LECOM PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Lecom Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Lecom, Inc. (“Employer”), who are age twenty-one or older and who have completed one year of service on a monthly basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute a portion of eligible compensation as defined in the Plan, subject to Internal Revenue Service limitations. Participants who attained the age of 50 during the plan year may also make pretax catch-up contributions. Salary deferrals consist of pre-tax and/or Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualifying defined benefit or defined contributions plans (rollover). The Company may also, at the discretion of the board of directors, make discretionary contributions and/or discretionary matching contributions to the Plan based on the participants’ elective deferrals. The Company did not make any of the discretionary contributions in 2019 and 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer contributions and plan earnings thereon.

Vesting

All participants are immediately vested in their contributions and safe harbor contributions plus actual earnings thereon. Vesting in the Company's employer match and profit sharing contributions is based on years of services as defined by the Plan document. A participant is 100% vested after two years of credited service.

Forfeitures

Forfeitures attributable to terminated participants’ non-vested accounts are allocated to a forfeiture account and are to be used to either pay for certain plan expenses or reduce employer contributions. As of December 31, 2019 and 2018 forfeited non-vested accounts were \$1,893 and \$449, respectively. During the year ended December 31, 2019 forfeitures used to fund employer matching contributions and plan expenses amounted to \$2,208.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the investment options offered by the Plan.

LECOM PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS – Continued
FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1 – DESCRIPTION OF PLAN - Continued

Notes receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates, as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Administrative Expenses

The Plan pays the administrative expenses. These expenses include professional, custodian, bookkeeping, and other administrative expenses incurred by the Plan. Fees paid by the Plan for the administrative expenses amounted to \$950 for the year ended December 31, 2019.

Payment of Benefits

The benefit to which a participant is entitled is that which can be provided from the participant's vested account. The Plan provides retirement benefits for participants at the normal retirement age or later if the participant desires to continue employment. Benefits are also payable to participants or their designated beneficiaries upon, death, disability or other limited circumstances of the participant. The Plan also allows for in service withdrawals of Employer matching and fully vested profit sharing distributions after the attainment of normal retirement age.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS - Continued
FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES - Continued

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through December 30, 2020, which is the date the accompanying financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American Funds, the custodian of the plan as of December 31, 2019 and 2018 has certified the completeness and accuracy of the investment information. This includes the investment information reflected in the accompanying statements of net assets available for benefits, the statement of changes in net assets available for benefits and the schedule of assets (held at end of year).

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 4 – FAIR VALUE MEASUREMENTS - Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust: Investments are measured at net asset value provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is not a publicly traded quoted price in an active market but is used as a practical expedient to estimate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 2,655,976	\$ -	\$ -	\$ 2,655,976
Investments measured at NAV (a)				19,133
Total investments at fair value				\$ 2,675,109

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 4 – FAIR VALUE MEASUREMENTS - Continued

- (a) In accordance with the Fair Value Measurements topic 820-10, certain investments that are measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefit.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as December 31, 2019. There are no participant redemption restrictions for these investments, the redemption notice is applicable only to the Plan.

	<u>Fair Value</u>	December 31, 2019		
		<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Common collective trust funds	\$ 19,133	None	Daily	1 Day

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

NOTE 5 – RELATED PARTY TRANSACTIONS

Plan investments are shares of mutual funds and fixed income accounts managed or issued by American Funds. American Funds is the custodian as defined by the Plan, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for investment management and recordkeeping services are deducted from net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

The Plan also paid certain fees for third party administration for the year ending December 31, 2019. The Company will incur most administration, legal and accounting expenses associated with the Plan. Notes receivable from participants represent a portion of the Plan's receivables. All of the above transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants will become 100% vested in their accounts.

NOTE 7 - TAX STATUS

The Plan is based on a Prototype Non-standardized Profit Sharing Plan with CODA, which received an opinion letter from the Internal Revenue Service (IRS) dated April 2, 2012, stating that the Plan was designed in accordance with the provisions of the Internal Revenue Code (IRC). The Plan has not filed for its own determination letter from the IRS. The Prototype Non-standardized Profit Sharing Plan has been amended since the date of the opinion letter. However, Plan management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and is exempt from taxation under the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
