The Plan was established January 1, 2019, to provide benefits to eligible employees of Pei Wei Asian Diner, LLC (the "Company" or "Plan Administrator"). Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC (the "Trustees" or "Great-West") in conjunction with Empower Retirement Services ("Empower") serve as the Trustees and Record-keeper of the Plan, respectively. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

During 2019, $3,258,432 of assets were transferred into the Plan from the P.F. Chang's China Bistro, Inc. 401(k) Plan.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

All employees of the Company 18 years of age or older, except residents of Puerto Rico, members of a collective bargaining unit, non-resident aliens, and part-time/temporary/seasonal/variable employees with under 1000 hours of service, are eligible to participate in the Plan the first day of the month following 60 days of employment. Participants are eligible for Company matching contributions and Company nonelective contributions after 1 year of service. Subject to certain limitations on annual additions, each participant's account is credited with participant elective deferrals, Company matching contributions, Company nonelective contributions, and an allocation of Plan earnings or losses and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances, and obtain information regarding the investments on a daily basis.

CONTRIBUTIONS

The Plan is funded through participant elective deferrals, rollover contributions, and Company contributions. A participant may elect to contribute a portion of his or her eligible pre-tax compensation, subject to maximum limitations imposed by the Internal Revenue Code ("IRC") ($19,000 for 2019). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2019). The Plan allows for after-tax Roth contributions subject to the same IRC limitations. Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted.

The Plan also allows for Company matching contributions. To receive such contributions, a participant must be participating in the Plan. For the year ended December 31, 2019, the Company made matching contributions of 25% of elective deferrals up to 6% of eligible participating compensation.

VESTING

Participants are immediately vested in rollover contributions, participant contributions, and any earnings thereon. Participants are 100% vested in Company matching contributions and Company nonelective contributions after 3 years of service or upon occurrence of the participant's retirement, death or disability, as defined by the Plan document.

1 – DESCRIPTION OF PLAN, CONTINUED

FORFEITURES

Forfeitures are available to reduce future Company contributions or pay administrative expenses. At December 31, 2019, forfeited non-vested accounts available for use totaled $14,428. During the year ended December 31, 2019, no forfeitures were used to pay administrative expenses or reduce Company contributions.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits may be payable in a lump-sum amount equal to 100% of the participant's vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Participants with vested account balances greater than $5,000 may defer their distributions to a later date. Participant account balances less than $5,000, upon termination, may be rolled over to an individual retirement account or, if less than $1,000, will be paid directly to the participant by the Trustees.

INVESTMENT OPTIONS

The Plan provides for participants to direct both participant and Company contributions into a variety of mutual funds of registered investment companies and a guaranteed investment contract in accordance with participant investment elections and the provisions of the Trust agreement. Participants should refer to the Plan website for additional fund information.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants whose vested account balance is $2,000 or greater. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service ("IRS"). A one-time origination fee is charged at inception of the note. An administrative fee will be charged per year, per note, and is deducted quarterly from the participant's account. The notes are secured by the balance in the participant's account and bear interest based on the prime rate reported in the Wall Street Journal plus 2%. Any note must be repaid within five years unless for the purchase of a primary residence, in which case the repayment period may not exceed ten years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. As of December 31, 2019, notes receivable from participants had interest rates at 5.25% to 7.50% and maturities from May 2020 through December 2029.

ADMINISTRATIVE EXPENSES

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees paid related to the administration of notes receivable from participants and fees paid related to benefits paid are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

1 – DESCRIPTION OF PLAN, CONTINUED

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become 100% vested.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see "Note 3 – Fair Value Measurements"). Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provisions of the Plan (see "Note 5 – Guaranteed Investment Contract"). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

RECENT ACCOUNTING PRONOUNCEMENTS

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU No. 2018-13 modifies the disclosure requirements for fair value measurements in Topic 820, Fair Value Measurement. The amendments are based on the concepts in the FASB Concepts Statement, *Conceptual Framework for Financial Reporting—Chapter 8: Notes to Financial Statements*, which the Board finalized on August 28, 2018. ASU No. 2018-13 is effective for fiscal years beginning after December 15, 2019. Early adoption is permitted. Management is currently assessing the impact that ASU No. 2018-13 will have on the Plan's financial statements.

3 – FAIR VALUE MEASUREMENTS

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820 for Fair Value Measurements and Disclosures provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3 – FAIR VALUE MEASUREMENTS, CONTINUED

INVESTMENT VALUATION AND LEVELING, CONTINUED

In establishing a fair value hierarchy for the Plan's investments in accordance with FASB ASC 820, the following value methodologies were used for each type of investments:

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Company believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments, at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Mutual funds of registered investment companies	$ 3,643,083	$ -	$ -	$ 3,643,083
Total investments, at fair value	$ 3,643,083	$ -	$ -	$ 3,643,083

4 – FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES (UNAUDITED)

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the Trustees and party-in-interest as defined by ERISA, as of and for the year ended December 31, 2019, except for comparing such information certified by the Trustees to information included in the Plan's financial statements and supplemental schedules. This information consists of the following:

Investments:	
Mutual funds of registered investment companies, at fair value	$ 3,643,083
Guaranteed investment contract, at contract value	67,605
Total investments	$ 3,710,688
Notes receivable from participants	$ 124,718
Interest and dividends	$ 149,683
Net appreciation of fair value of investments	$ 366,801
Interest on notes receivable from participants	$ 10,194

5- GUARANTEED INVESTMENT CONTRACT

The Key Guarantee Portfolio Fund, is a fully benefit-responsive group annuity contract ("Guaranteed Investment Contract" or "GIC") issued by Great-West Life & Annuity Insurance Company. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. There is a surrender charge may be charged based on cumulative transfer percentages and advance notice of intent to terminate if a plan terminates its interest in the contract unless a 12 month irrevocable advance notice is given. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).
Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan terminations or mergers
- Changes to the Plan's prohibition or competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contact
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustees or an affiliate of the Trustees; therefore, these transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan. Notes receivable from participants also qualify as part-in-interest transactions. However, these transactions are exempt from the prohibited transaction rules under ERISA.

7 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8 – TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Great-West Trust Company, LLC which received a favorable opinion letter dated March 31, 2014, from the Internal Revenue Service ("IRS") stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9 – RECONCILIATION TO THE FORM 5500, SCHEDULE H

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019:

Net assets available for benefits, per the financial statements	$	3,907,996
Less: Company contribution receivable		(12,073)
Less: Participants contributions receivable		(60,517)
Net assets available for benefits, per the Form 5500	$	3,835,406

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2019:

Net increase in net assets available for benefits, per the financial statements	$	649,564
Less: Company contribution receivable		(12,073)
Less: Participants contributions receivable		(60,517)
Net increase in net assets available for benefits, per the Form 5500	$	576,974

10 – DELINQUENT CONTRIBUTIONS

In 2019, participant withholdings in the amount of $146,174 were late in being funded to the Plan. The delays were unintentional, and the Company will correct the delinquent amounts outside of the DOL's voluntary fiduciary corrections program.

11 – SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events", the Plan has evaluated events or transactions occurring after December 31, 2019, the Statement of Net Assets Available for Benefits date, through January 8, 2021, the date the financial statements were issued, and determined there were no events or transactions, other than noted below, that would impact our financial statements for the year ended December 31, 2019.

In March 2020, the World Health Organization categorized the outbreak of the SARS-CoV-2 coronavirus ("COVID-19") as a pandemic. The COVID-19 outbreak occurred globally causing significant fluctuations in financial markets in the United States and internationally. The extent of the impact on the Plan's net assets, including the fair value of investment securities and related net investment income or loss, as well as future contributions, will depend on the duration and continued spread of the COVID-19 outbreak and any other further economic developments. Plan management is not able at this time to estimate the full impact on the Plan's financial statements.

Plan management approved a resolution to adopt certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") during 2020, including the following:

- Allowing participants to take distributions of up to $100,000 from the Plan,
- Deferring minimum required distributions for those participants who elected lump sum distributions. Installment distributions will continue unless directed otherwise by participant.
