Mutual Bank Employee Stock Ownership and 401(k) Plan

Notes to Financial Statements
December 31, 2019 and 2018

Note 1: Description of the Plan

The following description of Mutual Bank Employee Stock Ownership and 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan Administrator.

General

MutualFirst Financial, Inc. (Company) established the Plan effective January 1, 1999 and restated effective January 1, 2015, and is for the benefit of its employees at the Company and its subsidiaries, Mutual Bank and Summit Mortgage, Inc. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP), and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (Code), and is subject to the applicable provisions of the *Employee Retirement Income Security Act of 1974*, as amended (ERISA). The Plan is administered by a Retirement Plan Committee comprising up to five persons appointed by the Company's Board of Directors. TI-TRUST, Inc. (f/k/a First Bankers Trust Services, Inc.) is the trustee for all Company common stock held by the Plan and Mid Atlantic Trust Company serves as the custodian for all other assets of the Plan. MutualWealth Management Group, a division of the Company, serves as recordkeeper for the Plan.

On February 28, 2018, the Company completed the 100% acquisition of Universal Bancorp and its wholly-owned subsidiary, BloomBank. BloomBank had a defined-contribution plan and was merged into the Plan during 2018.

On October 29, 2019, the Board of Directors of the Company unanimously approved a merger agreement between the Company and Northwest Bancshares, Inc. The intent is to merge the Plan into the Northwest Bank 401(k) Plan after the acquisition closing date anticipated to be in April 2020.

Contributions

The Plan permits eligible employees of the Company and its subsidiaries, including Mutual Bank and Summit Mortgage, Inc., through a salary reduction election to make annual pre-tax contributions up to IRS limitations to their respective 401(k) portion of the Plan. The Plan also allows for Roth 401(k) post-tax contributions, if desired by the participant. The Company safe harbor matching contributions is 100% of the participant's deferral on the first 4% of eligible compensation plus 50% of the participant's deferral on the next 2% of eligible compensation in both 2019 and 2018. The Company may contribute an additional annual discretionary matching contribution based upon existing employee salary deferrals.

Additionally, an annual Company discretionary profit-sharing contribution is also permitted for those participants who have worked greater than 1,000 hours during the Plan year and are employed on the last day of the Plan year. Employee rollover and catch-up contributions are also permitted under the 401(k) portion of the Plan.

In addition to salary reduction contributions, the Company may make contributions to the employee stock ownership (ESOP) portion of the Plan either in the form of cash or in Company stock.

The Plan Document also includes an automatic deferral feature whereby a participant is treated as electing to defer 4% of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral is automatically increased as of each January 1st by 1%, up to a maximum automatic deferral of the lesser of 10% of eligible compensation or the maximum deferral allowable by IRS limitations.

Participation

Employees of the Company are generally eligible to participate in the 401(k) portion of the Plan after completing 30 days of service and attaining the age of 18 and entry is monthly.

For the ESOP portion of the Plan, employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such Plan year and entry is January 1st and July 1st.

Participant Investment Account Options

For the 401(k) portion of the Plan, investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate mutual funds and may change the allocation daily. Participants who have participated in the Plan for at least three years may diversify all or a portion of their ESOP account by investing their account value in assets other than qualifying employer securities.

Participant Accounts

Each participant's 401(k) account is credited with the participant's contribution, the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefits to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Each participant's ESOP account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the trustee from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each eligible participant's account based on the ratio of the participant's beginning of the year account balance to all eligible participants' beginning of the year account balances.

Vesting

Participants in the ESOP portion of the Plan are not 100% vested in their account until they have reached three years of credited service. Participants terminating due to normal retirement, death or disability will be 100% vested. Participants in the 401(k) portion of the Plan are immediately vested in all of their account balance except for the portion that relates to the Company discretionary profit-sharing contributions. This portion is 100% vested after three years of credited service. The nonvested balance is forfeited upon termination of service. Benefits forfeited will be added to the Company's regular and profit-sharing contributions, as applicable.

Forfeited Accounts

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. At December 31, 2019 and 2018, there was $934 and $61, respectively, of forfeited account balance. There were no forfeitures used during 2019. Forfeitures reallocated during 2018 amounted to $4,736.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to the participant's beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made in cash or, if a participant elects, in the form of Company common shares plus cash for any fractional share.

In-service withdrawals are available for certain portions of the 401(k) Plan under certain circumstances as described by the Plan Document.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is permitted to vote, in its discretion, any share for which a participant has not given timely instructions.

Notes Receivable From Participants

The Plan Document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be $1,000. The maximum amount of a participant's loans is determined by the available loan balance restricted to the lesser of $50,000 or 50% of the participant's vested account balance. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full. Interest on the loans is based on a reasonable rate determined by the Plan Administrator.

Notes receivable from participants are reported at the amortized principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or the participant's beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Bank Pension Committee shall direct the trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held in the loan suspense account to the extent it determines such sale to be necessary in order to repay the loan. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The common shares of the Company are valued at the closing price reported on the active market on which they are traded. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Money market funds are valued at amortized cost, which approximates fair value.

Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Plan Tax Status

The IRS has determined and informed the Company by a letter dated October 3, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 5: Disclosures About Fair Value of Plan Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2019 and 2018:

		2019 Fair Value Measurements Using

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2019. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

Investments

Where quoted market prices are available in an active market, securities were classified within Level 1 of the valuation hierarchy. Level 1 securities included common stock, mutual funds and money market funds. If quoted market prices were not available, then fair values were estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. In certain cases where Level 1 or Level 2 inputs were not available, securities were classified within Level 3 of the hierarchy. The Plan held no investments classified as Level 2 or Level 3 at December 31, 2019 and 2018.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Common stock: Valued using trade price listed on a public securities exchange on the last day of the Plan year. Company stock was valued at $39.67 and $26.57 per share at December 31, 2019 and 2018, respectively.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Money market funds: Valued at amortized cost, which approximates fair value.

Note 7: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in common stock of the Company. Administrative fees paid to the recordkeeper of $46,014 and $18,356 for 2019 and 2018, respectively, were paid by the Plan.

The Company provides certain administrative services at no cost to the Plan.

Note 8: Risks and Uncertainties

The Plan invests in Company common stock, which constitutes approximately 24% and 22% of the Plan's investments at December 31, 2019 and 2018, respectively, which are exposed to various risks, such as market and credit risk. Due to the level of risk associated with such investment securities and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risk in the near term could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note 9: Subsequent Events

As described in Note 1, plan management's intent is to merge the Plan into the Northwest Bank 401(k) Plan after the acquisition closing date which is anticipated to be in April 2020.

There has been significant volatility in the investment markets both nationally and globally since December 31, 2019 resulting in an overall market decline which has resulted in a substantial decline in the value of Plan investment portfolio.

Subsequent events have been evaluated through March 25, 2020, which is the date the financial statements were available to be issued.
