Note 1. Description of Plan

The Biamp Systems LLC 401(k) Plan (the Plan) was established effective as of May 1, 2017. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering employees of Biamp Systems LLC (the Plan Sponsor), except for leased employees, nonresident aliens and temporary or interns, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employees are eligible to participate in the Plan upon completion of one month of service for deferrals and discretionary employer matching contributions, and upon completion of six months of service and employment at the end of the Plan year for discretionary employer nonelective contributions, unless terminated due to retirement, death or disability. Employees may enter the Plan on the first day of the month coinciding with or immediately following the date eligibility requirements are met. In addition, eligible employees employed on May 1, 2017, became participants on that date.

Plan amendments and merger: Effective May 1, 2019, the Plan was amended and restated to include former employees of Cambridge Sound Management, Inc. in the Plan. Thus, effective May 1, 2019, the Cambridge Sound Management, Inc. 401(k) Profit Sharing Plan was merged into the Plan, resulting in net assets of approximately $3 million being transferred into the Plan. The merger does not impact participant benefits or participant account balances.

Contributions: Each year, participants may elect to defer up to 75% of eligible annual compensation as defined in the Plan document, not to exceed the maximum allowable by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are automatically enrolled at 5%, unless the participant makes a contrary election, once eligibility is met. The automatic enrollment percentage is increased by 1% annually, up to a maximum of 10%. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies and self-directed brokerage accounts as investment options for participants. Contributions are subject to certain limitations.

Each year, the employer may elect to make a discretionary matching contribution equal to a percentage of each participant's deferral contributions, as defined in the Plan document. For the year ended December 31, 2019, the employer made a discretionary-matching contribution equal to 100% of the first 3% of participant deferrals, and 50% of the next 2% of participant deferrals (up to 4% of eligible compensation). Discretionary employer matching contributions totaled $1,084,904 for the year ended December 31, 2019.

Each year, the employer may also elect to make a discretionary nonelective contribution, as defined in the Plan document, determined annually by the employer, and allocated based on each participant's proportionate share of total eligible compensation paid to participants during the Plan year. The employer did not make a discretionary nonelective contribution for the year ended December 31, 2019.

Participant accounts: Each participant's account is credited with the participant's contributions; the employer's discretionary matching and discretionary nonelective contributions, if any; and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participant's earnings, account balances or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of Plan (Continued)

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer's discretionary matching and discretionary nonelective contributions, plus actual earnings thereon, is based on years of credited service. Participants vest at 25% annually, beginning with the completion of one year of vesting service, and are fully vested after four years of vesting service. Upon normal retirement age, death or total disability of a participant prior to retirement, the participant's account balance shall become fully vested.

Notes receivable from participants: Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. All notes receivable from participants are secured by the participant's account balance and bear a reasonable rate of interest as determined by the Plan Administrator based on prevailing interest rates charged by persons in the business of lending money under similar circumstances. The terms of the notes receivable from participants shall not exceed five years, except that the term may be up to 10 years if the purpose of the note receivable is for the purchase of the participant's principal residence. Principal and interest are paid ratably through monthly payroll deductions. Interest rates were 4.25% to 6.50% on loans outstanding at December 31, 2019, which mature through July 2030.

Payment of benefits: Upon termination of service due to death, disability, retirement or other reasons, participants with account balances in excess of $5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or may defer distributions until the normal retirement age is met. Participants with account balances of $5,000 or less will receive a lump-sum distribution equal to the value of their vested account.

Forfeited accounts: At December 31, 2019 and 2018, there were no forfeited nonvested accounts. Forfeited accounts can be used to pay Plan administrative expenses or offset employer contributions. During 2019, approximately $85,000 in forfeited accounts were used to pay administrative expenses and offset employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make repayments and the Plan Administrator deems the note receivable from participant to be in default, the note receivable from participant balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative functions are performed by officers or employees of the employer. No such officer or employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid directly by the employer and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions on the accompanying statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

Recent accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan has evaluated subsequent events through November 20, 2020, the date the financial statements were available to be issued.

Effective January 15, 2020, the Community Light & Sound, Inc. 401(k) Plan was merged into the Plan, resulting in net assets of approximately $5.8 million being transferred into the Plan.

On March 11, 2020, the World Health Organization declared the coronavirus outbreak to be a worldwide pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread are expected to continue to have an adverse impact on the economies and financial markets of many countries. This has resulted in substantial volatility in investment markets and, in some cases, significant decreases in investment values since December 31, 2019. The duration of these uncertainties and the ultimate financial effects on the Plan cannot be reasonably estimated.

Additionally, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted to, amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over 70 ½ can be omitted for 2020.

Note 3. Information Certified by Fidelity Management Trust Company

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity), the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the assets below:

Description of Assets	2019	2018
Registered investment companies	$ 28,802,972	$ 17,113,433
Self-directed brokerage accounts	152,758	83,957
Notes receivable from participants	343,640	168,897

Fidelity also certified as to the completeness and accuracy of $1,833,224 of net appreciation in fair value of investments, $2,955,699 of interest and dividend income and $14,142 of interest income on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2019.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) issued guidance on fair value measurements and disclosures, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the assets or liabilities.
- Inputs are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 or 2018.

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded.

Self-directed brokerage accounts: Accounts primarily consist of money market funds and common stocks that are valued on the basis of readily determinable market prices. Money market funds are valued at amortized cost, which approximates fair value.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2019			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 28,802,972	$ -	$ -	$ 28,802,972
Self-directed brokerage accounts	152,758	-	-	152,758
	$ 28,955,730	$ -	$ -	$ 28,955,730

	2018			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 17,113,433	$ -	$ -	$ 17,113,433
Self-directed brokerage accounts	83,957	-	-	83,957
	$ 17,197,390	$ -	$ -	$ 17,197,390

Note 5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are registered investment companies and self-directed brokerage accounts managed by Fidelity. Fidelity is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity totaled $37,802 for the year ended December 31, 2019. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan has adopted a standardized volume submitter plan sponsored by Fidelity Management & Research Company. The volume submitter plan received an opinion letter from the Internal Revenue Service dated March 31, 2014, as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. Although the Plan's adoption agreement has been amended since the date of the opinion letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefit
