Profit Sharing Plan, which comprise the statements of net assets available for benefits as of June 30, 2020 and 2019, and the related statement of changes in net assets available for benefits for the year ended June 30, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Tos Farms, Inc. Profit Sharing Plan as of June 30, 2020 and 2019, and the changes in net assets available for benefits for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), referred to as "supplemental information," is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. DESCRIPTION OF PLAN:

The following brief description of the Plan provides only general information. Participants should refer to the Plan document for complete information.

General

The Tos Farms, Inc. Profit Sharing Plan (the "Plan") was adopted effective July 1, 1979 for all eligible employees (participants) of Tos Farms, Inc. and Tos Farming Company, LLC, a California limited liability company and Tos Land Company, a California S Corporation. The Plan was subsequently amended effective July 1, 1980, July 1, 1984, February 4, 1992, December 20, 1994, June 28, 2005, August 31, 2008, and April 5, 2012. The Plan and the related trust fund are established for the exclusive benefit of the participating employees and no part of the trust fund, including income from investments and employer contributions, can revert to the Plan or the Partnership.

Management has evaluated subsequent events through December 9, 2020, the date at which the financial statements were available to be issued. No significant subsequent events were discovered by management.

Eligibility and Vesting

An employee becomes eligible for participation in the Plan upon attainment of his twenty-first birthday, after completing one year of service and after completing one thousand hours of service. Contributions vest 100% at the end of the third year of service in the Plan and become fully vested upon the employee's death, incapacity, attainment of normal retirement age or upon termination of the Plan. An employee becomes eligible for normal retirement benefits upon attainment of his sixty-fifth birthday. Benefit payments may be made in a lump sum or in installments.

Administration

The Plan is administered by Pace TPA and plan administration costs were paid for by the Plan.

Contributions

The Plan is a defined contribution plan. As such, the Plan's contributions are determined each year at the discretion of the Board of Directors. All contributions made by the Plan to the trust are irrevocable and are used to pay benefits under the Plan or to pay expenses incurred in connection with the purchase and sale of securities or other investments of the trust fund.

Distributions

In the event of death, disability, retirement or termination, a participant's vested interest in the Plan will be distributed in a lump-sum payment or in installments as soon as administratively feasible.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019**

1. DESCRIPTION OF PLAN (CONTINUED):

Termination

Although termination of the Plan is not presently contemplated, Tos Farms, Inc. has the right to terminate the Plan at any time. In the event of termination, participants become 100% vested in their respective investments, including all discretionary employer contributions.

Forfeited Accounts

Forfeitures may be used to reduce any employer contribution. Forfeitures in the amount of \$662 and \$11,700 were available for the reduction of employer contributions at June 30, 2020 and 2019, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Accounting Method

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Actual results could vary from the estimates that were used.

Investments

As of June 30, 2020, and 2019, investments of the Plan are reported at fair value, and are classified as available-for-sale. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are accounted for as of the trade date. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. The primary objective of the Plan investments is to achieve long-term capital appreciation within reasonable risk parameters. The investments are reviewed annually for impairment by management. No impairments were recognized by the Plan during the years ended June 30, 2020 and 2019.

Operating Expenses

All expenses of maintaining the Plan are paid by the Plan.

4. FAIR VALUE MEASUREMENTS:

Generally accepted accounting principles establish a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Fair Value Measurements: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements: Inputs to the valuation methodology include:

1. quoted prices for similar assets or liabilities in active markets;
2. quoted prices for identical or similar assets or liabilities in inactive markets;
3. inputs other than quoted prices that are observable for the asset or liability;
4. inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements: Fair values are based on inputs other than quoted prices included within Level 1 that are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2020 and 2019.

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

Money market funds: Valued at the net asset value of shares held by the Plan at year-end.

TOS FARMS, INC. PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019

4. FAIR VALUE MEASUREMENTS (CONTINUED):

Common stocks and preferred stocks: Valued at the closing price reported on the active market where individual securities are traded.

Corporate bonds: Certain corporate bonds are valued at the closing price reported in the active market in which the bond is traded. Other corporate bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

		Fair Value	Quoted Prices in Active Markets (Level 1)

5. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H, FORM 5500:

At June 30, 2020 and 2019, there were no differences between assets available for benefits per the financial statements and the assets available per Schedule H, Form 5500. Also, there were no differences in benefits paid to participants per the financial statements and Schedule H, Form 5500.

6. INCOME TAXES:

The Plan obtained its latest determination letter on January 14, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

The income tax returns for the three prior years for federal and the four prior years for state income tax purposes are subject to examination by appropriate tax authorities. Interest and penalties, if imposed from tax positions, are recognized in the financial statements as general and administrative expenses.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2020 AND 2019**

7. RISKS AND UNCERTAINTIES:

The Plan invests in numerous publicly traded stock and bond mutual funds. The value, liquidity and related income of these mutual funds are sensitive to changes in economic conditions and may be affected by shifts in the market's perception and changes in interest rates. The ultimate effect of the current economic conditions cannot be determined at this time.

8. RELATED PARTY:

The transactions between the Plan and its employers for the year ended June 30, 20 are as follows:

Employer Contributions:

Tos Farms, Inc.	\$ 93,024
Tos Farming Company, LLC	1,890
Tos Land Company	<u>1,930</u>
	<u>\$ 96,844</u>

9. SIGNIFICANT EVENT:

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however, are expected to negatively affect the results of domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the Statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.
