NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2019 AND 2018

1. PLAN DESCRIPTION AND RELATED INFORMATION

General

The following description of the Floral Supply Syndicate (the "Company" and "Sponsor") 401(K) Shared Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all eligible employees of the Company as defined in the Plan agreement. Employees are eligible after completion of three months of service and attainment of age eighteen or older. Employees may enroll in the Plan on the first day of the next month following eligibility. During 2019, the Plan was amended so that employees who become eligible on or after October 1, 2019, are subject to automatic enrollment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration

The Plan's assets are held by Lincoln National Life Insurance Company ("Lincoln") as of December 31, 2019 and 2018 and for the year ended December 31, 2019. The Company is the Plan sponsor and Plan administrator. The Plan administrator is responsible for carrying out the duties imposed under ERISA. Certain administrative and Trustee functions are performed by officers or employees of the Company. However, no such officer or employee received compensation from the Plan. While certain administrative expenses are paid by the Plan, other administrative expenses are paid directly by the Company. Expenses incurred by the Company on behalf of the Plan totaled $15,634 for the year ended December 31, 2019. As permitted by the Plan, certain expenses can be offset against accumulated forfeitures.

Contributions

Each year, Participants may contribute up to 92% of pretax compensation as defined in the Plan agreement, not to exceed the maximum contribution permitted by applicable provisions of the Internal Revenue Code ("IRC"). Subsequent to October 1, 2019, Participants who are subject to automatic enrollment automatically contribute 3% of pretax compensation. If a deferral rate is not elected by the Participant, the automatic deferral increases by 1% during the second through the fifth year to a maximum rate of 7%. Participants who have attained age fifty by the last day of the plan year are eligible to make catch-up contributions. Roth 401(K) deferrals are not permitted under the Plan. In addition, Participants may contribute amounts rolled over from other qualified plans. Participants may make changes to their deferral for each payroll period. Participants direct the investments of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds under pooled separate accounts and an insurance investment contract as investment options for Participants.

1. PLAN DESCRIPTION AND RELATED INFORMATION (Continued)

Contributions (Continued)

The Company matches 20% of employee contributions, up to the first 7% of the Participant's compensation. Profit sharing contributions may also be made at the discretion of the Company, as determined each year. In order to receive the profit sharing contribution, an employee must be employed on the last day of the Plan year and have completed one thousand hours of service, as defined in the Plan agreement. The Company did not make profit sharing contributions during the Plan year ended December 31, 2019. The Company may also make contributions of an amount to be determined each year, as applicable, to satisfy nondiscrimination rules that apply to the Plan.

Participant Accounts

Each Participant's account is increased or decreased with the Participant's contribution or withdrawal and allocations of: (a) the Company's contributions, and (b) Plan earnings or losses, allocations of administrative fees and forfeitures. Allocations are based on Participant earnings or account balances, as defined in the Plan agreement. The benefit to which a Participant is entitled is the vested balance in the Participant's account.

Notes Receivable - Participants

Participants may borrow from their vested benefits a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, as defined in the Plan agreement. Participants are allowed up to two loans outstanding at the same time. As applicable, married participants are required to obtain spousal consent before loans of more than $5,000 are issued. Loan terms range from one to five years but may be longer if the loan is used to purchase a primary residence. Loans are secured by the balance in the Participant's account and bear interest between 5.25% and 7.25%, which are commensurate with local prevailing rates as determined when the loan is approved. Principal and interest are paid ratably through payroll deductions. In the event a loan is considered in default, the Plan administrator has discretion in applying methods for such default as identified in the loan policy. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan is reduced, and a benefit payment is recorded. Loans have maturities through 2024.

1. PLAN DESCRIPTION AND RELATED INFORMATION (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon, as well as their rollover contributions or catch-up contributions, plus actual earnings thereon. Vesting in the Company's matching contributions and discretionary profit sharing contributions, plus earnings thereon, is based on years of continuous service in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than one year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Participants will be fully vested in the Company's matching and discretionary profit sharing contributions at death, upon the attainment of normal retirement age or total disability.

Payment of Benefits

A Participant may withdraw funds from the Plan upon the occurrence of certain events including, but not limited to, retirement, death, disability or termination of employment. The Plan provides for involuntary distributions of vested account balances equal to or less than $1,000. If the vested balance is more than $1,000 but less than $5,000, the Participant may elect to receive cash or rollover the distribution. If there is not a timely election, the vested amount will be invested in an IRA under the Participant's name. All distributions will be made in lump sum payments. If the value exceeds $5,000, the funds will remain in the Plan until a written request for distribution is submitted by the Participant, or after the later of the attainment of the normal retirement age or age 62. Hardship distributions are permitted under certain circumstances; however, the Participant is suspended from contributing to the Plan for the succeeding six months.

Forfeited Accounts

At December 31, 2019 and 2018, forfeited non-vested accounts totaled $2,353 and $425, respectively. Under the Plan agreement, forfeitures of non-vested employer contributions may be used to pay Plan expenses or reduce future employer contributions.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2019 AND 2018

1. PLAN DESCRIPTION AND RELATED INFORMATION (Continued)

Concentration of Credit Risk

Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist principally of participant notes receivable. Credit risk is limited due to limitations on the maximum number of loans a participant may have outstanding at any one time, as well as the provision that each participant's total outstanding loan balance cannot exceed 50% of his or her vested account balance. The remaining vested account balance serves as collateral.

Investment Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting.

New Accounting Standards

In August 2019, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2019-13 Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, which amends ASC 820, Fair Value Measurement. This ASU modifies the disclosure requirements for fair value measurements by removing, modifying or adding certain disclosures. The effective date is January 1, 2020, with early adoption of the entire standard permitted or only the provisions that eliminate or modify disclosure requirements. The Plan Sponsor is currently evaluating the impact that this ASU will have on the presentation of the Plan's fair value measurement disclosures. The adoption of this standard is not expected to have a significant impact on the Plan's financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP"), requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully–benefit responsive investment contracts which are reported at contract value. Units in pooled separated accounts are stated on a net asset value per unit, as determined by Lincoln, which approximates fair value based on quoted market prices of the underlying securities. Contract value is the relevant measure attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. Interest rates are declared quarterly with the average yield credited to the fund**.**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Notes Receivable – Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of December 31, 2019 and 2018, no allowance for credit losses has been recorded.

Payment of Benefits

Benefits are recorded when paid.

3. CERTIFICATION

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedule that were prepared and furnished to the Plan administrator by Lincoln for total investments and the aggregate of net appreciation in fair value of investments and interest and dividend income. This information was provided by Lincoln as of December 31, 2019 and 2018 and for the year ended December 31, 2019. Currently, Lincoln holds the Plan's investment assets and executes its investment transactions.

3. CERTIFICATION (Continued)

The Plan administrator has obtained certifications from Lincoln that the following information is complete and accurate as of December 31, 2019 and 2018 and for the year ended December 31, 2019:

(a) Schedule of Assets (Held at End of Year) - December 31, 2019

(b) Investments at December 31:

	2019	2018
Investments at fair value (Pooled separate accounts)	$ 3,309,419	$ 3,207,185
Investments at contract value	784,429	1,160,966
Net appreciation in fair value of investments	697,267	-
Dividend income	15,607	-
Interest income on notes receivable - participants	4,977	-

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for similar assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for similar assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

4. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts: The fair value of units in the pooled separate accounts is based on the accumulated values of the underlying investments at the end of the year. Investments in this category can be redeemed daily at the net asset value provided by Lincoln.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2019

	Level 1	Level 2	Level 3	Total
Assets in fair value hierarchy:				
Investments measured at fair value	$ -	$ -	$ -	$ -
Investments measured at net asset value (a)				$ 3,309,419

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Assets in fair value hierarchy:				
Investments measured at fair value	$ -	$ -	$ -	$ -
Investments measured at net asset value (a)				$ 3,207,185

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

4. FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively:

2019	Fair Value	Unfunded Commitments	Redemption Frequency (if currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ 3,309,419	N/A	Daily	None

2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently Eligible)	Redemption Notice Period
Pooled separate accounts	$ 3,207,185	N/A	Daily	None

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a benefit responsive investment contract with Lincoln on a contract basis. Lincoln maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for Participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan.

While Lincoln declares rates quarterly, any guarantees are subject to the claims paying ability of the insurance company. Lincoln may declare a full contract discontinuance or partial contract discontinuance. Ratings for Lincoln from four recognized rating companies are A+, A1, AA-, A+.

Contract discontinuance may occur by either party subject to the terms as defined in the Annuity Contract between Lincoln and the Company. The balance in the Group VAR Annuity with Guaranteed Fund may be paid out in either a lump sum or systematic installments, as defined in the "Contract Specifications Endorsement". Distributions may be subject to market value adjustments.

As described in Note 2, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less Participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

There are no reserves against contract value for credit risk of the contract issues or otherwise. The portfolio has an investment rate design in which all deposits are credited with the same interest rate, declared on a quarterly basis and credited annually, and with no set maturity.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that occurrence of any such event, which would limit the Plan's ability to transact at contract value with Participants, is probable. This investment option is not guaranteed by the Federal Deposit Insurance Corporation ("FDIC") or any other government agency.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their employer contributions.

7. PARTY IN INTEREST TRANSACTIONS

Plan investments were managed by Lincoln as of December 31, 2019 and 2018 and for the year ended December 31, 2019 to provide record keeping, investment allocation and custodial services to the Plan. "Separate Account Fees" are charged by Lincoln through the determination of per unit closing values of units in pooled separate accounts. These transactions qualify as "Party-in-Interest" which are exempt from the prohibited transaction rules. Administrative fees charged during the year ended December 31, 2019 totaled $12,830. Certain Plan investments are shares of pooled separate accounts offered by Lincoln Variable Insurance Products Trust, the Plan record keeper. Lincoln Variable Insurance Products Trust currently is offered only to separate accounts that fund variable annuity and variable life insurance contracts of The Lincoln National Life Insurance Company, its affiliates and third-party insurance companies. Shares in the fund cannot be purchased directly. In addition, notes receivable from participants of the Plan and the related interest income are considered party-in-interest transactions. Therefore, these transactions qualify as party-in-interest transactions and are denoted as such on the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

8. TAX STATUS

The Plan has adopted a Prototype Non-Standardized Profit Sharing Plan document pre-approved by the IRS. The IRS reviewed the Plan document and opined in a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended and restated since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	2019	2018
Net assets available for benefits per the financial statements	$ 4,170,814	$ 4,447,481
Corrective distributions for excess contributions	3,469	9,549
Net Assets Available for Benefits per Form 5500	$ 4,174,283	$ 4,457,030

Total Expenses per Form 5500	$ 1,246,683
Add: Corrective distributions from 2019	3,469
Less: Corrective distributions for 2018	(9,549)
Total Deductions from Net Assets per Financial Statements	$ 1,240,603

10. EXCESS PARTICIPANT CONTRIBUTIONS PAYABLE

At December 31, 2019 and 2018, excess participant contributions of $3,469 and $9,549, respectively, have been recorded as liabilities on the accompanying Statements of Net Assets Available for Benefits.

11. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 14, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of a coronavirus (COVID-19) a pandemic and declared the outbreak to constitute a "Public Health Emergency of International Concern." The COVID-19 outbreak is disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of COVID-19 on the Plan's financial performance will depend on certain developments, including the duration and spread of the outbreak, impacts on the Company, Participants and financial markets, all of which are uncertain and cannot be predicted. While the Plan Administrator expects the disruption to be temporary, at this point, the extent to which COVID-19 may impact the Plan's overall financial condition is uncertain.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief and Economic Security ("CARES") Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan document. Plan management has adopted relief provisions related to loans included in the CARES Act; however, its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.
