Heatron, Inc. Savings Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Heatron, Inc. Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established for the benefit of the employees of Heatron, Inc. and EC Manufacturing, LLC, a former affiliate of Heatron, Inc. (collectively, the Company). In September 2015, EC Manufacturing, LLC made a formal decision to close its operations, which resulted in a partial Plan termination in 2015. See Note 11 for further discussion. EC Manufacturing, LLC ceased all operations in 2016. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). As discussed in Note 9, the Plan was merged into the NIBE USA 401(k) Retirement Plan as of December 31, 2017.

Eligibility: Employees of the Company, with the exception of temporary employees, are eligible to participate in the salary reduction and discretionary matching contributions of the Plan upon employment with the Company. Each new participant who was not a participant on September 30, 2006, and who does not enter into a written salary reduction agreement is automatically enrolled at 3 percent. Also, employees are eligible for a discretionary contribution made by the Company.

Contributions: Each year, participants may make salary reduction contributions to the Plan, subject to provisions of the IRC. Participants who have obtained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also includes an option for Roth salary reduction contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Beginning July 19, 2013, the Company approved a discretionary match of 3 percent of eligible wages. This match was effective for the Plan year ended December 31, 2017. The Company may also make a nonelective discretionary contribution. For the year ended December 31, 2017, there were no nonelective discretionary contributions made. Contributions are subject to certain limitations.

Investments: Participants have the option of directing their contributions, the allocations of the employer discretionary matching contribution, and the employer discretionary contribution to various accounts managed by John Hancock Life Insurance Company (U.S.A.). Participants may change their options daily via direct phone access or online with John Hancock Life Insurance Company (U.S.A.).

Participant accounts: Each participant's account is credited with the participant's salary reduction contribution, the employer's discretionary matching contribution, the employer's nonelective discretionary contribution (if any), and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures: At December 31, 2016, forfeited nonvested accounts totaled \$56,291. At December 31, 2017, \$54,410 of forfeited nonvested accounts were transferred as part of the Plan merger discussed in Note 9. These accounts are used to pay Plan administrative expenses and reduce employer contributions. During the year ended December 31, 2017, \$37,686 of forfeitures were used to reduce employer contributions and administrative expenses.

Heatron, Inc. Savings Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of the account balance. These transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. The term of the notes receivable cannot exceed five years, except for a note receivable used to acquire a principal residence. The notes receivable must be adequately secured by the vested account balance, and they bear interest at rates ranging from 4.25 percent to 5.25 percent, which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are treated as distributions based on terms of the Plan document.

Vesting: Participants are vested immediately in their contributions and earnings thereon. Participants vest in the Company's discretionary matching contribution and nonelective discretionary contributions and earnings thereon based on years of continuous service. A participant is fully vested after three years of credited service, in accordance with the following vesting schedule:

Years of Service	Vesting
Less than 2	0%
2	50%
3	100%

EC Manufacturing, LLC employees affected by the closing became fully vested at 100 percent, regardless of the years of service. See Note 11 for further discussion.

Payment of benefits: On termination of service due to termination, death, retirement, disability or financial hardship, the participant or beneficiary may withdraw the participant's vested balance as a lump-sum payment.

Note 2. Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of accounting: The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

Valuation of investments and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies for utilizing information provided by the investment custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of benefits: Benefit payments to participants are recorded when paid.

Notes to Financial Statements

Note 3. Information Certified by John Hancock Life Insurance Company (U.S.A.)

The following is a summary of the Plan's asset information as of December 31, 2016, included throughout the Plan's financial statements, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information throughout the financial statements related to the following assets:

	December 31, 2016
Investments, at fair value:	
Pooled separate accounts	\$ 7,568,373
Stable value fund	1,238,201

John Hancock Life Insurance Company (U.S.A.) also certified to the completeness and accuracy of \$1,401,199 of net appreciation in fair value of investments related to the aforementioned Plan assets for the year ended December 31, 2017.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under *FASB Accounting Standards Codification* (ASC) Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Heatron, Inc. Savings Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Pooled separate accounts: Pooled separate accounts are valued based on the net asset value (NAV) of the underlying assets held by the Plan at the end of the Plan year.

Stable value fund: The stable value fund is valued at the NAV of the underlying assets held by the Plan at the end of the Plan year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Due to the Plan merger discussed in Note 9, there are no assets reported at fair value as of December 31, 2017. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 7,568,373	\$ -	\$ -	\$ 7,568,373
Total assets at fair value	\$ 7,568,373	\$ -	\$ -	7,568,373
Stable value fund (a)				1,238,201
Total investments at fair value				\$ 8,806,574

(a) In accordance with ASC Subtopic 820-10, the stable value fund held by the Plan is not classified in the fair value hierarchy table that prioritizes the inputs to valuation techniques used to measure fair value because they are measured at NAV per share as a practical expedient.

Transfers between levels: For the year ended December 31, 2017, there were no transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments measured using the net asset value per share practical expedient: The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	Fair Value at December 31		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2017	2016			
Stable value fund	\$ -	\$ 1,238,201	\$ -	Daily	None

Heatron, Inc. Savings Plan

Notes to Financial Statements

Note 5. Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain other administrative expenses are paid directly by the Company and by the Plan.

Note 6. Income Tax Status

On September 29, 2011, the Plan obtained its latest determination letter, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 7. Related-Party and Party-in-Interest Transactions

Certain Plan investments were shares of pooled separate accounts and a stable value fund managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are netted against investment income. In addition, other administrative expenses paid to John Hancock Life Insurance Company (U.S.A.) were \$5,359 for the year ended December 31, 2017.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Plan Merger

On August 8, 2017, the Plan Sponsor made arrangements to merge the Plan effective December 31, 2017. Effective December 31, 2017, the Plan was merged into the NIBE USA 401(k) Retirement Plan. No employee shall be eligible to become a participant in the Plan on or after December 31, 2017. No additional contributions shall be made to the Plan after December 31, 2017.

Net assets of \$10,259,443 were liquidated and held by a broker at December 31, 2017, and are reported as due from broker on the statements of net assets available for benefits. The Plan's net assets, which includes notes receivable of \$228,478 from participants, were transferred to the NIBE USA 401(k) Retirement Plan. As a result, the statement of net assets available for benefits as of December 31, 2017, reflects a due to NIBE USA 401(k) Retirement Plan and the statement of changes in net assets available for benefits for the year ended December 31, 2017, reflects a transfer to the NIBE USA 401(k) Retirement Plan.

Notes to Financial Statements

Note 10. Prohibited Transactions

During the year ended December 31, 2015, the Plan Sponsor inadvertently failed to timely deposit \$46,123 of participant deferrals within the required time frame as stated by the DOL. The DOL considers late deposits to be prohibited transactions. The Plan Sponsor filed a Form 5330 and paid the applicable excise tax in 2017 for the 2015 late deposits. Excise tax payments were made from the Plan Sponsor's assets and not from the assets of the Plan.

Note 11. Partial Plan Termination

In 2015, the Company ceased operations of EC Manufacturing, LLC, which resulted in a partial Plan termination. This affected 17 participants, who took distributions during the year ended December 31, 2016. As of December 31, 2016, approximately \$8,400 was payable to affected participants of the partial Plan termination who became fully vested in their account balance in 2015. The Plan restored and distributed \$8,400 of forfeitures to affected participants in 2017 that were previously forfeited in 2016.
