Notes to Financial Statements

1. Description of Plan

The following description of the Rockport Clients 401(k) Plan and Trust (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution multiple employer plan that was adopted effective January 1, 2013 for the benefit of the employees of various employers (collectively the “Company”). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). As of December 31, 2017, the Plan had 86 participating employers (see Note 11). During 2017, employees of 48 participating employers made deferral contributions. The Administrative Committee oversees governance of the Plan. Plan management determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Administrative Committee.

Contributions

Each year participants may contribute up to 100% of pretax annual salary and 90% of bonuses, as defined in the Plan limited to the maximum amount allowed by law for the plan year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefits or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various separate accounts and a collective trust. Each participating employer may make discretionary matching contributions to be allocated among eligible employees of that employer. In 2017, no employer contributions were made to the Plan. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s matching contribution and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. Certain administrative expenses are allocated equally between all

Notes to Financial Statements

1. Description of Plan (Continued)

participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in matching contributions plus earnings thereon is based on years of continuous service. Each participating employer has his own vesting schedule.

Forfeitures subject to allocation each plan year are determined separately by each participating employer and allocated among the employees of that employer or the employees of the participating employer who made the forfeited contributions.

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms range up to five years or longer for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, participants may elect to receive the vested interest of their accounts in the form of a single sum of cash payment, or a direct rollover to an individual retirement account or another employer plan. Inservice distributions are available to employees who have attained age 59 ½. Hardship withdrawals are also available.

Forfeited Accounts

At December 31, 2017 and 2016 the total forfeited nonvested accounts amounted to \$6 and \$184, respectively. These funds were transferred to the Plan upon a merger of four 401(k) plans to the Plan, that took place on October 31, 2013.

Notes to Financial Statements

1. Description of Plan (Continued)

Plan Administration

The Plan is administered by Rockport Administrative Services, LLC. The plan administrator controls and manages the operation and administration of the Plan.

John Hancock Life Insurance Company (U.S.A) (“John Hancock”) serves as the custodian. Dissinger Associates is the third party administrator.

Eligibility

All employees having reached the age of 21 and completed 1 year of service are eligible for participation in the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan’s valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Rockport Clients 401(k) Plan and Trust

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2017 and 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants totaling \$134,809 and \$86,959 for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as accounts payable, with a corresponding reduction to 2017 and 2016 contributions. The Plan distributed the 2017 excess contributions after March 15, 2018 and the 2016 excess contributions after March 15, 2017.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements (see Note 4). Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Net Appreciation (Depreciation) in Fair Value of Investments

Net appreciation (depreciation) in fair value of investments is based on the fair value of the assets at the beginning of the plan year, or at the time of purchase during the plan year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year with respect to unrealized appreciation (depreciation).

Rockport Clients 401(k) Plan and Trust

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued)

Realized and unrealized appreciation (depreciation) is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

New Accounting Pronouncements

During the year ended December 31, 2016, the Plan retrospectively adopted a new accounting standard that eliminated certain disclosure requirements, including: (i) net appreciation/depreciation of plan assets disaggregated by class of investment; (ii) identification of individual investments that represent 5% or more of the net assets available for benefits; (iii) certain disclosures regarding fully benefit-responsive investment contracts; and (iv) significant investment strategies for investments for which fair value is estimated using the net asset value per share provided by the fund manager as a practical expedient, such as the Plan's investments in collective trust funds. The new standard also specified that plan assets measured at fair value may be disaggregated by general type (including assets in self-directed brokerage accounts) and eliminated the requirement for disaggregation by nature and risk of investment (see Note 3, *Fair Value Measurements*). In addition, the new standard simplified the presentation of direct investments in fully benefit-responsive investment contracts by eliminating the requirement to disclose the fair value of such contracts with a corresponding adjustment from fair value to contract value in the Statements of Net Assets Available for Benefits. Investments in these contracts are now presented solely at contract value. The reporting requirements for indirect investments in fully benefit-responsive investment contracts (investments in collective trust funds that own fully benefit-responsive investment contracts) were eliminated.

During the year ended December 31, 2016, the Plan also retrospectively adopted a new accounting standard that eliminated the requirement to categorize within the fair value hierarchy investments for which fair value is estimated using the net asset value per share provided by the fund manager as a practical expedient, such as the Plan's investments in collective trust funds. These investments are now shown as a reconciling item between the amount in the fair value hierarchy table and the total of the Plan's investments recognized at fair value in the Statements of Net Assets Available for Benefits (see Note 3, *Fair Value Measurements*).

Rockport Clients 401(k) Plan and Trust

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Continued)

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through November 13, 2019, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The fair value of separate accounts is based on the reported net asset values of the underlying mutual funds as a practical expedient.

The fair value of the collective trust is valued at the net asset value of the units as provided by the trust's trustee as a practical expedient.

All the investment assets of the Plan are not required to be categorized within the fair value hierarchy.

Rockport Clients 401(k) Plan and Trust

Notes to Financial Statements

4. Related Party and Party in Interest Transactions

Certain plan investments are shares of separate accounts managed by John Hancock. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to John Hancock amounted to \$12,200 for the year ended December 31, 2017. Indirect compensation to John Hancock is reflected as a reduction of investment return for applicable investments.

Additionally, the Company provides to the Plan certain accounting and administrative services for which no fees are charged. As the Company is the plan sponsor, these transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

6. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2017 and 2016:

| 7. Tax Status | <p>The Plan currently operates under a Volume Submitter Profit Sharing Plan offered by Sungard Business Systems LLC, which received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.</p> |
| 8. Risks and Uncertainties | <p>The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.</p> <p>The Plan is required to disclose significant concentrations of credit risk regardless of the degree of such risk. At December 31, 2017 and 2016, the financial instruments, which potentially subject the Plan to a concentration of credit risk, consisted principally of cash, investments and notes receivable from participants.</p> |
| 9. Custodian's Certification | <p>The investment balance and related investment information included in the financial statements, accompanying notes and supplemental schedules are derived from statements which have been certified by John Hancock as complete and accurate in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.</p> |

12. Non-exempt Transactions In May and October of 2016, the Company was not in compliance with the Department of Labor requirements to remit participant contributions for the amounts of \$75 and \$14,988, respectively, to the Plan within 15 business days of the month following the month in which the contributions were withheld by the employer. On November 28, 2018, the Company paid the Plan \$507 for the lost earnings on the late deposit of \$14,988. On May 14, 2019, the Company made a contribution of \$75 plus interest of \$34 for the late deposit of \$75.

In January and December of 2017, the Company was not in compliance with the Department of Labor requirements to remit participant contributions for the amounts of \$64, \$17,312, and \$20,434 to the Plan within 15 business days of the month following the month in which the contributions were withheld by the employer. On November 28, 2018, the Company paid the Plan \$174 for lost earnings on the late deposits.

In November and December of 2017, Princeton Manor Healthcare Center, LLC ("Princeton") was not in compliance with the Department of Labor requirements to remit participant contributions for the amounts of \$2,415, \$1,254, \$1,349, and \$1,332 to the Plan within 15 business days of the month following the month in which the contributions were withheld by the employer. 12. Non-exempt Transactions (Continued) for the amount of \$14,988 to the Plan within 15 business days of the month following the month in which the contributions were withheld by the employer. On December 19, 2018, the Company paid the Plan \$508 for lost earnings on the late deposits.

13. Subsequent Events In October 2016, two employers, Princeton and Kingston Healthcare Center, LLC (“Kingston”), allowed their employees to contribute to the Plan prior to executing Participation Agreements. The Plan voluntarily filed a request with the IRS through the Employee Plan Compliance Resolution System (EPCRS) to allow each of the companies to adopt the Plan retroactively to its effective date of participation.

During the period from October 10, 2017 to April 10, 2018, Princeton and Kingston remitted late deposits of participant contributions. On May 11, 2018, the Company paid the Plan \$290 for lost earnings on the late deposits.

In 2014, Westwood Healthcare and Wellness Centre, LP (“Westwood”) joined the Plan. No assets were transferred to the Plan and participants of Westwood were eligible to make deferrals to the Plan in 2016. However, some employees started participating too early. The Plan filed a request with the IRS through the EPCRS to allow such non-highly compensated employees to be retroactively eligible.

In 2018, Lighthouse Healthcare Center, LLC (“Lighthouse”), a participating employer in the Plan failed to timely correct the 2017 ADP test by making the required corrective distribution after December 31, 2018. Because the distribution was made late, as of the financial statements date, there is an amount of \$1,027 due to all employees of Lighthouse who made a deferral to the Plan during 2017.

In February, May, November, and December of 2018, the Company was not in compliance with the Department of Labor requirements to remit participant contributions for the amounts of \$1,207, \$1,473, \$880, \$53,302, \$237, \$16,373, \$290, \$729, \$721, \$755, and \$735 to the Plan within 15 business days of the month following the month in which the contributions were withheld by the employer. The Plan has yet to compensate the affected participants for the lost earnings on the late deposits.

14. DOL Investigation

In 2017, a Department of Labor (DOL) investigation was opened regarding the operation of the Plan. The focus of the investigation so far was the transfer of assets from related plans which merged into the Plan. Management is fully cooperating with the DOL in providing all the pertinent documents requested. Management is confident that the investigation will have no negative effect on the operation of the Plan.
