Note 1 - Plan Description

The following description of Megtec, LLC Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

The Plan was formed on October 1, 2018. Effective October 22, 2018, the employees of Megtec Systems, LLC ceased participation in the B&W Thrift Plan as a result of the purchase of Megtec Systems, LLC by Dürr, Inc. As a result, all participants employed by Megtec Systems, LLC and their related account balances of approximately \$40,940,000 were transferred into the Plan.

As a result of the aforementioned purchase, the Plan was merged into the Dürr, Inc. 401(k) Plan effective March 31, 2020. All participants employed by Megtec Systems, LLC and their related account balances of approximately \$40,030,000 were transferred out of the Plan. The Plan effectively terminated after the assets were transferred on March 31, 2020.

General

The Plan is a defined contribution plan covering substantially all full-time, nonunion employees of Megtec Systems, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

There are no age or service requirements to participate in the Plan. All eligible employees are automatically enrolled into the Plan. If no deferral election is made by the participant, the deferral defaults to 6 percent of eligible compensation and is increased 1 percent each subsequent year until the deferral reaches 10 percent.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 75 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code.

The Plan allows participants to contribute up to 75 percent of their compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer matching contributions of 50 percent of the participant's contribution, not to exceed 8 percent of the employee's eligible compensation.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts prescribed in the Plan and in the Internal Revenue Code. Notes receivable bear interest at a market rate. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's use of services offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, occurs when participants reach three years of service. These vesting requirements are waived in the event of death or permanent disability.

March 31, 2020; December 31, 2019; and December 31, 2018

Note 1 - Plan Description (Continued)

Benefit Payments

On termination of service due to death, disability, or retirement, a participant (or the participant's beneficiary in the case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The plan administrator must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan. At December 31, 2019, forfeited account balances totaled \$11,782. There were no forfeiture account balances at March 31, 2020 and December 31, 2018.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by the trustee; therefore, these transactions qualify as nonprohibited party-in-interest transactions, as defined under ERISA guidelines.

Certain administrative expenses of the Plan are paid by the plan sponsor, which qualify as party-in-interest transactions as well.

Termination

As discussed in Note 6, the Plan merged into the Dürr, Inc 401(k) Plan effective March 31, 2020.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation

The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investment. All other investments are valued based on quoted market prices reported in active markets. See Note 5 for additional information.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of \$8,268, \$21,987, and \$5,051 for the period ended March 31, 2020; the year ended December 31, 2019; and the period ended December 31, 2018, respectively, were paid by the Plan.

Notes to Financial Statements

March 31, 2020; December 31, 2019; and December 31, 2018

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures at the date of the financial statements and during the reporting period. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including December 18, 2020, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Vanguard Fiduciary Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedules of assets held at end of year and assets held at end of period are based solely on information certified by the Trustee.

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2014. The Plan has not individually sought its own determination letter.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Notes to Financial Statements

March 31, 2020; December 31, 2019; and December 31, 2018

Note 5 - Fair Value Measurements (Continued)**Level 3**

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2019 and 2018. There were no assets held at March 31, 2020.

Note 6 - Plan Mergers

During 2018, the assets of the B&W Thift Plan attributable to the employees of Megtec Systems, LLC were transferred into the Plan.

During 2020, the Plan merged and combined with the Dürr, Inc. 401(k) Plan. Accordingly, all assets, participants, and their related account balances were transferred to the Dürr, Inc. 401(k) Plan in 2020.
