## Note A. Description of the Plan

The following brief description of the PT1 Holdings, LLC 401(k) Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General*

The Plan is a defined contribution retirement plan covering substantially all employees of ProTransport-1, LLC, PRN Ambulance, ATS Medical Services, and Century Ambulance Service, Inc. (referred to as the "Company") who have attained the age of 18 and have completed three months of service. The Plan was formed January 1, 2009, most recently restated on January 1, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974. The Company is the Plan's Sponsor and serves as Plan Administrator. The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

*Contributions*

Each year, eligible participants may contribute both pre-tax and Roth elective deferrals, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company contributes 100% of the first 4% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain IRS limitations.

*Participant Accounts*

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions when made and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined and provided for in the Plan document. The benefit to which a participant is entitled is limited to the amount that can be provided from the participant's vested account balance. The investment direction for the account is provided by the participant.

*Vesting*

Participants are 100% vested in their elective deferrals and rollover contributions, plus actual earnings and losses thereon. Participants are 100% vested in the Company safe harbor match.

*Notes Receivable from Participants*

Participants may borrow from their fund accounts for a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 3.25% to 7.50%. Loan terms, unless for the purchase of a principal residence, are not to exceed five years. Participants are limited to one loan. Principal and interest are paid ratably through payroll deductions. Delinquent loans are treated as distributions based upon the terms of the plan document.

**Note A. Description of the Plan** (continued)

*Payment Paid to Participants*

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum payment in an amount equal to the value of the participant's vested portion of his or her account. In the event of termination of employment before retirement, a participant will be entitled to receive his or her vested account balance. If a terminated participant's vested account balance is greater than $5,000, such participant may leave his or her funds in the Plan. If the terminated participant's vested account balance is equal to or less than $5,000, the Company may elect to distribute the participant's funds without consent. A participant may elect a 401(k) hardship distribution prior to his or her separation from service in accordance with the hardship distribution policy.

If the termination is due to retirement and the participant has attained age 59 ½ (early retirement) or 65 (normal retirement) and is 100% vested in his or her account, the participant is entitled to all his or her account balance and may elect to receive all or any portion of the balance.

*Forfeitures*

At December 31, 2019 and 2018 forfeited non-vested accounts totaled $3,632 and $3,496 respectively. The Plan has elected to allocate forfeitures to first reduce the Company matching contribution and the remaining will be used to reduce plan administration fees.

**Note B. Summary of Significant Accounting Policies**

*Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

*Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

**Note B. Summary of Significant Accounting Policies** (continued)

*Investment Valuation and Revenue Recognition*

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Securities transactions are accounted for on the trade date (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the change in market value of all Plan investments (including investments bought and sold as well as those held during the year).

*Benefits Paid to Participants*

Benefit payments to participants are recorded when paid.

*Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included as a reduction of net appreciation in fair value of investments.

*Recent Accounting Pronouncements*

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

## Note C. Information Certified and Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Wells Fargo, N.A., (the "Trustee") furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

| Description | 2019 | 2018 |
|---|---|---|
| Mutual funds | $ 11,281,090 | $ 9,474,441 |
| Collective trust fund | 106,954 | 92,578 |
| Notes receivable from participants | 326,639 | 279,283 |

The Trustee certified the completeness and accuracy of $1,913,517 of net appreciation in the fair value of investments, $244,883 of dividend income, and $17,960 of interest income on notes receivable from participants related to the assets listed above for the year ended December 31, 2019.

## Note D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include:<br>• quoted prices for similar assets or liabilities in active markets;<br>• quoted prices for identical or similar assets or liabilities in inactive markets;<br>• inputs other than quoted prices that are observable for the asset or liability;<br>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br><br>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |

**Note D. Fair Value Measurements** (continued)

| | |
|---|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2019 and 2018.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective trust fund:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective or future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 11,281,090 | $ - | $ - | $ 11,281,090 |
| Collective trust fund | - | 106,954 | - | 106,954 |
| Total assets in the fair value hierarchy | $ 11,281,090 | $ 106,954 | $ - | $ 11,388,044 |

**Note D. Fair Value Measurements** (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 9,474,441 | $ - | $ - | $ 9,474,441 |
| Collective trust fund | - | 92,578 | - | 92,578 |
| Total assets in the fair value hierarchy | $ 9,474,441 | $ 92,578 | $ - | $ 9,567,019 |

**Note E. Party-In-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan Sponsor, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employer association, or relatives of such person. Wells Fargo Bank, the Plan's trustee and record-keeper, and Pisenti & Brinker LLP, the Plan's auditor are considered parties-in-interest according to Section 3(14) of ERISA**.**

**Note F. Plan Termination**

Although the Company has not expressed any intent, the Company has the right under the Plan to discontinue, amend or modify and terminate the Plan without any liability for such termination subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in any unvested portion of their accounts.

**Note G. Income Tax Status**

The plan adopted a pre-approved volume submitter profit sharing plan and has received an opinion letter from the Internal Revenue Service dated March 31, 2014 as to the pre-approved volume submitter profit sharing plan’s qualified status under IRC Section 401(a). The Plan has not received a determination letter for the Plan itself; however the Plan Administrator believes the Plan was designed and was operated in compliance with the application requirements of the IRC.

Accounting principles generally accepted in the United States requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Note H. Risks and Uncertainties

The Plan invests in several funds which hold various investment securities. Investment securities are exposed to interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note I. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

| | 2019 | 2018 |
|---|---|---|
| Net assets available for benefits per the financial statements | $ 11,737,923 | $ 9,875,537 |
| Employer contributions receivable | - | (29,235) |
| Net assets available for benefits as reported in Schedule H of Form 5500 | $ 11,737,923 | $ 9,846,302 |

| | 2019 |
|---|---|
| Net increase in net assets per the financial statements | $ 1,862,386 |
| Prior year employer contributions receivable | 29,235 |
| Net increase in assets available for benefits as reported in Schedule H of Form 5500 | $ 1,891,621 |

## Note J. Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through December 4, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 a pandemic. The COVID- 19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly and the Sponsors' are not able at this time to estimate its full impact on the Plan’s financial statements.

**Note J.** **Subsequent Events** (continued)

Effective April 6, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January l, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Effective May 1, 2020, the Plan was amended to eliminate the employer safe harbor matching contribution provisions and to permit discretionary regular employer matching contributions to the Plan. Regular matching contributions shall be immediately vested.

## Note A. Description of the Plan

The following brief description of the PT1 Holdings, LLC 401(k) Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General*

The Plan is a defined contribution retirement plan covering substantially all employees of ProTransport-1, LLC, PRN Ambulance, ATS Medical Services, and Century Ambulance Service, Inc. (referred to as the "Company") who have attained the age of 18 and have completed three months of service. The Plan was formed January 1, 2009, most recently restated on January 1, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA") of 1974. The Company is the Plan's Sponsor and serves as Plan Administrator. The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

*Contributions*

Each year, eligible participants may contribute both pre-tax and Roth elective deferrals, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company contributes 100% of the first 4% of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of the Company. Contributions are subject to certain IRS limitations.

*Participant Accounts*

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions when made and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined and provided for in the Plan document. The benefit to which a participant is entitled is limited to the amount that can be provided from the participant's vested account balance. The investment direction for the account is provided by the participant.

*Vesting*

Participants are 100% vested in their elective deferrals and rollover contributions, plus actual earnings and losses thereon. Participants are 100% vested in the Company safe harbor match.

*Notes Receivable from Participants*

Participants may borrow from their fund accounts for a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 3.25% to 7.50%. Loan terms, unless for the purchase of a principal residence, are not to exceed five years. Participants are limited to one loan. Principal and interest are paid ratably through payroll deductions. Delinquent loans are treated as distributions based upon the terms of the plan document.

**Note A. Description of the Plan** (continued)

*Payment Paid to Participants*

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum payment in an amount equal to the value of the participant's vested portion of his or her account. In the event of termination of employment before retirement, a participant will be entitled to receive his or her vested account balance. If a terminated participant's vested account balance is greater than $5,000, such participant may leave his or her funds in the Plan. If the terminated participant's vested account balance is equal to or less than $5,000, the Company may elect to distribute the participant's funds without consent. A participant may elect a 401(k) hardship distribution prior to his or her separation from service in accordance with the hardship distribution policy.

If the termination is due to retirement and the participant has attained age 59 ½ (early retirement) or 65 (normal retirement) and is 100% vested in his or her account, the participant is entitled to all his or her account balance and may elect to receive all or any portion of the balance.

*Forfeitures*

At December 31, 2019 and 2018 forfeited non-vested accounts totaled $3,632 and $3,496 respectively. The Plan has elected to allocate forfeitures to first reduce the Company matching contribution and the remaining will be used to reduce plan administration fees.

**Note B. Summary of Significant Accounting Policies**

*Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

*Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

**Note B. Summary of Significant Accounting Policies** (continued)

*Investment Valuation and Revenue Recognition*

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Securities transactions are accounted for on the trade date (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the change in market value of all Plan investments (including investments bought and sold as well as those held during the year).

*Benefits Paid to Participants*

Benefit payments to participants are recorded when paid.

*Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included as a reduction of net appreciation in fair value of investments.

*Recent Accounting Pronouncements*

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

## Note C. Information Certified and Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Wells Fargo, N.A., (the "Trustee") furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

| Description | 2019 | 2018 |
|---|---|---|
| Mutual funds | $ 11,281,090 | $ 9,474,441 |
| Collective trust fund | 106,954 | 92,578 |
| Notes receivable from participants | 326,639 | 279,283 |

The Trustee certified the completeness and accuracy of $1,913,517 of net appreciation in the fair value of investments, $244,883 of dividend income, and $17,960 of interest income on notes receivable from participants related to the assets listed above for the year ended December 31, 2019.

## Note D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include:<br>• quoted prices for similar assets or liabilities in active markets;<br>• quoted prices for identical or similar assets or liabilities in inactive markets;<br>• inputs other than quoted prices that are observable for the asset or liability;<br>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br><br>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |

**Note D. Fair Value Measurements** (continued)

| | |
|---|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2019 and 2018.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective trust fund:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective or future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 11,281,090 | $ - | $ - | $ 11,281,090 |
| Collective trust fund | - | 106,954 | - | 106,954 |
| Total assets in the fair value hierarchy | $ 11,281,090 | $ 106,954 | $ - | $ 11,388,044 |

**Note D. Fair Value Measurements** (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 9,474,441 | $ - | $ - | $ 9,474,441 |
| Collective trust fund | - | 92,578 | - | 92,578 |
| Total assets in the fair value hierarchy | $ 9,474,441 | $ 92,578 | $ - | $ 9,567,019 |

**Note E. Party-In-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan Sponsor, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employer association, or relatives of such person. Wells Fargo Bank, the Plan's trustee and record-keeper, and Pisenti & Brinker LLP, the Plan's auditor are considered parties-in-interest according to Section 3(14) of ERISA**.**

**Note F. Plan Termination**

Although the Company has not expressed any intent, the Company has the right under the Plan to discontinue, amend or modify and terminate the Plan without any liability for such termination subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in any unvested portion of their accounts.

**Note G. Income Tax Status**

The plan adopted a pre-approved volume submitter profit sharing plan and has received an opinion letter from the Internal Revenue Service dated March 31, 2014 as to the pre-approved volume submitter profit sharing plan’s qualified status under IRC Section 401(a). The Plan has not received a determination letter for the Plan itself; however the Plan Administrator believes the Plan was designed and was operated in compliance with the application requirements of the IRC.

Accounting principles generally accepted in the United States requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Note H. Risks and Uncertainties

The Plan invests in several funds which hold various investment securities. Investment securities are exposed to interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note I. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

| | 2019 | 2018 |
|---|---|---|
| Net assets available for benefits per the financial statements | $ 11,737,923 | $ 9,875,537 |
| Employer contributions receivable | - | (29,235) |
| Net assets available for benefits as reported in Schedule H of Form 5500 | $ 11,737,923 | $ 9,846,302 |

| | 2019 |
|---|---|
| Net increase in net assets per the financial statements | $ 1,862,386 |
| Prior year employer contributions receivable | 29,235 |
| Net increase in assets available for benefits as reported in Schedule H of Form 5500 | $ 1,891,621 |

## Note J. Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through December 4, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 a pandemic. The COVID- 19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly and the Sponsors' are not able at this time to estimate its full impact on the Plan’s financial statements.

**Note J.** **Subsequent Events** (continued)

Effective April 6, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January l, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Effective May 1, 2020, the Plan was amended to eliminate the employer safe harbor matching contribution provisions and to permit discretionary regular employer matching contributions to the Plan. Regular matching contributions shall be immediately vested.

In the event of termination of employment before retirement, a participant will be entitled to receive his or her vested account balance. If a terminated participant's vested account balance is greater than $5,000, such participant may leave his or her funds in the Plan. If the terminated participant's vested account balance is equal to or less than $5,000, the Company may elect to distribute the participant's funds without consent. A participant may elect a 401(k) hardship distribution prior to his or her separation from service in accordance with the hardship distribution policy.

If the termination is due to retirement and the participant has attained age 59 ½ (early retirement) or 65 (normal retirement) and is 100% vested in his or her account, the participant is entitled to all his or her account balance and may elect to receive all or any portion of the balance.

*Forfeitures*

At December 31, 2019 and 2018 forfeited non-vested accounts totaled $3,632 and $3,496 respectively. The Plan has elected to allocate forfeitures to first reduce the Company matching contribution and the remaining will be used to reduce plan administration fees.

**Note B. Summary of Significant Accounting Policies**

*Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

*Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

*Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

**Note B. Summary of Significant Accounting Policies** (continued)

*Investment Valuation and Revenue Recognition*

The Plan's investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a discussion of fair value measurements.

Securities transactions are accounted for on the trade date (the date the order to buy or sell is executed). Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the change in market value of all Plan investments (including investments bought and sold as well as those held during the year).

*Benefits Paid to Participants*

Benefit payments to participants are recorded when paid.

*Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included as a reduction of net appreciation in fair value of investments.

*Recent Accounting Pronouncements*

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

## Note C. Information Certified and Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Wells Fargo, N.A., (the "Trustee") furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

| Description | 2019 | 2018 |
|---|---|---|
| Mutual funds | $ 11,281,090 | $ 9,474,441 |
| Collective trust fund | 106,954 | 92,578 |
| Notes receivable from participants | 326,639 | 279,283 |

The Trustee certified the completeness and accuracy of $1,913,517 of net appreciation in the fair value of investments, $244,883 of dividend income, and $17,960 of interest income on notes receivable from participants related to the assets listed above for the year ended December 31, 2019.

## Note D. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include:<br>• quoted prices for similar assets or liabilities in active markets;<br>• quoted prices for identical or similar assets or liabilities in inactive markets;<br>• inputs other than quoted prices that are observable for the asset or liability;<br>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br><br>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |

**Note D. Fair Value Measurements** (continued)

| | |
|---|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2019 and 2018.

Following is a description of the valuation methodologies used for assets measured at fair value.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective trust fund:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective or future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 11,281,090 | $ - | $ - | $ 11,281,090 |
| Collective trust fund | - | 106,954 | - | 106,954 |
| Total assets in the fair value hierarchy | $ 11,281,090 | $ 106,954 | $ - | $ 11,388,044 |

**Note D. Fair Value Measurements** (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Mutual funds | $ 9,474,441 | $ - | $ - | $ 9,474,441 |
| Collective trust fund | - | 92,578 | - | 92,578 |
| Total assets in the fair value hierarchy | $ 9,474,441 | $ 92,578 | $ - | $ 9,567,019 |

**Note E. Party-In-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan Sponsor, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employer association, or relatives of such person. Wells Fargo Bank, the Plan's trustee and record-keeper, and Pisenti & Brinker LLP, the Plan's auditor are considered parties-in-interest according to Section 3(14) of ERISA**.**

**Note F. Plan Termination**

Although the Company has not expressed any intent, the Company has the right under the Plan to discontinue, amend or modify and terminate the Plan without any liability for such termination subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in any unvested portion of their accounts.

**Note G. Income Tax Status**

The plan adopted a pre-approved volume submitter profit sharing plan and has received an opinion letter from the Internal Revenue Service dated March 31, 2014 as to the pre-approved volume submitter profit sharing plan’s qualified status under IRC Section 401(a). The Plan has not received a determination letter for the Plan itself; however the Plan Administrator believes the Plan was designed and was operated in compliance with the application requirements of the IRC.

Accounting principles generally accepted in the United States requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## Note H. Risks and Uncertainties

The Plan invests in several funds which hold various investment securities. Investment securities are exposed to interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note I. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

| | 2019 | 2018 |
|---|---|---|
| Net assets available for benefits per the financial statements | $ 11,737,923 | $ 9,875,537 |
| Employer contributions receivable | - | (29,235) |
| Net assets available for benefits as reported in Schedule H of Form 5500 | $ 11,737,923 | $ 9,846,302 |

| | 2019 |
|---|---|
| Net increase in net assets per the financial statements | $ 1,862,386 |
| Prior year employer contributions receivable | 29,235 |
| Net increase in assets available for benefits as reported in Schedule H of Form 5500 | $ 1,891,621 |

## Note J. Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through December 4, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19 a pandemic. The COVID- 19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. The impact of COVID-19 continues to evolve rapidly and the Sponsors' are not able at this time to estimate its full impact on the Plan’s financial statements.

**Note J.** **Subsequent Events** (continued)

Effective April 6, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January l, 2020 and before December 31, 2020. In addition, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Effective May 1, 2020, the Plan was amended to eliminate the employer safe harbor matching contribution provisions and to permit discretionary regular employer matching contributions to the Plan. Regular matching contributions shall be immediately vested.
