Independent Auditor's Report

To the Plan Administrator of the
Navajo Manufacturing Company, Inc. 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Navajo Manufacturing Company, Inc. 401(k) Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2019 financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements.

Other Matter - Supplemental Schedules

The supplemental schedules, Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year), as of or for the year ended December 31, 2019, are required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2018 Financial Statement

The financial statement of the Plan as of December 31, 2018, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 25, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2019

The form and content of the information included in the 2019 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Navajo Manufacturing Company, Inc. 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2019 and 2018

Note 1 – Description of the Plan

The following description of the Navajo Manufacturing Company, Inc. (the “Company", "Plan Administrator", or "Plan Sponsor”) 401(k) Retirement Plan (the “Plan”) provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan, which was established January 1, 1994, that is generally available to all employees of the Company who have obtained age 21. The Plan excludes union employees and nonresident aliens. Employees may enter the Plan on the first day of the Plan year quarter coincident with or after meeting the Plan’s eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Benefits under the Plan are not guaranteed by the Pension Benefit Guaranty

Plan amendments. Effective January 1, 2019, the Plan document was amended and restated to add an eligible automatic contribution arrangement ("EACA"). Unless an eligible participant makes an affirmative election otherwise after being given appropriate notice, 2% of their compensation will be withheld and contributed to the Plan as an elective deferral contribution. Participants who are auto-enrolled under the EACA can elect a permissible withdrawal within 60 days of their first automatic deferral.

Effective November 27, 2019, the Plan document was amended and restated to add an automatic IRA rollover provision for mandatory distributions to terminated participants with an account balance greater than $0.01 but less than $5,000.

Contributions. The following types of contributions are allowable under the Plan:

- Salary Deferral Contributions – Participants may contribute up to 50% of their pre-tax annual compensation, as defined in the Plan document, subject to limitations. The Plan has an EACA. Unless an eligible participant makes an affirmative election otherwise after being given appropriate notice, 2% of their compensation will be withheld and contributed to the Plan as an elective deferral contribution. Participants who are auto-enrolled under the EACA can elect a permissible withdrawal within 60 days of their first automatic deferral. A participant’s total salary deferral contributions cannot exceed $19,000 ($25,000 if 50 or older) in calendar year 2019.
- Discretionary Employer Matching Contributions – The Company may contribute a discretionary Employer matching contribution each payroll period to eligible participants equal to a uniform percentage of a participant's salary deferral contributions. During 2019, the Company did not make a discretionary Employer matching contribution.
- Discretionary Employer Profit Sharing Contributions – The Employer may make a discretionary Employer profit sharing contribution to those eligible participants who are actively employed as of the last day of the Plan year or who have completed more than 500 hours of service during the Plan year. Participants not employed on the last day of the Plan year due to death, disability, or reaching normal retirement age are also eligible to receive a discretionary Employer profit sharing contribution. This contribution is allocated to each eligible participant’s account in the ratio that each participant’s compensation bears to the compensation of all eligible participants. During 2019, the Employer did not make such a contribution.

Note 1 – Description of the Plan (continued)

- Rollover Contributions – Certain amounts distributed to participants from other qualified employee benefit plans may be rolled into the Plan.

All contributions are allocated to the Plan's investment funds at the direction of the participants.

Participant Accounts. Each participant's account is credited with the participant's contributions (salary deferrals and rollovers, if any) and an allocation of (a) the Employer's contribution (discretionary matching and discretionary profit sharing), (b) fund earnings or losses, and (c) administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are immediately vested in their salary deferral contributions, rollover contributions, and related earnings thereon. Employer contributions are subject to a six year graded vesting schedule, whereas a participant becomes 100% vested after six years of service. Additionally, participants who incur a severance from employment due to death or disability also become 100% vested in the Employer contribution portion of their accounts.

Forfeitures. When certain terminations of Plan participation occur, the non-vested portion represents a forfeiture. Forfeitures are used to pay administrative expenses of the Plan or are used to reduce discretionary Employer contributions. During 2019, no forfeitures were used for either of these purposes. There was no balance in the forfeitures account as of December 31, 2019 and 2018.

Investments. Participants may direct their investments into various mutual funds and a money market fund.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $1,000. The maximum loan is the lesser of (i) $50,000 minus the highest loan balance in the previous 12-month period, or (ii) 50% of their vested account balance. Loan terms range up to a maximum of 5 years (a longer term is available if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear a reasonable rate of interest commensurate with local prevailing rates at the date the loan is granted as determined by the Plan administrator. Principal and interest payments are generally paid ratably through payroll deductions.

Payment of Benefits. Benefits to participants or beneficiaries generally are payable as a lump sum, installments, or rollover distribution equal to the value of their vested account balance upon retirement, disability, death, or termination of the participant. A terminated employee with a balance of less than $5,000 may be automatically paid out by the Plan upon termination. Additionally, participants may request an in-service withdrawal of their rollover contributions account, for a qualified reservist distribution or a deemed severance of employment, upon attainment of age 59½, or if they incur a financial hardship, as defined, if certain criteria are met.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Payments. Benefits are recorded when paid.

Excess Contributions Payable. Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code ("IRC") are recorded as a liability and corresponding expense. The Plan distributes the excess contributions to applicable participants after the Plan's year end.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are recordkeeping, withdrawal charges, and other fees. Certain investment related expenses are included in net appreciation in fair value of investments.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2019 and 2018. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds and money market funds are valued at the quoted net asset value (“NAV”) of shares / units held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 – Fair Value Measurements (continued)

The following tables set forth by level, within the fair value ("FV") hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Fair Value Measurements at December 31, 2019			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	**$ 3,551,766**	**$ -**	**$ -**	**$ 3,551,766**
Money Market Funds	**391,811**	**-**	**-**	**391,811**
Total Assets at Fair Value	**$ 3,943,577**	**$ -**	**$ -**	**$ 3,943,577**

	Fair Value Measurements at December 31, 2018			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	$ 2,592,767	$ -	$ -	$ 2,592,767
Money Market Funds	284,909	-	-	284,909
Total Assets at Fair Value	$ 2,877,676	$ -	$ -	$ 2,877,676

Changes in Fair Value Levels. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. During 2019, there were no transfers in or out of levels 1, 2 or 3.

Note 4 – Certified Information

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee of the Plan has certified that the following data included in the accompanying 2019 financial statements and supplemental schedules is complete and accurate:

- Investments, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2019;

Note 4 – Certified Information (continued)

- Notes receivable from participants, as shown in the Statement of Net Assets Available for Benefits as of December 31, 2019;
- Investment amounts as of December 31, 2019, as shown in Note 3;
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019;
- Interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019; and
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2019, as shown in the supplemental schedules.

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the 2019 financial statements and supplemental schedules.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 6 – Tax Status

The Company has adopted a DST Retirement Solutions LLC Volume Submitter Profit Sharing Plan ("volume submitter plan"). The volume submitter plan received an advisory letter from the IRS on June 1, 2015, which stated that the volume submitter plan is qualified under the applicable sections of the IRC. Although the Plan and volume submitter plan have been amended since receiving the IRS advisory letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related trust is tax exempt as of December 31, 2019 and 2018. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019:

	2019
Net assets available for benefits per the financial statements	$ 3,910,791
Less: Other Employer contributions receivable	(8,959)
Add: Excess contributions payable	55,588
Net assets available for benefits per the Form 5500 (unaudited)	$ 3,957,420

The following is a reconciliation of other Employer contributions and excess contributions / corrective distributions per the financial statements to the Form 5500 for the year ended December 31, 2019:

	Other Employer Contributions	Excess Contributions / Corrective Distributions
Amounts per the financial statements	$ 8,959	$ 165,027
Less: 2019 accruals	(8,959)	(55,588)
Amounts per the Form 5500 (unaudited)	$ -	$ 109,439

Note 8 – Party-In-Interest Transactions

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Certain Plan investments are shares of mutual funds and a money market fund offered by T. Rowe Price. As T. Rowe Price is a service provider to the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan maintains notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

Note 9 – Nonexempt Prohibited Transactions

During 2019, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed in the aggregate on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions and loan repayments have been remitted to the Plan's trust. The Company intends to correct these nonexempt prohibited transactions by remitting lost earnings into the Plan's trust as soon as administratively feasible.

Note 10 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2019 and 2018, there were four and three investments, respectively, which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2019.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through December 23, 2020, which is the date the financial statements were available to be issued.

In April 2020, the Plan’s distribution and loan provisions were amended in accordance with the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) as follows:

- A CARES Act distribution allows the Plan's eligible participants to take a Coronavirus-related distribution ("CRD") up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020.
- The maximum dollar amount available for participant loans is the lesser of $100,000 or 100% of a participant’s vested account balance for eligible individuals, as defined, who meet the requirements for CRDs. Such increase in the maximum loan amount will remain in effect through September 22, 2020.
- Any loan repayments due between March 27, 2020 and December 31, 2020 may be suspended for up to one year for eligible individuals, as defined, who meet the requirements for CRDs.
- The payout of 2020 and certain 2019 required minimum distributions ("RMDs") were suspended.
