Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Goodheart-Willcox Company, Inc. 401(k) Plan and Trust (the Plan), which comprise the statements of net assets available for benefits as of April 30, 2020 and 2019, the related statement of changes in net assets available for benefits for the year ended April 30, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified and provided by Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company), the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of April 30, 2020 and 2019, and for the year ended April 30, 2020, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Note 1. Plan Description

The following brief description of The Goodheart-Willcox Company, Inc. 401(k) Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of The Goodheart-Willcox Company, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who have attained 21 years of age and have completed 60 days of service are eligible to participate in the Plan. Eligible participants may enter the Plan on the first day of the month on or after they have met the eligibility requirements. Those who defer compensation to contribute to the Plan are eligible to receive Company matching contributions after the completion of one year of eligibility service. One year of eligibility service is defined by the Plan as 1,000 hours of service completed during a consecutive 12-month period. The year of service is credited to the participant as of the last day of the 12-month period. Eligible participants may begin to receive Company matching contributions on May 1 or November 1 after the above requirements are met.

Contributions: Eligible participants are automatically enrolled in the Plan upon meeting the eligibility requirements if a formal election not to participate is not made by the employee. An automatic deferral of 3% is deferred from eligible compensation of all employees that become eligible and do not provide a formal election to the Plan. A participant may elect to make before-tax contributions or Roth after-tax contributions. Each year, participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, through payroll deductions, not to exceed regulatory limits according to the Internal Revenue Code (IRC). Participants age 50 or older are eligible to make catch-up contributions. Participants are allowed rollover contributions from other qualified defined benefit or contribution plans.

The Company makes safe harbor matching contributions equal to 100% of the participant's contributions that are no greater than 3% of the participant's eligible compensation and 50% of the participant's contributions that are greater 3% but no greater than 5% of the participant's eligible compensation. The Company matching contributions amounted to $287,798 for the year ended April 30, 2020. The Company may also make qualified nonelective and discretionary contributions. There were no qualified nonelective or discretionary contributions for the year ended April 30, 2020.

Participant accounts: Participant accounts are credited with participant contributions, the Company safe harbor matching contributions, the Company discretionary contribution, if any, the Company nonelective contribution, if any, and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance, as defined.

Vesting: Participant, employer matching and qualified nonelective contributions and earnings thereon are 100% vested. Employer discretionary contribution vesting does not begin until 2 years of service have been completed, then 20% is vested annually until 100% vested.

Investment options: Upon enrollment in the Plan, a participant may direct his/her investment into a variety of investment options as more fully described in the Plan's literature. Participants may change investment options at any time.

Forfeitures: Forfeitures may be used to pay any administrative expenses or offset any Company contributions. At April 30, 2020 and 2019, forfeited nonvested accounts totaled $1. There were no forfeitures used to reduce Company contributions or pay administrative expenses during 2020.

Note 1. Plan Description (Continued)

Diversification: Diversification is offered to participants in The Goodheart-Willcox Company, Inc. Employees' Profit Sharing and Stock Ownership Plan and Trust (the ESOP), a related Plan sponsored by the Company, who are close to retirement so that they may have the opportunity to move part of the value of their investment in the Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the ESOP may elect to diversify a portion of their accounts. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to the participant's account, less any shares previously diversified. In the sixth year, the percentage changes to 50% of the number of shares allocated to the participant's account. Participants who elect to diversify may direct the ESOP to transfer the value of the diversified Company shares from their Stock Contribution Account in the ESOP to their Diversification Account in the ESOP, distribute cash to the participants, roll over to the participants' individual retirement accounts, or transfer to the Plan. For the year ended April 30, 2020, $99,972 of diversification was transferred from the ESOP to the Plan.

Payments of benefits: Benefits under the Plan are payable to participants or their beneficiaries upon death, retirement, disability, or termination of employment. A participant's vested accrued benefit shall be paid in the form of a lump sum payment. In-service withdrawals are permitted by the Plan upon attainment of age 59-1/2. At April 30, 2020, there was no amount owed to former participants who had elected to withdraw their account balances.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements are prepared on the accrual basis of accounting.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to April 30, 2020. There were no excess contributions payable as of April 30, 2020.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 2. Significant Accounting Policies (Continued)

Pending accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan has evaluated subsequent events through November 20, 2020, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company) (the Trustee)

The following is a summary of the Plan's asset and income (loss) information as of April 30, 2020 and 2019, and for the year ended April 30, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income (loss):

	2020	2019
Shares of registered investment companies	$ 372,843	$ 174,111
Units of common/collective trusts	1,719,758	1,076,524
Units of pooled separate accounts	99,426	102,787
Net depreciation in fair value of investments	(44,235)	
Interest and dividends	11,718	

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

Note 4. Fair Value Measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2020.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Units of common/collective trusts: Valued based on the NAV of units of the common/collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Units of pooled separate accounts: Valued at NAV per unit of the pooled separate accounts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments comprising the pooled separate accounts. This practical expedient is not used when it is determined to be probable that the fund will sell for an amount different than the reported NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of April 30, 2020 and 2019:

	2020			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 372,843	$ -	$ -	$ 372,843
Total assets in fair value hierarchy	$ 372,843	$ -	$ -	372,843
Investments measured at NAV (a)				1,819,184
Total investments at fair value				$ 2,192,027

	2019			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	$ 174,111	$ -	$ -	$ 174,111
Total assets in fair value hierarchy	$ 174,111	$ -	$ -	174,111
Investments measured at NAV (a)				1,179,311
Total investments at fair value				$ 1,353,422

Note 4. Fair Value Measurements (Continued)

(a) In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of April 30, 2020 and 2019:

Investment	Fair Value 2020	Fair Value 2019	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Units of common/collective trusts	$ 1,719,758	$ 1,076,524	$ -	Daily	Daily
Units of pooled separate accounts	99,426	102,787	-	Daily	Daily

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value to another.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended April 30, 2020, there were no significant transfers in or out of Level 3.

Note 5. Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their discretionary Company contributions.

Note 6. Related Party and Party-in-Interest Transactions

The Plan's investments are held, invested and maintained by Delaware Charter Guarantee & Trust Company (d/b/a Principal Trust Company), the trustee. Principal Life Insurance Company, an affiliate of the trustee, also performs administration and recordkeeping services for the Plan. These transactions qualify as party-in-interest transactions. Total administrative expenses paid by the Plan to its service provider were $900 for the year ended April 30, 2020.

Certain employees of the Company provide administrative services to the Plan. These employees are not paid by the Plan. Certain other administrative expenses are paid by the Company on behalf of the Plan.

Note 7. Income Tax Status

The Plan has adopted a volume submitter plan sponsored by Principal Life Insurance Co. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan’s qualified status. The volume submitter plan advisory letter has been relied upon by the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Note 7. Income Tax Status (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at April 30, 2020 and 2019:

	2020	2019
Net assets available for benefits per the financial statements	$ 2,192,027	$ 1,347,776
Excess contributions payable	-	24,336
Company contribution receivable	-	(3,390)
Net assets available for benefits per Form 5500	$ 2,192,027	$ 1,368,722

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Form 5500 for the year ended April 30, 2020:

Change in net assets available for benefits per the financial statements	$ 844,251
Investment income	(1)
Company contributions	3,390
Benefit payments	(24,335)
Change in net assets available for benefits per Form 5500	$ 823,305

Note 10. Subsequent Event

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern," and on March 11, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread of it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Plan sponsor operates.

It is unknown how long the adverse conditions associated with the coronavirus will last and what the complete financial effect will be on the Plan. As a result, the Plan investments may have incurred a significant decline in fair value since April 30, 2020.

Additionally, it is reasonably possible that estimates made in the financial statements have been, or will be, materially and adversely impacted in the near term as a result of these conditions, including investment valuations.
