Independent Auditor's Report

To the Participants and Plan Administrator of the
Associated Retinal Consultants, P.C. Cash Balance Plan
Novi, Michigan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Associated Retinal Consultants, P.C. Cash Balance Plan (the "Plan"), which comprise the statements of net assets available for benefits as of March 31, 2020 (in liquidation) and November 30, 2019 (in liquidation), the related statement of changes in net assets available for benefits for the period of December 1, 2019 to March 31, 2020 (in liquidation), and the related statement of changes in net assets available for benefits for the year ended November 30, 2019 (in liquidation), and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by Wells Fargo Bank, N.A., the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of March 31, 2020 and for the period of December 1, 2019 to March 31, 2020, and as of and for the year ended November 30, 2019, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

Basis of Accounting

As described in Note A to the financial statements, the governing body of the Associated Retinal Consultants, P.C. Cash balance Plan approved a plan termination effective November 30, 2019, and management deemed liquidation is imminent. In accordance with accounting principles generally accepted in the United States of America, the Plan's financial statements are presented on the liquidation basis of accounting as of and for the period ended March 31, 2020, and as of and for the year ended November 30, 2019. Our opinion has not been modified for this matter.

Other Matter

The supplemental Schedule of Reportable Transactions for the period ended March 31, 2020, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A - Description of Plan

The following description of the Associated Retinal Consultants, P.C. (the "Company") Cash Balance Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined benefit and cash balance plan covering all employees exceeding the 1,000 hour requirement of the Company and who are age twenty-one or older. Leased employees, employees covered by a collective bargaining agreement, and highly compensated employees not specifically mentioned in the Plan documents are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan provides specific benefit amounts to certain participants. All remaining eligible participants will receive a benefit of 3.4% of eligible compensation.

Participants are eligible for normal monthly retirement benefits upon reaching age 65.

The Company was acquired by EyeCare Partners, LLC in August 2019. In December 2019, the Company adopted an amendment to terminate the Plan effective November 30, 2019. The assets of the Plan were distributed by March 5, 2020.

Trustees

Antonio Capone, Jr., Jeremy Wolfe, and Kimberly Drenser are the Plan's trustees. Wells Fargo Bank, N.A. is the Plan's custodian. Wells Fargo Bank, N.A. invests all employer contributions, as well as earnings thereon, pursuant to the terms of the Plan.

Contributions

All contributions to the Plan were made by the Company.

Distributions

Benefits are paid in the form of annuities or lump sum distributions.

Vesting

Prior to Plan termination, the Plan provided that participants had no vested interest in the Company contributions until they completed three years of service, at which time they became 100% vested. An employee was considered to have completed one (1) year of service for purposes of vesting upon the completion of 1,000 hours of service at any time during the Plan year. Upon termination of the Plan, all accrued benefits became fully vested.

Note B - Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan.

Basis of Accounting

As disclosed in Note A, the Company terminated the Plan during 2019. As a result, the Plan's basis of accounting is the liquidation basis of accounting effective November 30, 2019. Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

Use of Estimates

Management may make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses related to the Plan are paid by the Company. Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

Subsequent Events

The Plan has evaluated subsequent events through January 13, 2021, the date the financial statements were available to be issued.

Note C – Actuarial Cost Method and Funding Policy

It is the Company's policy to fund the Plan's normal service cost on a current basis. The Company's contributions for the period ended March 31, 2020 satisfied the minimum funding requirements under ERISA.

The significant actuarial assumptions used in the valuation as of December 1, 2019 and 2018 were as follows:

Interest rate	5.37% for 2019, 5.83% for 2018
Mortality	RP – 2019 Mortality Table using separate annuitant and nonannuitant rates for males and females.

Note D – Actuarial Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plans' provisions to the service employees rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died, and present employees or their beneficiaries. Benefits under the Plan are accumulated based on specific benefit amounts to certain participants noted in the plan documents and compensation of remaining eligible participants.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The following summarizes the actuarial present value of accumulated plan benefits as of November 30, 2020, based upon an actuarial valuation dated December 1, 2019. Had the valuation been performed as of November 30, there would be no material differences.

Vested benefits:	
Participants currently receiving benefits	$ 9,907,191
Other vested participants	114,721
	10,021,912
Nonvested benefits	-
Total actuarial present value of accumulated plan benefits	$ 10,021,912

Note D – Actuarial Value of Accumulated Plan Benefits (Continued)

Changes in the actuarial present value of accumulated plan benefits for the year ended November 30, 2019 are as follows:

Vested benefits:	
Participants currently receiving benefits	$ 7,817,998
Contributions	1,985,721
Interest	234,540
Distributions	(16,347)
Actuarial present value of accumulated plan benefits at end of year	$ 10,021,912

Note E – Certified Investment Information

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Wells Fargo Bank, N.A. that all of the information provided by Wells Fargo Bank, N.A. and included in the accompanying financial statements and supplemental schedule is complete and accurate. Information as to the investments in the accounts of Wells Fargo Bank, N.A., investment income, and all of the information in the accompanying financial statements is presented in reliance solely upon these certifications.

Note F – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note F – Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at March 31, 2020 and November 30, 2019.

Common stocks – Valued at the closing price reported on the active market on which the individual securities are traded.

Corporate bonds – Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar bonds. The bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields of similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks or a broker quote if available.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. government securities and agency bonds and Mortgage/asset-backed securities – Valued using pricing models maximizing the use of observable inputs for similar securities.

Interest-bearing cash – Valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan custodian believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value at the reporting date.

Note F – Fair Value Measurements (Continued)

As a result of the Plan's termination, as discussed in Note A, there were no investments in the Plan as of March 31, 2020. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of November 30, 2019:

	Assets at Fair Value as of November 30, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,997,034	$ -	$ -	$ 4,997,034
Cash – interest-bearing	5,246,938	-	-	5,246,938
Total assets at fair value	$ 10,243,972	$ -	$ -	$ 10,243,972

There were no significant transfers between level 1, level 2, and level 3 investments during the period ended March 31, 2020, and the year ended November 30, 2019.

Note G – Tax Status

The Plan uses a prototype plan sponsored by Sungard Business Systems LLC. The Internal Revenue Service ("IRS") has determined and informed the plan sponsor by a letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan itself is not required to and has not received a determination letter from the IRS. Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of March 31, 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition with a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H – Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. There were no direct fees paid by the Plan during the period ended March 31, 2020 and the year ended November 30, 2019. Indirect fees paid by the Plan for investment management services are included in the net appreciation (depreciation) of the fair value of investments The Company pays fees to Ancora Advisors, LLC, Wells Fargo, and Loomis Sayles & Company, LP for managing the Plan's assets. These transactions qualify as party-in-interest transactions.

Note I – Investment Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.
