Oden Hughes, LLC 401(K) Plan

Notes to Financial Statements

1. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Oden Huges, LLC 401(k) Plan & Trust (the Plan) have been prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are primarily invested in common/collective trusts, pooled separated accounts, and mutual funds which are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

The Plan's other investments are held in a fully benefit responsive contract valued at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. This is an investment which is short term and allows participants the ability to withdraw funds at any time. The Principal Fixed Income Guaranteed Option contract guarantees principal and a minimum guaranteed interest rate for the life of the participant's account. Furthermore, the contract features a guaranteed interest rate. Interest is credited to the participants account daily.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

USE OF ESTIMATES

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

EXCESS CONTRIBUTIONS LIABILITY

Amounts payable to participant accounts for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a current year liability with a corresponding reduction in 2019 contributions. These excess amounts are due to the early payment of participant deferrals and safe harbor match on the first payroll of 2020. The Plan distributed these amounts to the participant accounts in January 2020. There were no excess contribution for the year ended December 31, 2018.

2. DESCRIPTION OF THE PLAN

The following description of the Oden Hughes, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution pension plan covering all full time employees of Oden Hughes, LLC (the Company) who have attained the minimum requirements of 30 days of service and are eighteen (18) years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may contribute any percentage of pretax annual compensation, up to the maximum deferral permitted by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. The automatic deferral rate is increased 1% annually up to a maximum of 10%.

The Company contributes a matching contribution of 20% of the first 10% of participants' elective deferrals.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested at three (3) years of credited service.

INVESTMENT OPTIONS

Contributions are automatically invested in a designated target date retirement fund until changed by the participant. A participant may direct contributions into common/collective trust, pooled separate accounts, mutual funds or group annuity contract that is administered by Principal. The available accounts allow the participant to choose from variety of investment objectives. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant is entitled to receive the value of his account as soon as the distribution is administratively feasible. The participant may elect to receive the vested portion of the account in a lump-sum distribution.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow amounts from the Plan up to the lesser of $50,000 or 50% of the vested account balance. Note repayments are made by a payroll deduction over a period not to exceed five years (except for the purchase of a primary residence). Notes are reported at the outstanding principal balance and interest is recorded on the economic accrual basis. The interest rate is a reasonable rate of interest as established by the Plan administrator. A participant's failure to repay the note will result in the total outstanding amount of the loan including any accrued interest to be defaulted and deemed distributed to the participant. Accordingly, no allowance for loan losses is necessary.

FORFEITURES

The forfeited, nonvested accounts for the year ended December 31, 2019 were $457. There were no forfeited, nonvested accounts for the year ended December 31, 2018. This amount will be used to reduce employer contributions and pay plan expenses.

EXPENSES

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify, suspend, or discontinue contributions to the Plan at any time, and such action shall not be deemed to be a termination of the Plan. The Plan sponsor also has the right to terminate the Plan subject to the provisions of ERISA.

In the event of Plan termination, each participant will become 100% vested in his or her account balance. Each participant, retired participant or beneficiary shall be entitled to receive any amounts then credited to his or her account.

4. FAIR VALUE MEAUREMENTS (UNAUDITED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Pooled separate accounts are reported at fair value based on Level 2 inputs. The Level 2 inputs consists of quoted market prices for various securities held in pooled separate accounts. The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

		Fair Value Measurements Using		
	Total Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

5. SUMMARY OF INFORMATION CERTIFIED BY TRUST COMPANY (UNAUDITED)

The following information was certified by the following members of Principal Financial Group:

- Principal Life Insurance Company,
- Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company,
- Principal Global Investors Trust Company.

Investments at Fair Value

The December 31, 2019 and 2018, Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the years end December 31, 2019 and 2018, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $2,343,538 and $1,311,392 at December 31, 2019, and December 31, 2018, respectively, and related appreciation of $335,325 for the year ended December 31, 2019 and depreciation of $114,429 for the year end December 31, 2018.

Guaranteed Investment Contract With Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of the

Principal Financial Group (Principal). Principal maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2019 and 2018, was $5,406 and $3,483, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 2.70%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants or the issuer, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. Since being qualified by the Internal Revenue Service the Plan has been amended. The Plan administrator and the Plan's trustee believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The sponsor is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Principal Financial Group. In addition, the Plan sponsor is party to an agreement with Principal Life Insurance Company, Prudential Insurance Agency, and Wilshire Associates Incorporated. These entities provide investment management services to the Plan. Due to the services provided by the Companies, each of them is considered a party-in-interest.

8. MANAGEMENTS' REVIEW

Oden Hughes, LLC has evaluated subsequent events through December 22, 2020, which is the date the financial statements were available to be issued. There were no subsequent events that require recording or disclosure in the financial statements for the years ended December 31, 2019.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. CONTINGENCIES

Existing conditions that may have future consequences are referred to as contingencies. Contingencies existing at December 31, 2019 are described below:

Potential fines and penalties

Oden Hughes, LLC 401(k) Plan and Trust has filed the 2019 Form 5500 and audited financial statements late. Failure to timely file the Form 5500 and audited financial statements could result in the imposition of fines and penalties.
