INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Wire Mesh Corp. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Wire Mesh Corp. 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles ("GAAP"); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with U.S. generally accepted auditing standards. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 5, which was certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan, except for comparing information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the custodian as of and for the year ended December 31, 2019, that the information provided to the Plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules, Schedule H, line 4i and Schedule H, line 4a, are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Massachusetts Mutual Life Insurance Company, the custodian of the Plan. Their report, dated October 14, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with U.S. generally accepted auditing standards and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Wire Mesh Corp. 401(k) Plan

Notes to Financial Statements

December 31, 2019

Note 1 - Description of Plan

General

The following description of the Wire Mesh Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

The Plan, established on January 1, 2015, last amended July 1, 2019, is a defined contribution plan covering generally all employees of WMC Sales, LLC (the "Company" or "Employer") and participating employers including Nelson Wire & Steel, LLC, Wire Mesh Sales, LLC, Wire Mesh West Coast, LLC, Wire Mesh, LLC, WMC Steel SC, LLC and WMC Steel, LLC (collectively, the "Participating Employers"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Plan trustee, custodian, recordkeeper, and third-party administrator

Luis Barrenechea (the "Trustee") serves as the Plan's trustee, Massachusetts Mutual Life Insurance Company (the "Custodian") serves as the Plan's custodian and recordkeeper, and My Benefits, LLC (the "TPA") serves as the Plan's third-party administrator.

Eligibility

All employees of the Company and the Participating Employers, except for union employees, leased employees, employees eligible to participate in affiliated defined contribution plans, and any employees hired on or prior to June 30, 2019 by Wire Mesh Texas, LLC or WMC Industrial, LLC, who have completed one month of service are eligible to participate in the Plan. Entry to participate in the Plan is the first day of the month following the date which the eligibility requirements are met. Participants may elect a deferral percentage or elect not to participate by notifying the Company or the Custodian.

Contributions

The Plan provides for voluntary participant contributions expressed as a percentage of the participant's eligible compensation, as defined, up to 100% of a participant's compensation. The contributions are not to exceed the limits set by the Internal Revenue Code (the "IRC"), which limits the annual amount of salary deferrals that may be made by a participant. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC.

The Company may make discretionary matching and qualified non-elective contributions of a participant's eligible compensation to the Plan each year. For the years ended December 31, 2019 and 2018, the Company did not make discretionary matching and qualified non-elective contributions.

Vesting

Participants are immediately vested at 100% in their employee contributions, rollover contributions, and qualified non-elective contributions plus actual earnings. Participants are 100% vested in discretionary matching contributions plus actual earnings after three years of service.

Note 1 - Description of Plan (Continued)

Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, and Plan earnings and losses, and at times, charged with an allocation of administrative expenses. Allocations are based on participant contributions, participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the allocation of their account balance in any of several investment options. Participants can change their investment options among the various investment funds either through direct transfers from one fund to another or by changing the percentage allocation of future contributions. Participants are not permitted to take loan from their account balances.

Benefit payments

Participants are eligible for distributions of their vested account balances upon the event of death, retirement, termination of employment, reaching the age of 59 ½, or by incurring disability or hardship, as defined by the Plan. In the case of death, distributions are made to the participant's beneficiary.

Distributions may be made in lump-sum payments. If the vested balance of the participant's account is less than $5,000, the payment will be made in cash in a single lump-sum. Any taxable distribution paid directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation or depreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation or depreciation of investments held at the end of the year.

Financial instruments and credit risk

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Benefit payments

Benefit payments are recorded when paid.

New accounting pronouncement

The Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement* in August 2018. The ASU modifies the disclosure requirements for the fair value measurements in Topic 820, including the removal, modification to, and addition of certain disclosure requirements. The ASU will be effective for the Plan's fiscal year beginning after December 15, 2019. The provisions of the ASU are not expected to have a material impact on the Plan's financial statements.

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy, in accordance with the fair value standard, that establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs.

The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Pooled separate accounts - these investments are valued daily at the net asset value per share (or its equivalent) as a practical expedient and have not been classified in the fair value hierarchy. Fair value of shares of the underlying funds equals the number of shares of the respective underlying funds multiplied by the closing net asset value per share quoted by the funds. All investments in this category, can be redeemed daily, have a daily redemption notice period, and have no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Tax Status

The volume submitter plan adopted by the Company received its latest advisory letter dated March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has been amended since receiving the advisory letter. However, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax exempt as of December 31, 2019. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 4 - Tax Status (Continued)

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Information Certified by the Custodian (Unaudited)

For Plan year 2019, the financial information included in the Plan's financial statements and supplemental schedules, except for contributions receivable, contributions, benefits paid to participants, and administrative expenses, has been derived from information certified as complete and accurate by the Custodian of the Plan in accordance with 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 6 - Party-In-Interest Transactions

Certain Plan investments are in pooled separate accounts managed by the Custodian. Therefore, these transactions qualify as party-in-interest transactions.

Note 7 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2019. There are no reconciling items related to net assets available for benefits as of December 31, 2018.

Net assets available for benefits per the financial statements	$	371,494
Participant contributions receivable		(2,910)
Net assets available for benefits per Form 5500	$	368,584

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Form 5500 for the year ended December 31, 2019. There are no reconciling items related to the net increase in net assets available for benefits for the year ended December 31, 2018.

Net increase in net assets available for benefits per the financial statements	$	49,992
Participant contributions receivable		(2,910)
Net income per Form 5550	$	47,082

Note 8 - Subsequent Events

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen and have caused significant volatility in the U.S. markets. However, the financial impact and duration cannot be reasonably estimated at this time.

The Coronavirus Aid Relief and Economic Security Act ("CARES Act") was passed by Congress and signed into law on March 27, 2020. Plan management is reviewing the CARES Act and its impact on the Plan.

Management has evaluated subsequent events through December 7, 2020, which was the date that the financial statements were available to be issued, and has determined that there are no additional subsequent events to be disclosed.
