## 1. DESCRIPTION OF PLAN

The following brief description of the CSL Berkshire Operating Company, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

### General

The Plan is a defined contribution profit sharing plan covering substantially all employees of CSL Berkshire Operating Company, LLC (the "Company"), who are at least 21 years of age, and have completed three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established on August 1, 2016.

### Contributions

Participant's contributions are made to the Plan by means of salary deferral by which the participant is entitled to defer up to a maximum of 90% of compensation, or a fixed amount determined annually by the Internal Revenue Service ("IRS"). Rollover contributions from qualified plans are allowed. The Company makes Safe Harbor Matching Contributions equal to 100% of participant matching contributions up to 4% of eligible earnings. In addition to Safe Harbor Matching Contributions, the Company may also decide to make a Matching Contribution to the Plan, although the Company is not required to make this contribution. Participants must make Elective Deferrals to the Plan to receive this Matching Contribution. The percentage of Elective Deferrals to be matched will be determined by the Company and allocated to participants at the year end. For the year ended December 31, 2019 Safe Harbor matching contributions of $217,072 were allocated to the Plan. There were no discretionary contributions for the year ended December 31, 2019.

### Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of registered investment companies with varying investment objectives as investment. Each participant's account is credited with the participant's contribution, the Company's matching contributions, and an allocation of (a) Plan earnings and charged with an allocation of (b) Plan losses and (c) administrative expenses. As defined, allocations of plan earnings are based on participant balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in their account. Any unvested balance is subject to forfeiture upon withdrawal.

### Notes Receivable from Participants

The Plan allows participants to borrow up to 50% of their vested account balances, but not less than $500 nor more than $50,000. The loan repayment period must be no more than five years with the interest rate determined based on prevailing rates at the date of the loan. Home loans can be repaid over a reasonable period of time that may be longer than five years. The loans are secured by the balance in the participant's account and bear interest at a rates ranging from 6.75% to 7.50%. Principal and interest is paid ratably through payroll deductions.

### Forfeitures

Forfeitures result from non-vested benefit payments related to non-Safe Harbor employer contributions remaining in the Plan for all terminated employees. Upon reaching the break-in-service requirement, as defined in the Plan agreement, forfeitures generated are used to reduce future company matching contributions. For the year ended December 31, 2019, $5,671 of forfeitures were used to reduce company matching contributions, respectively. At December 31, 2019 and 2018, the Plan had a balance of $3,032 and $10 in remaining forfeitures, respectively.

**Vesting**
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after one year of credited service.

**Payment of Benefits**
Upon reaching retirement age or upon termination of service, a participant may elect to receive a lump-sum payment equal to the vested value of his or her account.

**Administrative Expenses**
Administrative expenses are paid primarily by the Plan Sponsor. Certain administrative expenses are paid from Plan earnings and are charged against each participant's account. In addition, certain investment related expenses have been offset with investment income and are not readily determinable.

**Investments**
Each participant directs the allocation of his or her contribution, and employer matching contribution to one or more of the investment options offered by the Plan.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting**
The financial statements of the Plan have been prepared under the accrual basis of accounting in compliance with accounting principles generally accepted in the United States of America.

**Investment Valuation and Income Recognition**
Investments are measured at quoted prices in an active market and have been certified complete and accurate by Reliance Trust Company, the Plan's custodians (Note 4). Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Use of Estimates**
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Payment of Benefits**
Benefits are recorded when paid.

**Risks and Uncertainties**

The Plan provides for various investment options in any combination of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

**Subsequent Events**

The Plan evaluated subsequent events through December 22, 2020, the date these financial statements were issued. Except as disclosed in Note 9, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

## 3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used in 2019 and 2018 for assets measured at fair value.

*Registered investment companies (Mutual funds):* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common/collective trusts:* Investments in common/collective trust ("CCT") funds are valued on the net asset value of shares held by the Plan at year-end, which is based on the unit prices quoted by the fund representing the fair value of the underlying investments. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily and the Plan had no unfunded commitments to the CCT. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018.

| | 2019 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Registered investment companies (mutual funds) | $ 1,140,655 | $ - | $ - | $ 1,140,655 |
| Investments measured at net asset value (a) | | | | 110,351 |
| | | | | $ 1,251,006 |

| | 2018 | | | |
|---|---|---|---|---|
| | **Level 1** | **Level 2** | **Level 3** | **Total** |
| Registered investment companies (mutual funds) | $ 433,216 | $ - | $ - | $ 433,216 |
| Investments measured at net asset value (a) | | | | 41,694 |
| | | | | $ 474,910 |

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefit.

## 4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Custodians, except for comparing such information with information reported in the financial statements. Based on information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2019 and 2018. Accordingly, Reliance Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.

- Net appreciation in fair value of investments, interest income on notes receivable from participants, and dividends reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.

## 5. PLAN TERMINATION AND PARTIAL TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, so that each participant receives 100% of his or her account balance as of the date of termination. During the year ended December 31, 2019, the Company terminated over 20% of the Plan participants, thus triggering a partial termination. Because of this partial termination, all participants immediately became 100% vested in all employer contributions. There were certain participants of the Plan whose non-vested balances were forfeited upon distribution in 2019. Because of the partial termination, those forfeited amounts are payable back to these participants. Therefore, they are reflected as benefits payable as of December 31, 2019.

## 6. TAX STATUS

The Plan document is a Prototype Non-standardized Profit Sharing Plan that received a favorable opinion on July 8, 2014, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designated and being operated in compliance with the applicable requirement of the IRC.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. With few exceptions, the Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 7. PARTY-IN-INTEREST TRANSACTIONS

The Plan pays administrative expenses to parties-in-interest who provide services to the Plan and for whom a statutory exemption exists. Additionally, notes receivable from participants are considered party-in-interest transactions.

## 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Plan prepares the financial statements on the accrual basis of accounting which includes recording participant contributions receivable as of the end of the year. However, IRS Form 5500 does not require the use of the accrual basis of accounting and as such, the Plan sponsor prepares the IRS Form 5500 on the cash basis of accounting. Accordingly, the IRS Form 5500 does not include the participant contributions receivable as of the end of the year.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

| | 2019 | 2018 |
|---|---|---|
| Net assets available for benefits per financial statements | $ 1,304,912 | $ 474,910 |
| Add: Current year benefits payable | 8,667 | - |
| Net assets available for benefits per Form 5500 | $ 1,313,579 | $ 474,910 |

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2019:

| | |
|---|---|
| Change in net assets available for benefits per the financial statements | $ 830,002 |
| Add: Current year benefits payable | 8,667 |
| Change in net assets available for benefits per Form 5500 | $ 838,669 |

## 9. POTENTIAL IMPACT OF COVID-19

The 2019 novel coronavirus (or “COVID-19”) has adversely affected, and may continue to adversely affect economic activity globally, nationally and locally. Following the COVID-19 outbreak in January 2020, the values of investment securities have declined significantly. These economic and market conditions and other effects of the COVID-19 outbreak may continue to adversely affect the Plan. The extent of the adverse impact of the COVID-19 outbreak on the Plan’s participants’ account balances and the amounts reported in the 2019 Statement of Net Assets Available for Benefits cannot be predicted at this time.
