1. Description of Plan:

The following description of the Pet Paradise 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on February 1, 2019 for the administration of any contributions made by American Pet Resort, LLC (the "Company") and to encourage eligible employees to defer a part of their current income to provide for their retirement, death or disability under the provisions of Section 401(k) of the Internal Revenue Code. The Plan covers all full-time employees. Eligible employees may become a participant upon completion of one year of service. Eligible employees may enroll the first day of next month coincident with or next following the date the employee satisfies the Plan's eligibility requirements. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year participants may contribute compensation, as defined by the Plan document, subject to certain Internal Revenue Code ("IRC") limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make discretionary contributions at the option of the Board of Directors annually. The Company made a discretionary matching contribution equal to 6.65% of each participant's contribution during the period ended December 31, 2019.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of Company contributions and allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. Any related administrative expenses based on participant earnings or account balances are deducted from the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds, pooled separate accounts and a stable value fund as investment options for participants.

1. Description of Plan (Continued):

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service.

Participant vesting is as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Forfeited Accounts

Forfeitures by non-vested participants are generally used to reduce future employer contributions or pay administrative expenses. There were no forfeitures used to reduce employer contributions or pay administrative expenses during 2019. As of December 31, 2019, there were no forfeited non-vested accounts held to be used in the future.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum or annuity distribution equal to the value of the participant's vested interest in their account in accordance with Plan provisions.

2. Summary of Accounting Policies:

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Summary of Accounting Policies (Continued):

Income Valuation and Income Recognition

Participants in the Plan direct their accounts to be invested in various investment options. Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and pooled separate accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company or Plan. Unless paid by the Company, administrative expenses for recordkeeping and Plan investment advisory fees are charged to participant accounts and deducted proportionally based upon account balance. Fees related to the administration of distributions and participant investment advisory fees are charged to the related participant accounts.

Risks and Uncertainties

The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that the changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

Financial Accounting Standards Board Statement Accounting Standards Certification Topic 820 (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). A financial instrument's level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
>
> Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.
>
> Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds. The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Pooled separate accounts: The value of the units held in pooled separate accounts are based on the net asset value ("NAV") of the units, determined by the security prices of the underlying investments.

Common collective trust fund: The Principal Stable Value Fund, held in a common collective trust fund, invests in conventional and synthetic guaranteed investment contracts ("GICs") issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. These investments are valued at their NAV per share as of the close of business on the valuation date as a practical expedient for the estimated fair value. The NAV is quoted on a private market that is not active; however, the unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV for the Stable Value Fund is based on the contract value of fully benefit-responsive contracts, conventional and synthetic GICs, which represents invested principal plus accrued interest thereon. The Stable Value Fund seeks to provide preservation of capital and relatively stable returns regardless of the volatility of the financial markets.

The Principal Stable Value Fund is valued at the NAV of the units held by the Plan. NAV would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. There are no significant redemption restrictions or unfunded commitments on these investments.

3. Fair Value Measurements (Continued):

The following table summarizes, by level within the fair value hierarchy, the Plan investments measured at fair value as of December 31, 2019:

December 31,	Level	2019
Mutual funds	*1*	$ 152,969
Pooled separate accounts, measured at NAV	*(a)*	18,267
Common collective trust fund, measured at NAV	*(a)*	291
Total investmnents at fair value		$ 171,527

(a) These funds were measured at net asset value per share in accordance with ASC Subtopic 820-10 and have not been classified in the fair value hierarchy.

4. Information Certified by the Custodian:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CRF 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

December 31,	2019
Mutual funds	$ 152,969
Pooled separate accounts	18,267
Common collective trust funds	291

Period ended December 31,	2019
Net appreciation in fair value of investments	$ 10,550
Dividends	2,075

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

5. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

6. Related Party Transactions:

Plan investments are pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. The Plan paid $80 to Principal during the Plan year ended December 31, 2019 for administrative and recordkeeping services which is included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

7. Financial Instruments:

Financial instruments which potentially subject the Plan to concentrations of credit risk consist of investments in mutual funds and pooled separate accounts. The Plan limits its credit risk by maintaining its accounts with what it believes to be high quality financial instruments.

8. Reconciliation of Financial Statements to the Form 5500:

The following is a reconciliation of net assets per the Form 5500 to net assets available for benefits per these financial statements as of December 31, 2019.

December 31,		2019
Net assets available for benefits per the financial statements	$	181,527
Difference in valuation of stable common collective trust fund		4
Net assets available for benefits per Form 5500	$	181,531

The following is a reconciliation of net additions to net assets per these financial statements to the Form 5500 for the period ended December 31, 2019.

Period ended December 31,		2019
Net increase in Plan assets per financial statements	$	181,527
Difference in valuation of stable common collective trust fund		4
Net increase in Plan assets per Form 5500	$	181,531

The accompanying Financial Statements present the stable value fund, a common collective trust fund, at NAV. NAV includes indirect investments of fully benefit-responsive contracts measured at contract value. The Form 5500 requires these embedded fully benefit-responsive investment contracts in the common collective trust fund to be presented at fair value using valuation methodologies appropriate for each underlying investment contract. Therefore, the adjustment from contract value to fair value for the fully benefit-responsive investment contracts represents a reconciling item.

9. Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Service.

Management evaluated the Plan's tax positions and concluded that as of December 31, 2019, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. The Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for tax years before 2019.

10. Subsequent Events:

Management has evaluated subsequent events through December 14, 2020 the date the financial statements were available to be filed and has determined that, other than the information disclosed above, there were no material events requiring recognition or disclosure.

COVID-19 Pandemic

On March 11, 2020, the World Health Organization declared the coronavirus disease ("COVID-19") a pandemic. During 2019, the COVID-19 outbreak has spread globally and has led governments and other authorities around the world, including federal, state and local authorities in the United States, to impose measures intended to reduce its spread. These measures may remain in place for a significant amount of time. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets.

The duration or escalation of responses taken to reduce the spread of COVID-19 or the length or severity of disruption to global markets due to the pandemic cannot be predicted. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.

CARES Act

On March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security (CARES) Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and has chosen to implement the following provisions:

- Special coronavirus distributions up to $100,000
- Increase the available loan amount as described in Note 1 to the lesser of $100,000 or 100% of the participant's vested account balance
- Extend the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020
