Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Gerstenslager Bargaining Unit Employees' Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of March 31, 2020 and 2019, and the related statements of changes in net assets available for benefits for the years ended March 31, 2020 and 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fifth Third Bank, the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of March 31, 2020 and 2019, and for the years ended March 31, 2020 and 2019, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

NOTES TO FINANCIAL STATEMENTS

The Gerstenslager Bargaining Unit Employees' Pension Plan

1 Description of Plan

The following description of The Gerstenslager Bargaining Unit Employees' Pension Plan ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began April 4, 1962, is a defined benefit pension plan covering the Bargaining Unit Employees of GerCo Holdings, Inc. ("Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was amended on November 20, 2018 to allow for a lump-sum window for those participants or alternate payees whose present value of accrued benefit did not exceed \$24,000 at the beginning of the lump-sum window. The lump-sum window began on December 20, 2018 and ended on February 28, 2019.

The Plan was restated effective April 5, 2012 to incorporate all previous amendments.

Effective May 9, 2011, substantially all of the net assets of the Company were contributed to a newly-formed joint venture, ArtiFlex Manufacturing, LLC. As a result of this transaction, the Plan was amended to be frozen to all new participants and for any further accrual of benefits for participants of the Plan as of June 10, 2011.

The basic provisions of the Plan are as follows:

- a. Normal retirement date is the first day of the month coincident with the participant's 65th birthday and completion of five years of service.
- b. A participant may elect to retire early on the first day of the month following the participant's 55th birthday and completion of ten years of service.
- c. A participant may defer his retirement beyond his normal retirement date.
- d. Prior to June 10, 2011, all employees represented under the collective bargaining agreement were included in the Plan as participants on the first day of the month coincident with or next following the employee's date of hire.
- e. Prior to June 10, 2011, vesting service was determined in the same manner as credited service provided; however, that any participant who completes 1,000 or more hours of work during a Plan year shall receive one full year of vesting service regardless of his employment classification. Prior to June 10, 2011, a participant, upon completion of five years vesting service, becomes 100% vested. The Plan does not provide for partial vesting unless the Plan is deemed top-heavy. If a participant was not fully vested as of June 10, 2011, they would not be eligible for a vested benefit under the Plan.

NOTES TO FINANCIAL STATEMENTS

The Gerstenslager Bargaining Unit Employees' Pension Plan

1 Description of Plan, Continued

Funding Policy:

The Plan is funded by employer contributions from the Company. The Plan does not provide for employee contributions.

The Plan uses the Unit Credit funding method required by the Pension Protection Act of 2006.

Payment of Benefits:

A participant may receive benefits in the form of a joint and 50%, 75% or 100% survivor annuity, if married, or a life annuity if not married, a lump-sum payment, or an alternative form of payment as outlined in the Plan document.

2 Summary of Significant Accounting Policies

Basis of Accounting:

The Plan's transactions are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Recent Accounting Pronouncements:

In August 2018, the FASB issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement ("ASU 2018-13"). The new standard removes or modifies certain existing disclosure requirements and adds additional disclosure requirements related to fair value measurement. The Plan elected to early adopt ASU 2018-13 for the year ended March 31, 2020. The effect of the adoption is an overall reduction in the disclosures related to fair value measurement.

Valuation of Investments:

Investments are stated at fair value. Marketable securities are reported at fair market value as of the balance sheet date. Fair market values represent quoted market prices or, if quoted market prices are not available, estimated fair values as determined by the Plan's investment broker.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net gain/loss includes the Plan's gains and losses on investments purchased and sold as held during the year.

Use of Estimates:

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

The Gerstenslager Bargaining Unit Employees' Pension Plan

2 Summary of Significant Accounting Policies, Continued

Actuarial Present Value of Accumulated Plan Benefits:

Accumulated Plan Benefits represent future periodic payments for services employees have rendered.

Accumulated Plan Benefits include benefits expected to be paid to:

- a. Retired or terminated employees or their beneficiaries;
- b. Beneficiaries of employees who have died;
- c. Present employees or their beneficiaries;

Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The present value of Accumulated Plan Benefits is determined by the actuary by applying actuarial assumptions to adjust the Accumulated Plan Benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of Accumulated Plan Benefits.

Administrative Fees:

Substantially all administrative fees are paid by the Plan.

Plan Termination:

The Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, to vested participants based upon an actuarial calculation.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling on the amount of an individual's monthly benefit that the PBGC guarantees.

NOTES TO FINANCIAL STATEMENTS

The Gerstenslager Bargaining Unit Employees' Pension Plan

2 Summary of Significant Accounting Policies, Continued

Risks and Uncertainties:

The Plan's investments include mutual funds, a money market fund, a 103-12 investment entity, fixed income investments, a private equity fund, and a hedge fund. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the near or long-term could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of Accumulated Plan Benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change.

Due to uncertainties inherent in the estimation and assumption processes, it is reasonably possible that changes in these estimates and assumptions could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Subsequent Events:

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

Subsequent events have been evaluated through January 12, 2021, which is the date the financial statements were available to be issued.

3 Tax Status

The Plan received a determination letter from the IRS dated July 6, 2012, stating that the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is exempt from taxation.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of March 31, 2020, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified as complete and accurate by the Trustee, as of and for the years ended March 31:

	<u>2020</u>	<u>2019</u>
Investments, at Fair Value:	\$ 26,810,429	\$ 25,931,486
Interest and dividends	\$ 1,030,638	\$ 1,374,582
Net realized and unrealized gain (loss) on investments	\$ 158,378	\$ (828,414)

5 Accumulated Plan Benefits

The significant actuarial assumption used in the valuations as of March 31, 2020 and March 31, 2019 were:

a. Mortality table:

2020: Pri-2012 Blue Collar Mortality Tables Projected with Scale MP-2019 with separate rates for employees, retirees, contingent survivors and disabled participants.

2019: RP-2014 Blue Collar Mortality Table adjusted back to 2006 using Scale MP-2014 and projected with Scale MP-2018.

b. Retirement rate: 100% at normal retirement age, or age on valuation date, if greater.

c. Investment return: 8.00%

d. Discount Rate: 6.50%

e. Funding Target Calculation: Unit Credit method as required by the Pension Protection Act of 2006

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, other assumptions and factors might be applicable in determining the actuarial present value of Accumulated Plan Benefits. A schedule of vested Accumulated Plan Benefits is as follows:

at End of Fiscal Year - March 31, 2020 and 2019:	<u>\$ 26,281,911</u>	<u>\$ 25,994,596</u>

The agreement with the union ended on February 28, 2010. The agreement provided that the provisions of the contract will continue to auto-renew every year for an additional 12-month period unless one or the other party gives written notice to end the agreement or change it in any significant way. Due to the plan being frozen effective, June 10, 2011, the accrual rate in effect at March 31, 2004 is the final rate. No further amendments or changes to the benefit accrual rate will occur going forward as all future benefit accruals ended when the Plan was frozen.

6 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2020 and 2019.

6 Fair Value Measurements, Continued

Mutual Funds (Equity and Bond Funds):

The fair value of mutual funds is determined by the respective quoted market price.

Fixed Income Investments:

These securities consist of publicly traded United States and non-United States fixed interest obligations (principally corporate and government bonds and debentures), and asset-backed securities. The fair value of the fixed income investments is determined through quoted current market prices and, in the absence of quoted market prices, observable market prices for similar securities. Given this combination of inputs, the fixed income investments are classified in Level 2 of the fair value hierarchy.

Money Market Fund:

The money market fund is valued using the amortized cost of the underlying securities. Under the amortized cost method, an investment is valued initially at its cost as determined in accordance with U.S. GAAP. The fund then adjusts the amount of interest income each day over the term of the investment to account for any difference between the initial cost of the investment and the amount payable at its maturity.

Private Equity Fund:

The fair value of the private equity fund is measured using net asset value ("NAV") as permitted by the practical expedient as described in Accounting Standards Codification 820, Fair Value Measurement ("ASC 820").

The private equity fund currently invests exclusively in other private equity companies with the objective of capital appreciation with limited variability of returns. Valuation is determined to be the amount that the fund reasonably expects to receive if the fund's interest were redeemed on the last day of a calendar month.

Units are not redeemable. The Board may authorize the fund to make a tender offer to repurchase members' units at the NAV on a repurchase date. Responses to a repurchase notice must be received by the fund at least 95 calendar days prior to the repurchase date. Units held less than one year are subject to a fee of 5% of the value of the units repurchased by the fund, payable to the fund.

The fund does have unfunded capital commitments to its underlying investment funds, but the Plan itself does not currently have any unfunded capital commitments to the fund.

Hedge Funds:

The fair value of the hedge fund is measured using NAV as permitted by the practical expedient as described in ASC 820.

NOTES TO FINANCIAL STATEMENTS

The Gerstenslager Bargaining Unit Employees' Pension Plan

6 Fair Value Measurements, Continued

The investment objective of the hedge fund is to achieve long-term capital appreciation through professionally-managed trading in both U.S. and foreign markets primarily in futures contracts, forward contracts, spot currency contracts, and associated derivative instruments.

Shares are eligible for redemption as of the last business day of each quarter and such other dates as the Board of Directors may permit, upon not less than 30 business days' written prior notice.

103-12 Investment Entity:

The fair value of the 103-12 investment entity is measured using NAV as permitted by the practical expedient as described in ASC 820. The 103-12 investment entity was held at March 31, 2019 but not at March 31, 2020.

The valuation per unit held in this investment was determined by dividing total members' equity of the fund by the total number of units outstanding at the close of each business day ("Daily Valuation Date").

Subscriptions and redemptions of units by qualified trusts may be processed pursuant to notice entered in the records of the Managing Member on any Daily Valuation Date. An investor may redeem some or all of its interest on any date on which the value of members' equity is determined on 30 calendar days advance written notice. Any redemption made within 180 days of initial investment will be subject to an early redemption fee, payable to the fund, of up to 1.5% of the amount redeemed.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2020 and 2019. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

7 Party-in-Interest Transactions

The Plan has arrangements with various service providers and these arrangements qualify as party-in-interest transactions.

Appendix B

Statement of Actuarial Assumptions and Methods

Minimum Funding Annual Interest Rates	24-month segment rates averaged through the end of November 2018 and published in December 2018 (as prescribed by IRC 430) and adjusted to reflect BBA: - Segment 1 (0 – 5 years) 3.74% - Segment 2 (5 to 20 years) 5.35% - Segment 3 (more than 20 years) 6.11% - Effective Interest Rate 5.63%
Maximum Deductible Annual Interest Rates	24-month segment rates averaged through the end of November 2018 and published in December 2018 (as prescribed by IRC 430) as follows: - Segment 1 (0 – 5 years) 2.55% - Segment 2 (5 to 20 years) 3.93% - Segment 3 (more than 20 years) 4.49% - Effective Interest Rate 4.17%
Annual Expected Return on Assets	Interest Rate for developing Actuarial Value of Assets; limited to third segment rate 8.00% Rationale: as selected by the Plan Sponsor
PBGC Annual Interest Rates	Spot segment rates as of March 2019 and published in April 2019 using the Standard Method (as prescribed by IRC 430) as follows: - Segment 1 (0 – 5 years) 2.86% - Segment 2 (5 to 20 years) 4.00% - Segment 3 (more than 20 years) 4.42% - Effective Interest Rate 4.18%
Salary Scale	Not applicable
Mortality	RP-2006 static, non-generational Mortality Table as described in Regulation 1.430(h)(3)-1 and Notice 2018-02, projected by Scale MP-2017, male and female, with different rates for annuitants and nonannuitants (as prescribed by IRC 430).
Rates of Retirement	100% at Normal Retirement age, or age on the valuation date, if greater.
Rates of Turnover	None
Rates of Disability	None
Assumptions Made In Valuing Spouse’s Benefit	100% of the employees included in the valuation are assumed to be married. The wife is assumed to be the same age as the husband.

Appendix B (Continued)

Optional Form Selection	All participants are assume to elect the normal form of payment.
Provision for Expenses	\$416,000 for 2019, 3 year average of administrative expenses (rounded to the nearest \$1,000).
Standing Elections	The client has not signed an election that provides for the automatic use of the Carryover Balance and/or Prefunding Balance if necessary to meet the minimum funding requirement.
Asset Method	Funding: Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions). Note that due to the regulatory constraint on the interest rate, a characteristic of this asset valuation method is that, over time, it may be more likely to produce an actuarial value of assets that is less than the market value of assets.
Employees Valued	Only participants as of the valuation date were valued.
Changes in Assumptions and Methods since the Last Actuarial Valuation	The interest rates used for determining the funding target were 3.92%, 5.52% and 6.29%. These rates were updated to the rates required for the current plan year. The mortality table for the funding target was changed as required under PPA '06.
Justification for Changes in Actuarial Assumptions	The only assumption changes were to prescribed actuarial assumptions or as a result of At-Risk status. Therefore, the plan did not need IRS approval to change assumptions and there is no need to disclose any "Change in Actuarial Assumptions."
