Note 1. Description of Plan

The following description of WRH Realty Services, Inc. 401k Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of WRH Realty Services, Inc. (the Sponsor) who have reached age 18 and completed two months of service. Eligible employees who have not elected otherwise will be automatically enrolled with a deferral rate of 5% which will be automatically increased by 1% on March 1st of each subsequent plan year, up to a maximum 16% deferral rate. Participants may change their deferral rates at any time. The Plan Administrator is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments: Effective January 1, 2019, the Plan was amended to remove exclusion of bonuses from the definition of eligible compensation. Effective May 1, 2019, the Plan was also amended to modify one of the named administrative fiduciaries.

Contributions: Participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Roth elective deferrals are also permitted. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Sponsor will make matching contributions in an amount not to exceed 8% of a participant's compensation. The Sponsor's contribution percentage was 50% up to the first 8% of compensation deferred during 2019. The Sponsor may also make discretionary profit-sharing contributions to the Plan. There were no profit-sharing contributions for the year ended December 31, 2019. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Sponsor's matching contribution, as well as allocations of any profit-sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Sponsor's contributions plus actual earnings thereon based on years of continuous service. A participant is 100% vested after five years of service as described in the following schedule:

Years of service	Vested Percentage
Less than two years	None
Two years but less than three years	20%
Three years but less than four years	40%
Four years but less than five years	70%
Five years or more	100%

Note 1. Description of Plan (Continued)

Payment of benefits: The Plan permits withdrawals when a participant terminated employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59 ½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Forfeitures: Forfeitures are used to reduce future employer contributions or pay Plan expenses. Forfeited nonvested accounts totaled $16,827 and $70,753 at December 31, 2019 and 2018, respectively. During 2019, $140,128 was used to reduce employer matching contributions and $16 was used to pay administrative expenses.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The Loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. These rates range from 4.75% to 6.00% on loans outstanding at December 31, 2019, and mature through 2024. Principal and interest are paid ratably through bi-weekly payroll deductions.

Note 2. Significant Accounting Policies

Basis of accounting: The Plan's financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisor. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Note 2. Significant Accounting Policies (Continued)

Excess contributions payable: Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Adoption of accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. The amendments in this ASU modify the disclosure requirements on fair value measurements in Topic 820, *Fair Value Measurement*, based on the concepts in the FASB Concepts Statement, including the consideration of costs and benefits.

The following disclosure requirements were removed from Topic 820:

1. The amount of and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy.

2. The policy for timing of transfers between levels.

3. The valuation processes for Level 3 fair value measurements.

4. For nonpublic entities, the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

The following disclosure requirements were modified in Topic 820:

1. In lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities.

2. For investments in certain entities that calculate net asset value, an entity is required to disclose the timing of liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the entity or announced the timing publicly.

3. The amendments clarify that the measurement uncertainty disclosure is to communicate information about the uncertainty in measurement as of the reporting date.

The amendments in this ASU are effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The entity is permitted to early adopt any removed or modified disclosures upon issuance of this ASU and delay adoption of the additional disclosures until their effective date. The Plan adopted this ASU for the removal, modification, or addition of certain fair value measurement disclosures presented in the financial statements.

Note 2. Significant Accounting Policies (Continued)

2018 Revisions: The 2018 financial statements incorrectly presented the Invesco Stable Asset and MetLife Stable Value Series as fully benefit responsive investment contracts (FBRIC) at contract value. The investment disclosures for 2018 have been revised to include these investments as common collective trusts reported at fair value using Net Asset Value (NAV) as a practical expedient, consistent with the classification for 2019 with no impact on the December 31, 2018 statement of net assets. In addition, disclosures related to FBRIC have been removed from the financial statements.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2019) through December 22, 2020, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by John Hancock Trust Company, LLC (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	December 31	
	2019	2018
Investments at fair value:		
Registered investment companies	$ 10,126,223	$ 7,910,294
Common collective trust stable value fund	529,217	519,458
	$ 10,655,440	$ 8,429,752
Notes receivable from participants	$ 233,202	$ 257,206

John Hancock Trust Company, LLC also certified to the completeness and accuracy of $1,650,212 of net appreciation in fair value of investments and $222,451 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2019.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust stable value fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

	Assets at Fair Value as of December 31, 2019			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 10,126,223	$ -	$ -	10,126,223
Investments measured at NAV (a)				529,217
Investments at fair value				$ 10,655,440

	Assets at Fair Value as of December 31, 2018			
Description	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 7,910,294	$ -	$ -	7,910,294
Investments measured at NAV (a)				519,458
Investments at fair value				$ 8,429,752

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit recalculation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The following table summarized investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2019 and 2019.

	Fair Value December 31		Unfunded	Redemption	Redemption
Investment	2019	2018	Commitment	Frequency	Notice Period
Common collective trust fund:					
MetLife Stable Value Series 25157 - Class 0	$ 529,217	$ 430,668	None	Daily	None
Invesco Stable Asset ADPZ	-	88,790	None	Daily	None
Total	$ 529,217	$ 519,458			

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related Party and Party-in-Interest Transactions

John Hancock Trust Company, LLC is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled $40,977 for the year ended December 31, 2019. Northwestern Mutual Investment Services, LLC is the investment advisor of the Plan; therefore, transactions with the investment advisor qualify as party-in-interest transactions. Fees paid by the Plan to the investment advisor totaled $17,683 for the year ended December 31, 2019. The Sponsor also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

Effective June 1, 2018, the Plan adopted a non-standardized form of a prototype plan sponsored by John Hancock Retirement Plan Services LLC. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

Net assets per the Form 5500	$ 10,888,642	$ 8,686,958

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to Form 5500:

	Year Ended December 31, 2019
Net increase in net assets available for benefits per the financial statements	$ 2,240,391
Change in participant contributions receivable	(52,225)
Change in employer contributions receivable	(19,610)
Change in excess contributions payable	33,128
Net income per the Form 5500	$ 2,201,684

Note 9. Subsequent Event

The Plan adopted an amendment effective January 1, 2020, to modify certain requirements for hardship distributions in accordance with the Bipartisan Budget Act of 2018. Pursuant to this amendment, participants are no longer required to exhaust other options (such as loans) prior to taking a hardship distribution, nor are they required to have deferrals suspended for six months subsequent to a hardship distribution. Also, hardship distributions can now be funded from earnings on elective deferrals.

On January 30, 2020, the World Health Organization declared the coronavirus outbreak (COVID-19) a "Public Health Emergency of International Concern" and on March 11, 2020, declared COVID-19 a pandemic. This has resulted in substantial volatility in financial markets. As a result, the Plan's investments have experienced significant adverse fluctuations in fair value since December 31, 2019. However, because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report; therefore, the extent of any adverse impact to the Plan's participants cannot be predicted at this time.

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was enacted. Among other provisions, the CARES Act provides temporary options for Plan participants with respect to certain Plan distributions and loans.
