NOTES TO FINANCIAL STATEMENTS

Note 1 Description of the Plan

The following description of the Sandair Corporation 401(K) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General The Plan is a participant directed defined contribution plan covering all employees of Sandair Corporation (the Company), other than employees covered under a collective bargaining agreement, leased employees and non-resident aliens, who have attained age 21. Effective January 1, 2017, the service eligibility requirement changed from one year of service to six months of eligibility service with no hour service requirement and an employee can enter the Plan during the first pay period immediately after meeting the service requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements are prepared in accordance with accounting principles generally accepted in the United States of America.

Contributions Eligible employees of the Company may elect to contribute up to the applicable limits allowed under the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes a safe harbor contribution to eligible participants with deferral elections. The safe harbor contribution is equal to 100% of matched contributions up to 4% of eligible wages. The Company may elect to make discretionary matching and profit sharing contributions that are not to exceed limits as defined by the Internal Revenue Code. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contribution, (b) plan earnings, and charged with an allocation of administration expenses, and (c) any forfeitures. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. An individual may not have more than one loan outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest ranging from 4.25% to 7.0%. Loan terms, unless for the purchase of a principal residence, are not to exceed five years. Principal and interest are paid ratably through payroll deductions. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of his or her account or rollover to another qualified plan. A participant may elect a hardship distribution prior to his or her separation from service in accordance with the hardship distribution policy.

Investment Options Upon enrollment in the Plan, a participant may direct contributions into numerous investment choices offered by John Hancock Life Insurance Company. Participants may change their investment options via the internet or contacting John Hancock directly.

Administrative Expenses Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net depreciation in fair value of investments.

Note 1 Description of the Plan (Continued)

Vesting Participants are immediately 100% vested in their elective deferrals, rollover contributions, safe harbor contributions and prevailing wage contributions. Participants are 100% vested in the Company discretionary and profit sharing contributions after six years of credited service (20% per year after two years of credited service). A participant is 100% vested after reaching normal retirement age, or upon death or disability.

Forfeitures At December 31, 2018 and 2017, forfeited non-fully vested accounts totaled $4,971 for both years. The Plan has elected to allocate these forfeitures to first reduce safe harbor matching contributions, and the remaining will be used to reduce any administrative fees. There were no forfeitures used to reduce employer contributions for the plan years ended December 31, 2018 and 2017.

Note 2 Summary of Accounting Policies

Basis of Accounting The financial statements are prepared on the accrual basis of accounting.

Investment Valuations and Income Recognition Investments in John Hancock Life Insurance Company are made in accordance with a group annuity contract, which represent participation units in the insurance company's mutual funds.

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, or trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2018 or 2017.

Payment of Benefits The Plan records benefits when paid. Total vested benefits due to terminated participants but not paid was $456,156 at December 31, 2018. These vested benefits are amounts due to terminated participants who have not yet requested distribution as of December 31, 2018.

Accounting for Uncertainty in Income Taxes Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. Plan management has determined that as of December 31, 2018, there are no uncertain tax positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 2 Summary of Accounting Policies (Continued)

Recent Accounting Pronouncement In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

Use of Estimates The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through November 30, 2020, the date the financial statements were available to be issued.

Note 3 Information Prepared and Certified by the Trustee

The following is a summary of the Plan's asset information at December 31, 2018 and 2017, and for the year ended December 31, 2018, included throughout the Plan's financial statements and the supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets are complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and the supplemental schedules related to the following assets:

	2018	2017
Mutual funds	$ 5,206,257	$ 5,084,359
Common collective trust	7,440	7,369
Cash	4,971	4,971
Notes receivable from participants	187,809	157,879

The trustee also certified to the completeness and accuracy of $410,109 of net depreciation in fair value of investments and $10,205 of interest associated with notes receivable from participants for the year ended December 31, 2018.

Note 4 Transactions with Parties-In-Interest

John Hancock Life Insurance Company, the Plan's trustee, Valley Pension Services, Inc., the third-party administrator, and Atherton & Associates, LLP, the Plan's independent auditor are parties-in-interest according to Section 3(14) of ERISA.

Note 5 Income Tax Status

The Plan has adopted a prototype plan which has obtained a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Note 6 Plan Termination

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities, will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the market during this time, Plan management is unable to estimate the total impact the pandemic will have.

Note 8 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use at relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets at the measurement date that the Plan can access at the measurement date.

Note 8 Fair Value Measurements (Continued)

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2018 and 2017. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: A stable value fund that is composed primarily of benefit-responsive investment contracts that is valued at the net asset value of units of the collective investment trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at:

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$5,206,257	$ -	$ -	$5,206,257
Total assets at fair value in hierarchy	$5,206,257	-	-	5,206,257
Investments measured at net asset value (a)				7,440
Investments at fair value				$5,213,697

Note 8 Fair Value Measurements (Continued)

	December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$5,084,359	$ -	$ -	$5,084,359
Total assets at fair value in hierarchy	$5,084,359	-	-	5,084,359
Investments measured at net asset value (a)				7,369
Investments at fair value				$5,091,728

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trust at December 31, 2018	$ 7,440	N/A	Daily	12 months
Common collective trust at December 31, 2017	$ 7,369	N/A	Daily	12 months

Note 9 Nonexempt Transactions

During the years ended December 31, 2018, 2017, 2016, and 2015, the Plan Sponsor inadvertently failed to deposit $397,606, $279,406, $240,249, and $163,951, respectively, of participant deferrals within the required time frame as stated by the United States DOL regulations. The Plan Sponsor has not reimbursed the Plan for lost earnings but intends to reimburse the Plan for lost earnings.

Note 10 Subsequent Events

Effective January 1, 2020, the Plan was amended for the Plan to contribute as a safe harbor matching contribution an equal amount to 100% of the participant's matched employee contributions that are not in excess of 5% of the participant's compensation.

Note 10 Subsequent Events (Continued)

Effective April 5, 2020, the Plan adopted the distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. In addition, effective April 21, 2020, the Plan adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.
