Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company or U.S. Bank National Association, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

(f/k/a Gastro Health, P.L. 401(k) Retirement Plan)

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

1. DESCRIPTION OF PLAN

The following brief description of the Gastro Health 401(k) Retirement Plan, formerly known as Gastro Health, P.L. 401(k) Retirement Plan, (referred to as the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan, established January 1, 2007, to provide retirement benefits to the employees of Gastro Health, LLC, formerly known as Gastro Health, P.L., (the "Company") and their beneficiaries. The Plan is subject to provisions of the Employment Retirement Income Security Act of 1974 ("ERISA") as amended. Employees are eligible when they have completed one year of service, worked at least 1,000 hours and have attained a minimum age of 19 years.

During the year ended December 31, 2018, the Plan was amended and the Plan's name was changed to Gastro Health 401(k) Retirement Plan on February 15, 2018.

Plan Administrator—Gastro Health, LLC is the Plan Administrator of the Plan.

Contributions—Eligible employees may make voluntary "before tax" contributions to the Plan each year through periodic payroll deductions. Deferral contributions shall not exceed the annual dollar limit on deferral contributions, as allowed by law.

Safe Harbor Contributions and Discretionary Contributions—The Company contributes 3% of the eligible employees' salary to the Plan.

The Company may make a discretionary contribution to the Plan each year equal to a percentage of a participant's total compensation for the year, provided the participant works at least 1,000 hours during the plan year and is employed on the last day of the plan year. The amount of discretionary contribution, if any, is determined by the Company each year. During the years ended December 31, 2019 and 2018, the Company made contributions totaling approximately $4,765,000 and $3,090,866, respectively.

Benefit Payments and Forfeitures—Distributions of benefits from the Plan may commence upon the participant's death, normal retirement, or termination of employment, but in no event later than the year in which the participant attains age 70-1/2. Earlier distributions may be made upon the occurrence of certain events specified in the Plan's provisions. Participants with an account balance less than $1,000 may not leave monies in the Plan following termination of employment. If the vested balance in the Plan exceeds $1,000, the participant must consent to the distribution before it may be made.

Forfeitures are first used to cover the administrative expenses of the Plan and then to reduce Company contributions. There were no material forfeitures during the years ended December 31, 2019 and 2018.

Participant Accounts—Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if applicable, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants have a fully vested interest in their elective contributions to the Plan and all safe harbor contributions. Vesting in Company contributions, plus actual earnings thereon, is based upon years of service in accordance with the following:

Years of Service	Vested Percentage
Less than 2	- %
2	20
3	40
4	60
5	60
6	100

A participant automatically becomes 100% vested upon reaching normal retirement age, in the event of death, total and permanent disability, partial or full termination of the Plan or based on years of service at a prior employer as defined in the Plan document amendment.

Investment Options—Upon enrollment in the Plan, a participant may direct their contributions into any of several investment options. Participants may change their investment options at their discretion.

Transfers—Effective November 19, 2019, the trustees of the Plan approved the merger of the Gastroenterology of North-Central Alabama 401(k) Plan, for which Gastroenterology of North-Central Alabama was the participating employer, into the plan. As a result of the merger, Gastroenterology of North-Central Alabama 401(k) Plan participant balances were transferred out of the Gastroenterology of North-Central Alabama 401(k) Plan and into the Plan as of December 27, 2019. As of December 31, 2019, approximately $11,928,000 of participant balances have not been transferred to the Plan. The amounts not transferred as of December 31, 2019 were held in self-directed brokerage accounts. The Plan has recorded a receivable for these accounts in the 2019 statement of net assets available for benefit. The Plan anticipates the remaining accounts will be transferred in 2020.

Plan Amendment—During the 2019 plan year, the Plan was amended, in connection with certain acquisitions, permitting the employees of acquired entities to participant in the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Payment of Benefits—Benefits are recorded when paid.

Administrative Expenses—The Plan agreement allows for administrative expenses to be paid by either the Company or the Plan. For the years ended December 31, 2019 and 2018, all administrative expenses were paid by the Company. Audit fees are also paid by the Company.

Valuation of Investments and Income Recognition—The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Tax Status—The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated April 24, 2012, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Investment Management Fees and Operating Expenses—Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net (depreciation) appreciation in fair value of investments.

Use of Estimates—The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates, including those regarding fair value, and assumptions that affect the reported amounts of assets and disclosure of contingent liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates and those estimates may be material.

Pending New Accounting Pronouncements

In August 2018, the FASB issued ASU 2018-13, Fair Value Measurement (Topic 820)—Disclosure Framework—*Changes to the Disclosure Requirements for Fair Value Measurement*, which amends certain disclosure requirements of ASC 820, effective for fiscal years beginning after December 15, 2019 with early adoption permitted. Early adoption is only permitted for the eliminated or modified disclosure requirements. The ASU removed the requirement to disclose the amount of and reasons for transfers between level 1 and level 2 of the fair value hierarchy as well as the policy for timing of transfers between levels. The ASU also modified the disclosure for investments in certain entities that calculate NAV to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. It also clarified the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. The Plan is currently evaluating the impact of this ASU on its financial statements but does not expect the ASU to have a significant impact on the Plan's financial statements.

Subsequent Events—The Plan has evaluated subsequent events through November 27, 2020 which is the date the financial statements were available to be issued.

Subsequent to the date of the statement of net assets available for benefits, the World Health Organization declared the outbreak of COVID-19, a novel strain of Coronavirus, a pandemic. This contagious disease outbreak has continued to spread across the globe and is impacting worldwide economic activity and financial markets. The financial statements do not reflect any adjustments as a result of the subsequent increase in economic uncertainty. On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management is evaluating the impact of the CARES Act on the plan.

3. SUMMARY OF INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate.

	December 31, 2019		December 31, 2018	
Assets—investments, at fair value	$ 56,642,851	*	$ 26,393,129	*

	For the Year Ended December 31, 2019	
Additions to net assets attributed to investment income—net appreciation (depreciation) in fair value of investments	$ 6,411,063	**

* $362,662 and $725,135 of the Plan's assets (Self-directed brokerage account) as of December 31, 2019, respectively, were not certified by the Plan's custodian.

** $54,922 of the Plan's net appreciation of fair value of investments (Self-directed brokerage account) and $467,790 of the Plan's net appreciation of the receivables from Gastroenterology of North-Central Alabama 401(k) plan for the year ended December 31, 2019, were not certified by the Plan's custodian.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested and receive a distribution based on the then current value of net assets available for benefits.

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

6. TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are managed by the Plan's custodian; therefore; these transactions qualify as party-in-interest.

7. RECONCILIATION TO THE FORM 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019, is as follows:

	2019
Net assets available for benefits per the financial statements	$70,554,988
Deduct: Receivables from Gastroenterology of North-Central Alabama 401(k) plan	11,927,601
Net assets available for benefits per Form 5500	$58,627,387

For the year ended December 31, 2019, the following is a reconciliation of additions per the financial statements to the Form 5500:

	2019
Total additions per the financial statements	$44,519,314
Deduct transfers to plan	11,927,601
Total additions per the Form 5500	$32,591,713

8. FAIR VALUE MEASUREMENTS

The Financial Standards Accounting Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

- ***Level 1***—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- ***Level 2***—Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- ***Level 3***—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled Separate Investment Accounts—Pooled separate investment accounts are valued at the observable Net Asset Value ("NAV") of the underlying mutual funds as reported by John Hancock Life Insurance Company.

Self-Directed Brokerage Accounts—Self-directed brokerage accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

		Fair Value Measurements at Reporting Date Using:		
Description	**Fair Value December 31, 2019**	**Quoted Prices In Active Markets for Identical Assets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**
