NOTE 1 - DESCRIPTION OF PLAN

The following description of the Symbria 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a Section 401(k) defined contribution plan established on January 1, 2001. The Plan covers all employees of Symbria, Inc. and its participating affiliates (collectively, the Company), who have attained the age of 21. Employees may enter the Plan on January 1, April 1, July 1, or October 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

In 2019, a novel strain of coronavirus (COVID-19) surfaced in Wuhan, China, and in January 2020, the World Health Organization (WHO) announced a global health emergency because of the spread of coronavirus globally. In March 2020, the WHO declared the outbreak to be a global pandemic. The COVID-19 pandemic has led to significant volatility in financial markets and has affected, and may continue to affect, the fair value of investments held by the Plan. The extent to which the COVID-19 pandemic will affect the Plan continues to remain uncertain.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. Among other things, the CARES Act provides immediate and temporary relief for retirement plan participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. Plan management has adopted certain relief provisions included in the CARES Act and continues to evaluate other provisions.

Contributions: Each year, participants may contribute from 1% to 100% of compensation, as defined in the Plan, up to allowable amounts under Internal Revenue Code (IRC) regulations. Participants may designate all or a portion of their deferrals as Roth contributions. Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions made in excess of allowable amounts are remitted back to the participants and are reported as reduction of participants' contributions in the accompanying statements of changes in net assets available for benefits.

Discretionary employer contributions may be made for all eligible employees. Employees who have attained the age of 21 and have worked at least 1,000 hours in the plan year are eligible for a match. The Company did not contribute to the Plan for fiscal years ended March 31, 2020 or March 31, 2019.

Participant Accounts: Each participant’s account is credited with the participant’s contributions and an allocation of (a) the Company’s contributions, and (b) investment earnings and is charged with his or her withdrawals and an allocation of (a) investment losses and (b) investment related expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting: Upon termination by retirement, disability, or death, an employee's interest in his/her account shall be 100% vested and non-forfeitable. The participant is always fully vested in his/her contributions and earnings thereon. Employer contributions vest in accordance with the following schedule:

Year(s) of Service	Vesting Percentage
0-1	0%
2	20
3	40
4	60
5	80
6 or more	100

Investment Options: The Plan's investment assets are held by Minnesota Life Insurance Company (Minnesota Life). Minnesota Life maintains the Plan's underlying assets within pooled separate accounts and a guaranteed investment contract. The pooled separate accounts are credited with actual earnings on underlying investments and charged with plan withdrawals. Participants are permitted to determine the allocation of their respective account balances among 22 investment options as of March 31, 2020. A participant is permitted to change the investment option allocation on a daily basis, subject to the requirements defined in the Plan.

Notes Receivable from Participants: A participant may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms are from one to five years unless used for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with the interest rate charged on similar loans under like circumstances by a commercial lender of funds as determined by the plan administrator. Principal and interest are paid ratably through biweekly payroll deductions.

Payment of Benefits: On termination of service, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as soon as practicable. Hardship withdrawals are also permitted from any fully vested accounts. In-service distributions are also allowed upon attainment of age 59½. Distributions from rollover accounts are allowed at any time.

Forfeitures: Forfeitures are used to reduce employer contributions or pay Plan administrative expenses. Forfeited nonvested accounts totaled $40,630 and $30,112 as of March 31, 2020 and 2019, respectively.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will be 100% vested in their accounts.

Administrative and Investment Management Expenses: Administrative fees on notes receivable from participants are charged to the borrowing participants' accounts. Investment management expenses are paid from the Plan's investment funds and charged against participant accounts. The Company pays all other expenses incurred in the administration of the Plan.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits to participants are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Minnesota Life Insurance Company. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan:

Pooled separate accounts and interest in sub-accounts: The fair values of participation units held in pooled separate accounts and interest in sub-accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices.

Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All investments at fair value held by the Plan as of March 31, 2020 and 2019 were measured at net asset value per unit or its equivalent using the practical expedient and are therefore not classified within the fair value hierarchy.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a fully benefit-responsive investment contract with Minnesota Life Insurance Company ("Minnesota Life"; Issuer) that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contracts, by general type, are presented below:

	2020	2019
Traditional investment contract	$ 2,714,563	$ 2,277,062
Total investments at contract value	$ 2,714,563	$ 2,277,062

(Continued)

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (Continued)

Minnesota Life maintains the contract in its general account. The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated quarterly based upon contract provisions, and it may not be less than 1.50%. Minnesota Life's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

NOTE 6 - INCOME TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States require the evaluation of tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Employer has analyzed the tax positions taken by the Plan and has concluded that as of March 31, 2020 and 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2017.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds pooled separate accounts and a guaranteed investment contract included in a group annuity contract with Minnesota Life. Minnesota Life collects fees for managing these investments, which are netted with the investment earnings of these investments. The Plan also pays other administrative fees to Minnesota Life. These transactions qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses of the Plan are paid by the Company. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 8 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through January 8, 2021, which is the date the financial statements were available to be issued and determined there were no other items to be disclosed.
