ERNIE GREEN INDUSTRIES, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

1. DESCRIPTION OF PLAN

The following description of Ernie Green Industries, Inc. 401(k) Savings Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution savings plan established by Ernie Green Industries, Inc. (the Company or Sponsor) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan trustees, employees of the Sponsor, oversee the governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's trustees. Great-West Life & Annuity Insurance Company serves as the third party administrator and recordkeeper. Everhart Advisors serves as the investment advisor for the Plan and is considered a fiduciary as defined by ERISA section 3(21)(A(ii)). Associated Trust Company, N.A. served as the former trustee of the Plan and as the third party administrator and recordkeeper. No such officer or employee of the Sponsor receives compensation from the Plan. The Plan is operating as a multiple employer plan including Direct Scripts, LLC as a participating employer, for which Plan management is in the process of amending the Plan. Participation in the Plan is entirely voluntary. An eligible employee is any person employed by a participating employer who has completed three months of continuous service and is employed on the next plan entry date.

Contributions - Each year, participants may contribute up to 100% of eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a guaranteed investment contract as investment options for participants. The Company may, but is not required to, make discretionary matching contributions and discretionary profit sharing contributions to the Plan. Company matching contributions for the years ended December 31, 2019 and 2018 were 50% of the first 6% of eligible compensation deferred by employees. Company discretionary matching contributions were \$512,009 in 2019 and \$594,203 in 2018. There were no discretionary profit sharing contributions for the years ended December 31, 2019 and 2018.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's discretionary matching contributions, (b) the Sponsor's discretionary profit sharing contributions and (c) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participants' compensation, earnings or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Excess Contributions - Contributions made by certain active participants during a plan year are required to be returned to them to satisfy the relevant nondiscrimination provisions of the Plan. Excess deferral contributions payable at December 31, 2019 are \$3,345. Excess deferral contributions payable

at December 31, 2018 and returned to participants during the year ended December 31, 2019 were \$38,104. Excess deferral contributions payable at December 31, 2017 and returned to participants during the year ended December 31, 2018 were \$75,961.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service. Years of service with any predecessor employer acquired by the Company shall be recognized. Participants' vested interests in Company contributions increase from 20% after the second year of service to 100% after the sixth year.

Notes Receivable From Participants - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by their highest outstanding note balance during the preceding twelve months. Notes receivable from participants must be repaid within five years unless the purpose is to acquire, construct or reconstruct a principal residence. Each note is secured by the vested account balance in the participant's account and bears a fixed rate of interest of prime plus two percent. Interest rates on outstanding notes range from 5.75% to 7.50% at December 31, 2019 and at December 31, 2018. Principal and interest is paid ratably through automatic payroll deductions.

Payment of Benefits - Upon termination of employment, participants receive vested interests either in a lump-sum amount or as a direct rollover to an individual retirement account or to another employer's tax qualified plan. There were no benefits payable to terminated participants at December 31, 2019 and 2018.

Forfeiture Accounts - Forfeitures are used to reduce the Sponsor's contributions or the amount of any legally permitted expenses incurred in connection with the administration of the Plan which are not otherwise paid by the Sponsor. Forfeitures used to pay plan administrative fees were \$151 and \$12 for the years ended December 31, 2019 and 2018, respectively. Forfeitures used to reduce employer contributions were \$206,083 and \$205,104 for the years ended December 31, 2019 and 2018, respectively. Forfeited nonvested account balances are \$6,491 and \$5,667 at December 31, 2019 and 2018, respectively.

Tax Status - The Internal Revenue Service has determined and informed the Sponsor by a letter dated March 31, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been restated since receiving the determination letter, the Plan administrator and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. Tax years 2016 and later remain open and subject to examination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan has evaluated subsequent events through December 15, 2020, the date the financial statements were approved and authorized by the Plan Administrator.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Investment Contracts - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

ASU 2015-12 clarifies that the measurement and presentation requirements of a fully benefit-responsive investment contract apply only to direct investments. The Plan has an indirect investment in a guaranteed investment contract with T. Rowe Price Trust Company as part of its common/collective trust at December 31, 2018. Therefore the statements of net assets available for benefits present the fair value of the investment contract.

The Plan also has an investment in the Fixed Account Series Class III Fund, which is an annuity contract issued by Great-West Life & Annuity Insurance Company at December 31, 2019. This contract is a fully benefit-responsive investment contract presented in the statements of net assets available for benefits at contract value which equals fair value.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Expenses of the Plan - Certain expenses of maintaining the Plan are paid by the Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees for the administration of notes receivable from participants and benefits paid to participants are included in administrative expenses and are charged directly to the participant's account.

3. INVESTMENTS

The following information included in the Plan's financial statements and supplemental schedule as of and for the years ended December 31, 2019 and 2018 was obtained from data prepared by Great-West Life & Annuity Insurance Company, the current trustee of the Plan, and Associated Trust Company, N.A., the former trustee of the Plan. The Plan administrator has obtained certifications from the trustees that such information is complete and accurate. The following represents the fair values of the investments in the separate identifiable funds administered by the trustees:

	2019	2018
Investments, at fair value	\$ 28,575,612	\$ 26,621,848
Investments, at contract value	426,326	
Notes receivable from participants	470,924	593,252
Interest and dividend income from investments	57,254	465,471
Interest income on notes receivable	35,421	39,094
Net appreciation (depreciation) in fair value of investments	4,714,471	(2,156,084)
Net appreciation in contract value of investments	422	

4. FAIR VALUE MEASUREMENTS

The Plan's measurement of fair value for assets and liabilities is based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The three levels of the hierarchy are as follows:

- Level 1: observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in active markets that are observable either directly or indirectly

Level 3: unobservable inputs in which there is little or no market data, which requires the Plan to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective trusts: Guaranteed investment contract is valued based on the net asset value at which the plan transacts with the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

	Level 1	Total
Mutual funds	<u>\$ 28,575,612</u>	<u>\$ 28,575,612</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

	Level 1	Total
Mutual funds	\$ 26,092,201	\$ 26,092,201
Common/collective trusts *		<u>529,647</u>
Total investments at fair value	<u>\$ 26,092,201</u>	<u>\$ 26,621,848</u>

*In accordance with ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. INVESTMENT CONTRACT

The Plan has a fully benefit-responsive guaranteed investment contract, Fixed Account Series Class III Fund, with Great-West Life & Annuity Insurance Company. Contributions are maintained in the insurance company's general account which is credited with earnings based on a guaranteed rate of return. This contract is a fully benefit-responsive investment contract.

Because the Fixed Account Series Class III Fund meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fixed Account Series Class III Fund. The Fixed Account Series Class III Fund is presented on the face of the statement of net assets available for benefits at contract value which equals fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the Fixed Account Series Class III Fund at December 31, 2019 was \$426,326. Prior to each January 1, April 1, July 1, and October 1, the effective annual rate of interest is established for the following three month period. Interest is credited based upon the daily balance at a rate that is the daily equivalent of the effective annual rate of interest applicable for the three month period. There is no stated minimum or maximum interest rate for the Fixed Account Series Class III Fund. The average yields earned by the Fixed Account Series Class III Fund at December 31, 2019 are 1.75% based on actual earnings and 1.33% based on interest rate credited to participants.

Certain events, such as the premature termination of the contracts by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable. As of December 31, 2019, Great-West Life & Annuity Insurance Company's credit ratings were as follows: A+ by A.M. Best Company, AA by Fitch Ratings, Aa3 by Moody's Investor Service, and AA by Standard & Poor's Ratings Services. These high credit ratings of Great-West Life & Annuity Insurance Company as of the measurement date substantiate the Fixed Account Series Class III Fund's ability to meet obligations set forth in the contract.

7. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of bank common/collective trust funds and insurance company general accounts managed by the trustees (or affiliates of the trustees) of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

9. SUBSEQUENT EVENTS

The novel coronavirus (or "COVID-19") has adversely affected, and may continue to adversely affect, economic activity globally, nationally and locally. These economic and market conditions and other effects of the COVID-19 pandemic may adversely affect the volatility of Plan assets. The extent of any adverse impact of the COVID-19 pandemic on the Plan's participants' account balances and the amounts reported in the statements of net assets available for benefits are unknown at this time. Operation of the Plan has not been adversely impacted.

On March 27, 2020, President Trump signed the Coronavirus Aid, Relief and Economic Security Act (CARES Act). Plans are permitted to adopt these provisions immediately provided the Plan document is retroactively amended on or before December 31, 2022. Plan management has elected to adopt the following provisions:

For coronavirus-related distributions made before December 31, 2020 to qualified individuals, as defined in the CARES Act, the maximum distribution is the lesser of the vested portion of the participant's account balance in the Plan or \$100,000. In addition, for active employees, a coronavirus-related distribution may be repaid at any time during a three-year period beginning on the day after the date on which the distribution was received.

For qualified individuals with outstanding loans, loan repayments during the period March 27, 2020 through December 31, 2020, may be deferred. The term of the loan will be extended by the length of the deferment period and adjusted for accrued interest.

Qualified individuals, as defined in the CARES Act, may borrow the lesser of \$100,000 or 100% of their vested account balance from March 27, 2020 to September 22, 2020.
