NOTES TO FINANCIAL STATEMENTS

NOTE 1—PLAN DESCRIPTION

The following description of the National Material L.P. ("Company") Deferred Compensation Plan 401(k) ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General - The Plan is a defined contribution plan covering substantially all employees who are at least 20½ years old, except those covered by a collective bargaining agreement. Eligible employees may become Plan members immediately upon attaining eligibility. The Plan includes an income deferral option which qualifies under Section 401(k) of the Internal Revenue Code. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA).

2. Contributions - Participants may choose to contribute by payroll deduction any percentage of their compensation, to a maximum of $19,000 for 2019 and $18,500 for 2018. Participants over the age of 50 may elect to contribute additional funds up to the annual "catch-up" contribution limit of $6,000 for 2019 and 2018.

   Effective January 1, 2019, the Plan no longer has an automatic enrollment feature. Previously, unless a participant elected not to participate, or elected a different deferral rate, new participants were automatically enrolled with an initial deferral rate of 3% of their compensation.

   Effective January 1, 2019, the Company determines in its sole discretion how much, if any, it will make as a matching contribution. For the year ended December 31, 2019, the Company elected to make a matching contribution of 50% of the participant's deferrals, not to exceed 2% of salary to all participating employers, with the exception of Genway Biotech, Inc., Aviva Systems, LLC, and Tower Metal Products. The Company match for those participating employers are determined under the previous plan provision of 50% of the first $1,000 of a participant's salary deferrals for the year, up to a maximum of $500.

   The Company may also elect to make a discretionary profit-sharing contribution. There were no discretionary employer contributions for 2019 or 2018.

3. Participant Accounts - Each participant's account is credited with the participant's contribution and allocation of the Company's contributions and plan earnings. Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers fourteen mutual funds and one investment contract as investment options.

4. Vesting – Effective January 1, 2019, participants are no longer 100% vested in the Company's matching contributions or Company's profit sharing contributions. The vesting will follow a three-year graded scale. Participants are still 100% vested in their voluntary contributions and rollover contributions.

5. Payment of Benefits - On termination of service due to death, disability, or retirement, a participant may elect to have their vested benefits paid in a lump sum or through a life annuity. For termination of service due to other reasons, a participant will receive their vested benefits in a lump sum distribution.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are held by Massachusetts Mutual Life Insurance Company (Mass Mutual). All funds are valued at quoted market values as of December 31, 2019 and 2018, except for the Mass Mutual Fixed Interest Account (SAGIC).

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines its valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. See Note 4 for discussion of investments valued at contract value.

Purchases and sales of securities are reflected on a trade-date basis. Realized gains and losses on the sale of securities are computed on a specific identification basis.

Dividend and interest income are recognized when received. Net appreciation (depreciation) on investments held represents the change in market value of the investments from the beginning of the Plan year (or date the investments were purchased, if later) to the end of the Plan year.

PARTICIPANT NOTES RECEIVABLE

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

BENEFITS

Benefit payments to participants are recorded when paid.

NOTE 3—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

Level 2 Fair Value Measurements are not applicable to the Plan for 2019 and 2018.

Level 3 Fair Value Measurements

Level 3 Fair Value Measurements are not applicable to the Plan for 2019 and 2018.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

NOTE 3—FAIR VALUE MEASUREMENTS (Continued)

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 32,553,666	$ —	$ —	$ 32,553,666
Investments Measured at Net Asset Value	—	—	—	3,186,007
Investments at Fair Value	$ 32,553,666	$ —	$ —	$ 35,739,673

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 30,539,053	$ —	$ —	$ 30,539,053

In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The common/collective trust funds are valued at the net asset value ("NAV") of units of the common/collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair values. Units of the common/collective trusts funds are valued by the asset custodian at the daily NAV, which represents the cumulative market values of the common/collective trust fund's underlying investments less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There are no unfunded commitments or any restrictions on the participant's ability to redeem investments. However, withdrawals prompted by certain events (e.g. termination of the managed income portfolio, changes in laws and regulations) may restrict a participant's ability to redeem the investment at its NAV. The common/collective trust funds seek to provide a total return for investors retiring approximately at or near the year indicated by the fund.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2019 and 2018 are reported in net appreciation (depreciation) in fair value of investments.

NOTE 4—INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Mass Mutual Fixed Interest Account is a fully-benefit responsive contract. SAGIC is a market value separate account investment option with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Under the terms of the SAGIC group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SAGIC investment option at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate were 3.59% at December 31, 2019 and 3.42% at December 31, 2018.

Certain events may limit the ability of the Plan to transact at Contract Value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. Consult the plan's group annuity contract for further information.

NOTE 5—PARTICIPANT NOTES RECEIVABLE

Participants may borrow up to 50% of their vested equity balance, with a minimum loan amount of $1,000 and a maximum of $50,000. Repayments of principal and interest are made in equal installments over the specified loan period through regular payroll deductions. Loan terms range from 1-5 years except loans for the purchase of a primary residence, which may be up to 30 years. Loans are secured by the balance in the participant's account. The interest rate charged is 1% over the existing prime rate at the time the loan is issued and is fixed over the life of the loan.

NOTE 6—INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, Reliance Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2019 and 2018 are complete and accurate.

a. Investments, as shown in the accompanying statements of net assets available for benefits.

b. Investment income as shown in the accompanying statements of changes in net assets available for benefits.

c. The schedule of assets (held at end of year), as shown on Schedule H, Line 4(i).

Plus: Employer Contribution Receivable, Beginning of Year	154,418

Contributions are recorded in the financial statements as they are paid by the employees through payroll deductions, and are recorded on Form 5500 as they are received by Mass Mutual.

NOTE 8—PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9—TAX STATUS

The Plan, through its adoption of a Massachusetts Mutual Life Insurance Company Prototype Non-Standardized Profit Sharing Plan with CODA, has obtained an opinion letter issued to Massachusetts Mutual Life Insurance Company from the Internal Revenue Service dated March 31, 2014 stating that the prototype plan is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and that any employer adopting this plan will be considered to have a qualified plan under the IRC. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan presently meets the requirements of Section 401(a) of the Internal Revenue Code and, accordingly, its income is exempt from federal income taxes under Section 501(a). A similar status exists for Illinois income taxes.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10—RELATED PARTY TRANSACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. In addition, the majority of expenses of the Plan are paid by the Company, except loan fees which are paid by the borrowing participants.

The Plan's investments are managed by Mass Mutual and as a result, Mass Mutual is considered a party-in-interest. The Plan paid certain asset based and transaction fees to Mass Mutual in the amount of $46,601 for 2019 and $34,008 for 2018.

Certain Plan investments are shares of mutual funds that were managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, are considered a party-in-interest.

NOTE 11—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 12—TRANSFER OF NET ASSETS TO PLAN

In 2019, the Plan did not have any net assets transfer into the Plan or net assets transfer out of the Plan.

In 2018, the Plan did not have any net assets transfer into the Plan. The Plan transferred out net assets of Cannonball HNP, LLC in the amount of $676,180.

NOTE 13—SUBSEQUENT EVENTS

As a result of COVID-19, economic uncertainties have arisen which have resulted in significant volatility in the investment markets. The duration of these uncertainties and the ultimate financial effect cannot be reasonably estimated at this time by Management.

Management has evaluated subsequent events through October 7, 2020, the date which the financial statements were available for issue. Other than noted in the preceding paragraph, there were no subsequent events which require disclosure.
