NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2018 AND 2017

1. PLAN DESCRIPTION AND RELATED INFORMATION

General

The following description of the Xavient Digital LLC (formerly Xavient Information Systems) (the “Company” and “Sponsor”) 401(K) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution safe harbor plan covering all eligible employees of the Company as defined in the Plan agreement who have completed six months of service and are age twenty-one or older. Employees may enroll in the Plan on the first day of the next month following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan has been amended and restated effective January 1, 2017 to comply with applicable laws and regulations.

During 2018, a majority interest in the Sponsor was acquired by Telus International. In connection with the acquisition, the Sponsor’s name was changed to Xavient Digital LLC, and the Plan was renamed Xavient Digital LLC 401(K) Profit Sharing Plan and Trust.

Plan Administration

Mid Atlantic Trust Company (“Mid Atlantic”) serves as custodian of the Plan’s assets as of December 31, 2018 and 2017, and for the year ended December 31, 2018. The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA. Certain administrative and Trustee functions are performed by officers or employees of the Company. However, no such officer or employee received compensation from the Plan. While certain administrative expenses are paid by the Plan, other administrative expenses are paid directly by the Company. The Company uses an outside payroll processing company to handle its payroll and retirement services. These expenses that are incurred by the Company on behalf of the Plan are not determinable since the expenses for the preparation of payroll and for Plan related services are combined for the year ended December 31, 2018.

1. PLAN DESCRIPTION AND RELATED INFORMATION (Continued)

Contributions

Each year, Participants may contribute to the Plan elective compensation deferrals up to 96% of the Participants' compensation, not to exceed the maximum contribution permitted by applicable provisions of the Internal Revenue Code ("IRC"). Participants who have attained age fifty by the last day of the Plan year are eligible to make catch-up contributions. Roth 401(K) deferrals are not permitted under the Plan. In addition, Participants may contribute amounts rolled over from other qualified plans. Participants may make changes to their deferral during each payroll period. Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for Participants.

The Company matches 100% of employee contributions, up to the first 5% of the Participant's compensation. Profit sharing contributions may also be made at the discretion of the Company, as determined each year. In order to receive the profit sharing contribution, an employee must be employed on the last day of the Plan year or have completed five hundred hours of service, as defined in the Plan agreement. The Company did not make profit sharing contributions during the Plan year ended December 31, 2018. The Company may also make contributions of an amount to be determined each year, as applicable, to satisfy nondiscrimination rules that apply to the Plan.

Participant Accounts

Each Participant's account is increased or decreased with the Participant's contribution or withdrawal and allocations of: (a) the Company's contributions, and (b) Plan earnings or losses, allocations of administrative fees and forfeitures. Allocations are based on Participant earnings or account balances, as defined in the Plan agreement. The benefit to which a Participant is entitled is the vested balance in the Participant's account.

Participant Loans

Participants may borrow from their vested benefits a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 95% of one half of their vested account balance, as defined in the Plan agreement. Participants are allowed one outstanding loan at a time. As applicable, married Participants are required to obtain spousal consent before loans of more than \$5,000 are issued. Loan terms range from one to five years but may be longer if the loan is used to purchase a primary residence. Loans are secured by the balance in the Participant's account and bear interest at prime plus 1% (4.25% to 6.25% in 2018), which is commensurate with local prevailing rates as determined when the loan is approved. Principal and interest are paid ratably through payroll deductions. In the event a loan is considered in default, the Plan administrator has discretion in methods to cure such default as identified in the loan policy.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon, as well as their rollover contributions or catch-up contributions, plus actual earnings thereon. Under the safe harbor provisions, vesting in the Company's matching contributions, plus earnings thereon, is immediately vested. Vesting in the Company's discretionary profit sharing contributions is based on years of service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Participants will be fully vested in the Company's discretionary profit sharing contributions at death, upon the attainment of normal retirement age or total disability.

Payment of Benefits

A Participant may withdraw funds from the Plan upon the occurrence of certain events including, but not limited to, retirement, death, disability or termination of employment. The Plan provides for involuntary distributions of vested account balances equal to \$5,000. If there is not a timely election, the vested amount will be invested in an IRA under the Participant's name. All distributions will be made in lump sum payments. If the value exceeds \$5,000, the funds will remain in the Plan until a written request for distribution is submitted by the Participant. Hardship distributions are not permitted under the Plan.

Forfeited Accounts

Under the Plan agreement, forfeitures of non-vested employer profit sharing contributions will be allocated in the same Plan Year in which the forfeitures occur. Forfeitures for the year ended December 31, 2018 were \$43.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2018 AND 2017

1. PLAN DESCRIPTION AND RELATED INFORMATION (Continued)

Concentration of Credit Risk

Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist principally of Participant notes receivable. Credit risk is limited due to limitations on the maximum number of loans a Participant may have outstanding at any one time, as well as the provision that each Participant's total outstanding loan balance cannot exceed 95% of one half of his or her vested account balance. The remaining vested account balance serves as collateral.

Investment Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

New Accounting Standards

In 2017 the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2017-06, *Employee Benefit Plan Master Trust Reporting*. The amendments require a plan to present its interest in the master trust and change in its interest in that master trust as a single line item in the statement of net assets available for benefits and the statement of changes in net assets available for benefits, respectively. The ASU becomes effective for plan years beginning after December 15, 2018. For the 2018 and 2017 Plan years, the Plan was not engaged in a master trust arrangement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Standards (Continued)

In 2016 the FASB issued ASU 2016-01, which requires an entity to: (i) measure equity investments at fair value through net income, with certain exceptions; (ii) present in Other Comprehensive Income, the changes in instrument-specific credit risk for financial liabilities measured using the fair value option; (iii) present financial assets and financial liabilities by measurement category and form of financial asset; (iv) calculate the fair value of financial instruments for disclosure purposes based on an exit price and; (v) assess a valuation allowance on deferred tax assets related to unrealized losses of Available-for-Sale debt securities in combination with other deferred tax assets. The ASU provides an election to subsequently measure certain nonmarketable equity investments at cost, less any impairment and adjusted for certain observable price changes. The ASU also requires a qualitative impairment assessment of such equity investments and amends certain fair value disclosure requirements. The new standard takes effect in 2018 for public companies. Early adoption is only permitted for the provision related to instrument-specific credit risk and the fair value disclosure exemption provided to nonpublic entities. The amendments are effective for public business entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2017. For all other entities, the amendments in this ASU are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. Early adoption is permitted for fiscal years beginning after December 15, 2017 including interim periods within those years.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"), requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments, includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable – Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded.

Payment of Benefits

Benefits are recorded when paid.

Reclassification

Certain 2017 financial information has been reclassified to conform with the 2018 presentation with no effect on previously reported net assets available for benefits. In addition, because of this reclassification, there are differences between the 2017 financial statement classifications and the previously filed Form 5500, with respect to certain assets, which have no impact on the net assets available for benefits or changes in net assets available for benefits.

3. CERTIFICATION

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedules that were prepared and furnished to the Plan administrator by Mid Atlantic for total investments and the aggregate of net depreciation in fair value of investments and interest and dividend income. This information was provided by Mid Atlantic as of December 31, 2018 and 2017 and for the year ended December 31, 2018. Currently, Mid Atlantic holds the Plan's investment assets and executes its investment transactions.

The Plan administrator has obtained certifications from Mid Atlantic that the following information is complete and accurate as of December 31, 2018 and 2017 and for the year ended December 31, 2018:

(a) Schedule of Assets (Held at End of Year) - December 31, 2018

(b) Investments at December 31:

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for similar assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for similar assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Mutual funds are public investment vehicles valued at the daily closing price as reported by the fund using the net asset value ("NAV"). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements at the End of the Quoted Prices in Active Markets for Identical Assets	
	<u>(Level 1)</u>	<u>Total</u>
<u>December 31, 2018:</u>		
Mutual funds	<u>\$ 5,975,294</u>	<u>\$ 5,975,294</u>

<u>December 31, 2017:</u>

Total Investments at Fair Value	<u><u>\$ 5,073,143</u></u>	<u><u>\$ 5,073,143</u></u>

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their employer profit sharing contributions.

6. PARTY IN INTEREST TRANSACTIONS

Plan investments were managed by Mid Atlantic as of December 31, 2018 and 2017 and for the year ended December 31, 2018 to provide record keeping, investment allocation and custodial services to the Plan. The service agreement with Mid Atlantic stipulates that all fees for services rendered to the Plan by Mid Atlantic will be paid to Mid Atlantic by the appointed third-party administrator (“TPA”). Mid Atlantic does not receive any direct compensation from the Plan. The fee schedule applied to the Plan is based on the TPA’s service agreement with Mid Atlantic. These payments from the TPA to Mid Atlantic are deemed indirect compensation under the regulations.

7. TAX STATUS

The Plan has adopted a Prototype Non-Standardized Profit Sharing Plan with CODA preapproved by the Internal Revenue Service (“IRS”). The IRS reviewed the Plan document and opined in a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. The Plan administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

8. NON-EXEMPT TRANSACTIONS

During 2018, the Plan Sponsor identified that on occasion, deferrals were incorrectly included and excluded from certain types of compensation as provided for in the Plan document. The outside payroll processing company and the Plan Sponsor reviewed all participants’ compensation data for 2018 and 2017 and determined that \$14,877 was not properly withheld and timely remitted from Participants’ compensation for the 2017 Plan year. Concurrently, it was determined that amounts were also incorrectly matched by the Plan Sponsor under the safe harbor provisions of the Plan. As of and for the years ended December 31, 2018 and 2017, excess employer matching contributions of \$28,161 and \$14,569, respectively, were determined to have been made to participants’ accounts and are to be forfeited. Lost earnings on amounts not properly withheld from Participants nor timely remitted of \$1,280 were paid to the Plan in 2018.

8. NON-EXEMPT TRANSACTIONS (Continued)

Earnings on excess employer matching contributions will be forfeited. Excess participant contributions as of December 31, 2018 and 2017 of \$13,491 and \$6,507, respectively, along with related earnings will be distributed to the applicable Participants. Forfeitures that could not be recovered from Participants of \$5,874 at December 31, 2018 are to be remitted to the Plan by the Plan Sponsor and are included in contributions receivable - employer in the accompanying Statements of Net Assets Available for Benefits. There were no forfeitures at December 31, 2017 to be remitted to the Plan by the Plan Sponsor.

9. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through November 18, 2020, the date the financial statements were available to be issued.

Effective January 1, 2020, Xavient Digital LLC became a participating employer in the Telus International (US) Corp. 401(k) Plan and all participant account balances were transferred to that plan.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic and declared the outbreak to constitute a “Public Health Emergency of International Concern.” The COVID-19 outbreak is disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of COVID-19 on the Plan’s financial performance will depend on certain developments, including the duration and spread of the outbreak, impacts on the Company, Participants and financial markets, all of which are uncertain and cannot be predicted. While the Plan Administrator expects the disruption to be temporary, at this point, the extent to which COVID-19 may impact the Plan’s overall financial condition is uncertain.

1. PLAN DESCRIPTION AND RELATED INFORMATION

General

The following description of the Xavient Digital LLC (formerly Xavient Information Systems) (the “Company” and “Sponsor”) 401(K) Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution safe harbor plan covering all eligible employees of the Company as defined in the Plan agreement who have completed six months of service and are age twenty-one or older. Employees may enroll in the Plan on the first day of the next month following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan has been amended and restated effective January 1, 2017 to comply with applicable laws and regulations.

During 2018, a majority interest in the Sponsor was acquired by Telus International. In connection with the acquisition, the Sponsor’s name was changed to Xavient Digital LLC, and the Plan was renamed Xavient Digital LLC 401(K) Profit Sharing Plan and Trust.

Plan Administration

Mid Atlantic Trust Company (“Mid Atlantic”) serves as custodian of the Plan’s assets as of December 31, 2018 and 2017, and for the year ended December 31, 2018. The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA. Certain administrative and Trustee functions are performed by officers or employees of the Company. However, no such officer or employee received compensation from the Plan. While certain administrative expenses are paid by the Plan, other administrative expenses are paid directly by the Company. The Company uses an outside payroll processing company to handle its payroll and retirement services. These expenses that are incurred by the Company on behalf of the Plan are not determinable since the expenses for the preparation of payroll and for Plan related services are combined for the year ended December 31, 2018.

1. PLAN DESCRIPTION AND RELATED INFORMATION (Continued)

Contributions

Each year, Participants may contribute to the Plan elective compensation deferrals up to 96% of the Participants' compensation, not to exceed the maximum contribution permitted by applicable provisions of the Internal Revenue Code ("IRC"). Participants who have attained age fifty by the last day of the Plan year are eligible to make catch-up contributions. Roth 401(K) deferrals are not permitted under the Plan. In addition, Participants may contribute amounts rolled over from other qualified plans. Participants may make changes to their deferral during each payroll period. Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for Participants.

The Company matches 100% of employee contributions, up to the first 5% of the Participant's compensation. Profit sharing contributions may also be made at the discretion of the Company, as determined each year. In order to receive the profit sharing contribution, an employee must be employed on the last day of the Plan year or have completed five hundred hours of service, as defined in the Plan agreement. The Company did not make profit sharing contributions during the Plan year ended December 31, 2018. The Company may also make contributions of an amount to be determined each year, as applicable, to satisfy nondiscrimination rules that apply to the Plan.

Participant Accounts

Each Participant's account is increased or decreased with the Participant's contribution or withdrawal and allocations of: (a) the Company's contributions, and (b) Plan earnings or losses, allocations of administrative fees and forfeitures. Allocations are based on Participant earnings or account balances, as defined in the Plan agreement. The benefit to which a Participant is entitled is the vested balance in the Participant's account.

Participant Loans

Participants may borrow from their vested benefits a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 95% of one half of their vested account balance, as defined in the Plan agreement. Participants are allowed one outstanding loan at a time. As applicable, married Participants are required to obtain spousal consent before loans of more than \$5,000 are issued. Loan terms range from one to five years but may be longer if the loan is used to purchase a primary residence. Loans are secured by the balance in the Participant's account and bear interest at prime plus 1% (4.25% to 6.25% in 2018), which is commensurate with local prevailing rates as determined when the loan is approved. Principal and interest are paid ratably through payroll deductions. In the event a loan is considered in default, the Plan administrator has discretion in methods to cure such default as identified in the loan policy.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon, as well as their rollover contributions or catch-up contributions, plus actual earnings thereon. Under the safe harbor provisions, vesting in the Company's matching contributions, plus earnings thereon, is immediately vested. Vesting in the Company's discretionary profit sharing contributions is based on years of service, as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Participants will be fully vested in the Company's discretionary profit sharing contributions at death, upon the attainment of normal retirement age or total disability.

Payment of Benefits

A Participant may withdraw funds from the Plan upon the occurrence of certain events including, but not limited to, retirement, death, disability or termination of employment. The Plan provides for involuntary distributions of vested account balances equal to \$5,000. If there is not a timely election, the vested amount will be invested in an IRA under the Participant's name. All distributions will be made in lump sum payments. If the value exceeds \$5,000, the funds will remain in the Plan until a written request for distribution is submitted by the Participant. Hardship distributions are not permitted under the Plan.

Forfeited Accounts

Under the Plan agreement, forfeitures of non-vested employer profit sharing contributions will be allocated in the same Plan Year in which the forfeitures occur. Forfeitures for the year ended December 31, 2018 were \$43.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2018 AND 2017

1. PLAN DESCRIPTION AND RELATED INFORMATION (Continued)

Concentration of Credit Risk

Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist principally of Participant notes receivable. Credit risk is limited due to limitations on the maximum number of loans a Participant may have outstanding at any one time, as well as the provision that each Participant's total outstanding loan balance cannot exceed 95% of one half of his or her vested account balance. The remaining vested account balance serves as collateral.

Investment Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

New Accounting Standards

In 2017 the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2017-06, *Employee Benefit Plan Master Trust Reporting*. The amendments require a plan to present its interest in the master trust and change in its interest in that master trust as a single line item in the statement of net assets available for benefits and the statement of changes in net assets available for benefits, respectively. The ASU becomes effective for plan years beginning after December 15, 2018. For the 2018 and 2017 Plan years, the Plan was not engaged in a master trust arrangement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Standards (Continued)

In 2016 the FASB issued ASU 2016-01, which requires an entity to: (i) measure equity investments at fair value through net income, with certain exceptions; (ii) present in Other Comprehensive Income, the changes in instrument-specific credit risk for financial liabilities measured using the fair value option; (iii) present financial assets and financial liabilities by measurement category and form of financial asset; (iv) calculate the fair value of financial instruments for disclosure purposes based on an exit price and; (v) assess a valuation allowance on deferred tax assets related to unrealized losses of Available-for-Sale debt securities in combination with other deferred tax assets. The ASU provides an election to subsequently measure certain nonmarketable equity investments at cost, less any impairment and adjusted for certain observable price changes. The ASU also requires a qualitative impairment assessment of such equity investments and amends certain fair value disclosure requirements. The new standard takes effect in 2018 for public companies. Early adoption is only permitted for the provision related to instrument-specific credit risk and the fair value disclosure exemption provided to nonpublic entities. The amendments are effective for public business entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2017. For all other entities, the amendments in this ASU are effective for fiscal years beginning after December 15, 2018, and interim periods within fiscal years beginning after December 15, 2019. Early adoption is permitted for fiscal years beginning after December 15, 2017 including interim periods within those years.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"), requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the investment advisors and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments, includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable – Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded.

Payment of Benefits

Benefits are recorded when paid.

Reclassification

Certain 2017 financial information has been reclassified to conform with the 2018 presentation with no effect on previously reported net assets available for benefits. In addition, because of this reclassification, there are differences between the 2017 financial statement classifications and the previously filed Form 5500, with respect to certain assets, which have no impact on the net assets available for benefits or changes in net assets available for benefits.

3. CERTIFICATION

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedules that were prepared and furnished to the Plan administrator by Mid Atlantic for total investments and the aggregate of net depreciation in fair value of investments and interest and dividend income. This information was provided by Mid Atlantic as of December 31, 2018 and 2017 and for the year ended December 31, 2018. Currently, Mid Atlantic holds the Plan's investment assets and executes its investment transactions.

The Plan administrator has obtained certifications from Mid Atlantic that the following information is complete and accurate as of December 31, 2018 and 2017 and for the year ended December 31, 2018:

(a) Schedule of Assets (Held at End of Year) - December 31, 2018

(b) Investments at December 31:

	<u>2018</u>	<u>2017</u>
Total investments	\$ 5,975,294	\$ 5,073,143
Net depreciation in fair value of investments	(455,840)	-

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for similar assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for similar assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Mutual funds are public investment vehicles valued at the daily closing price as reported by the fund using the net asset value ("NAV"). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Fair Value Measurements at the End of the Quoted Prices in Active Markets for Identical Assets	
	<u>(Level 1)</u>	<u>Total</u>
<u>December 31, 2018:</u>		
Mutual funds	<u>\$ 5,975,294</u>	<u>\$ 5,975,294</u>
Total Investments at Fair Value	<u><u>\$ 5,975,294</u></u>	<u><u>\$ 5,975,294</u></u>
<u>December 31, 2017:</u>		
Mutual funds	<u>\$ 5,073,143</u>	<u>\$ 5,073,143</u>
Total Investments at Fair Value	<u><u>\$ 5,073,143</u></u>	<u><u>\$ 5,073,143</u></u>

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their employer profit sharing contributions.

6. PARTY IN INTEREST TRANSACTIONS

Plan investments were managed by Mid Atlantic as of December 31, 2018 and 2017 and for the year ended December 31, 2018 to provide record keeping, investment allocation and custodial services to the Plan. The service agreement with Mid Atlantic stipulates that all fees for services rendered to the Plan by Mid Atlantic will be paid to Mid Atlantic by the appointed third-party administrator (“TPA”). Mid Atlantic does not receive any direct compensation from the Plan. The fee schedule applied to the Plan is based on the TPA’s service agreement with Mid Atlantic. These payments from the TPA to Mid Atlantic are deemed indirect compensation under the regulations.

7. TAX STATUS

The Plan has adopted a Prototype Non-Standardized Profit Sharing Plan with CODA preapproved by the Internal Revenue Service (“IRS”). The IRS reviewed the Plan document and opined in a letter dated April 10, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. The Plan administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

8. NON-EXEMPT TRANSACTIONS

During 2018, the Plan Sponsor identified that on occasion, deferrals were incorrectly included and excluded from certain types of compensation as provided for in the Plan document. The outside payroll processing company and the Plan Sponsor reviewed all participants’ compensation data for 2018 and 2017 and determined that \$14,877 was not properly withheld and timely remitted from Participants’ compensation for the 2017 Plan year. Concurrently, it was determined that amounts were also incorrectly matched by the Plan Sponsor under the safe harbor provisions of the Plan. As of and for the years ended December 31, 2018 and 2017, excess employer matching contributions of \$28,161 and \$14,569, respectively, were determined to have been made to participants’ accounts and are to be forfeited. Lost earnings on amounts not properly withheld from Participants nor timely remitted of \$1,280 were paid to the Plan in 2018.

8. NON-EXEMPT TRANSACTIONS (Continued)

Earnings on excess employer matching contributions will be forfeited. Excess participant contributions as of December 31, 2018 and 2017 of \$13,491 and \$6,507, respectively, along with related earnings will be distributed to the applicable Participants. Forfeitures that could not be recovered from Participants of \$5,874 at December 31, 2018 are to be remitted to the Plan by the Plan Sponsor and are included in contributions receivable - employer in the accompanying Statements of Net Assets Available for Benefits. There were no forfeitures at December 31, 2017 to be remitted to the Plan by the Plan Sponsor.

9. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through November 18, 2020, the date the financial statements were available to be issued.

Effective January 1, 2020, Xavient Digital LLC became a participating employer in the Telus International (US) Corp. 401(k) Plan and all participant account balances were transferred to that plan.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic and declared the outbreak to constitute a “Public Health Emergency of International Concern.” The COVID-19 outbreak is disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of COVID-19 on the Plan’s financial performance will depend on certain developments, including the duration and spread of the outbreak, impacts on the Company, Participants and financial markets, all of which are uncertain and cannot be predicted. While the Plan Administrator expects the disruption to be temporary, at this point, the extent to which COVID-19 may impact the Plan’s overall financial condition is uncertain.
