INDEPENDENT AUDITORS' REPORT

To the Investment Committee
Duro Hilex Poly, LLC National Hourly Employees Pension Plan
Hartsville, South Carolina

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Duro Hilex Poly, LLC National Hourly Employees Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of February 29, 2020 and February 28, 2019, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank & Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended February 29, 2020 and February 28, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2020 AND FEBRUARY 28, 2019

1. Description of Plan:

The following description of the Duro Hilex Poly, LLC National Hourly Employees Pension Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan is a defined benefit pension plan sponsored by Duro Hilex Poly, LLC (the "Plan Sponsor") covering certain union and hourly employees not covered under a separate pension plan. State Street Bank & Trust Company serves as the trustee of the Plan (the "trustee"). Transamerica Retirement Solutions is the Plan's actuary (the "Actuary"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Duro Bag Manufacturing Company Northern Kentucky Hourly Employees Pension Plan was amended on October 28, 2005 to effectively "freeze" the Plan on October 15, 2005, at which time all participants under the Plan ceased to accrue additional benefits from that point forward. Additionally, effective the date of the freeze, the Plan does not permit new entrants.

The Duro Bag Manufacturing Company Hourly Employees Pension Plan was amended on June 4, 2003 to effectively "freeze" the Plan effective August 31, 2003, at which time all participants under the Plan ceased to accrue additional benefits from that point forward. Additionally, effective the date of the freeze, the Plan does not permit new entrants.

The Duro Bag Manufacturing Company Richmond, Virginia Hourly Employees Pension Plan was amended on April 2, 2004 to effectively "freeze" the Plan effective May 1, 2004, at which time all participants under the Plan ceased to accrue additional benefits from that point forward. Additionally, effective the date of the freeze, the Plan does not permit new entrants.

The Duro Bag Manufacturing Company New Jersey Hourly Employees Pension Plan was amended on December 16, 2005 to effectively "freeze" the Plan effective January 31, 2006, at which time all participants under the Plan ceased to accrue additional benefits from that point forward. Additionally, effective the date of the freeze, the Plan does not permit new entrants.

Effective February 28, 2009, the Duro Bag Manufacturing Company Hourly Employees Pension Plan, Duro Bag Manufacturing Company Richmond, Virginia Hourly Employees Pension Plan, and Duro Bag Manufacturing Company New Jersey Hourly Employees Pension Plan were merged into the Plan. Concurrent with this merger, the Plan name changed from Duro Bag Manufacturing Company Northern Kentucky Hourly Employees Pension Plan to the Duro Bag Manufacturing Company National Hourly Employees Pension Plan.

As a result of an asset purchase agreement involving the Plan Sponsor, on June 11, 2014, the Plan Sponsor was changed to Duro Hilex Poly, LLC (previously Duro Bag Manufacturing Company) and the Plan changed its name to Duro Hilex Poly, LLC National Hourly Employees Pension Plan (previously Duro Bag Manufacturing Company National Hourly Employees Pension Plan).

YEARS ENDED FEBRUARY 29, 2020 AND FEBRUARY 28, 2019

1. Description of Plan (continued):

Pension Benefits

Benefits are received at normal retirement age or, if elected, at early retirement. Employee participants may elect early retirement beginning at age 55 after a completion of ten years of credited service. Benefits under the Plan are based on years of credited service multiplied by a unit multiplier stated in the various union contracts. A vested participant who terminated for any reason other than retirement, disability, or death is entitled to the monthly vested termination benefit beginning on the normal retirement date in the amount of their accrued benefit. Participants may elect to receive their distributions, subject to certain Plan provisions, in the form of an annuity or in a lump-sum payment. If the participant's accrued benefit is less than \$5,000, the participant is paid a lump-sum payment as soon as practical after the termination date.

Generally, payment of benefits will be in the form of a single life annuity for unmarried participants and a joint and survivor annuity for married participants, unless the employee, with spousal consent, elects another form of benefit permitted by the Plan. Other optional forms of pension benefits are available at the participant's choice.

Death and Disability Benefits

If an active employee dies, a death benefit equal to 50% of the value of the employee's accumulated pension benefit is paid to the employee's spouse. To be eligible for a disability benefit, employees must have 10 years of service and be fully disabled under the Federal Social Security Act on or before the respective freeze dates as previously discussed. Active employees who become totally disabled receive annual disability benefits that are equal to the normal retirement benefit actuarially reduced for commencement prior to the normal retirement date.

2. Summary of Significant Accounting Policies:

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates. The Plan's significant estimate is the actuarial present value of accumulated Plan benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisors, trustees, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2020 AND FEBRUARY 28, 2019

2. Summary of Significant Accounting Policies (continued):

Benefits Paid Directly to Participants

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the plan document. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Recently Issued Accounting Standards

In July 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-09, *Codification Improvements*. The FASB issued ASU 2018-09 to clarify, correct errors in, and make improvements to the Codification. The amendments make the Codification easier to understand and easier to apply by eliminating inconsistencies and providing clarifications. Amendments to this update remove the paragraph related to the stable value common collective trust fund to avoid the interpretation that such an investment would never have a readily determinable fair value and, therefore, would always use the net asset value per share practical expedient. Rather, a plan should evaluate whether a readily determinable fair value exists to determine whether those investments may qualify for the practical expedient to measure at net asset value in accordance with FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements*. The amendments in this ASU are effective for annual periods beginning after December 15, 2019. At this time, management is evaluating the potential impact of the amendments of ASU 2018-09 in the Plan's financial statements.

In August 2018, the FASB issued ASU No. 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement ("ASC 820")*. ASU 2018-13 amends the disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying, and adding certain disclosures. The FASB issued ASU 2018-13 to improve the effectiveness of disclosures about fair value measurements required under ASC 820 in the notes to the financial statements. The plan's policy for the timing of transfers between levels of the fair value hierarchy and the plan's valuation processes for Level 3 fair value measurements have been removed. In addition, plans that use the practical expedient to measure the fair value of certain investments at their net asset values are required to disclose (1) the timing of liquidation of an investee's assets and (2) the date when redemption restrictions will lapse, but only if the investee has communicated this information to the plan or announced it publicly. Plans are also required to disclose transfers into and out of Level 3 of the fair value hierarchy, and purchases and issuances of Level 3 assets and liabilities. They are no longer required to reconcile the opening balances to the closing balances of recurring Level 3 fair value measurements. The ASU also eliminates the requirement to disclose changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements. The amendments in this ASU are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted. At this time, management is evaluating the potential impact of the amendments of ASU 2018-13 in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED FEBRUARY 29, 2020 AND FEBRUARY 28, 2019

3. Funding Policy:

Contributions to provide benefits under the Plan are made solely by the Plan Sponsor. The Plan Sponsor's funding policy is to make cash contributions to the Plan in amounts computed by the Plan's Actuary using the unit credit actuarial cost method. Under this method, both the service cost and projected benefit obligation are based on the annual accrual of benefits as accruals occur each year. This method and the actuarial assumptions referred to in Note 6 have been designed to provide sufficient funds to pay benefits as they become payable under the Plan. The Plan Sponsor met minimum funding requirements of ERISA in 2020 and 2019, as advised by the Plan's Actuary. During the years ended February 29, 2020 and February 28, 2019, contributions made by the Plan Sponsor to the Plan were \$214,938 and \$437,095 respectively. As of February 29, 2020 and February 28, 2019, no allowance for against the employer's contributions receivable has been recorded.

4. Information Certified by the Trustee:

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate.

	2020	2019
Investments at fair value	\$ 13,669,467	\$ 13,238,066
Net appreciation (depreciation) in fair value of investments	430,674	(32,638)
Dividends	337,355	382,408
Other income	19,470	-0-

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental information.

5. Fair Value Measurements:

ASC 820 defines fair value, establishes a consistent framework for measuring fair value, and establishes a fair value hierarchy based on the observability of inputs used to measure fair value. The objective of a fair value measurement is to determine the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Accordingly, the fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of fair value hierarchy under ASC 820 are described as follows:

- Level 1 Unadjusted quoted market prices in active markets for identical unrestricted assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 Other significant observable inputs, including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, and others. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. There are no plan assets requiring the use of level 2 inputs for the periods presented.

DURO HILEX POLY, LLC NATIONAL HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2020 AND FEBRUARY 28, 2019

5. Fair Value Measurements (continued):

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There are no plan assets requiring the use of level 3 inputs for the periods presented.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no significant changes in the methodology used at February 29, 2020 and February 28, 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Net asset values are general obtained from the National Securities Clearing Corporation, directly from the fund house, and/or a secondary processing source.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of February 29, 2020 and February 28, 2019:

Assets at Fair Value as of February 29, 2020

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

6. Actuarial Present Value of Accumulated Plan Benefits:

Accumulated plan benefits are those future benefit payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by employees as of the valuation date.

DURO HILEX POLY, LLC NATIONAL HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2020 AND FEBRUARY 28, 2019

6. Actuarial Present Value of Accumulated Plan Benefits (continued):

Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary, and it is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The effect of plan amendments on accumulated plan benefits is recognized during the year in which such amendments become effective.

The actuarial present values of accumulated plan benefits based on projection by the Plan's Actuary as of the most recent dates available, plan years beginning March 1, 2019 and 2018, are as follows:

	<u>2019</u>	<u>2018</u>
Vested benefits:		
Participants currently receiving benefits	\$ 5,135,452	\$ 9,771,796
Other participants	<u>6,231,394</u>	<u>6,484,649</u>
Total vested benefits	11,366,846	16,256,445
Non-vested benefits	<u>12,680</u>	<u>17,255</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 11,379,526</u>	<u>\$ 16,273,700</u>

The changes in actuarial present value of accumulated plan benefits as of March 1, 2019 are as follows:

	<u>2019</u>
Actuarial present value of accumulated plan benefits at beginning of year	\$ <u>16,273,700</u>
Increase (decrease) during the year attributable to:	
Changes in actuarial assumptions	250,626
Benefits accumulated	1,048,485
Benefit payments	(7,026,315)
Interest	<u>833,030</u>
Net decrease	<u>(4,894,174)</u>
Actuarial present value of accumulated plan benefits at end of year	<u>\$ 11,379,526</u>

The significant actuarial assumptions used in the valuation of March 1, 2019 and 2018 are as follows:

Interest Rate	
Funding:	Effective interest rate of 5.53% (2019) and 5.67% (2018)
Discount Rate:	3.00% (2019) and 4.05% (2018), compounded annually
Long-Term Return:	6.25% (2019) and 6.25% (2018), compounded annually

Retirement	Average retirement age – 64.33
------------	--------------------------------

Benefit Limit	\$225,000 (2019) and \$220,000 (2018)
---------------	---------------------------------------

The foregoing actuarial assumptions are based on the presumptions that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

7. Purchase of Annuity Contract:

On November 7, 2018, the Plan entered into an agreement with Minnesota Life Insurance Company, a Securian Financial Group affiliate, (collectively “Minnesota”) to purchase a nonparticipating single premium group annuity contract (the “Contract”) in the amount of \$6,107,397. The Contract was issued in the State of South Carolina. Minnesota assumed the liability for the annuities on November 13, 2018 to be paid on January 1, 2019.

8. Plan Termination:

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the plan document. Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (“PBGC”) if the Plan terminates.

Generally, the PBGC guarantees most vested normal-age retirement benefits; early retirement benefits and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination, subject to a statutory ceiling on the amount of an individual’s monthly benefit. Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at the time, of the Plan’s net assets to provide those benefits, the priority of those benefits to be paid, and may also depend on the financial condition of the Plan Sponsor and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

DURO HILEX POLY, LLC NATIONAL HOURLY EMPLOYEES PENSION PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2020 AND FEBRUARY 28, 2019

9. Tax Status:

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated July 5, 2012 that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code. The Plan has been amended subsequent to this date. However, the Plan Sponsor believes that the Plan was, at all times during the years ended February 29, 2020 and February 28, 2019, designed and operated in compliance with the applicable requirements of the Internal Revenue Code, and that the Plan and related trust continued to be tax-exempt.

GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service and/or the Department of Labor. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of February 29, 2020 and February 28, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

10. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

11. Related Party Transactions and Party-in-Interest Transactions:

Transamerica Retirement Solutions serves as both the administrator and actuary, and receives fees directly from the Plan for these services. Raymond James and Associates serves as an investment advisor to the Plan and receives fees paid directly by the Plan. AgeeFisherBarrett, LLC serves as the auditor of the Plan and receives fees paid directly by the Plan.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED FEBRUARY 29, 2020 AND FEBRUARY 28, 2019

12. Subsequent Events:

In December 2019, the Setting Every Community Up Retirement Enhancement Act of 2019 ("SECURE" Act) was signed into law, which contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act are effective January 1, 2020 and will require significant changes to plan administration and recordkeeping.

For the year ended February 29, 2020, the Plan Sponsor evaluated subsequent events for potential recognition and disclosure through December 11, 2020, which is the date the financial statements were available to be issued. As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which are likely to negatively impact investment income and other plan transactions. Other financial statement impact could occur, though such potential impact is unknown at this time.

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES" Act) was signed into law, which included numerous employee benefit plan provisions to assist plan sponsors and participants.

A ACTUARIAL COST METHOD

The actuarial cost method used to determine the target normal cost, target liability and required contribution amounts for the plan is the Traditional Unit Credit Actuarial Cost Method. Under this method, both the target normal cost and target liability are based on the annual accrual of benefits as accruals occur each year.

The target liability for each active plan participant is equal to the actuarial present value of the participant's accrued benefit as of the valuation date. The total target liability of the plan is equal to the sum of such liabilities as determined for each active participant plus the actuarial present value of benefits being paid, or due to be paid, to retirees, beneficiaries and former participants with deferred vested benefits.

The target normal cost for each active participant is equal to the actuarial present value of the benefit expected to be earned during the year starting on the valuation date. The total target normal cost of the plan is the sum of the target normal costs for each active plan participant.

All employees who are plan participants on a valuation date are included in the actuarial valuation.

B ASSET VALUATION METHOD

The actuarial value of assets is equal to the market value of assets on the valuation date reduced by the sum of:

1. 66.67% of gains and losses of the prior year;
2. 33.33% of gains and losses of the second prior year.

Investment gains and losses are determined by the excess or deficiency of the expected return over the actual return on the market value (including employer contributions receivable for any given year). However, the expected return on assets may be limited by certain statutory interest rates.

The actuarial valuation of assets is further constrained to be not less than 90% or more than 110% of market value (including employer contributions receivable).
