NOTE 1--DESCRIPTION OF PLAN

The following description of the TrellisWare Technologies 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General : The Plan, which was adopted on May 6, 2001 and amended March 14, 2017, is a defined contribution plan covering substantially all employees of TrellisWare Technologies (the Company) and its wholly owned subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Investment and Administrative Committee is responsible for oversight of the Plan and determines the appropriateness and monitors performance of the Plan's investment offerings.

Contributions : Participant deferrals: Each year, participants may contribute up to 50% of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Such contributions are 100% vested and non-forfeitable. The Plan includes an auto enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated fund until changed by the participant. As defined by the Plan, participants are permitted to designate a portion or all of the deferral contributions they are otherwise eligible to make under the Plan as Roth deferral contributions. Participant contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Company may elect to make discretionary matching contributions to the Plan on a plan year basis. Subject to certain conditions, participants must be employed on the last day of the plan year to be eligible to receive such contributions. For the year ended March 31, 2020, the Company elected to make a discretionary matching contribution equal to 50% of a participant's deferrals (including catch-up contributions), with a matching limit not to exceed 4% of the participant's eligible compensation. The Company's discretionary matching contribution for the year ended March 31, 2020 was $793,371. The discretionary matching contribution was funded subsequent to year end and was recorded as a contribution receivable.

The Company may also elect to make discretionary profit sharing contributions to the Plan. The contributions would be allocated in the same ratio as each participant's eligible compensation bears to the total eligible compensation of all participants. Subject to certain conditions, participants must be employed on the last day of the plan year to be eligible to receive such contributions. The Company did not make any discretionary profit sharing contribution to the Plan for the year ended March 31, 2020.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Contributions (continued)		Participant rollover contributions: Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollover).
Eligibility to participate	:	Employees who have reached 21 are eligible to participate in the Plan as of the date requirements are met.
Forfeitures	:	At March 31, 2020 and 2019, forfeited nonvested accounts held by the Plan totaled $1,035 and $436, respectively. Forfeitures may be used to pay for administrative expenses of the Plan or to reduce Company contributions. During 2020, $0 of forfeitures were used to reduce employer contributions and $0 were used to pay for administrative expenses.
ERISA account	:	The Plan held an expense reimbursement account as of March 31, 2020 and 2019 Expense reimbursement balances were $14,071 and $18,341, respectively. During the year ended March 31, 2020, $5,000 was used to reduce employer contributions and $8,500 was used to reduce fees.
Notes receivable from participants	:	Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined.
Participant accounts	:	Participants direct the investment of their contributions into various investment options offered by the Plan. If a participant has not elected investment options, contributions will be directed to the default investments as determined by the plan administrator. Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's deferrals and rollover contributions, employer matching contributions and an allocation of the employer's profit-sharing contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
Payment of benefits	:	On termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum or installment distribution. The distribution shall be made to the participant or beneficiary in accordance with the election of the participant. Participants may defer receiving these benefits until their normal retirement age if their vested account balance exceeds $5,000.

NOTE 1--DESCRIPTION OF PLAN (Continued)

Payment of benefits : Participants may also elect to withdraw in cash certain vested amounts within his or her contribution account to the extent necessary to meet a financial hardship, in accordance with the regulations and rulings of the Internal Revenue Code (IRC). After the withdrawal, a stipulated period of time must lapse, as defined by the Plan, before a participant can make additional deferred contributions.

Vesting (continued) : Participants are vested immediately in their participant deferrals and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts discretionary employer matching and discretionary employer profit sharing is based on years of continuous service. Accrued benefits vest as follows:

Years of Service	Vested Interest
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

For vesting purposes, a year of service is defined as a plan year in which an employee works at least 1,000 hours or the total of an employee's countable periods of service without regard to hours of service.

Participants become fully vested upon termination for reason of retirement, death or disability, or if the Plan is terminated. Non-vested benefits are forfeited by participants upon termination for reasons other than normal retirement, death or disability.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting : The financial statements of the Plan are presented on the accrual basis of accounting.

Administrative expenses : Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and to distributions from participant accounts are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Investment valuation and income recognition : Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Investment and Administrative Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

NOTE 2--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition (continued)	:	Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.
Notes receivable from participants	:	Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses have been recorded as of March 31, 2020 and 2019. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.
Payment of benefits	:	Benefits are recorded when paid.
Subsequent events	:	The Plan has evaluated subsequent events through November 10, 2020, the date the financial statements were available to be issued.
Use of estimates	:	The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 3--CERTIFIED INFORMATION

The following is a summary of the certified information regarding the Plan, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by Reliance Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained certifications from the trustee that the information is complete and accurate as of March 31, 2020 and 2019. Certified information is summarized as follows:

	2020	2019
Investments		
Mutual funds, at fair value	$ 10,007,268	$ 9,874,744
Common/collective trusts, at fair value	4,119,723	4,248,708
Total investments at fair value	14,126,991	14,123,452
Notes receivable from participants	57,185	80,506
Total investments and assets certified by the trustee	$ 14,184,176	$ 14,203,958

Changes in net assets certified by the trustee and not audited for the year ended March 31, 2020, include the following:

Net depreciation in fair value of investments	$ (2,018,191)
Dividends	564,038
Interest income on notes receivable from participants	4,008
Administrative expenses	(9,862)

NOTE 4--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 and a description of the valuation methodologies used for assets measured at fair value are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan held no level 3 assets as of March 31, 2020 and 2019.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4--FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2020 and 2019:

	Assets at Fair Value as of March 31, 2020			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 10,007,268	0	0	$ 10,007,268
Common/collective trusts	0	4,119,723	0	4,119,723
Total assets in fair value hierarchy	$ 10,007,268	4,119,723	0	14,126,991
Total investments, at fair value				$ 14,126,991

	Assets at Fair Value as of March 31, 2019			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 9,874,744	0	0	$ 9,874,744
Common/collective trusts	0	4,248,708	0	4,248,708
Total assets in fair value hierarchy	$ 9,874,744	4,248,708	0	14,123,452
Total investments, at fair value				$ 14,123,452

Common/collective trusts are valued daily and have a daily redemption period. There are no unfunded commitments for the common collective trusts held by the Plan as of March 31, 2020 and 2019. The total value of the common/collective trusts is $4,119,723 and $4,248,708 at March 31, 2020 and 2019, respectively.

NOTE 5--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

NOTE 6--TAX STATUS

As of March 31, 2020, the Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 16, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 6--TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

NOTE 7--PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds/units of pooled separate accounts managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

NOTE 8--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits per the financial statements to the Form 5500 and of change in net assets available for benefits per the financial statements to the Form 5500:

	2020	2019
Net assets available for benefits per the financial statements	$ 15,071,883	$ 14,816,854

Employer's contributions accrued	294,049
Participants' contributions accrued	44,036
Change in net assets available for benefits per Form 5500	$ 593,114

NOTE 10--SUBSEQUENT EVENT

As a result of the spread of COVID-19 coronavirus, the Plan experienced significant losses during the year, specifically in the fourth quarter where the Plan experienced an unrealized loss of 21%. Economic uncertainties have arisen subsequent to year end which have resulted in significant volatility in the investment markets. The investment markets have since recovered slightly since year end however due to economic uncertainties the ultimate financial effects cannot be reasonable estimated during this time.
