Report on the Financial Statements

We have audited the accompanying financial statements of A.L. Gilbert Company Profit Sharing and Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of February 29, 2020 and February 28, 2019, the related statement of changes in net assets available for benefits for the year ended February 29, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of February 29, 2020 and February 28, 2019, and the changes in net assets available for benefits for the year ended February 29, 2020, in accordance with accounting principles generally accepted in the United States of America.

Other Matter - Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets Held at End of Year as of February 29, 2020 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

Note 1 Description of the Plan

The following description of the A. L. Gilbert Company Profit Sharing and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General The Plan is a participant-directed defined contribution plan covering all employees of A. L. Gilbert Company and Companies under its control (the Company) who have at least one year of service and are not covered by a collective bargaining agreement, unless the agreement provides for inclusion in the Plan. Employees can enter the Plan on March 1 or September 1 after they become eligible. Effective March 1, 2015, an amendment and restatement of the Plan was adopted to bring the Plan into compliance with legislative and regulatory requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. The Board of Directors of the Company are responsible for the oversight of the Plan.

Contributions The Company contributes to the plan an amount determined by the Board of Directors. Participants are neither required nor permitted to make contributions.

Participant Accounts Each participant's account is credited with an allocation of (a) the Company's contribution, (b) plan earnings, and (c) forfeitures of terminated employees' non-vested account balances remaining after any Plan expenses have been paid. Allocations are based on participant compensation or account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants The Plan does not allow participant notes receivable.

Payment of Benefits Upon death, disability, attaining 59½ years of age, normal retirement age, or termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. Payments made may be in a single lump-sum or partial withdrawals of at least $60.

Investment Options Upon enrollment in the Plan, a participant may direct contributions into numerous investment choices as made available from time to time. Participants may change their investment options through written request through the Company or via the internet.

Administrative Expenses Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Vesting A participant's vesting in their account is based on years of credited service. A participant becomes 100 percent vested after six years of credited service. A participant is 100 percent vested after reaching normal retirement age, or upon death or disability.

Forfeitures The portion of each participant account that is non-vested is forfeited when (a) a distribution of the vested portion of the account occurs, or (b) at the end of the Plan year during which the former participant incurs the fifth consecutive one-year service break after termination. The forfeited amounts held at February 29, 2020 and February 28, 2019 were $4,367 and $2,216, respectively. The Plan has elected to allocate these forfeitures to reduce administrative expenses.

Note 2 Summary of Accounting Policies

Basis of Accounting The financial statements are prepared on the accrual basis of accounting.

Investment Valuations and Income Recognition Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, or trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits The Plan records benefits when paid. Total vested benefits due to terminated and retired participants but not paid was $4,796,729 as of February 29, 2020.

Accounting for Uncertainty in Income Taxes Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Plan management has determined that as of February 29, 2020, there are no uncertain tax positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Recent Accounting Pronouncement In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through December 7, 2020, the date the financial statements were available to be issued.

Note 3 Transactions with Parties-in-Interest

Matrix Trust Company, the Plan's trustee, Digital Retirement Solutions, the Plan's third party administrator, Financial Network Investment Corp., the Plan's registered investment advisor, and Atherton & Associates, LLP, the Plan's auditor, are parties-in-interest according to Section 3(14) of ERISA.

Note 4 Income Tax Status

The Plan has adopted a pre-approved volume submitter profit sharing plan which has obtained a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 5 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Note 6 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' accounts and balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health; however, they are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the market during this time, Plan management is unable to estimate the total impact the pandemic will have.

Note 7 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Note 7 Fair Value Measurements (Continued)

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at February 29, 2020 and February 28, 2019. Following is a description of the valuation methodologies used for assets measured at fair value.

Money market fund: Determined using a market approach and is based upon unadjusted quoted prices for identical assets in active markets.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	February 29, 2020			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,222,232	$ -	$ -	$ 1,222,232
Mutual funds	27,530,201	-	-	27,530,201
Total assets in the fair value hierarchy	$28,752,433	$ -	$ -	$28,752,433

Note 7 Fair Value Measurements (Continued)

	February 28, 2019			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,243,723	$ -	$ -	$ 1,243,723
Mutual funds	26,941,556	-	-	26,941,556
Total assets in the fair value hierarchy	$28,185,279	$ -	$ -	$28,185,279

Note 8 Subsequent Events

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly and the Plan Sponsor is not able at this time to estimate its full impact on the Plan's financial statements.

The Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.
