Painters U.S.A., Inc. 401(K) Plan
Notes to Financial Statements
March 31, 2020 and 2019

Note 1. Description of the Plan

The following description of the Painters U.S.A., Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established on April 1, 1995, is a defined contribution plan that is sponsored by Painters U.S.A., Inc. (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and covers all full-time employees who are at least 21 years of age and have completed one year of service. Eligible employees may participate in the Plan on the first day of the Plan year or the first day of the seventh (7^{th}) month coinciding with or next following their meeting the age and period of service requirements.

Contributions

Each year, participants may contribute up to the maximum amount allowed under the Internal Revenue Code, and those who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various pooled separate accounts comprised of mutual funds and a stable value fund as investment options for participants.

The Employer will also make a safe harbor matching contribution equal to the sum of 100% of a Participant's elective contributions that do not exceed 3% of the Participant's compensation (as defined in the Plan), plus 50% of the amount of the Participant's elective contributions that exceed 3% but do not exceed 5% of the Participant's compensation. The Employer may also make a discretionary contribution in such amounts as the Employer's Board of Directors shall determine. This Employer contribution shall be at the sole discretion of the Employer, but in no event will the Employer contribute more than the maximum amount deductible by the Employer for Federal income tax purposes. There were no such discretionary Employer contributions made to the Plan during the Plan year ended March 31, 2020.

Participant's accounts

Each participant's account is credited with the participant's contributions, the Employer's safe harbor contributions, the Employer's discretionary contributions, and earnings or losses on their individual investments. Participants may change their investment elections daily for both existing account balances and future contributions. The benefit to which a participant is entitled is the benefit provided from the participant's vested account.

Note 1. Description of the Plan (continued)

Vesting and forfeitures

Participants are immediately vested in their voluntary contributions and Employer safe harbor matching contributions, plus actual earnings thereon. Participants are ratably vested in the Employer discretionary contribution such that they are 20% vested after 2 years of credited service and 100% vested after 6 years of credited service. As of March 31, 2020 and 2019, there were no forfeited account balances.

Payment of benefits

Upon termination of employment, death, or total or permanent disability, participants may receive the value of the vested interest in their account as a lump-sum distribution. The normal retirement age, as defined in the Plan, is age 65; however, a participant may elect early retirement at age 60, provided they have completed at least 7 years of service. In-service distributions are not permitted.

Note 2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Note 2. Summary of significant accounting policies (continued)

Contributions

Contributions from participants and the safe harbor matching contribution from the Employer are recorded in the year in which the participant contributions are withheld from amounts paid. Employer discretionary contributions are recognized upon authorization of the Employer. All participant and Employer contributions are participant-directed.

Date of management's review

Subsequent events were evaluated through December 14, 2020, which is the date the financial statements were available to be issued.

Note 3. Fair value measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3. Fair value measurements (continued)

The fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no changes in the methodologies used at March 31, 2020 or 2019.

Following is a description of the valuation methodologies used for assets measured at fair value.

Guaranteed Interest Accounts

The guaranteed interest account is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations, taking into account the creditworthiness of the issuer. These accounts are classified within Level 3 of the fair value hierarchy; however, there were no such holdings as of or during the year ended March 31, 2019.

Pooled separate accounts (PSAs)

Valued based on the underlying investments (i.e. – mutual funds, short-term securities). While the majority of the underlying asset values are based on quoted prices, the net asset value (NAV) of the PSAs is not publicly traded. The NAV is reported by John Hancock Life Insurance Company as of the financial statement date based upon recent transaction prices. The PSAs held by the Plan provide for daily redemptions at NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments. The investment in PSAs are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and, therefore, are not categorized in the fair value hierarchy.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2020:

		Fair Value Measurements at Reporting Date Using:
	Fair Value	Level 3
Guaranteed interest accounts	$ 8,318	$ 8,318
Total investments in the fair value hierarchy	8,318	$ 8,318
Investment measured at net asset value	3,359,083	
Investments at fair value	$3,367,401	

Note 3. Fair value measurements (continued)

Following is a summary of the changes in the fair value of the guaranteed interest accounts, which is a Plan asset that is measured at fair value on a recurring basis using significant unobservable inputs (Level 3):

March 31, 2019	$ -
Unrealized gains (losses)	79
Purchases, issuances, and settlements, net	-
Transfer in or out of Level 3	8,239
March 31, 2020	$ 8,318

It is the policy of the Plan to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer.

Note 4. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 5. Administrative expenses

Certain administrative expenses of maintaining the Plan are paid by the Employer on behalf of the Plan and are excluded from these financial statements. These expenses, however, are not material to the financial statements. In addition, investment-related expenses are included in net appreciation in fair value of investments.

An employee of the Employer serves as the Plan Administrator for the Plan. This employee is also a participant in the Plan. The employee does not receive any compensation from the Plan for services performed as Plan Administrator.

Note 6. Parties-in-interest

The Plan's investments are shares of Pooled Separate Accounts and a guaranteed interest account that are managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is also the recordkeeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions, however, are exempt from the prohibited transaction rules of ERISA.

Note 7. Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

Note 8. Income tax status

The Plan has adopted a prototype plan sponsored by Painters U.S.A., Inc. The prototype plan has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2020, there are no uncertain tax positions taken that would require recognition in these financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 9. Information prepared and certified by the trustee

The following information as included in the accompanying financial statements, the notes to the financial statements, and the supplemental schedule of assets (held at end of year) was obtained from data that has been certified to as complete and accurate by John Hancock Life Insurance Company, the trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	March 31, 2020	March 31, 2019
Pooled separate accounts	$ 3,359,083	$ 3,432,935
Guaranteed interest accounts	8,318	-

	Year Ended March 31, 2020
Net depreciation in fair value of investments	$ 302,916

Note 10. Subsequent restatement of the Plan document

Effective April 1, 2020, the Plan was restated so as to make several revisions to Plan provisions, including allowing rollovers into the Plan, revising eligibility to include those 18 years of age or older and at least one year of service, which would be measured using 1,000 hours. In addition, compensation will be revised to include gross W-2 wages, but only those coinciding with the Plan year, allowing changes to deferral amounts on a monthly basis, and a change for the Employer to contribute the safe-harbor matching amount from annually to be on a per payroll basis with a true-up after the end of the Plan year. All of these changes will take effect for the Plan year ending March 31, 2021.

Note 11. Subsequent event – COVID-19 outbreak

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities may incur significant changes in fair values since March 31, 2020. The impact of COVID-19 continues to evolve rapidly and the Plan's management is not able at this time to estimate it full impact upon the Plan's financial statements. No adjustments have been made to these financial statements as a result of this uncertainty.

The Plan is also implementing certain requirements of the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws will change the Plan to, among other things, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these Acts are currently being assessed and written amendments to the Plan to reflect these operational changes will be adopted in accordance with applicable law and IRS guidance.
