Required Communications

Generally accepted auditing standards (AU-C 260, *The Auditor's Communication with Those Charged with Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

Our Responsibilities With Regard to the Financial Statement Audit

Our responsibilities under auditing standards generally accepted in the United States of America, except as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employees Retirement Income Security Act of 1974, have been described to you in our arrangement letter dated July 31, 2020. Our audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.

Overview of the Planned Scope and Timing of the Financial Statement Audit

We have issued a separate communication dated July 31, 2020, regarding the planned scope and timing of our audit and have discussed with you our identification of, and planned audit response to, significant risks of material misstatement.

Accounting Policies and Practices

Preferability of Accounting Policies and Practices

Under generally accepted accounting principles, in certain circumstances, management may select among alternative accounting practices. In our view, in such circumstances, management has selected the preferable accounting practice.

Adoption of, or Change in, Accounting Policies

Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current period.

Significant or Unusual Transactions

We did not identify any significant or unusual transactions or significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Management's Judgments and Accounting Estimates

Management is responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services, or other third parties. The methods and significant assumptions used to determine fair values of the financial instruments are as follows:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Management's Judgments and Accounting Estimates (continued)
Pooled separate accounts: Valued at the NAV per unit based on quoted market prices of the underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Redemptions are allowable daily with no notice.

Common/collective trust fund: Valued based on the NAV of units of the collective trust fund. The NAV as provided by the trustee of the trust fund, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Redemptions are allowable daily with no notice.

These valuation methodologies have been consistently applied by management from period to period. The methods and assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes.

Basis of Accounting

The financial statements were prepared on the assumption that the Plan will continue as a going concern.

Audit Adjustments

There were no audit adjustments made to the original trial balance presented to us to begin our audit.

Uncorrected Misstatements

We are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Plan's audited financial statements is to read the information and consider whether its content or manner of its presentation is materially inconsistent with the financial information covered by our auditor's report or whether it contains a material misstatement of fact. We read the Plan's Form 5500 filing for consistency with information in the financial statements. We have provided our comments to management. We are not aware of other documents that contain the audited financial statements. We did not identify material inconsistencies with the audited financial statements, other than appropriate reconciling items with the Form 5500 as disclosed in the notes to the financial statements.

Supplemental Schedules

With respect to the supplemental schedules accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the method of preparing it had not changed from the prior period, and the information is appropriate and complete in relation to the financial statements as a whole. We compared and reconciled the supplementary information to the financial statements themselves.

Disagreements with Management

We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.

Consultations with Other Accountants

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

Significant Issues Discussed with Management

No significant issues arising from the audit were discussed with or the subject of correspondence with management.

Significant Difficulties Encountered in Performing the Audit

We did not encounter any significant difficulties in dealing with management during the audit.

Significant Written Communications Between Management and Our Firm

Copies of significant written communications between our firm and the management of the Plan, including the representation letter provided to us by management, are attached as Exhibit A.

This representation letter is provided in connection with your audits of the financial statements of the David S. Smith (Holdings) America, Inc. Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019, the related statements of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

We have determined that the plan trustee, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust), qualifies to issue a certification of the Plan's asset activity under section 2520.103-5 of the Department of Labor's (DOL)'s Rules and Regulations. Therefore, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to asset information certified or provided by Principal Trust, the trustee, other than comparing that information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule as a whole.

We confirm, to the best of our knowledge and belief, that as of the date of this letter:

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit arrangement letter dated July 31, 2020, for the preparation and fair presentation of the financial statements referred to above in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
4. We are responsible for making the accounting estimates included in the financial statements. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable and reflect our judgment based on our knowledge and experience about past and current events, and our assumptions about conditions we expect to exist and courses of action we expect to take.
5. In that regard, we are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing

services or other third parties. The methods and significant assumptions used to determine fair values of the financial instruments are as follows:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV per unit based on quoted market prices of the underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Redemptions are allowable daily with no notice.

Common/collective trust fund: Valued based on the NAV of units of the collective trust fund. The NAV as provided by the trustee of the fund, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Redemptions are allowable daily with no notice.

Our valuation methodologies have been consistently applied from period to period. The methods and assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes.

6. All significant estimates and material concentrations known to management that are required to be disclosed in accordance with the *Risks and Uncertainties* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) have been properly recorded and/or disclosed in the financial statements. Significant estimates are estimates at the statement of net assets available for benefits date that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets in which events could occur that would significantly disrupt normal finances within the next year.
7. Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.
8. Transactions with parties-in-interest, as defined in ERISA Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed.
9. All events subsequent to the date of the financial statements, and for which U.S. GAAP requires adjustment or disclosure, have been adjusted or disclosed.
10. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.

11. We have intentions to freeze the Plan as of 12/31/2020 to make any necessary corrections and then integrate the Plan with the Liqui-Box Corporation 401(k) Plan. However, no formal resolution or amendment has been adopted at the date of this letter.
12. We have properly reported and disclosed amendments to the Plan instrument, if any.
13. The full impact of the COVID-19 outbreak continues to evolve as of the date of this letter. This pandemic has adversely affected global economic activity and has contributed to instability in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of any losses that will be recognized in subsequent periods, if any, and related impact on the Plan's liquidity cannot be determined at this time.
14. We have no knowledge of any uncorrected misstatements in the financial statements.

Supplementary Information

15. With respect to the supplemental schedule:

a. We acknowledge our responsibility for the presentation of such information.
b. We believe such information, including its form and content, is fairly presented in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
c. The methods of measurement or presentation have not changed from those used in the prior period.
d. There are no underlying significant assumptions or interpretations regarding the measurement or presentation of such information.
e. We will only present the supplemental schedule together with the audited financial statements and auditor's report thereon and will not separate the supplementary information from the audited financial statements and auditor's report thereon in any document that contains such information.

Information Provided

16. We have provided you with:

a. Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters;
b. Additional information that you have requested from us for the purpose of the audit;
c. Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence;
d. The currently effective version of the Plan document including the adoption agreement, the trust agreement or insurance contracts, and all related amendments. The Plan was most recently amended on August 1, 2019;
e. All correspondence, filings, reports and determinations with the Internal Revenue Service (IRS) and the DOL relating to the Plan's compliance with ERISA and the maintenance of its tax-exempt status,

f. All Plan financial records and related data. In that regard, the payroll information we provided you covered all employees that were eligible to participate in the Plan; and

g. All minutes of the meetings of the Plan's Investment Committee, or summaries of actions of recent meetings for which minutes have not yet been prepared.

17. All transactions have been recorded in the accounting records and are reflected in the financial statements. The Plan Sponsor's management designated an individual with sufficient skills, knowledge, and experience to oversee the financial statement preparation process and to take responsibility for the results of the financial statement preparation services. This individual performed a detailed review of the financial statements consisting of the following procedures:

- Reconciliation of the trust activity to the financial statements.
- Review and approval of all journal entries proposed by you, including the review of supporting documentation and explanations.
- Review of the adequacy of financial statement disclosures by review and approval of the disclosure checklist completed by you.
- Review and approval of schedules and calculations supporting the amounts included in the notes to the financial statements.
- Applying analytical procedures to financial statements.

18. We have disclosed to you the results of our assessment of risk that the financial statements may be materially misstated as a result of fraud.

19. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan involving:

a. Management.

b. Employees who have significant roles in the internal control.

c. Others where the fraud could have a material effect on the financial statements.

20. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators or others.

21. We are not aware of any pending or threatened litigation and claims whose effects should be considered when preparing the financial statements, and neither we, nor the Plan Sponsor, or others acting on behalf of the Plan, have consulted a lawyer concerning litigation and claims or other matters affecting the Plan.

22. There are no matters that our lawyer has advised us should be considered when preparing the financial statements.

23. We have disclosed to you the identity of the Plan's related parties and parties in interest and all the related-party and party-in-interest relationships and transactions of which we are aware.

24. We are aware of no significant deficiencies, including material weaknesses, in the design or operation of internal controls that could adversely affect the Plan's ability to record, process, summarize and report financial data.

25. We have no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.
26. The Plan has satisfactory title to all owned assets which are recorded at fair value and all liens, encumbrances or security interests have been properly disclosed.
27. Concentration of credit risk have been properly disclosed.
28. We have answered your questions about the Plan's tax compliance to the best of our knowledge and belief.
29. There have been no communications, whether written or oral, from regulatory agencies concerning non-compliance or deficiencies in the operation of the plan.
30. We have complied with (a) all aspects of debt and other contractual agreements, including provisions of the Plan, that would have a material effect on the financial statements in the event of noncompliance, (b) the fidelity bonding requirements of ERISA, (c) all participant eligibility and coverage requirements of the Plan, ERISA and the Internal Revenue Code (IRC), and (d) the filing requirements of appropriate agencies.
31. We have complied with the DOL's regulations concerning the timely remittance of participants' contributions to trusts containing assets for the Plan.
32. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
33. The IRS has determined and informed the plan sponsor, by a letter dated October 29, 2014, that the Plan is qualified under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.
34. We have reviewed the complementary user entity control considerations of the Service Organization Controls (SOC 1) Reports for Principal Life Insurance Company Retirement Plan Processing Services dated November 22, 2019 for the period ended September 30, 2019 with a gap letter to December 31, 2019; Automatic Data Processing, Inc. Workforce Now Services System dated January 16, 2020 for the period ended September 30, 2019 with a gap letter to December 31, 2019; and Automatic Data Processing, Inc. Global Enterprise Technology & Solutions dated November 7, 2019 for the period ended September 30, 2019, with a gap letter to December 31, 2019, and we believe all applicable controls are properly designed, implemented and operating effectively.
35. There are no:

a. Nonexempt (prohibited) party-in-interest transactions that were not disclosed in the financial statements or supplemental schedule.
b. Notes receivable from participants or other receivables or investments in default or considered to be uncollectible that were not disclosed in the financial statements or supplemental schedule.
c. Material period-end adjusting entries affecting prior annual periods.
d. Reportable transactions that were not disclosed in the supplemental schedule.

36. During the course of your audit, you may have accumulated records containing data that should be reflected in our books and records. All such data have been so reflected. Accordingly, copies of such records in your possession are no longer needed by us.

37. We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).

To the Investment Committee
David S. Smith (Holdings) America, Inc. Retirement Savings Plan

Our audit was performed in accordance with auditing standards generally accepted in the United States of America, except that we did not perform any of the normal auditing procedures on asset information certified or provided by the trustee under Section 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations. In planning and performing our audit of the financial statements of the David S. Smith (Holdings) America, Inc. Retirement Savings Plan (the Plan) as of and for the year ended December 31, 2019, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. Therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attentions by those charged with governance.

Following are descriptions of identified deficiencies in internal control that we determined constituted significant deficiencies in internal controls:

CONTRIBUTIONS

During our testing of contributions, we discovered that not all bi-weekly deferrals are being remitted in the same frequency from pay date to pay date. The DOL requires that the employer remit withheld employee deferrals on the earliest date on which they can be reasonably segregated from the Company's general assets (as soon as administratively feasible). We understand that in investigations, the DOL has been looking at the history of an employer's deposit schedule, applying the earliest deposit after payroll date as the standard for all contribution deposits. Failure to remit participant contributions to the Plan in a consistently timely manner may result in a prohibited transaction that must be separately reported to the DOL and may result in penalties to the plan sponsor. We noted two such payroll periods where remittances were required to be reported as late deposits into the Plan.

We recommend that you consider transmitting the contributions to Principal Trust Company on the same day for each pay date in order to provide a consistent basis and that lost earnings related to late contributions be remitted to the Plan for affected participants. We recommend that you work with your ERISA counsel and third party administrator to determine and make necessary corrections, including any required excise taxes.

CENSUS & COMPLIANCE TESTING

During our audit, we were notified the Plan could not have compliance testing completed before the issuance of the audit report due to missing data for one eligible participant. The missing eligible participant was unique as they were paid monthly, on their own pay date on a separate payroll run. The missing eligible employee was terminated subsequent to the acquisition of David S. Smith Holdings by Liqui-Box Corporation. As this was an employee prior to Liqui-Box management taking over operational controls of David S. Smith Holdings, we understand the ability to locate and retain compensation records is difficult. We recommend plan management work with the seller or payroll provider to determine where such records would be located in an effort to ensure all relevant deferral and compensation data is considered in the Plan's compliance testing such that accurate wage reporting and testing results can be supported in accordance with the IRC. We also understand compliance testing for 2014-2017 has not been located and that Plan management are determining next steps to ensure such testing was performed in accordance with rules and regulations.

Following are descriptions of identified deficiencies in internal control that we determined did not constitute significant deficiencies or material weaknesses:

CENSUS AND PAYROLL FILE DATA

During our eligibility testing, we noted two employees we selected for testing had personnel file documentation of their hire date that did not agree to the data presented in the Census File. As a result of an incorrect Census File, an employee may be denied benefits to which they are entitled or be granted access to the Plan prior to their actual eligibility. During our confirmation process, we noticed employee addresses did not agree between Principal and the payroll system. This could result in confirmation being sent to incorrect addresses. We recommend that the Plan Sponsor perform a detailed review to verify the information contained within the Census File and payroll system.

PAY RATE DATA

During payroll testing, we noted five employees we selected for testing where pay rate supporting documentation and approval could not be located and provided. As a result of an absence of pay rate supporting documentation, an employee may receive improper wages which could result in that employee receiving and contributing the incorrect amount. We recommend that the Plan Sponsor ensure proper supporting documentation and approval of wage amounts is maintained for all employees.

IPS & MONITORING INVESTMENTS

We noted that the Plan does not have a formal investment policy statement. "The preparation and maintenance of the Investment Policy Statement (IPS) is the most critical function a fiduciary performs, for a well written IPS becomes the narrative that defines how all of the investment-related responsibilities will be prudently managed." – Don Trone, founder of the Foundation for Fiduciary Studies. The Employee Retirement Income Security Act of 1974 (ERISA) is a process driven statue. The Plan Sponsor and its employees responsible for running the Plan are fiduciaries with personal responsibility for their decisions

related to the Plan. Compliance with ERISA fiduciary responsibilities does not require that only the best performing investment choices with the lowest cost are available in the Plan. A fiduciary's primary role is to manage the process.

Developing a formal investment process via the IPS will assist fiduciaries in prudently managing defined contribution plan assets and will help them substantially reduce their fiduciary liability. A by-product of the implementation of a well-crafted IPS is the likelihood of improved investment performance and cost containment over time. Both of these are essential elements in helping plan participants achieve retirement readiness, which is the goal of all retirement plans. We suggest that you speak with your investment advisors regarding whether it is prudent for you to adopt an IPS. If so, we would suggest that you consider an IPS that contains the following sections: specific investment strategy; duties and responsibilities of all parties involved; diversification guidelines; due diligence criteria for selecting investment options; monitoring criteria for investment options and service vendors; and procedures for controlling and accounting for investment expenses. Examples of a well-written IPS are available through the Profit Sharing/401k Council of America (www.psca.org). We are also available to assist with this process.

This letter is intended solely for the information and use of the Plan Investment Committee and management and is not intended to be and should not be used by anyone other than these specified parties. We appreciate serving the David S. Smith (Holdings) America, Inc. Retirement Savings Plan and would be happy to assist you in addressing and implementing any of the suggestions in this letter.

Tools For Those Charged with Plan Governance

CYBERSECURITY & EBPs

Employee benefit plans and the participating recordkeepers, consulting firms, asset custodians, and transaction applications (collectively, "EBP") are increasing targets for cybersecurity malfeasance. An industry built with the most sensitive of information, custody of increasing and significant capital assets, segregated responsibilities among partners in the servicing chain, and applications created to provide clients with access to move funds; **EBPs are seeing a disturbing rise in both sophisticated threats and damaging cybersecurity attacks**.

The American Institute of CPAs describes the role of governance more directly in its Cybersecurity and Employee Benefits Q&A: *"Plan administrators and those charged with governance have an ERISA fiduciary duty with respect to the management of the plan, including implementing processes and controls to restrict access to a plan's systems, applications and data, including third-party records and other sensitive information."*

Industry leadership is concerned as well. *"There continues to be no comprehensive federal law governing cybersecurity for benefit plan service providers…Because there are many different users and service providers in the benefit administration area, the regulatory system and data security approaches might have weak, and possibly, unprotected areas."* - ERISA Advisory Council letter to the Department of Labor, 2016

INDEPENDENT AUDITOR'S REPORT

December 4, 2020

To the Investment Committee and Plan Participants of
David S. Smith (Holdings) America, Inc. Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the David S. Smith (Holdings) America, Inc. Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these 2019 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedules as outlined on the Table of Contents as of and for the year ended December 31, 2019, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for purpose of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee of the Plan. Their report, dated October 4, 2019, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations – 2019

The form and content of the information included in the 2019 financial statements and supplemental schedules, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DAVID S. SMITH (HOLDINGS) AMERICA, INC. RETIREMENT SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the David S. Smith (Holdings) America, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement savings plan which was formed for the purpose of providing retirement benefits to substantially all employees of David S. Smith (Holdings) America, Inc. and related adopting companies (collectively known as the Company). Employees expected to complete at least 1,000 hours of service during the 12-month period beginning with the date they first perform an hour of service become eligible to participate in the Plan upon reaching 21 years of age and completing six months of continuous service, as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Board of Directors is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Company's Board of Directors.

Contributions

Each year, participants may elect to contribute up to 40% of their pre-tax annual compensation, or make Roth contributions, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of their pre-tax eligible compensation with an automatic 1% increase annually on January 1st until their deferral rate reaches 10%. The Company makes matching contributions equal to 100% of the first 3%, and 50% of the next 2% of the compensation that a participant contributes to the Plan. At the discretion of the Company's Board of Directors, additional discretionary employer contributions may be authorized for the related year. These contributions are funded in the year subsequent to their authorization. Allocations of the Company's discretionary employer contributions are given only to participants employed at the end of the Plan year who have completed at least 1,000 hours of service during the Plan year, and are based on the ratio of each participant's eligible compensation to the total eligible compensation paid to all eligible participants for the Plan. No discretionary employer contributions were authorized for 2019. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options at any time.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions and the Company's contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined at inception, is set at 1% above the Prime interest rate (4.75% and 5.50% at December 31, 2019 and 2018, respectively), as defined, in accordance with the Plan's loan policy. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or termination for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants who attain age 59 ½ also have the option to receive in-service partial withdrawals at amounts specified by the participant, as defined. Distributions of a participant's balance may also be authorized at any time by the plan administrator under certain hardship conditions.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Administrative Expenses

Expenses of maintaining the Plan, including participant recordkeeping, are paid by the Plan and are included in administrative expenses. In addition, certain fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are also included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through December 4, 2020, the date the financial statements were available to be issued.

Due to national and world-wide disruptions caused by COVID-19 in 2020, the Plan may be adversely impacted. At this time, any financial impact of potential COVID-19 related disruptions are not known.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal Trust), the trustee of the Plan.

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV per unit based on quoted market prices of the underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Redemptions are allowable daily with no notice.

Common/collective trust fund: Valued based on the NAV of units of the collective trust fund. The NAV as provided by the trustee of the trust fund, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Redemptions are allowable daily with no notice.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2019:

Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 6,950,823	$ 0	$ 0	$ 6,950,823
Total assets in the fair value hierarchy	$ 6,950,823	$ 0	$ 0	6,950,823
Investments measured using NAV as a practical expedient[(a)]:				
Pooled Separate Accounts				19,074,805
Common/Collective Trust Fund				1,474,444
Investments at fair value				$ 27,500,072

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2018:

Description	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 5,765,000	$ 0	$ 0	$ 5,765,000
Total assets in the fair value hierarchy	$ 5,765,000	$ 0	$ 0	5,765,000
Investments measured using NAV as a practical expedient[(a)]:				
Pooled Separate Accounts				14,853,774
Common/Collective Trust Fund				1,375,339
Investments at fair value				$ 21,994,113

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the year ended December 31, 2019, the Plan did not hold any Level 3 assets.

NOTE 5: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal Trust. Principal Trust is the trustee and recordkeeper as defined by the Plan and, therefore, such transactions and associated administrative expenses qualify as party-in-interest transactions.

Additionally, the Plan holds party-in-interest receivables of $731,214 and $768,115 as of December 31, 2019 and 2018, respectively, in the form of notes receivable from participants.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 7: TAX STATUS

The IRS has determined and informed the Company by a letter dated October 29, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the determination letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

NOTE 7: TAX STATUS (Continued)

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits.

As of December 31, 2019, the Plan held $20,549,249 of Principal family funds, which was approximately 75% of total investments. Therefore, net assets available for benefits are particularly sensitive to changes related to these investments.

NOTE 9: RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements at December 31, 2019, to the Form 5500:

	2019
Net assets available for benefits per the financial statements	$ 28,231,286
Cumulative deemed loans	(2,966)
Net assets available for benefits per Form 5500	$ 28,228,320

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2019 to the Form 5500:

	2019
Net increase per the financial statements	$ 5,466,319
Newly deemed participant loans	(2,966)
Net increase per Form 5500	$ 5,463,353

NOTE 10: OPERATIONAL ERRORS

The Company is in the process of correcting certain operational errors in accordance with the IRS compliance correction program. The Company does not expect the errors will have a material impact on the Plan's net assets available for benefits or for the errors to affect the Plan's tax status.
