Note 1. Description of the Plan

The following description of the Bell Mechanical Services, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Plan Merger

As indicated in Note 6, the Plan's net assets were merged into the G&A Partners, Inc. Multiple Employer 401(k) Plan, effective March 8, 2020.

General

The Plan was a defined contribution plan covering all eligible employees of Bell Mechanical Services, LLC (the Company) who had six months of service and were age twenty-one or older. An eligible employee could enter the Plan following the first day of the first month and seventh month of the Plan year. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants could contribute up to 92% of annual compensation, as defined by the Plan. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan also allowed for Roth elective deferrals.

The Company contributed a safe-harbor match of 100% of the participant's contribution that did not exceed 3% of the participant's compensation, plus 50% of the participant's contribution that exceeded 3% of the participant's compensation, not to exceed 5% of the participant's compensation. The Company's safe-harbor matching contributions could apply to catch-up contributions. The Plan also allowed for a discretionary profit sharing contribution. During the period January 1, 2020 to March 8, 2020, there were no discretionary profit sharing contributions made to the Plan. Contributions were subject to certain Internal Revenue Service limitations.

Participant contributions and any related employer contributions from January 1, 2020 to March 8, 2020 were remitted to the G&A Partners, Inc. Multiple Employer 401(k) Plan.

Participant Accounts

Each participant's account was credited with the participant's contributions and the Company contributions, as well as plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Note 1. Description of the Plan (Continued)

Vesting

Participants were immediately vested in their contributions, and the safe-harbor matching contributions, plus actual earnings thereon. Vesting in the profit sharing contribution portion of their accounts was based on years of continuous service. A participant was 100% vested after six years of credited service.

Notes Receivable from Participants

Loans to participants were not allowed under the terms of the Plan Document.

Payment of Benefits

Generally, a participant could be entitled to receive a benefit in such amount as could be provided by the total value of the participant's account as of his normal retirement date. Distributions from the Plan's assets were made upon the participant's death, disability, or retirement, termination of service, or other circumstances as described in the Plan Document. A participant or his beneficiary could only receive a lump sum payment. A participant whose vested balance did not exceed $5,000, valued at the time of the distribution, received an immediate lump-sum payment. After attainment of age 59½, withdrawals could be made from selective participant accounts under the Plan. Additionally, under certain circumstances of financial hardship, the participant was allowed to withdraw funds from the Plan.

Forfeited Accounts

At March 8, 2020 and December 31, 2019, forfeited nonvested accounts totaled $-0 and $8,645, respectively. These accounts could be used to pay plan administrative expenses or to reduce future employer contributions. No forfeitures were used during the period January 1, 2020 to March 8, 2020.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor. See Note 4 for discussion of fair value measurements. Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid directly by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Investment related expenses were included in net appreciation (depreciation) of fair value of investments.

Note 3. Information Certified by Capital Bank and Trust Company

The following is a summary of the Plan's asset information as of March 8, 2020 and December 31, 2019, and for the period January 1, 2020 to March 8, 2020, included throughout the Plan's financial statements, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements related to the following assets:

	2020	2019
Investments, at Fair Value		
Mutual Funds	**$ -**	$ 3,283,946
Interest-Bearing Cash	**$ -**	$ 8,645

Capital Bank and Trust Company also certified to the completeness and accuracy of $587,964 of net depreciation in fair value of investments and $147 of interest and dividends related to the aforementioned assets for the period January 1, 2020 to March 8, 2020.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standard Board Accounting Standard Codification 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at March 8, 2020 and December 31, 2019.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan were open-end mutual funds that were registered with the Security Exchange Commission. These funds were required to publish their day net asset value and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

The preceding method may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019. There were no assets held at March 8, 2020.

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 3,283,946	$ -	$ -	$ 3,283,946
Investments, at Fair Value	$ 3,283,946	$ -	$ -	$ 3,283,946

Note 5. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments were managed by American Funds. American Funds was the recordkeeper for the Plan and, therefore, these transactions qualified as party-in-interest transactions.

Note 6. Plan Merger

On March 8, 2020, the Plan merged with G&A Partners, Inc. Multiple Employer 401(k) Plan (the G&A Plan). As a result, net assets of $2,607,521 were transferred to the control of the G&A Plan at March 8, 2020. The merger does not impact participant benefits as the benefit provisions were incorporated in the G&A Plan.

Note 7. Tax Status

The Plan had adopted a volume submitter plan sponsored by CCH Incorporated d/b/a FT William Company. The volume submitter plan provider had received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan advisory letter had been relied upon by the Plan. The Plan Administrator believed the Plan was designed and was being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, January 11, 2021, and determined that no events occurred that require disclosure. No further subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
