The Plan is a qualified profit sharing and 401(k) plan covering all employees of Endurance International Group, Inc. and participating affiliates (collectively, the "Company"), with the exception of any employee who is a resident of Puerto Rico, a non-resident alien with no U.S. sourced income, any employee covered by a collective bargaining agreement unless otherwise required to be included in the Plan under the collective bargaining agreement, or an independent contractor. Eligible employees may participate in the Plan upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The plan administrator is responsible for oversight of the Plan while the Investment Committee is responsible for determining the appropriateness of the Plan's investment offerings and monitoring investment performance. Fidelity Management Trust Company ("Fidelity") serves as the Plan's trustee and third-party administrator and recordkeeper.

Contributions

Participants may elect to contribute up to 100% of their eligible compensation, as defined, on a pretax or aftertax (Roth) basis, subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 on or before December 31 of the plan year are eligible to make catch-up contributions. The Company has elected to make safe harbor employer matching contributions and may also make additional matching employer contributions not to exceed 4% of eligible compensation in a given plan year. The Company also has the option to provide additional nonelective employer profit sharing contributions. For 2019 and 2018, the Company made safe harbor employer matching contributions equal to 100% of employee contributions up to 3% of eligible compensation, plus 50% of employee contributions on the next 2% of eligible compensation. The Company did not make additional matching contributions or nonelective employer profit sharing contributions for 2019 or 2018.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants may direct the allocation contributions into various investment options offered by the Plan and may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor, and additional matching employer contributions, as well as allocations of the Company's nonelective employer profit sharing contributions, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately 100% vested in their elective contributions, rollover contributions, and the Company's safe harbor and additional matching employer contributions, plus actual earnings thereon. Vesting in the Company's nonelective employer profit sharing contributions, plus actual earnings thereon, is based on years of service. A participant is 100% vested after three years of service based on the following schedule:

Years of Service	Vesting Percentage
Less than three	0%
Three or more	100%

Participants become fully vested immediately upon death, disability, or retirement.

Forfeitures of the non-vested portion of terminated employees' accounts may be used to pay eligible plan expenses or reduce future contributions of the Company. There were no forfeitures at December 31, 2019 and 2018.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested participant account balance. General purpose loans must be repaid within five years; a repayment term of up to 10 years is allowed if the proceeds are used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest commensurate with local prevailing rates, as determined by the plan administrator. Principal and interest is paid through regular payroll deductions.

Payment of Benefits

On termination of service due to termination of employment, death, disability, or retirement on or after normal retirement age of 65, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. The Plan provides for the direct rollover to an individual retirement account ("IRA") for terminated participants with balances greater than $1,000 and not more than $5,000, unless directed otherwise by the participant. In addition, the Plan allows the plan administrator to automatically distribute to terminated participants their entire vested balance which does not exceed $1,000. Participants who have attained the age of 59½ may elect to withdraw all or part of their vested account balance from the Plan without penalty. In addition, a participant may elect to withdraw all or part of his or her account in the case of immediate and heavy financial need. Hardship withdrawals are subject to taxes.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisers and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the plan year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the related participants prior to the applicable deadline.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to specific participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Recent Accounting Pronouncements

In September 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 amends the disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 removes the following disclosures: the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; the policy for timing of transfers; the valuation process for Level 3 fair value measurements; and changes in the unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The ASU modifies the following disclosure requirements: transfers in and out of Level 3 and purchases and issues of Level 3 assets and liabilities; for investments in certain entities that calculate net asset value, the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse if timing has been communicated or announced publicly; and clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. The additional disclosures required under ASU 2018-13 are applicable only for public entities. The ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Certain amendments of the ASU may be applied prospectively while others should be applied retrospectively to all periods presented upon the effective date. It is permissible to early adopt any removed or modified disclosures and delay adoption of the additional disclosures, if applicable, until the effective date. Plan management is currently evaluating the impact that the ASU will have on the plan financial statements.

Subsequent Events

The Plan has evaluated subsequent events through December 21, 2020, which is the date the financial statements were available to be issued.

COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant volatility in financial markets. As a result, the Plan's investment portfolio has incurred significant fluctuations in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses

that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

CARES Act

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants.

Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Eligible participants may make special, penalty-free withdrawals of up to $100,000 through December 30, 2020, and
- Suspended required minimum distributions for calendar year 2020

3. Certified Investments

The plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee for the Plan, has certified as to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity and interest income from notes receivable from participants reflected on the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

Valued at daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust

Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily with no advance notice requirements. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2019	Level 1	Level 2	Level 3	Total
Investments Subject to Fair Value Hierarchy:				
Mutual funds	$ 116,277,690	$ -	$ -	$ 116,277,690
Investments Measured at NAV (1):				
Common/collective trust	-	-	-	2,966,679
Total Assets at Fair Value	$ 116,277,690	$ -	$ -	$ 119,244,369

December 31, 2018	Level 1	Level 2	Level 3	Total
Investments Subject to Fair Value Hierarchy:				
Mutual funds	$ 80,246,594	$ -	$ -	$ 80,246,594
Investments Measured at NAV (1):				
Common/collective trust	-	-	-	2,347,079
Total Assets at Fair Value	$ 80,246,594	$ -	$ -	$ 82,593,673

(1) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee and recordkeeper for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and Fidelity. Fidelity receives revenue from mutual fund and common/collective trust fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund or common/collective trust fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan expenses or allocated to the accounts of the participants. During 2019 and 2018, there were no material excess amounts received by the Plan. The Plan or the Company may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of a plan termination, participants would become 100% vested in their accounts.

The Company may reduce or suspend safe harbor employer matching contributions upon satisfaction of certain requirements provided under Internal Revenue Bulletin No. 2013-50, including a 30-day advanced notice to all eligible employees.

7. Tax Status

The Plan has adopted a volume submitter profit sharing plan document sponsored by Fidelity. The volume submitter sponsor received a favorable opinion letter from the IRS dated March 31, 2014, stating that the form of the volume submitter plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. The plan administrator believes that the Plan is designed,

and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and was tax exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

1. Description of Plan

The following description of the Endurance International Group 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified profit sharing and 401(k) plan covering all employees of Endurance International Group, Inc. and participating affiliates (collectively, the "Company"), with the exception of any employee who is a resident of Puerto Rico, a non-resident alien with no U.S. sourced income, any employee covered by a collective bargaining agreement unless otherwise required to be included in the Plan under the collective bargaining agreement, or an independent contractor. Eligible employees may participate in the Plan upon their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The plan administrator is responsible for oversight of the Plan while the Investment Committee is responsible for determining the appropriateness of the Plan's investment offerings and monitoring investment performance. Fidelity Management Trust Company ("Fidelity") serves as the Plan's trustee and third-party administrator and recordkeeper.

Contributions

Participants may elect to contribute up to 100% of their eligible compensation, as defined, on a pretax or aftertax (Roth) basis, subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 on or before December 31 of the plan year are eligible to make catch-up contributions. The Company has elected to make safe harbor employer matching contributions and may also make additional matching employer contributions not to exceed 4% of eligible compensation in a given plan year. The Company also has the option to provide additional nonelective employer profit sharing contributions. For 2019 and 2018, the Company made safe harbor employer matching contributions equal to 100% of employee contributions up to 3% of eligible compensation, plus 50% of employee contributions on the next 2% of eligible compensation. The Company did not make additional matching contributions or nonelective employer profit sharing contributions for 2019 or 2018.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants may direct the allocation contributions into various investment options offered by the Plan and may change their investment options at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's safe harbor, and additional matching employer contributions, as well as allocations of the Company's nonelective employer profit sharing contributions, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately 100% vested in their elective contributions, rollover contributions, and the Company's safe harbor and additional matching employer contributions, plus actual earnings thereon. Vesting in the Company's nonelective employer profit sharing contributions, plus actual earnings thereon, is based on years of service. A participant is 100% vested after three years of service based on the following schedule:

Years of Service	Vesting Percentage
Less than three	0%
Three or more	100%

Participants become fully vested immediately upon death, disability, or retirement.

Forfeitures of the non-vested portion of terminated employees' accounts may be used to pay eligible plan expenses or reduce future contributions of the Company. There were no forfeitures at December 31, 2019 and 2018.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested participant account balance. General purpose loans must be repaid within five years; a repayment term of up to 10 years is allowed if the proceeds are used to acquire a principal residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest commensurate with local prevailing rates, as determined by the plan administrator. Principal and interest is paid through regular payroll deductions.

Payment of Benefits

On termination of service due to termination of employment, death, disability, or retirement on or after normal retirement age of 65, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. The Plan provides for the direct rollover to an individual retirement account ("IRA") for terminated participants with balances greater than $1,000 and not more than $5,000, unless directed otherwise by the participant. In addition, the Plan allows the plan administrator to automatically distribute to terminated participants their entire vested balance which does not exceed $1,000. Participants who have attained the age of 59½ may elect to withdraw all or part of their vested account balance from the Plan without penalty. In addition, a participant may elect to withdraw all or part of his or her account in the case of immediate and heavy financial need. Hardship withdrawals are subject to taxes.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by investment advisers and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the plan year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the related participants prior to the applicable deadline.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to specific participant transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation in fair value of investments.

Recent Accounting Pronouncements

In September 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 amends the disclosure requirements for recurring and nonrecurring fair value measurements by removing, modifying, and adding certain disclosures. ASU 2018-13 removes the following disclosures: the amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy; the policy for timing of transfers; the valuation process for Level 3 fair value measurements; and changes in the unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period. The ASU modifies the following disclosure requirements: transfers in and out of Level 3 and purchases and issues of Level 3 assets and liabilities; for investments in certain entities that calculate net asset value, the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse if timing has been communicated or announced publicly; and clarifies that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date. The additional disclosures required under ASU 2018-13 are applicable only for public entities. The ASU is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. Certain amendments of the ASU may be applied prospectively while others should be applied retrospectively to all periods presented upon the effective date. It is permissible to early adopt any removed or modified disclosures and delay adoption of the additional disclosures, if applicable, until the effective date. Plan management is currently evaluating the impact that the ASU will have on the plan financial statements.

Subsequent Events

The Plan has evaluated subsequent events through December 21, 2020, which is the date the financial statements were available to be issued.

COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant volatility in financial markets. As a result, the Plan's investment portfolio has incurred significant fluctuations in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses

that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

CARES Act

On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security ("CARES") Act. The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants.

Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Eligible participants may make special, penalty-free withdrawals of up to $100,000 through December 30, 2020, and
- Suspended required minimum distributions for calendar year 2020

3. Certified Investments

The plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee for the Plan, has certified as to the completeness and accuracy of all the investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, the supplemental schedule Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity and interest income from notes receivable from participants reflected on the statements of changes in net assets available for benefits for the years ended December 31, 2019 and 2018. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The FASB Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level, within the fair value hierarchy, is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds

Valued at daily closing price, as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. The funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust

Valued at the NAV of units held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily with no advance notice requirements. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value:

December 31, 2019	Level 1	Level 2	Level 3	Total
Investments Subject to Fair Value Hierarchy:				
Mutual funds	$ 116,277,690	$ -	$ -	$ 116,277,690
Investments Measured at NAV (1):				
Common/collective trust	-	-	-	2,966,679
Total Assets at Fair Value	$ 116,277,690	$ -	$ -	$ 119,244,369

December 31, 2018	Level 1	Level 2	Level 3	Total
Investments Subject to Fair Value Hierarchy:				
Mutual funds	$ 80,246,594	$ -	$ -	$ 80,246,594
Investments Measured at NAV (1):				
Common/collective trust	-	-	-	2,347,079
Total Assets at Fair Value	$ 80,246,594	$ -	$ -	$ 82,593,673

(1) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Related-Party and Party-in-Interest Transactions

Certain plan investments are managed by Fidelity. Fidelity is the trustee and recordkeeper for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

Fidelity provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement ("MSA") between the Company and Fidelity. Fidelity receives revenue from mutual fund and common/collective trust fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan. If the revenue received by Fidelity from such mutual fund or common/collective trust fund service providers exceeds the amount owed under the MSA, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan expenses or allocated to the accounts of the participants. During 2019 and 2018, there were no material excess amounts received by the Plan. The Plan or the Company may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of a plan termination, participants would become 100% vested in their accounts.

The Company may reduce or suspend safe harbor employer matching contributions upon satisfaction of certain requirements provided under Internal Revenue Bulletin No. 2013-50, including a 30-day advanced notice to all eligible employees.

7. Tax Status

The Plan has adopted a volume submitter profit sharing plan document sponsored by Fidelity. The volume submitter sponsor received a favorable opinion letter from the IRS dated March 31, 2014, stating that the form of the volume submitter plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax exempt. The plan administrator believes that the Plan is designed,

and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and was tax exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
