However, if any such excluded employee actually completes one year of service, then such employee will no longer be part of this excluded class.

Employees are eligible to participate in the Plan once they attain age 21. Employees can make elective deferrals and receive discretionary employer matching contributions once a participant completes 3 months of service during a period of 3 consecutive months. Eligibility to receive employer non-elective contributions is attained after completing 1 year of service.

Once eligibility has been established, participants may enter the Plan on the first day of the calendar month, coincident with or next following satisfaction of the eligibility requirements.

The Plan includes an automatic deferral feature. The employer automatically withholds 4% of compensation each payroll period and contributes that amount to the Plan as a pre-tax deferral. Employees may complete a salary deferral agreement to elect an alternative deferral amount or to elect not to contribute to the Plan.

Note 1. DESCRIPTION OF THE PLAN (Continued):

Participant contributions:

Participation in the Plan is voluntary. Participant's deferral percentage is subject to an annual limit of the participant's eligible compensation, up to the maximum annual limit determined by the Internal Revenue Service. The maximum annual amount that can be contributed to a 401(k) arrangement as an elective deferral, that is, as a pre-tax contribution, is $19,000 and $18,500 for 2019 and 2018, respectively. For fiscal years beginning after December 31, 2001, individuals age 50 or over by the end of the plan year are allowed to make additional contributions to a 401(k) plan in excess of the standard limits. Such additional contributions will be limited to the lesser of a specified dollar amount ($6,000 in 2019 and 2018) or the participant's compensation for the year reduced by the participant's other elective deferrals.

The Plan also permits Roth deferrals.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions:

Discretionary contributions:

The employer may make basic matching and non-elective employer contributions on behalf of each participant in an amount equal to the percentage declared for the contribution period, if any, by a board of director's resolution.

In addition to the eligibility criteria of the Plan, a participant will receive a matching contribution if the participant is employed on the last day of the Plan Year and has 1,000 hours of service.

The Company made a matching contribution of 25% of a participant's deferral, not to exceed $1,000 for the year ended December 31, 2018. For the year ended December 31, 2019, the matching contribution limit increased from $1,000 to $1,500.

Participant accounts:

Each participant's account is credited with the participant's contribution and allocation of the Company's contribution and the Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants:

Under the terms of the Plan, participants may borrow from their account, a minimum of $1,000 up to a maximum of $50,000 or 50% of the participant's vested account balance, whichever is less. Participants may have up to three loans outstanding at a time. Loans must be repaid to the Plan through salary deductions over a period not to exceed five years or up to 30 years for the purchase of a primary residence. Interest on the loan will be based on the prime rate of interest published by the Federal Reserve Bank as of the date of the loan, plus 1%.

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2019 AND DECEMBER 31, 2018

Note 1. DESCRIPTION OF THE PLAN (Continued):

Vesting:

Participants are immediately 100% vested in their contributions. Effective January 1, 2008, the following (6-year graded) vesting schedule applies to employer matching and non-elective contributions:

Year	
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures:

Forfeitures are retained in the Plan and used to pay administrative expenses and reduce future plan sponsor contributions. Forfeitures were used during the year to reduce plan sponsor contributions in the amount of $10,249. The balance of unapplied forfeitures at December 31, 2019 and December 31, 2018 is $21,933 and $9,059, respectively.

Distribution of benefits:

Participant contributions are available for withdrawal in a lump-sum distribution upon the participant's death, retirement, total disability, age 59½, or termination of employment with the Company. Rollover contributions can be withdrawn at any time.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Method of accounting:

The financial statements are prepared using the accrual basis of accounting and in accordance with ERISA.

Investment valuation and income recognition:

Investments are generally included in the financial statements at fair value as reported by Reliance Trust Company. Shares are stated at quoted market value. Gains and losses on investments are recognized in the period in which the appreciation or depreciation occurs. The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in fair value of investments, which consists of the net realized gains or losses and unrealized appreciation or depreciation on those investments.

As described in the Professional Accounting Standards, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

However, under FASB ASU 2015-12, the amount presented as contract value is presented as fair value.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Investment valuation and income recognition (continued):

In addition, investments measured at fair value using net asset value (NAV) as a practical expedient are no longer categorized within the fair value hierarchy.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Notes receivable from participants are valued at cost, which approximates fair value.

Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Purchases and sales of securities are recorded on trade date basis**.**

Payment of benefits:

Benefit payments are recorded when paid.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3. NATURE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Administrative Committee to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Note 4. SIGNIFICANT CONCENTRATION OF CREDIT RISK:

The Plan's investments are held in a trust fund administered by the Reliance Trust Company. The Plan provides for various investment options in any one of a combination of mutual funds that invest in stocks, bonds, fixed income securities and other investment securities. These investments are exposed to various risks, such as credit, interest rate and market. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2019 AND DECEMBER 31, 2018

Note 5. INFORMATION PREPARED AND CERTIFIED BY THE PLAN CUSTODIAN (UNAUDITED):

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the asset custodian certified information regarding the cost and fair value of all investments and notes receivable from participant transactions held at December 31, 2019 and December 31, 2018 and investment and notes receivable from participant transactions entered into during 2019, which was used in the preparation of the accompanying financial statements and supplemental schedule.

Note 6. FAIR VALUE MEASUREMENTS:

Professional accounting standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under professional accounting standard are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and December 31, 2018.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Benefit-responsive investment: Valued based on the credited rate communicated to the plan and credited daily. Any market value adjustment or surrender charge will be based on the formulas and schedules in the contract (See Note 7).

Note 6. FAIR VALUE MEASUREMENTS (Continued):

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, the fair value hierarchy, the plan's investments at fair value:

Investments at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 24,018,710	$ -	$ -	$ 24,018,710
Total assets in the fair value heirarchy	$ 24,018,710	$ -	$ -	24,018,710

Investments at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 18,397,793	$ -	$ -	$ 18,397,793

Investments at fair value				$ 20,540,514

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2019 AND DECEMBER 31, 2018

Note 7. BENEFIT-RESPONSIVE INVESTMENT (STABLE VALUE FUND):

The Plan entered into a benefit-responsive investment contract with Metropolitan Life Insurance Company Group Annuity Contract 25157, with Reliance Trust Company, as asset custodian. Reliance Trust Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Reliance Trust Company, represent contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, under FASB ASU 2015-12, the amount previously presented as contract value is now presented as fair value.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than a certain percentage.

Note 8. INCOME TAX STATUS:

The Internal Revenue Service has determined and informed the Plan Sponsor by letter dated September 15, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the Plan Sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 9. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company may, at its sole discretion, terminate the Plan in whole or in part at any time. In the event of termination, investments will be valued on the termination date and paid out to participants after deducting liquidation and termination expenses.

NOTES TO FINANCIAL STATEMENTS – DECEMBER 31, 2019 AND DECEMBER 31, 2018

Note 10. RELATED PARTY TRANSACTIONS:

Plan investments are shares of mutual funds held by Reliance Trust Company. Reliance Trust Company is the asset custodian. Fees paid by the Plan for the administrative fees amounted to $46,297 for the year ended December 31, 2019. These transactions qualify as party-in-interest transactions, which are exempt from the ERISA, prohibited transaction rules.

The Plan sponsor pays for most of the costs associated with the administration of the Plan.

Note 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 to Form 5500:

Net assets available for benefits per financial statements	$	26,867,080
Excess contributions payable		4,928
Rounding		2
Net assets available for benefits per Form 5500	$	26,872,010

The following is a reconciliation of the increase in net assets per the financial statements at December 31, 2019 to Form 5500:

Increase in net assets per the financial statements	$	5,912,582
Excess contributions payable at December 31, 2019		4,928
Excess contributions payable at December 31, 2018		(4,719)
Rounding		(1)
Increase in net assets per Form 5500	$	5,912,790

Note 12. SUBSEQUENT EVENTS

Management has evaluated events through October 14, 2020, the date which the financial statements were available for issue.

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net asset available for benefits and the statement of changes in net assets available for benefits. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.
