceed twenty years. As of December 31, 2018, and 2017, interest rates on outstanding loans were 6.00% and 4.25%, respectively.

Amendment or Termination

The Plan Sponsor has reserved the right to amend, modify, or terminate the Plan at any time, subject to the Plan document and applicable laws and regulations. The Plan Sponsor has no intentions of terminating the Plan and is not aware of any occurrences that could reasonably result in the termination of the Plan. In the event of Plan termination, participants will become 100% vested in their entire account balance, including employer contributions, if any, regardless of years of service.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's fully benefit-responsive investment contract with Prudential is valued at contract value. Contract value equals the accumulated cash contributions and interest credited to the Plan's contract, less withdrawals and administrative expense, if any.

Shares of registered investment companies (RICs) are valued at quoted market prices. The fair value of investments in the pooled separate accounts is measured by using NAV as the practical expedient to estimate fair value and is determined by the investment manager of the fund based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the statement of changes in net assets available for benefits, the net depreciation in fair value of its investments which consists of realized gains and losses and unrealized appreciation and depreciation on these investments.

Payment of Benefits

Benefits are recorded on the statement of changes in net assets available for benefits when paid. As of December 31, 2018 and 2017, there were no amounts included in plan assets payable to withdrawing participants.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in expenses. Investment related expenses paid to investment advisors, transfer agents, and others described in each fund prospectus or other published documents are deducted by the investment funds or accounts prior to the allocation of the Plans' investment earnings activity and are therefore included in net appreciation of fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this guidance are described as follows:

Basis of Fair Value Measurement

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation of other means.

If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered Investment Companies

RICs are valued at the daily closing price as reported by the fund. RICs held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The RICs held by the Plan are deemed to be actively traded.

Common Collective Trust

The fair value of participation units held in collective trusts are based on the net asset values (NAV) reported by the fund managers as of the financial statement dates and recent transaction prices. The investment objective of the collective trust is to provide preservation of capital and provide relatively stable returns consistent with a low risk profile.

Pooled Separate Account

The fair value of investments in pooled separate accounts is measured by using NAV as the practical expedient to estimate fair value and is determined by the investment manager of the fund based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The investment objective of the pooled separate account is to provide long-term capital appreciation.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2018 and 2017. As required by ASC 820, assets and liabilities are classified, in their entirety, based on the lowest level of input that is significant to the fair value measurement

	Investment Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 25,243,801	$ -	$ -	$ 25,243,801
Investments, at net asset value:				
Common collective trust*				1,431,175
Total investments				$ 26,674,976

	Investment Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 21,017,099	$ -	$ -	$ 21,017,099
Investments, at net asset value:				
Pooled separate account				3,023,543
Total investments				$ 24,040,642

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are provided to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Fair Value of Measurements in Entities that Use Net Asset Value

The fair value of the common collective trust fund based on net asset value per share as of December 31, 2018, is $1,431,175. These investments held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

The fair value of the pooled separate account fund based on net asset value per share as of December 31, 2017, is $3,023,543. These investments held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments.

4. Investment Contract

Plan investments include an investment option whereby participants may direct their contributions into a fully benefit-responsive investment contract with Prudential who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses, if any. Prudential is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

For fully benefit-responsive contracts, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. The investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestures or spin-offs of

a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

5. Information Certified by Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees, Prudential Bank & Trust, F.S.B., as of December 31, 2017 and for the period January 1, 2018 through March 1, 2018, and Reliance Trust, an FIS Company, for the period March 1, 2018 through December 31, 2018, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

- Investments and notes receivable from participants as reflected in the statements of net assets available for benefits as of December 31, 2018 and 2017;
- Net investment income and interest on participant notes receivable, as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Investments, as reflected in the Schedule H, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2018.

The Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are registered investment companies, a pooled separate account, and a guaranteed income fund managed by Prudential Bank & Trust, F.S.B., the trustee, and Prudential Retirement Insurance and Annuity Company, and Reliance Trust, An FIS Company, and, therefore, these transactions qualify as party-in-interest which are exempt from the prohibited transaction provisions of ERISA and the Internal Revenue Code ("IRC").

8. Tax Status

The Plan Sponsor has adopted an amended and restated prototype plan document on which the IRS issued a determination letter dated April 29, 2014, stating that the Plan qualifies under section 401(a) of the IRC of 1986, as amended, and is exempt from federal income tax under section 501(a). The Plan Sponsor believes that the Plan has operated in a manner, since that date, which does not jeopardize this tax status.

Plan management evaluates tax positions taken by the Plan and, if applicable, recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

The Plan Admin has evaluated the impact of all subsequent events through February 6, 2020, the date the financial statements and supplemental schedule were available to be issued, and has determined that there were no subsequent events requiring adjustment or disclosure in the financial statements.
