Notes to the Financial Statements

1. Description of the Plan

The following description of the Jetcorp Technical Services Inc. 401(k) Profit Sharing Plan Trust (the "Plan") provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Jetcorp Technical Services Inc. (the "Company") who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 96% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all employees age 21 or older are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions are invested in a designated balanced fund until changed by the participant.

Participants are immediately eligible to receive Company matching contributions. The Company contributed matching contributions of 12% of the first 5% of eligible compensation that a participant contributed to the Plan through May 31, 2018. Effective June 1, 2018, the Company changed its matching contribution to be discretionary. From June 1, 2018 through December 31, 2019, the Company matched 40% of the first 5% of eligible compensation contributed by each participant with Company contributions. Additional Company nonelective contributions may be contributed to participants who have completed one year of service at the option of the Company. The Company did not make any nonelective contributions for the years ended December 31, 2019 and 2018. Participant and employer contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, the Company's matching contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous

Notes to the Financial Statements

service. A participant is 100% vested after three years of credited service or in the event of death or total and permanent disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to (i) the lesser of \$50,000 reduced by the highest outstanding balance of any prior loans from the plan during the prior one-year period, or (ii) 50 percent of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.50% at December 31, 2019. Participants may only have one loan outstanding at a time. The notes are repaid ratably through payroll deductions over a period of five years or less, except for loans related to the purchase of a principal residence, in which case the note terms may extend up to 20 years.

Payment of Benefits

The Plan's normal form of payment is a lump sum, payable upon termination of service due to death, disability, or retirement, a participant or participant's beneficiary in the event of death. Withdrawals are allowed upon the attainment of age 59½. Hardship distributions are not permitted under the Plan.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited accounts totaled \$31,308 and \$9,606, respectively. Forfeited accounts are utilized first to reduce Plan expenses and second to reduce employer matching contributions. No forfeitures were used to reduce Plan expenses or employer contributions during the years ended December 31, 2019 and 2018.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 5 for additional information related to fair value measurements.

Jetcorp Technical Services Inc. 401(k) Profit Sharing Plan Trust

Notes to the Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net (appreciation) depreciation in fair value of investments.

3. Concentrations of Significant Investments

As of December 31, 2019, the Plan's investment in the Fidelity Freedom 2030 Fund and the Fidelity Freedom 2035 Fund, accounted for 24% and 13%, of the Plan's total investments, respectively.

As of December 31, 2018, the Plan's investment in the Fidelity Freedom 2030 Fund and the Fidelity Freedom 2040 Fund, accounted for 24% and 12%, of the Plan's total investments, respectively.

4. Information Certified by Fidelity Management Trust Company ("FMTC")

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, FMTC has certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate.

<i>December 31,</i>	2019	2018
Investments, at fair value	\$ 6,303,808	\$ 4,496,972
Notes receivable from participants	107,140	137,951

Jetcorp Technical Services Inc. 401(k) Profit Sharing Plan Trust

Notes to the Financial Statements

<i>Years ended December 31,</i>	2019	2018
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	\$ 805,103	\$ (720,049)
Interest and dividends	382,402	365,104
Interest income on notes receivable from participants	\$ 5,986	\$ 5,863

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Jetcorp Technical Services Inc. 401(k) Profit Sharing Plan Trust

Notes to the Financial Statements

Money market fund: The Plan's investments in money market funds are valued at the NAV of shares held by the Plan at year end based upon quoted market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019				
	Total	Fair Value Hierarchy Level

Total assets at fair value level	\$ 4,496,972	\$ 4,496,972	-	-

6. Related Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by FMTC. FMTC is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions and are exempt from the prohibited transaction rules of ERISA. The Plan made direct payments to the trustee for the years ended December 31, 2019 and 2018, in the amounts of \$1,963 and \$1,106, respectively. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in the fair value of investments. All other fees incurred due to Plan operations are paid by the Plan Sponsor, annually.

7. Income Tax Status

The Company has adopted a volume submitter profit sharing plan whose sponsor obtained its opinion letter on March 31, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The volume submitter plan has been amended since receiving the opinion letter. However, the Plan administrator believes that

Jetcorp Technical Services Inc. 401(k) Profit Sharing Plan Trust

Notes to the Financial Statements

the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Prohibited Transactions

During the year ended December 31, 2019, the Company failed to segregate and remit in a timely manner certain participant contributions and loan repayments (salary reduction amounts) totaling \$127,710 from its assets within the required time period as specified by the DOL. Failure to segregate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The Company remitted these contributions to the Plan shortly after the required time frame and is in the process of calculating the lost earnings associated with the late remittances. The Company will remit the necessary lost earnings to be plan as soon as feasibly possible. Additionally, the Company will file Form 5330 and pay applicable excise taxes. The excise tax payment will be made from the Company's assets and not from the assets of the Plan. The total of the lost earnings to be remitted to the Plan is expected to be immaterial, and as such, a receivable related to the lost earnings has not been recorded the Statement of Assets Available for Benefits as of December 31, 2019.

10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:

	2019	2018
Net assets available for benefits, per the financial statements	\$ 6,410,948	\$ 4,634,923
Less: deemed distributed loans not reported on Form 5500	(17)	(17)
Net assets available for benefits, per the Form 5500	\$ 6,410,931	\$ 4,634,906

Jetcorp Technical Services Inc. 401(k) Profit Sharing Plan Trust

Notes to the Financial Statements

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the Plan year ended December 31, 2019 and 2018, to Form 5500:

	2019	2018
Change in net assets available for benefits, per the financial statements	\$ 1,776,025	\$ 88,958
Plus: net change in participant contributions not reported on Form 5500	-	22,505
Plus: net change in employer contributions not reported on Form 5500	-	1,858
Change in net assets available for benefits, per the Form 5500	\$ 1,776,025	\$ 113,321

12. Subsequent Events

The Plan Administrator has evaluated subsequent events through December 18, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. Because the values of the Plan’s individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the Plan’s liquidity cannot be determined at this time.

On March 27, 2020, President Trump signed into law the “Coronavirus Aid, Relief, and Economic Security (CARES) Act.” The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to \$100,000
- Extend the period for loan repayments, if applicable, up to one year
- Suspended required minimum distributions for 2020
