The accompanying notes are an integral part of these financial statements.

1. Description of Plan

The following description of Sutter Home Winery, Inc. 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted by Sutter Home Winery, Inc. (the "Company") on September 1, 1977. The Plan is defined as a contribution retirement plan of the 401(k) and profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code ("IRC") Section 401(k). Employees who are at least 18 years of age become eligible for the 401(k) portion of the Plan upon the date of hire. Employees who are at least 18 years of age become eligible to enter into the profit sharing portion of the Plan when they have completed six months of service and are eligible for a profit sharing contribution if they are in an eligible class of employees, are employed on the last day of the Plan year, and have completed 1,000 hours of service in the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the IRC.

In December 2019, the Internal Revenue Service ("IRS") enacted new laws under the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") which includes provisions that impacts retirement plans and their participants by changing existing law regarding required minimum distributions, part time employee participation, and adoption withdrawals, among other things. The Plan has elected to implement these provisions in 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

In addition, as a result of the COVID-19 outbreak discussed in Note 7, "Risks and Uncertainties," the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, passed by Congress and signed into law on March 27, 2020, includes provisions that impacts retirement plans and their participants by changing existing law regarding early withdrawals, loans, and required minimum distributions. Provisions of the CARES Act include:

- Temporary waiver of required minimum distributions for 2020;
- Increase in participant loan limits from $50,000 and 50% of a participant's vested account balance to $100,000 and 100% of a participants vested account balance. These loans were only available up to September 23, 2020. Repayments on the new loan can be delayed for up to one year;
- Delay in repayments between May 27, 2020 and December 31, 2020 ("Suspension Period") for participants that currently have a loan. At the end of the Suspension Period, the loan is re-amortized by adding the unpaid repayment amounts and a new end date is calculated for the loan; and
- Distributions of up to $100,000 if a participant has been diagnosed with COVID-19, or a spouse or dependent has been diagnosed with COVID-19; or is experiencing "adverse financial consequences" from quarantine, furlough, layoff, or reduced hours due to COVID-19 or is unable to work due to the lack of childcare. The CARES Act eliminates the 10% penalty for distributions taken prior to age 59 ½, however, the distribution should be added to (or be included in) the participant's taxable income, and applicable taxes can be paid over three years. The participant can then repay the amount to the Plan and receive a refund of the taxes paid on it.

1. Description of Plan, continued

General, continued

The provisions for participants to take loans or distributions is at the discretion of the plan sponsor. Plan sponsors may elect to implement these provisions with retroactive amendment required by December 31, 2022. The Plan has elected to implement the provisions of the SECURE Act and CARES Act discussed above during the Plan year ended June 30, 2020.

On November 12, 2020, the Plan was formally amended to reflect the changes of the Bipartisan Budget Act of 2018, which modified the hardship rules for employee benefit plans. The final regulations include the mandatory elimination of 6-month suspension and the elimination of the requirement to take participant loans before hardships. The Plan has elected to implement these provisions retroactively beginning January 1, 2020.

Plan Administration

The 401(k) and Profit Sharing Plan Committee has retained Merrill Lynch, Pierce, Fenner & Smith, Inc. ("ML") as the administrator of the Plan. Merrill Lynch Consulting Services is the investment advisor for the Plan. The Company has contracted with Bank of America, N.A. to act as the Plan trustee.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to the limits imposed by Section 402(g) of the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Profit sharing contributions are made at the discretion of the Company incorporating the compensation limits under ERISA. Such contributions are allocated in the same ratio that the participant's compensation bears to the compensation of all eligible participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer profit sharing contributions, investment earnings or losses, and rollovers from other qualified plans. Investment earnings or losses are credited based upon each participant's investment selection. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

1. Description of Plan, continued

Vesting, continued

Discretionary employer profit sharing contributions, as well as all earnings on these contributions vest according to the following schedule:

Year of Service	Vesting Percentage
0–1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are fully vested upon death, retirement, total and permanent disability, and if the Plan is terminated.

Notes Receivable from Participants

Participants are allowed up to two loans at any time and may borrow from their accounts a minimum of $1,000 up to 50% of the value of their vested account balance, or $50,000, whichever is less. As discussed in Note 1, "General," due to the CARES Act, loan limits have been increased to a maximum of $100,000 and 100% of a participants vested account balance through September 23, 2020.

Loan terms range from one to five years, except for loans used to purchase a primary residence, in which case have a maximum term of 15 years. Loans bear interest at prime plus two percent (2%). Interest rates on participant loans ranged from 2.87% to 7.88% and 2.23% to 9.91% as of June 30, 2020 and 2019, respectively. Principal and interest are paid through payroll withholding.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the full value of their salary deferrals, vested employer profit sharing contributions, rollovers, and the net earnings thereon in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship or a disability.

In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the plan administrator. Account values will be determined as of the day the distribution is made. Once requested by the participant (or their beneficiaries), distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment.

1. Description of Plan, continued

Payments of Benefits, continued

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death or termination of employment. The participant may elect, at the time, to have all or a portion paid directly to an eligible retirement plan specified by the participant. The Plan allows for automatic lump-sum distributions of participant vested account balances that do not exceed $1,000. In the event of a mandatory distribution greater than $1,000 but less than $5,000, for which the participant does not elect to have such a distribution directly, the plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator.

Investment Options

A participant may direct his or her contributions in percentage increments into a series of investment models offered by the Plan. Participants may change their investment options at any time.

Forfeitures and Workers' Compensation Reimbursement

Forfeitures that occur during the year may be used to offset the plan's administrative costs, reduce employer contributions, or be allocated to participants. In addition, the Company contributes the Workers' Compensation reimbursement, which is deposited into the Workers Compensation Rebate account in the current year and is transferred to participant accounts in the subsequent year. The forfeiture account totaled $889,752 and $685,052, which included a Workers' Compensation reimbursement of $298,406 and $244,041 as of June 30, 2020 and 2019, respectively.

Forfeited funds in the amount of $591,346 and a Workers' Compensation contribution of $298,406 were included in the overall Plan balances as of June 30, 2020 and were transferred to participant accounts subsequent to year-end in November 2020 with an effective date of June 30, 2020. Forfeited funds in the amount of $441,011 and a Workers' Compensation contribution of $244,041 were included in the overall Plan balances as of June 30, 2019 and were transferred to participant accounts subsequent to year-end in July 2019 with an effective date of June 30, 2019.

2. Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, "Fair Value Measurements" for discussion of fair value measurements.

Continued

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2020 and June 30, 2019, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Recognition of Benefit Payments

Benefits are recorded when paid.

Expenses

The Plan paid certain administrative expenses relating to the maintenance of the Plan's records incurred by the Plan. Other expenses related to the Plan such as audit fees are paid by the Company.

Information Certified by the Trustee

The trustee has prepared and certified as complete and accurate the Plan's schedule of investment assets, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplementary schedules.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of June 30, 2020 and 2019:

Money market funds: Valued based on redemption values on the last business day of the Plan year.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Continued

3. Fair Value Measurements, continued

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy. The Plan's assets as of June 30, 2020 and 2019:

	Assets at Fair Value as of June 30, 2020

3. Fair Value Measurements, continued

The Plan invests in a common collective trust fund which trades at NAV per share practical expedient of the fund. This fund is not categorized within the fair value hierarchy.

The Plan had no significant transfers between Level 1 or Level 2 for the years ended June 30, 2020 and 2019.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of June 30, 2020 and 2019. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

June 30, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period

	2020	2019

5. Tax Status

The Plan uses a prototype plan document sponsored by ML. ML received an opinion letter from the IRS dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS and has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

6. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, distributions will be made to participants as described in the Plan agreement.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency stemming from a new strain of coronavirus that was spreading globally (the "COVID-19 outbreak"). On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, triggering volatility in financial markets and a significant negative impact on the global economy. As a result of the COVID-19 outbreak, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have on the Plan's financial statements.

8. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through January 8, 2021, the date which these financial statements were available to be issued.

As discussed further in Note 1, "General," on November 12, 2020, the Plan was formally amended to reflect the changes of the Bipartisan Budget Act of 2018. The Plan has elected to implement these provisions retroactively beginning January 1, 2020.

Continued

8. Subsequent Events, continued

In November 2020 and December 2020 the Plan was formally amended to modify the following:

- Effective July 1, 2020, the six months of service requirement to be eligible for the profit sharing contribution was removed.
- Effective February 1, 2021, the Plan added a Roth 401(k) option to the Plan.
- Effective January 1, 2021, the Plan updated the vesting schedule to reflect the following:

Year of Service	Vesting Percentage
0–1	30%
2	60%
3	100%

Other than the matters above, management concluded that no material subsequent events have occurred since June 30, 2020 that require recognition or disclosure in such financial statements.
