NOTES TO FINANCIAL STATEMENTS

As of March 2, 2020, and December 31, 2019 and 2018, and for the Period from January 1, 2020 to March 2, 2020, and for the Year Ended December 31, 2019

NOTE 1 - Description of the Plan

The following description of the New West Physicians 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering substantially all employees of New West Physicians, P.C. ("the Company") or New West Management Services Organization, Inc. (a participating employer). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2020 the Plan was frozen. As a result of this freeze, contributions under the Plan were permanently discontinued. Participants became 100% vested as of the Plan freeze date. Prior to the freeze, employees who had at least six months of service and who were age 21 or older were eligible to participate in the Plan.

The Company was the plan sponsor. The UnitedHealth Group Employee Benefits Plans Administrative Committee ("Plan Administrator") was responsible for oversight of the Plan. The UnitedHealth Group Employee Benefits Plans Investment Committee ("Investment Committee") determined the appropriateness of the Plan's investment offerings and monitored investment performance.

Effective March 2, 2020, the Plan merged into the OptumCare 401(k) Retirement Plan.

Contributions

Prior to the Plan being frozen, participants could elect to contribute a percentage up to 100% of their eligible compensation to the Plan each year, up to the maximum dollar amount permissible under the Internal Revenue Code ("the Code"). Elective contributions included pre-tax deferrals, Roth deferrals, and rollover contributions. Participants who had attained age 50 before the end of the plan year could make additional catch-up contributions, subject to limitations imposed by the Code.

Prior to the Plan being frozen, the Company made safe-harbor matching contributions equal to 100% of participant contributions up to 3% of eligible compensation, plus 50% of the next 2% of eligible compensation for a maximum contribution of 4% per payroll period as defined in the Plan document. The Company also made additional matching contributions of 100% of participant contributions up to 6% of eligible compensation as defined in the Plan document. The Company could also make discretionary non-elective contributions. Subsequent to December 31, 2019, discretionary non-elective contributions of \$1,167,113 were made for the year ended December 31, 2019.

Participant Accounts

Each participant's account was credited with the participant's deferral contributions, rollover contributions, safe-harbor matching contributions, additional matching contributions, discretionary non-elective contributions, if any, and plan earnings (net of administrative expenses). Allocations were based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

New West Physicians 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

As of March 2, 2020, and December 31, 2019 and 2018, and for the Period from January 1, 2020 to March 2, 2020, and for the Year Ended December 31, 2019

NOTE 1 - Description of the Plan (cont.)

Investments Classification

All investments were participant directed. The Plan was intended to comply with ERISA section 404(c). Participants had the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them.

Vesting

Prior to the Plan being frozen, participants were immediately vested in their salary deferral contributions, rollover contributions, employer safe-harbor matching contributions and earnings thereon. Additional employer matching contributions and employer discretionary non-elective contributions and earnings thereon vested in accordance with provisions of the Plan as follows:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 or more	100%

Notwithstanding the vesting schedule above, prior to the Plan being frozen, additional employer matching contributions and employer discretionary non-elective contributions, if any, became fully vested (100%) upon the occurrence of any of the following events while the participant was employed by the Company: death, attainment of normal retirement age (age 65), disability, partial plan termination with respect to the participant, complete termination of the Plan or complete discontinuance of employer contributions.

Forfeited Accounts

As of March 2, 2020 and December 31, 2019, forfeited nonvested accounts totaled \$0. As of December 31, 2018, forfeited nonvested accounts totaled \$103,757. Forfeitures can be used to reduce future employer contributions or to pay certain administrative expenses. During the period from January 1, 2020 to March 2, 2020, no forfeitures were used to reduce employer contributions or to pay administrative expenses. During the year ended December 31, 2019, employer contributions were reduced by \$216,494 from forfeiture accounts.

Payment of Benefits

Benefits could be paid to the participant or beneficiary upon death, disability, or termination of employment as defined in the Plan document. The total vested portion of a participant's account balance was distributed in the form of a lump-sum payment. However, participants who terminated employment and had a vested account balance of less than \$1,000 would receive an involuntary lump-sum payment of 100% of their vested benefits.

With the Plan Administrator's approval, participants who experienced financial hardship could have withdrawn all or a part of their account balance as defined in the Plan document.

There are no amounts owed to participants who had elected to withdraw from the Plan, but had not been paid as of March 2, 2020, and December 31, 2019 and 2018.

New West Physicians 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

As of March 2, 2020, and December 31, 2019 and 2018, and for the Period from January 1, 2020 to March 2, 2020, and for the Year Ended December 31, 2019

NOTE 1 - Description of the Plan (cont.)

Notes Receivable from Participants

Prior to March 2, 2020, participants could borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (subject to reduction for certain loan balances in the prior 12 months) or 50% of their vested account balance. These loans were secured by the balance in the participant's account. The loans bore interest at rates which were commensurate with local prevailing rates at the date of inception of the loan as determined quarterly by the Plan Administrator. The maximum term for a loan was 5 years, except if the loan was used to acquire the participant's principal residence, in which case the term of the note receivable could not exceed 10 years. Principal and interest were paid ratably through payroll deductions. Participants were permitted to have one outstanding loan at a time.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of March 2, 2020, and December 31, 2019 and 2018.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net

appreciation (depreciation) in fair value of investments.

Prior to March 2, 2020, the Plan had a revenue sharing agreement with Fidelity Management Trust Company (the "Trustee"). If the Trustee receives fund compensation above a certain amount, this excess compensation is made available to the Plan to offset administrative expenses. If the excess compensation is greater than administrative expenses the excess is allocated to participants. For the period from January 1, 2020 to March 2, 2020 and for the year ended December 31, 2019, revenue sharing funds of \$1,847 and \$5,850, respectively, were used to pay administrative expenses and \$4,618 and \$20,001, respectively, were allocated to participants.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through December 16, 2020, the date of the financial statements were approved and available to be issued.

NOTE 3 - Information Prepared and Certified by Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2020, 2019 and 2018. Accordingly, the Trustee has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of March 2, 2020, and December 31, 2019 and 2018 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity and interest income on notes receivable from participants reported in the Statements of Changes in Net Assets Available for Benefits for the period from January 1, 2020 to March 2, 2020, and for the year ended December 31, 2019.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;

NOTES TO FINANCIAL STATEMENTS

As of March 2, 2020, and December 31, 2019 and 2018, and for the Period from January 1, 2020 to March 2, 2020, and for the Year Ended December 31, 2019

NOTE 4 - Fair Value of Financial Instruments (cont.)

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the closing price reported on the active market on which the fund is traded.

Self-directed brokerage accounts: The self-directed brokerage account allows participants the opportunity to invest in a wide array of individual securities including stocks, corporate bonds, zero-coupon bonds, U.S. Treasury securities, mortgage securities and U.S. government agency bonds, certificates of deposit, unit investment trusts, foreign securities, exchange-traded funds, and mutual funds. The investments are primarily valued using the methodology described above for mutual funds, the closing price reported on active markets on which securities are traded, or using price models maximizing the use of observable inputs for similar securities.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy. The Plan held no investments as of March 2, 2020.

NOTE 5 - Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

NOTE 6 - Related Party and Party-in-interest Transactions

Certain of the Plan's investments are managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in fair value of investments. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 - Tax Status

The Plan uses a volume submitter document sponsored by Fidelity Management & Research Company. The volume submitter sponsor received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which states the volume submitter document satisfies the applicable provisions of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2019 and 2018, the Plan had investments of \$8,488,148 and \$6,603,634, respectively, concentrated in one investment.

NOTE 9 – Delinquent Participant Contributions

For the year ended December 31, 2019, the Company did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions totaled \$396,511. The Company compensated participants for lost earnings resulting from the delay in contributions in 2020.
