NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The accounting records of the VP Racing Fuels, Inc. Profit Sharing Retirement Plan (the "Plan") are prepared on the accrual method of accounting in accordance with U. S. generally accepted accounting principles.

Recognition of Income: The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds and collective investment trusts are carried at the current fair market value (net asset value), as determined by quoted prices in an active market. Gains and losses (realized and unrealized) are reported in net investment appreciation in the statement of changes in net assets available for benefits.

Participants' Notes Receivable: Participants' notes receivable are stated at their unpaid principal balance plus any accrued interest. Interest is recognized as accrued. An allowance was not considered necessary at December 31, 2019 or 2018. If a participant ceases to make a loan repayment and the Plan Administrator deems the participant loan is in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Payment of Benefits: Benefit payments are recorded when paid.

Concentration of Credit Risks: The Plan invests in various types of investment securities. The Plan Sponsor minimizes the credit risk through the diversity of the underlying investments.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: The Financial Accounting Standards Board issued Accounting Standards Update 2018-13 which modifies the required fair value measurement disclosures. Management has determined this standard will not have an effect on the financial statements.

Use of Estimates: The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Reclassifications: Certain prior period amounts, none of which are significant, have been reclassified to conform to the current year presentation.

NOTE B - DESCRIPTION OF PLAN

The following description of the VP Racing Fuels, Inc. Profit Sharing Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all employees of VP Racing Fuels, Inc. (the "Plan Sponsor") who have completed 2 months of continuous employment.

Companies or affiliates of the Plan Sponsor with employees in the Plan include VP Transportation Co. Inc. and Plastic Product Formers, Inc.

Termination: Although it has not expressed an intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their accounts.

Contributions: Participants may contribute to the Plan as allowed by the Internal Revenue Code and the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor may provide a discretionary matching contribution to the Plan each year. In addition, the employer provides a 3% safe harbor non-elective contribution for all eligible participants who have completed one year of continuous employment.

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's matching contribution and (b) Plan earnings, and (c) charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and employer safe-harbor contributions plus actual earnings thereon.

Payment of Benefits: On termination of service a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installments over a period of time detailed in the Plan. Hardship withdrawals are available to Plan participants upon approval by the Plan Committee.

Forfeitures: The Sponsor may use forfeitures to reduce the Sponsor's expenses or contributions as such obligations accrue. Forfeited non-vested accounts totaled $5,224 at December 31, 2019. There were no forfeited non-vested accounts at December 31, 2018.

Participants' Notes Receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms generally range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined based on published prime rate of interest as of the date of the note receivable, plus 1%. Principal and interest is repaid no less frequently than quarterly by payroll deductions.

NOTE C - INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, Plan investments and notes receivable from participants at December 31, 2019 and 2018, and the related investment earnings and interest on participants' notes receivable for the years then ended, were certified and held by the Custodians and were not audited by the independent auditor.

NOTE D - FAIR VALUE MEASUREMENTS

In accordance with U. S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value:

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
December 31, 2019:				
Mutual funds	$ 6,136,165	$ -	$ -	$ 6,136,165
Collective investment trusts	232,314	-	-	232,314
Total investments at fair value	$ 6,368,479	$ -	$ -	$ 6,368,479
December 31, 2018:				
Mutual funds	$ 584,616	$ -	$ -	$ 584,616
Collective investment trust	3,909,318	-	-	3,909,318
Pooled separate accounts	192,108	-	-	192,108
Total investments at fair value	$ 584,616	$ -	$ -	$ 4,686,042

NOTE D - FAIR VALUE MEASUREMENTS (continued)

There have been no changes in methodologies used to determine fair value, nor transfers between levels. Following is a description of the valuation methodologies used for various types of assets measured at fair value:

Mutual funds: Mutual funds are valued at quoted prices for identical assets in active markets for the shares held by the Plan at year-end.

Pooled separate accounts and collective investment trusts: Pooled separate accounts and collective investment trusts are valued at the net asset value (NAV) of shares held by the Plan. The NAV is available to current investors and is the basis for current transactions.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - INCOME TAX STATUS

The Plan has received a favorable determination that it qualifies under applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

NOTE F - TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan includes certain investments managed by the Custodians therefore; these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest are based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed by the plan document.

NOTE G – SUBSEQUENT EVENTS

Due to the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have triggered volatility in the financial markets and a significant decline in the global economy. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has operationally implemented certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
