NOTE 1 - DESCRIPTION OF PLAN

The following description of the Magnetika, Inc. ("Company" or "Sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of the Company and its wholly owned subsidiaries, and was originally established by the Company on January 1, 2011 under the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The amended and restated provisions of the Plan became effective on April 1, 2019.

Plan administration - Magnetika, Inc. is the Plan's administrator (the "Plan Administrator") and is responsible for oversight of the Plan. Fidelity Management Trust Company (the "Custodian") is the Plan's custodian and is responsible for monitoring investment activities and maintaining individual participant account balances. Fidelity Investments Institutional Operations Company, Inc. is the third party administrator (the "TPA") and performs as the Plan's record-keeper.

Tax status - The Plan is a prototype plan offered by the TPA. The Internal Revenue Service has determined and informed the TPA by letter that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Participation - All full-time employees are eligible for participation in the Plan upon completion of three consecutive months of service and attainment of age 21 prior to entry dates. Part-time employees are eligible to participate upon completion of one thousand hours of service and attainment of age 21. Eligible employees may enter the Plan on the first day of the month coinciding with or next following satisfaction of the eligibility requirements. The Plan also has automatic enrollment, enrolling eligible participants who do not decline participation, with an automatic 4% deferral rate.

Contributions - Contributions to the Plan include (i) salary reduction contributions authorized by participants, including Roth contributions, (ii) qualified matching contributions made by the Company, (iii) discretionary contributions made by the Company, and (iv) rollovers of new participants from other qualified plans.

NOTE 1 - DESCRIPTION OF PLAN, Continued

Participant contributions - Each participant may elect to contribute a prescribed percentage of his or her compensation to the Plan. For employees who elect to participate, such percentage shall not exceed 100% of eligible compensation, as defined under the Plan, subject to certain IRC limitations. Eligible employees age 50 or older may also contribute a catch-up contribution in accordance with provisions of the IRC. Such catch-up contributions are taken into account for purposes of calculating matching contributions (see below). Participants may also rollover amounts representing distributions from other qualified plans. All contributions to each participant's account are directed by the participant in one or more of the investments offered under the Plan.

Sponsor contributions - The Sponsor makes qualified, discretionary contributions to non-highly compensated employees equal to the percentage of the participant's compensation to the total compensation of all eligible participants in a given Plan year. For the year ended December 31, 2019, the Sponsor made $90,270 in discretionary contributions to the Plan—equivalent to matching 100% of the first 2% of a participant's base compensation.

Participant accounts - Separate accounts are maintained for each participant's deferred compensation, rollover contributions, the Sponsor's qualified non-elective contributions, and an allocation of the Sponsor's discretionary contributions. All gains, income, or losses are allocated separately to each participant's account, based on the performance of the investments within that account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions into any or all of the investment accounts with the Administrator.

Vesting - Participants are fully vested in their contributions, plus actual earnings thereon. Vesting in the Sponsor's matching and discretionary contributions, plus actual earnings thereon, is based on the years of continuous service, as follows:

Year of Service	Percent Vested
Less than 1	0%
1	30%
2	65%
3	100%

NOTE 1 - DESCRIPTION OF PLAN, Continued

Notes receivable from participants - Participants may borrow against their vested account balance at the discretion of the Plan Administrator subject to restrictions and limitations determined by the IRC. Repayment schedules for notes receivable from participants are as agreed upon by the participant and the Plan Administrator. Interest on notes receivable from participants is determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The notes are secured by the balance in the participant's account. Generally, notes mature within five years unless the note is for the purchase of a principal residence, in which case the loan matures in ten years.

Payment of benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution or direct transfer to either an Individual Retirement Account or a qualified retirement plan. Other withdrawals and loans from the Plan can be made under certain circumstances, as defined in the Plan agreement. Participants who are 100% vested and 59 ½ years of age may take an in-service withdrawal of all or a portion of the value of their vested accounts once each plan year.

Hardship withdrawals - In the event a participant experiences a financial hardship, as defined in the Plan agreement, the participant may be eligible to request a hardship withdrawal. There were no hardship withdrawals for the year ended December 31, 2019.

Forfeitures - Non-vested Sponsor contributions forfeited by participants upon termination are available to pay for Plan administrative expenses or to reduce future Sponsor's contributions payable under the Plan. As of, and for the year ended, December 31, 2019, there were $1,108 of forfeited non-vested amounts available and used during the year to pay for Plan's administrative expenses.

Plan termination - Although it has not expressed intent to do so, the Sponsor reserves the right under the Plan to cease contributions and terminate the Plan, subject to action by the Sponsor's Board of Directors and to the provisions of ERISA and the IRC. Upon termination of the Plan, all participants become 100% vested in their accounts.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 1 - DESCRIPTION OF PLAN, Continued

As a result of the spread of COVID-19, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, consistent with reporting in the Form 5500.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuations of investments - Investments are stated at fair value. The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Realized and unrealized appreciation (depreciation) - Realized and unrealized appreciation (depreciation) is based on the contract and market values of the assets at the end of the Plan year compared to the contract and market values of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year. In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

Fair value measurements - The Plan measures fair value under a framework that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), moderate priority to valuations based on observable inputs, such as market prices of similar assets and liabilities (level 2), and the lowest priority to the unobservable inputs (level 3).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The three levels of inputs in measuring fair value are:

Level 1 inputs: Unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 inputs: Directly or indirectly observable inputs other than quoted prices included within Level 1, including the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs: Unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques shall maximize the use of relevant observable inputs and minimize the use of unobservable inputs. When the Plan changes its valuation inputs for measuring financial assets and liabilities at fair value, either due to changes in current market conditions or other factors, it may need to transfer those assets or liabilities to another level in the hierarchy based on the new inputs used. The Plan recognizes these transfers at the end of the reporting period that the transfers occur. For the years ended December 31, 2019 and 2018, there were no significant transfers of financial assets or liabilities between the hierarchy levels.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. An annual loan maintenance fee is deducted from participant's account. No allowance for estimated credit losses has been recorded as of December 31, 2019. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Outstanding notes receivable from participants as of December 31, 2019 and 2018 bear interest ranging from 3.50% to 5.50% and mature through 2024.

Participant distributions - Benefits paid to participants are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Corrective distributions - Contributions by participants in excess of permitted limits are repaid to the participants. There were no corrective distributions outstanding at December 31, 2019.

Administrative expenses - Non-investment costs and most administrative expenses of the Plan are paid by the Sponsor, which is a party-in-interest. These expenses are not reflected in the accompanying financial statements and constitute exempt part-in-interest transactions under ERISA. Investment service fees are paid by the Plan and are netted against the related investment income. Certain administrative expenses are paid by the Plan.

Income taxes - Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not would not, be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Subsequent events - Subsequent events have been evaluated by the Sponsor through December 11, 2020 which is the date these financial statements were issued, and no subsequent events have arisen other than those described herein that would require disclosure in these financial statements.

NOTE 3 - FAIR VALUE MEAUSREMENTS

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered investment companies - The shares in registered investment companies (including debt securities) are valued at quoted market prices in an exchange and active market, which represents the net asset values of shares held by the Plan at year end, and are measured as Level 1 under the fair value hierarchy.

Collective trust funds - The fair value of participation units is based on net asset values. The net asset value is used as the practical expedient to estimate fair value. This practical expedient would not be used if it is probable that the fund will sell the investment for an amount different from the reported net asset value.

NOTE 3 - FAIR VALUE MEAUSREMENTS, Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 4,001,971	$ -	$ -	$ 4,001,971

Investments measured at net asset value	-	-	-	46,914
Total investments	$ 4,001,971	$ -	$ -	$ 4,048,885

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Registered investment companies	$ 2,956,027	$ -	$ -	$ 2,956,027
Total assets in fair value hierarchy	2,956,027	-	-	2,956,027
Investments measured at net asset value	-	-	-	60,003
Total investments	$ 2,956,027	$ -	$ -	$ 3,016,030

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties in interest, by definition, include a plan sponsor or employee, fiduciaries (including those who provide investment advice or who have discretionary control over the Plan's assets), and those who provide services to the Plan. Notes receivable are due from participants. Plan investments include shares in registered investment companies managed by the Custodian as of December 31, 2019.

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS, Continued

Fees incurred by the Plan for the investment in management services are included in net appreciation in fair value of the investment as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the third party administrator of $6,386, during the year ended December 31, 2019, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations. These transactions qualify as exempt party-in-interest transactions under ERISA.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN OF PLAN ASSETS (Unaudited)

The following unaudited information in the financial statements was certified to be complete and accurate by the Custodian of the Plan's assets within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments in the Statements of Net Assets Available for Benefits;
- Investment income (loss) included in the Statements of Changes in Net Assets Available for Benefits; and
- All amounts enumerated in Note 3 and in the Supplemental Schedule of Assets (Held at End of Year), except for notes receivable from participants.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Magnetika, Inc. ("Company" or "Sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of the Company and its wholly owned subsidiaries, and was originally established by the Company on January 1, 2011 under the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The amended and restated provisions of the Plan became effective on April 1, 2019.

Plan administration - Magnetika, Inc. is the Plan's administrator (the "Plan Administrator") and is responsible for oversight of the Plan. Fidelity Management Trust Company (the "Custodian") is the Plan's custodian and is responsible for monitoring investment activities and maintaining individual participant account balances. Fidelity Investments Institutional Operations Company, Inc. is the third party administrator (the "TPA") and performs as the Plan's record-keeper.

Tax status - The Plan is a prototype plan offered by the TPA. The Internal Revenue Service has determined and informed the TPA by letter that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Participation - All full-time employees are eligible for participation in the Plan upon completion of three consecutive months of service and attainment of age 21 prior to entry dates. Part-time employees are eligible to participate upon completion of one thousand hours of service and attainment of age 21. Eligible employees may enter the Plan on the first day of the month coinciding with or next following satisfaction of the eligibility requirements. The Plan also has automatic enrollment, enrolling eligible participants who do not decline participation, with an automatic 4% deferral rate.

Contributions - Contributions to the Plan include (i) salary reduction contributions authorized by participants, including Roth contributions, (ii) qualified matching contributions made by the Company, (iii) discretionary contributions made by the Company, and (iv) rollovers of new participants from other qualified plans.

NOTE 1 - DESCRIPTION OF PLAN, Continued

Participant contributions - Each participant may elect to contribute a prescribed percentage of his or her compensation to the Plan. For employees who elect to participate, such percentage shall not exceed 100% of eligible compensation, as defined under the Plan, subject to certain IRC limitations. Eligible employees age 50 or older may also contribute a catch-up contribution in accordance with provisions of the IRC. Such catch-up contributions are taken into account for purposes of calculating matching contributions (see below). Participants may also rollover amounts representing distributions from other qualified plans. All contributions to each participant's account are directed by the participant in one or more of the investments offered under the Plan.

Sponsor contributions - The Sponsor makes qualified, discretionary contributions to non-highly compensated employees equal to the percentage of the participant's compensation to the total compensation of all eligible participants in a given Plan year. For the year ended December 31, 2019, the Sponsor made $90,270 in discretionary contributions to the Plan—equivalent to matching 100% of the first 2% of a participant's base compensation.

Participant accounts - Separate accounts are maintained for each participant's deferred compensation, rollover contributions, the Sponsor's qualified non-elective contributions, and an allocation of the Sponsor's discretionary contributions. All gains, income, or losses are allocated separately to each participant's account, based on the performance of the investments within that account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct their contributions into any or all of the investment accounts with the Administrator.

Vesting - Participants are fully vested in their contributions, plus actual earnings thereon. Vesting in the Sponsor's matching and discretionary contributions, plus actual earnings thereon, is based on the years of continuous service, as follows:

Year of Service	Percent Vested
Less than 1	0%
1	30%
2	65%
3	100%

NOTE 1 - DESCRIPTION OF PLAN, Continued

Notes receivable from participants - Participants may borrow against their vested account balance at the discretion of the Plan Administrator subject to restrictions and limitations determined by the IRC. Repayment schedules for notes receivable from participants are as agreed upon by the participant and the Plan Administrator. Interest on notes receivable from participants is determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The notes are secured by the balance in the participant's account. Generally, notes mature within five years unless the note is for the purchase of a principal residence, in which case the loan matures in ten years.

Payment of benefits - Upon termination of service, a participant may elect to receive either a lump-sum distribution or direct transfer to either an Individual Retirement Account or a qualified retirement plan. Other withdrawals and loans from the Plan can be made under certain circumstances, as defined in the Plan agreement. Participants who are 100% vested and 59 ½ years of age may take an in-service withdrawal of all or a portion of the value of their vested accounts once each plan year.

Hardship withdrawals - In the event a participant experiences a financial hardship, as defined in the Plan agreement, the participant may be eligible to request a hardship withdrawal. There were no hardship withdrawals for the year ended December 31, 2019.

Forfeitures - Non-vested Sponsor contributions forfeited by participants upon termination are available to pay for Plan administrative expenses or to reduce future Sponsor's contributions payable under the Plan. As of, and for the year ended, December 31, 2019, there were $1,108 of forfeited non-vested amounts available and used during the year to pay for Plan's administrative expenses.

Plan termination - Although it has not expressed intent to do so, the Sponsor reserves the right under the Plan to cease contributions and terminate the Plan, subject to action by the Sponsor's Board of Directors and to the provisions of ERISA and the IRC. Upon termination of the Plan, all participants become 100% vested in their accounts.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 1 - DESCRIPTION OF PLAN, Continued

As a result of the spread of COVID-19, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation - The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, consistent with reporting in the Form 5500.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuations of investments - Investments are stated at fair value. The Plan defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Realized and unrealized appreciation (depreciation) - Realized and unrealized appreciation (depreciation) is based on the contract and market values of the assets at the end of the Plan year compared to the contract and market values of the assets at the beginning of the Plan year, or at the time of purchase for assets purchased/exchanged during the Plan year. In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

Fair value measurements - The Plan measures fair value under a framework that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements), moderate priority to valuations based on observable inputs, such as market prices of similar assets and liabilities (level 2), and the lowest priority to the unobservable inputs (level 3).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

The three levels of inputs in measuring fair value are:

Level 1 inputs: Unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 inputs: Directly or indirectly observable inputs other than quoted prices included within Level 1, including the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs: Unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques shall maximize the use of relevant observable inputs and minimize the use of unobservable inputs. When the Plan changes its valuation inputs for measuring financial assets and liabilities at fair value, either due to changes in current market conditions or other factors, it may need to transfer those assets or liabilities to another level in the hierarchy based on the new inputs used. The Plan recognizes these transfers at the end of the reporting period that the transfers occur. For the years ended December 31, 2019 and 2018, there were no significant transfers of financial assets or liabilities between the hierarchy levels.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. An annual loan maintenance fee is deducted from participant's account. No allowance for estimated credit losses has been recorded as of December 31, 2019. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Outstanding notes receivable from participants as of December 31, 2019 and 2018 bear interest ranging from 3.50% to 5.50% and mature through 2024.

Participant distributions - Benefits paid to participants are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Corrective distributions - Contributions by participants in excess of permitted limits are repaid to the participants. There were no corrective distributions outstanding at December 31, 2019.

Administrative expenses - Non-investment costs and most administrative expenses of the Plan are paid by the Sponsor, which is a party-in-interest. These expenses are not reflected in the accompanying financial statements and constitute exempt part-in-interest transactions under ERISA. Investment service fees are paid by the Plan and are netted against the related investment income. Certain administrative expenses are paid by the Plan.

Income taxes - Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not would not, be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Subsequent events - Subsequent events have been evaluated by the Sponsor through December 11, 2020 which is the date these financial statements were issued, and no subsequent events have arisen other than those described herein that would require disclosure in these financial statements.

NOTE 3 - FAIR VALUE MEAUSREMENTS

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Registered investment companies - The shares in registered investment companies (including debt securities) are valued at quoted market prices in an exchange and active market, which represents the net asset values of shares held by the Plan at year end, and are measured as Level 1 under the fair value hierarchy.

Collective trust funds - The fair value of participation units is based on net asset values. The net asset value is used as the practical expedient to estimate fair value. This practical expedient would not be used if it is probable that the fund will sell the investment for an amount different from the reported net asset value.

NOTE 3 - FAIR VALUE MEAUSREMENTS, Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31:

	2019			
	Level 1	**Level 2**	**Level 3**	**Total**

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Parties in interest, by definition, include a plan sponsor or employee, fiduciaries (including those who provide investment advice or who have discretionary control over the Plan's assets), and those who provide services to the Plan. Notes receivable are due from participants. Plan investments include shares in registered investment companies managed by the Custodian as of December 31, 2019.

NOTE 4 - TRANSACTIONS WITH PARTIES-IN-INTEREST AND RELATED PARTY TRANSACTIONS, Continued

Fees incurred by the Plan for the investment in management services are included in net appreciation in fair value of the investment as they are paid through revenue sharing, rather than a direct payment. The Plan made a direct payment to the third party administrator of $6,386, during the year ended December 31, 2019, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations. These transactions qualify as exempt party-in-interest transactions under ERISA.

NOTE 5 - INFORMATION CERTIFIED BY THE CUSTODIAN OF PLAN ASSETS (Unaudited)

The following unaudited information in the financial statements was certified to be complete and accurate by the Custodian of the Plan's assets within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments in the Statements of Net Assets Available for Benefits;
- Investment income (loss) included in the Statements of Changes in Net Assets Available for Benefits; and
- All amounts enumerated in Note 3 and in the Supplemental Schedule of Assets (Held at End of Year), except for notes receivable from participants.
