BURDICK PAINTING 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 - Description of plan

General

Effective January 1, 1993, Burdick Painting, Inc. (the "Company", “Plan Administrator”, and "Plan Sponsor") has adopted a prototype non-standardized profit sharing 401(k) plan (the "Plan") covering all eligible employees of the Company who have completed six months of service.

Effective October 15, 2019, the Plan was amended and restated when the Company transferred Plan assets to a new trustee and custodian. The Plan’s recordkeeping function was transferred to a new third-party administrator. The provisions of the Disaster Tax Relief and Airport and Airway Extension Act of 2017 (“Disaster Relief Act”), the Tax Cuts and Jobs Act of 2017 (“TCJA”), and the Bipartisan Budget Act of 2018 (“BBA”) were included in the restated Plan Document. The Plan also changed its name to Burdick Painting 401(k) Retirement Plan. Plan assets transferred to the new custodian were rolled into funds comparable to those offered by the former custodian.

In April 2020, provisions of the Coronavirus Aid, Relief, and Economic Security (CARES) Act related to loans and distributions were made available to plan participants.

The following description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions and the adopting employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Company appointed the President and Controller as limited trustees to manage the operations and administration of the Plan for the year ended December 31, 2018 and for the period January 1, 2019 through October 14, 2019. The Company contracted with Paychex, Inc. (“Paychex”), as the third-party administrator responsible for processing Plan transactions, maintaining the records of participant data, and monitoring compliance with governmental regulatory requirements for the year ended December 31, 2018 and for the period January 1, 2019 through October 14, 2019. The Company contracted with Mid Atlantic Trust Company (“Mid Atlantic”) to act as the Plan trustee and custodian as of December 31, 2018 and for the period January 1, 2019 through October 14, 2019.

Effective October 15, 2019, the Company contracted with Principal Life Insurance Company (“Principal”) to act as the trustee, custodian, and third-party administrator of the Plan. The Controller continues to manage the operations and administration of the Plan.

Contributions

Each year, participants may elect to defer up to 100% of their annual gross compensation as defined in the Plan Document. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan Document also permits Roth 401(k) contributions into the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments in mutual funds, pooled separate accounts, common/collective trust funds, and a self-directed brokerage account to its participants. The Company is allowed to make discretionary matching and profit sharing contributions as defined in the Plan Document. There were no employer discretionary matching or profit sharing contributions for the years ended December 31, 2019 and 2018. All contributions are subject to certain IRS limitations.

Note 1 - Description of plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions, Plan Sponsor discretionary matching and profit sharing contributions, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the employer discretionary matching and profit sharing contribution portion of their accounts is based on years of continuous service using a six-year graded vesting schedule. Employees become 100% vested in the employer portion of their accounts when they reach retirement age, die, or become disabled while employed with the Company, as defined in the Plan Document.

Notes receivable from participants

Effective October 15, 2019, participants may borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. For loans qualifying under the Disaster Relief Act, TCJA, BBA, and CARES Act, the dollar limit may be increased to $100,000 or 100% of the participant's account balance. Loan terms range up to five years or may exceed five years for the purchase of a primary residence. A participant may have two outstanding loans. The loans are secured by the balance in the participant's account and bear an interest rate commensurate with the rates available for similar loans from commercial lending institutions, which remains fixed during the entire period of the note. The interest rates for outstanding loans ranged from 4.50% to 6.50% as of December 31, 2019. Principal and interest are paid ratably through weekly payroll deductions.

For the year ended December 31, 2018 and for the period from January 1, 2019 through October 14, 2019, participants could borrow from their fund accounts a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 95% of one-half the vested account balance. Loan terms ranged up to five years or could not exceed 30 years for the purchase of a primary residence. A participant could only have one loan outstanding during that time. The loans were secured by the balance in the participant's account and bear interest at prime plus 1%.

Payment of benefits

Upon reaching the age of 59½ and at the discretion of the participant or upon termination of service due to death, disability, or retirement, a participant or the designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Upon termination, if the participant's or beneficiary's vested account balance is $5,000 or less, the Plan allows the trustee to distribute the vested account balance to an Individual Retirement Account ("IRA") for the participant's benefit. Vested balances of $1,000 or less will be distributed as a lump-sum amount without the participant's consent.

Note 1 - Description of plan (continued)

Forfeited accounts

Forfeited non-vested employer discretionary matching and profit sharing contribution accounts can be used to reduce employer contributions. At December 31, 2019 and 2018, the amount of forfeited non-vested accounts was insignificant to the financial statements.

Note 2 - Summary of accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates. Significant estimates used in preparing these financial statements include the fair value of investments in mutual funds, pooled separate accounts, common/collective trust funds, self-directed brokerage accounts, and management's estimate of the allowance for losses on notes receivable from participants.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determine the Plan's valuation policies utilizing information provided by the investment advisor and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Document.

Payment of benefits

Benefits are recorded when paid.

Note 2 - Summary of accounting policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees paid to the investment managers and recordkeeper for investment management, advisory services and administration of participants' accounts are charged against participant accounts pro-rata based on individual account balances and are reflected in administrative expenses of $14,743 and $14,727, respectively, for the years ended December 31, 2019 and 2018. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events

In preparing its financial statements, the Plan has evaluated subsequent events through December 2, 2020, which is the date the financial statements were available to be issued.

Note 3 - Certified investments

Investment information disclosed in the accompanying financial statements and supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions, including investments held and notes receivable from participants at December 31, 2019 and 2018, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic and Principal in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investments held in self-directed brokerage accounts at Fidelity Investment, Inc. ("Fidelity") in the amount of $442,368 and $80,932, for the years ended December 31, 2019 and 2018, respectively, were not certified.

Note 4 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. The Plan's investments in mutual funds and self-directed brokerage accounts are valued at quoted prices in active exchanges. Self-directed brokerage accounts consist of mutual funds and common stock that are valued on the basis of readily determinable market prices.

Note 4 - Fair value measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

No assets were noted at Levels 2 and 3 as of December 31, 2019 and 2018. There have been no changes in the methodologies used at December 31, 2019 and 2018.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds and total assets in the fair value hierarchy	$ 7,324	$ -	$ -	$ 7,324
Pooled separate accounts measured at net asset value*	-	-	-	5,592
Common/collective trust funds measured at net asset value*	-	-	-	2,009,050
Self-directed brokerage account	442,368	-	-	442,368
Investments at fair value	$ 449,692	$ -	$ -	$ 2,464,334

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,750,873	$ -	$ -	$ 1,750,873
Money market funds	59,579	-	-	59,579
Self-directed brokerage account	80,932	-	-	80,932
Total investments at fair value	$ 1,891,384	$ -	$ -	$ 1,891,384

* In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Note 4 - Fair value measurements (continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2019 and 2018:

Investments	Fair Value as of December 31, 2019	Fair Value as of December 31, 2018	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/collective trust funds	$ 2,009,050	$ -	n/a	Daily	None
Pooled separate accounts	$ 5,592	$ -	n/a	Daily	30 days

The Plan's investments in pooled separate accounts and common/collective trust funds are valued at the Net Asset Value ("NAV") of units held. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. The underlying securities are comprised of stocks, mutual funds, and a variety of separate accounts, several of which have observable Level 1 inputs.

Note 5 - Rollover contributions

There were no rollover contributions for the years ended December 31, 2019 and 2018.

Note 6 - Related party transactions and party-in-interest transactions

The Plan Sponsor contracted with Paychex, a third-party administrator, who processed and maintained the records of participant data and monitors compliance with governmental regulatory requirements for the year ended December 31, 2018 and the period from January 1, 2019 through October 14, 2019. The Plan Sponsor contracted with Mid Atlantic as the trustee and custodian of certain Plan investments for the year ended December 31, 2018 and the period from January 1, 2019 through October 14, 2019.

Effective October 15, 2019, the Plan Sponsor contracted with Principal as the third-party administrator, trustee and custodian of Plan investments. The Plan Sponsor also contracted with an independent investment advisor to monitor investment performance for the years ended December 31, 2019 and 2018. Refer to **Note 2 - Expenses** for expenses of the Plan paid by the Plan Sponsor and the Plan participants to the party-in-interest. All these transactions are considered party-in-interest transactions under ERISA regulations but are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Fidelity is the custodian for the investments held in a self-directed brokerage account for the years ended December 31, 2019 and 2018.

Note 7 - Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 8 - Tax status

The Internal Revenue Service has informed Principal by letter dated March 31, 2014 that the prototype non-standardized Plan adopted by the Plan Sponsor is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended and restated since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. They believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date and through the date of issuance of the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position not likely to be sustained upon examination by taxing authorities and government agencies. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits in progress for any tax periods.

Note 9 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note 10 - Reconciliation of the financial statements to Form 5500

There were no reconciling differences between net assets available for benefits per the financial statements and the Form 5500, for the year ended December 31, 2018. However, there was a difference in the changes in net assets available for benefits per the financial statements with respect to participants' contributions for the year ended December 31, 2018, as noted below:

Participants' contributions per the financial statements	$ 304,974
Contributions receivable for current year, received subsequent to year-end	3,856
Total participant contributions per Form 5500	$ 308,830

Note 11 - Prohibited transaction

During 2019, the Company failed to remit participant contributions to the Plan in a timely manner. The Company identified three instances for a total of $2,462 in which the loan repayments were remitted to the Plan late in violation of Department of Labor (DOL) regulations. The Company entered into the DOL Voluntary Fiduciary Correction Program (VFCP) and reimbursed the Plan for lost investment earnings in November 2020.

Note 12 - Subsequent events

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. As noted in the risk and uncertainties note, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The impact to the Plan of the COVID-19 pandemic during 2020 may result in significant reductions in values to many investments of the Plan. The long-term impact of the effects of the COVID-19 pandemic to the Plan and Plan sponsor as well as any relief from regulatory authorities are currently not known and therefore, the extent of the impact of the COVID-19 pandemic on the Plan's participant account balances and the net assets available for benefits cannot be reasonably estimated at this time.
