**RO HEALTH 401(k) PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

**NOTE 1 - DESCRIPTION OF PLAN**

The following description of the Ro Health 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*(a) General*

The Ro Health 401(k) Plan (the Plan) was created effective January 1, 2015. The Plan is a contributory, defined contribution plan covering eligible employees of Ro Health, Inc. (the Company or Plan sponsor). Employees are eligible to participate in the Plan upon reaching at least 21 years of age. In addition, employees must have completed at least one year of service in order to be eligible for participation in matching (safe harbor or discretionary) and profit sharing contributions. Eligible participants may enter the Plan on the first day of the calendar month following completion of the eligibility criteria.

*(b) Contributions*

Participants may contribute to their deferred contribution account on a pre-tax basis up to the statutory limits prescribed by the Internal Revenue Code, including catch-up contributions for those participants who have reached age 50. The Company will make a safe harbor matching contribution on deferrals, including catch-up deferrals, of 100% of deferrals that are less than or equal to 3% and 50% of deferrals that are greater than 3%, but less than or equal to 5%. The Company may also make discretionary qualified matching or profit sharing contributions to eligible employees. The employee deferrals are funded with each pay period. The safe-harbor match and profit sharing contribution, if any, are funded annually.

*(c) Participants' Accounts*

Each participant's account is credited with the participant's contribution, employer contributions, and an allocation of earnings of the Plan. Allocations of Plan earnings are based on participants' account balances, as defined by the Plan. Allocations of the profit-sharing contributions, if any, are based upon eligible participants' compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participants' account.

Each participant directs the investment of their account by selecting from alternative investment funds offered by the trustee.

## ***Note 1 - continued***

### ***(d) Vesting***

Participants are immediately vested in their contributions and safe harbor matching contributions, plus earnings thereon. Participants are vested in the discretionary profit sharing contributions at a rate of 10% after one year of service with full vesting after six years of service. All employer contributions vest upon death, attainment of normal retirement age (65), or total and permanent disability.

### ***(e) Payment of Plan Benefits and Other Distributions***

Participants are eligible for distributions upon termination of service, retirement, death or disability. Upon termination, if the participant's account balance is less than \$5,000, the amount will be distributed from the Plan, either in cash, or by rollover to an IRA or another employer qualified plan. Account balances in excess of \$5,000 may stay in the Plan until the participant requests a distribution, or becomes subject to minimum distributions at age 70-1/2.

Upon attainment of age 59-1/2 or normal retirement age (age 65), a participant may receive an in-service distribution of vested balances.

Active employees may also request loans from the Plan. Loans are limited to \$50,000 or 50% of the vested account balance in the Plan. Payments on the loans are made with each pay period, and upon termination of employment, the loan becomes payable in full.

### ***(f) Plan Expenses***

Participants are assessed direct fees for processing specific transactions. Otherwise, the Company bears the cost of administering the Plan to the extent such expenses are not offset by revenue sharing arrangements.

### ***(g) Forfeitures***

The non-vested portion of a terminated participant's account balance, if any, will be forfeited and generally used to reduce the employer's contribution. There were no forfeited, non-vested account balances at December 31, 2019 and 2018.

## **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### ***(a) Method of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting.

## ***Note 2 - continued***

### ***(b) Investments***

The Plan's assets consist primarily of mutual funds, and are stated at fair value as determined by quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The change in market value and realized gains and losses during the year are recognized as net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for plan benefits. Purchases and sales of securities are reflected on a trade date basis. Interest is recorded when earned. Dividends are recorded on the ex-dividend date basis.

### ***(c) Notes receivable from participants***

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Interest is based on the prime rate in effect at the date of the loan's inception plus 1%. Principal and interest are paid with each pay period. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

### ***(c) Estimates***

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from these estimates.

## **NOTE 3 - INFORMATION CERTIFIED BY TRUSTEE**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Plan administrator has obtained certification from Ascensus Trust Company that the following information is complete and accurate.

1. Amounts included as investments in the statement of net assets available for benefits at December 31, 2019 and 2018, in Note 4, and on the supplemental schedule of Assets (Held at End of Year).
2. Note receivable from participant at December 31, 2019;
3. Investment income included in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

## NOTE 4 - INVESTMENTS

FASB ASC 820, Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability; and

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified within level 1 of the valuation hierarchy. There has been no change in valuation methodologies used for fair value in 2019 and 2018.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE 5 - TAX STATUS**

Effective January 1, 2015, the Plan trustees adopted a prototype plan. It is the intent of the prototype plan to be exempt from federal income taxes. A determination letter dated March 31, 2014, from the Internal Revenue Service has been obtained by the prototype plan sponsor, that states that the form of the prototype plan is acceptable under section 401 of the Internal Revenue Code. The Plan Administrator and Trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirement of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has concluded that, as of December 31, 2019, the Plan has not taken any uncertain positions that would require recognition or disclosure. The Plan is subject to routine audits by taxing jurisdiction, generally for three years after filing; however, there are currently no audits in progress, and management believes that years prior to 2016 are no longer open for audit.

**NOTE 6 - PLAN TERMINATION**

Although it has not expressed an intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In the event of Plan termination, participants would become 100% vested in their accounts.

## **NOTE 7 - RISKS AND UNCERTAINTIES**

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

## **NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS:**

In addition to services provided by Ascensus, Vanguard acts as custodian for investments of the Plan. Therefore, transactions with Vanguard, also qualify as party-in-interest transactions.

## **NOTE 9 - LATE REMITTANCES TO PLAN**

In 2019 and 2018, certain employee deferrals withheld were determined to be late in being remitted to the Plan. The Company is reporting these late remittances to the DOL, and will restore lost earnings.

## **NOTE 10 - SUBSEQUENT EVENTS**

Management has evaluated subsequent events through October 14, 2020, the date on which the financial statements were available for issue.

In March 2020, the coronavirus pandemic began impacting the U.S. and world economies significantly. The investment markets in the U.S. became very volatile. The ultimate impact of this pandemic on the Plan's investments and results of investing activities cannot be determined at this time; it is possible these impacts will be severe.
