NOTE 1 - DESCRIPTION OF THE PLAN

Plan and Merger: The W.W. Norton & Company, Inc. Profit Sharing & 401(k) Plan (the "Plan") was originally established April 1, 1987 as a 401(k) plan and has since been restated and amended as required complying with current requirements of the Internal Revenue Code. Effective on December 1, 2012, the Plan Sponsor merged its profit sharing plan with the Plan.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a contributory, defined contribution profit sharing and 401(k) plan available to qualifying employees of W.W. Norton & Company, Inc. (the "Company"), National Book Company, Inc., W.W. Norton, Inc. and Liveright Publishing Corporation, Inc. (the "Companies"). The Company is the Plan administrator. To be eligible to participate in the Plan, an employee must not be a member of certain excluded groups (principally, leased and interns) and not be covered by a collective bargaining agreement; participants in the Plan become eligible for a profit sharing contribution upon completion of three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

401(k) Contributions: Participants may contribute up to 60% of their annual eligible compensation on a pretax or post-tax (Roth deferral) basis, as defined, up to the maximum allowable under the Internal Revenue Code to the their 401(k). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Upon proper notice and approval and subject to provisions in the Plan, participants may make additional deferral contributions in amounts up to 100% of their effectively available compensation for certain employer designated payroll periods and also, may make deferral contributions in an amount up to 100% of any employer paid cash bonuses so designated by the employer. The Companies may make a basic matching employer contribution on behalf of each participant in an amount equal to the percentage declared by the company Board of Directors. For the calendar year 2020 the Companies matched participant 401(k) contributions to the Plan at 100% up to $4,800, and for the calendar year 2019 the Companies matched participant 401(k) contributions to the Plan at 100% up to $5,000. For the calendar year 2018 the Companies matched participant 401(k) contributions to the Plan at 100% up to $5,200. New employees of the Company may roll over their benefits formerly accumulated under a different plan into the trust.

Profit Sharing Contributions: Employer contributions to the Plan are made at the discretion of the employer's Board of Directors, subject to defined limits, and may be discontinued at any time. In general, contributions are allocated among participant accounts in the ratio which each member's annual compensation bears to the total annual compensation. During the year ended March 31, 2020, the Company did not make a profit-sharing contribution to the Plan. During the year ended March 31, 2019, the Company made a $2,000,000 profit sharing contribution to the Plan.

Participant Accounts – 401(k) and Profit Sharing: 401(k) and Profit-Sharing balances are maintained, separately, in self-directed accounts with Fidelity. The accounts are credited with the appropriate participant's contributions, the company discretionary 401(k) match, the company profit sharing contribution, forfeitures and allocations of the Plan earnings. Allocations are based upon participant earnings or account balances, as defined. Net investment income or loss is allocated among the participants based on individual account balances. Participants may direct the investment of their account balances into various investment options offered by the Plan. Participant accounts are debited, if applicable, for certain fees related to establishment and maintenance of loans and for maintenance of terminated participant accounts, as well as for his or her withdrawals and Plan losses.

(Continued)

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting: *401(k)*: Participants are immediately 100% vested in their 401(k) contributions including employers' discretionary matching contributions and income or loss thereon.

Profit Sharing: Participant account balances vest 20% at two years of service, as defined, and are 100% vested by their 6th year of service. Forfeitures of non-vested profit-sharing contributions are allocated in the same manner as contributions. Participants are 100% vested in their profit-sharing account balance in the event of normal retirement, disability, or death.

Notes Receivable from Participants: Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% above the prevailing rate. The interest rate on the notes receivable is 4.25% as of March 31, 2020 and 2019. The loans are repaid through payroll deductions over a period of five years or less unless the loan is for the purchase of a principal residence, which is repaid over a period of ten years.

Payment of Benefits: Normal retirement is age 65 with provisions for early retirement upon reaching age 55 and having 10 years of vested service. Participants may make withdrawals prior to termination of employment for hardship or after they have reached age 59-1/2 or upon termination of service, due to death, disability or retirement. For any reason, distributions of benefits are made in accordance with the Plan document.

Forfeited Accounts: Forfeited non-vested profit sharing accounts can be used to pay administrative expenses. Any portion of forfeitures not used to pay administrative expenses is allocated among the accounts of eligible Participants otherwise eligible to receive a profit sharing contribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates: The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits: Benefits are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses: Substantially all administrative expenses of the Plan are paid by the Company.

Subsequent Events: The Plan has evaluated subsequent events through January 14, 2021, the date the financial statements were available to be issued.

Effective April 2020, the plan adopted the Coronavirus Aid, Relief, and Economic Security (CARES) Act which permits plan sponsors to allow qualifying participants to delay loan repayments that would otherwise be due between March 27, 2020 and December 31, 2020.

In addition, effective April 2020, the Plan stopped matching 401(k) contributions for the remainder of the 2020 calendar year.

NOTE 3 - SUMMARY OF CERTIFIED FINANCIAL INFORMATION

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee. This information has not been audited by independent accountants.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain Plan investments are shares of mutual funds managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fidelity also receives investment management fees from the mutual fund investments which are reflected as an offset to investment income from investments. These expenses as well as any directly paid for by the Plan reflect party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ACS 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include - Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs for other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for assets held at March 31, 2020 and 2019.

Mutual funds: Investments in the various mutual funds, including those held within the self-directed brokerage option as of March 31, 2020, are valued at quoted market prices on national securities exchanges.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of March 31, 2020 and 2019.

	Fair Value Measurements as of March 31, 2020 Using			
	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the participants become 100 percent vested in their employer profit sharing contribution account.

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2020 and 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. In August 2020, the Plan Sponsor was notified by the Internal Revenue Service that the Plan had been selected for examination for the 2019 plan year. The examination has not yet been completed. The plan administrator believes it is no longer subject to income tax examinations for fiscal years ending prior to 2017.

NOTE 8 - RISK AND UNCERTAINTIES

The Plan provides for various investment options. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020, and a pandemic on March 11, 2020. The ultimate impact of the coronavirus on the Plan and the Plan Sponsor will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.
