## EAST MANUFACTURING CORPORATION PROFIT SHARING PLAN

### NOTES TO FINANCIAL STATEMENTS

---

#### Note 1. Description of Plan

The following description of the East Manufacturing Corporation Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a more complete description of the Plan's provisions.

**General and eligibility:** The Plan is a defined contribution plan covering all full-time employees of East Manufacturing Corporation (Company or Plan Sponsor) who have completed one year of service and have worked at least 1,000 hours. Plan entrance days occur on the first day of each Plan year and the first day of the seventh month of each Plan year. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** The Plan is funded solely by discretionary employer profit sharing contributions determined annually by the Board of Directors of the Plan Sponsor. Contributions are subject to certain limitations.

**Participant accounts:** Each participant's account is (a) credited with allocations of the Company's contributions, (b) credited (reduced) with actual earnings (losses) thereon, (c) charged with administrative expenses, and (d) reduced by participant withdrawals. Allocations are based on a participant's eligible compensation and years of service, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are vested in their accounts based on years of continuous service. A participant is 100 percent vested after six years of credited service on a graded scale. Additionally, participants become fully vested, regardless of vesting table, upon attainment of normal retirement age, upon retirement due to disability, upon death, or upon termination of the Plan.

**Payment of benefits:** On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution or a direct rollover equal to the value of the participant's vested account balance. For termination of employment due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution after the participant has incurred a one year break in service. In-service distributions are available if certain criteria are met.

**Forfeited accounts:** Forfeiture of non-vested accounts arising from employee terminations and withdrawals may be used to offset employer contributions or reallocated to participants, as provided by the Plan document. As of May 31, 2020 and 2019, forfeited nonvested accounts totaled \$3,332 and \$0, respectively. During the year ended May 31, 2020, \$60,000 of forfeitures were reallocated to participants.

**Investment options:** Participants are permitted to direct the investment of their account balances into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment allocations on a daily basis.

#### Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

**Basis of accounting:** The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

## EAST MANUFACTURING CORPORATION PROFIT SHARING PLAN

### NOTES TO FINANCIAL STATEMENTS

---

**Investment valuation and income recognition:** Investments are reported at fair value (except for the benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's losses on investments bought and sold as well as held during the year.

**Use of estimates:** The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets available for Plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Payments of benefits:** Benefits are recorded when paid.

**Subsequent events:** The Plan has evaluated subsequent events through December 29, 2020, the date the financial statements were available to be issued.

#### Recent Accounting Pronouncement

**Fair Value Measurement:** In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement* (Topic 820): *Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this Update modify the disclosure requirements on fair value measurements in *Topic 820, Fair Value Measurement*, based on the concepts in the Concepts Statement, including the consideration of costs and benefits. In addition, the amendments eliminate *at a minimum* from the phrase *an entity shall disclose at a minimum* to promote the appropriate exercise of discretion by entities when considering fair value measurement disclosures and to clarify that materiality is an appropriate consideration of entities and their auditors when evaluating disclosure requirements. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level III fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures upon issuance of this Update and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact, if any, that adoption will have on its May 31, 2021, financial statements.

### NOTES TO FINANCIAL STATEMENTS

#### Note 3. Information Certified by Fidelity Management Trust Company (Fidelity), Trustee

The following is a summary of the investment information as of May 31, 2020 and 2019, and for the year ended May 31, 2020, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments as of May 31:

|                                                | 2020                 | 2019                 |
|------------------------------------------------|----------------------|----------------------|
| Investments:                                   |                      |                      |
| Registered investment companies, at fair value | \$ 10,016,449        | \$ 11,312,539        |
| Common/collective trust, at contract value     | 2,288,394            | 2,141,331            |
|                                                | <u>\$ 12,304,843</u> | <u>\$ 13,453,870</u> |

The Trustee also certified the completeness and accuracy of \$231,786 of net appreciation in fair value of registered investment companies and contract value of common/collective trust and \$482,436 of interest and dividends related to the aforementioned investments for the year ended May 31, 2020.

#### Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of May 31, 2020 or 2019:

*Registered investment companies:* Valued based on quoted market prices.

## NOTES TO FINANCIAL STATEMENTS

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of May 31:

| Assets at Fair Value as of<br>May 31, 2020 |               |               |          |           |

### Note 5. Fully Benefit-Responsive Investment Contract

The Plan has a traditional investment contract with Fidelity. The Managed Income Portfolio fund meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract value as of May 31, 2020 and 2019, amounted to \$2,288,394 and \$2,141,331, respectively.

The crediting interest rate is based on the earnings of the underlying assets in the entire portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset annually, but in no event is the crediting interest rate less than one percent. Withdrawals are permitted at any time without penalty. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan; or (iv) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA. The Plan Administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

### Note 6. Related Party Transactions

Certain Plan investments are investments in registered investment companies and a common/collective trust. Fidelity is the Trustee of these investments and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to \$6,404 for the year ended May 31, 2020. Certain Plan administrative fees are paid by the Company for which it is not reimbursed. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan.

#### **Note 7. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

#### **Note 8. Tax Status**

The Plan has adopted a volume-submitter profit sharing plan. The sponsor of the volume-submitter profit sharing plan has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The volume-submitter profit sharing plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Generally, tax returns for the years ended May 31, 2017, and thereafter remain subject to examination by the appropriate taxing authorities.

#### **Note 9. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

### Note 10. Reconciliation of Federal Forms 5500 to Financial Report

Differences occur between the federal Form 5500 filed with the Internal Revenue Service and the financial report. The following is a reconciliation of Forms 5500 to the financial report as of and for the years ended May 31:

### Note 11. Coronavirus Aid, Relief, and Economic Security Act

In March 2020, the World Health Organization recognized the novel strain of coronavirus, COVID-19, as a pandemic. This coronavirus outbreak has severely restricted the level of economic activity around the world. The pandemic has significantly impacted both the world and U.S. economies. During March 2020, many state and local governments, in addition to the federal government, reacted to the public health crisis, creating significant uncertainties in the U.S. economy. The impact of the pandemic as well as other commodity and financial market forces have not resulted in a significant decline in the fair value of the Plan's investments since May 31, 2020, through the date of issuance of these financial statements. As part of the United States federal government's response to the pandemic, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into federal law on March 27, 2020. Under this legislation, qualified participants of the Plan may receive coronavirus-related distributions of up to \$100,000 that are exempt from the 10% early withdrawal tax and for which the income tax is deferred over a three year period. Additionally, under the CARES Act, the participant may repay the distribution over a three year period without incurring any additional income tax burden. The Plan has paid 109 coronavirus-related distributions in the total amount of \$1,359,865 to qualified participants through December 29, 2020. The ultimate impact on the Plan's net assets available for benefits and changes in net assets available for benefits depends on the continuing responses of the financial markets to the successes or failures of the socioeconomic policies enacted by all levels of governments to manage the societal and economic effects of the pandemic.
