NOTE 1 - PLAN DESCRIPTION

The following description of Skybeam, LLC DBA Rise Broadband 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established on January 1, 2014 that covers all U.S. employees, except union employees who are covered by a collective bargaining agreement. Employees are eligible for participation in the plan upon hire. Employees are eligible for discretionary profit-sharing contributions the Plan may elect upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The board of directors of Skybeam, LLC DBA Rise Broadband, Inc. (the Company) administers the Plan. Empower Retirement (Empower), a Great-West Life & Annuity Insurance Company affiliate, serves as the recordkeeper, manages Plan assets, and maintains the Plan's records. Empower offers Plan participants a variety of investment options through various mutual funds and a guaranteed interest contract. Individual accounts are invested in the various investment options at the direction of the participants.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100% of annual compensation, subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). The Plan allows participants to contribute up to 100% of their compensation on an after-tax basis as Roth 401(k) deductions. A participant's combined pre-tax and after-tax contributions cannot exceed the maximum annual amount allowed by law. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company may choose to make discretionary profit-sharing and matching contributions to the Plan equal to a discretionary percentage, to be determined by the Company, of the participants' elective deferrals. The Company has the right to designate all or a portion of the matching contributions as qualified. To the extent matching contributions are so designated, they are nonforfeitable and may not be withdrawn from the Plan prior to separation from service or attainment of age $59^1/_2$. There were no discretionary profit sharing and matching contributions for the year ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

Participants may request that all or a portion of their accounts, no less than $1,000, be distributed in the case of financial hardship, as defined in the Plan document. The Plan administrator must approve any such hardship withdrawals.

Vesting

Participants are immediately 100% vested in employee salary and rollover contributions and any income or loss thereon.

Any employer contributions, including forfeitures and profit sharing contributions, and the earnings or losses thereon not fully vested when contributed will vest as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A participant's account becomes 100% vested upon death or disability, attaining normal retirement age (age of 65) or, if later, the fifth anniversary date of the first day of the Plan year during which the participant entered the Plan while an employee of the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. Participants are allowed a maximum of one note outstanding at any given time. The notes receivable are secured by the balance in the participant's account, bear interest at rates that range from 4.25% to 6.5%, which are commensurate with local prevailing rates determined periodically by the Plan administrator and mature at various dates through September 2024. Principal and interest are paid ratably through payroll deductions. Participant notes receivable have a maximum term of 5 years, unless such note is for the purchase of the participant's primary residence, in which case the repayment period may not exceed 30 years from the date of the note origination. Principal and interest are paid ratably through payroll deductions. Participant notes are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's note shall continue to be payable in accordance with the provisions of the participant's note or be due in full.

Party-in-interest Transactions

A certain plan investment is a guaranteed investment contract (see Note 6), which is managed by Empower. Empower (Great West) is the asset custodian, as defined by the Plan; therefore, this transaction qualifies as party-in-interest and is exempt from the prohibited transaction rules. In addition, the Plan provides for notes to participants, which are also party-in-interest transactions that are exempt from the prohibited transaction rules.

Forfeitures

If a participant is not fully vested on their termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future Company contributions or to pay administrative expenses of the Plan. At December 31, 2019 and 2018, forfeited account balances totaled $15,232 and $10,515, respectively. Forfeitures used to pay administrative expenses during the year ended December 31, 2019 were $0.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan agreement and ERISA. In the event of Plan termination participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Investment Valuation

The Plan's investments are stated at fair value, except as noted in Note 6 below. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments

Net realized and unrealized appreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain administrative costs are paid by the Company. Expenses to be paid by the Plan include, but are not limited to, investment expenses and costs to process loans, Plan distributions and QDROs (Qualified Domestic Relations Order).

Corrective Contribution Accrual

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Recent Accounting Pronouncements

In August 2018, the Financial Accounts Standards Board (FASB) issued Accounting Standard Update (ASU) 2018-13, *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement.* The ASU modifies disclosure requirements on fair value measurements to better align them with the FASB's conceptual framework for notes to financial statements as a whole. The new standard is effective for the Plan beginning January 1, 2020. The Plan does not expect this standard to have a material impact on the financial statements and disclosures.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, investment information and related activity certified as accurate and complete by a qualified institution need not be subjected to independent audit. The Plan administrator has obtained certifications from Great West Life & Annuity Insurance Company and Great West Trust Company, LLC, the custodians of the Plan, that the following, unaudited information included in the Plan's financial statements and supplemental schedule, is complete and accurate:

- Investment assets and participant notes receivable, as shown on the statement of net assets available for benefits as of December 31, 2019 and 2018.
- Total investment income and interest income on participant notes receivable, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Schedule H, Part IV, Line 4i - schedule of assets (held at end of year) as of December 31, 2019.

Accordingly, at the request of the Plan administrator, the Plan's independent certified public accountants performed no procedures on investment information and related activity, other than to agree the information to the trust statements certified by the Plan's custodian and provided to them by the Plan administrator.

NOTE 4 - TAX STATUS

The Plan, as adopted, is a volume submitter plan for which the Internal Revenue Service (IRS) has determined and informed Goldleaf Partners, by an opinion letter dated March 31, 2014, that the volume submitter plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has since been amended, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - FAIR VALUE MEASUREMENTS

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 or 2018.

Mutual Funds: Valued based on the daily quoted market value of the fund, which represents the net asset value ("NAV") of shares held by the Plan at year-end.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual funds	$ 5,271,982	$ -	$ -	$ 5,271,982
	$ 5,271,982	$ -	$ -	$ 5,271,982

	December 31, 2018			
	Level 1	Level 2	Level 3	Investments (at Fair Value)
Mutual funds	$ 4,361,962	$ -	$ -	$ 4,361,962
	$ 4,361,962	$ -	$ -	$ 4,361,962

NOTE 6 - INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan has a benefit-responsive investment contract with Great-West Life & Annuity Insurance Company (Great-West Life), an affiliate of Empower. Great-West Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single “portfolio rate” approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a quarterly basis for resetting, but may not be less than 0%. When establishing interest crediting rates for this product, Great-West Life considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer’s general account.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and that require the Plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

As described in Note 2, because the contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to the investment contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

NOTE 7 - SUBSEQUENT EVENTS

COVID-19, which was declared a pandemic by the World Health Organization in March 2020, has resulted in widespread global, national and local effects. COVID-19 has adversely affected the global economy and triggered financial market volatility causing a decline in the market value of the Plan’s investment portfolio subsequent to December 31, 2019. Due to the ongoing economic uncertainty and volatility caused by COVID-19, the resulting financial impact on the Plan cannot be reasonably estimated.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law on March 27, 2020. The Company has communicated their intent to adopt the CARES Act provisions. Provisions of the act allow for relaxed borrowing, fee, and repayment terms on distributions and loans. Corresponding amendments to the Plan will be adopted within the time period provided by the CARES Act.

The Plan has evaluated subsequent events through December 2, 2020, which is the date these financial statements were available to be issued. There are no additional events subsequent to December 31, 2019, beyond those noted above, which require disclosure.
